WELCOME

Clarke Family Farms Inc.

Welcome everyone to our 5th Annual Bull & Heifer Sale! We are very proud to be hosting our 5th sale with a set of cattle, consignors, and customers second to none!

I'm really happy with this set of cattle — they are by far our best set to date. Hugh said let's find bulls that no one else has, and that's what we did. These are outcross genetics to Canada. These are the first Willards & Alphas to sell in Canada, and we look forward to seeing them out working in their new homes.

As my other business takes me away during the work week, I enjoy the weekends touring through my herd watching these cattle develop & grow. I enjoy watching the cattle start to flourish in SW Ontario again — it's nice to see.

I would like to thank all my staff that works with me on a daily basis — I truly appreciate it. To the folks that show interest in our businesses and cattle, and to our customers — thank you, and we look forward to working with you all.

Sincerely,

The Clarke Family

Jon-Ern Farms Ltd.

Welcome Cattlemen & Friends,

On behalf of everyone at Jon-Ern Farms Limited, we would like to welcome you to this year's sale. We're proud to once again be part of this great event alongside Clarke Family Farms. Five years ago is where it all started for us — right here at the Clarke Family Farms Volume I Sale. Now, this marks our third year having cattle in the offering, and we couldn't be more excited about the group we've brought forward.

We feel we've put together a very strong offering across all three breeds — Angus, Charolais, and Simmental. This venture has taken us all over North America, and it's been one heck of a ride. We've had a blast building this program and assembling a set of exceptional females that we're truly proud of.

Whether you're looking for a herd sire prospect, replacement females, or cattle that go out and simply get the job done, we believe this offering has something for everyone.

Many of the cattle we are consigning trace back to foundation females we purchased right here through this very sale, making it especially rewarding to now be offering offspring back into the program that helped build ours. It's a full-circle moment we're incredibly proud of.

We encourage you to study the catalogue, watch the videos, and come tour the cattle ahead of sale day.

Thank you to the Clarke family for the opportunity to be part of this event, and thank you to all the bidders and buyers for your interest and support of Jon-Ern Farms Limited.

We look forward to visiting with you sale day.

Sincerely,

The Stewart Brothers

WELCOME Hugh Ross

Welcome to our 5th Annual Bull & Female Sale!

Wow, how time flies when you're having fun! I must have been told a million times, "You can't do this. You can't sell bulls in Ontario. They won't come!" Well — I disagree, and I'm stubborn! And I have a boss that lets me live my dream. And hell yes — we've made it 5 years! 4x the bulls in the sale and, I think, a lot better quality and more uniform set of cattle in the offering. And to top it off — one great set of customers that believe in our program. Thank you.

At our first sale, we had some neighbours come by. Darryl said, "These guys might want to buy a few cows." I said cool, I'll meet up with them — and they've been volume buyers the last 5 years! Yes, it's the "Stewart Bros" (Jon-Ern Farms Limited), and we've been working closely with them ever since — 0-40 head in 5 years. They own ½ of Willard & Alpha with us, and those two bulls are doing great things. Their Charolais bull PCC Husk, that they bought from PCC, was crowned the 2025 World Champion Charolais Bull. Congrats to JEF, Southland, and PCC. They have a great set of cattle in this sale, and we're excited to be working with them.

The Conley Willard & FRKG Alpha were big-time investment opportunities for CFFI & JEF, and we bred the whole herd to them — two bulls to see what they were made of. And my, my — are we impressed with the first year's calf crop! They've added uniformity, length of body, style, power, and performance to our calves. This is the first time Willard and Alpha sons will sell in Canada by auction. If you want a son, this is your only stop this year in Canada! We are truly excited for the future of these two sires.

You will see in our offering we are not selling as many CFFI heifers as in the past and we want you to know we are building the cow herd, and we are so excited about the Willards, and Alphas. We have decided these are the ones to build an outstanding cow herd with! The few we are selling are right off the top of the pen! The Jon-Ern and Breezy Knoll heifers are the top pick of their programs.

The bulls are the top of all our programs! These bulls are developed to go out and work! Raised on a high roughage ration, sound, good footed bulls that we back 100%

For me folks, the last 5 years have flown by doing what I love every day. Thank you to our excellent crew at CFFI — Bridon & Abe work every day with me to keep the farm moving. All the Clarke employees that help along the way, and the girls in the office that keep things on track. Nicki — thank you for all your help with pictures, video, and registrations. And to our great customers that buy our cattle — thank you.

And thank you and congrats to the Clarke family — Phil, Spencer, Connie & Darryl — thank you, and congratulations on the first 5 years.

Come celebrate with us — and we'll see you sale day.

See you on sale day!

Hugh M. Ross

2024 ROYAL WINTER FAIR GRAND CHAMPION BULL

THE FIRST TO SELL IN CANADA.....AND THE ONLY ONES TO SELL!

Conley Willard 3319L was my favorite bull in Denver 2024, and he is still my pick of all the bulls I've seen in a long time! Willard was used very heavily at CFFI and JEF, as you can see in this offering. He exceeded our expectations, he stamps them well. They have the look, and eye appeal, nice, neat fronted. The females have super neck extension and style. All of his offspring have that muscle shape, spring of rib that we all strive for. Here are the first in Canada, and the only ones this year to sell out of Willard!

Here are the Alpha x Whiskey brothers — three big, stout, power bulls. Loaded with performance and built to get out, cover cows, and raise calves that push the scale down.

Tracing back to "Grandma" Whiskey 19E — the backbone of the Whiskey program. Add in CFFI Whiskey Girl 16J, the Volume I high seller that now headlines the Jon-Ern program, along with daughters working at CFFI — this cow family is just getting started.

These sons are ready to go out and make their mark.

Now this choice offering might just settle the debate on whose pick is better — Hughie's or Nicki's. These spring-born Willard daughters are absolute standouts. Both 123N and 132N are the kind you could wheel straight to the donor pen. Fancy fronted, ultra feminine, deep bodied, and built to be noticed. Grab a halter and go have some fun — or enjoy one heck of a view in the front pasture.

60N goes back to the old 16E cow — and if you've been around here awhile, you know she's a no-miss female. Progeny working at CFFI, Double RN in Alberta, and Darrel & Darla Rairdan's. A powerful, big-tanked heifer with loads of hip and middle.

One of the pen favourites from the very beginning. Right from the start, she's been a top-end Simmi heifer — sired by Mile High Remedy and out of the no-miss Flower cow. Whether you want to go showing or start building a cow herd, she fits the bill. Big, stout made, bold ribbed, and packed with the depth and power you build a program around.

Fancy and white faced? Here's the heifer for you. Straight from the Jon-Ern program with Clarke breeding on both the top and bottom side of her pedigree. A stylish female backed by a program that knows how to make them good. Out of a no-miss cow the Stewarts purchased in the Volume I sale to start their program — this heifer can do the same for you.

Indy successfully showed 110J all over Alberta and won plenty of buckles along the way. Miss Prairie Cove 110J is a past high seller, with a \$110,000 evaluation, she combines an intriguing overall look and body shape with phenomenal hair and attractiveness to set her apart from others. This mating is to a very high profile bull, who is on the cutting edge. WCR Bold Move 168 mating has worked so phenomenal on these Berkly females (PCC 417M), we think these ones could be show heifer deluxe!

PCC Husk 218K has been a stand out since day one. Husk has all the necessary tools to leave a large impact on the Charolais industry. Long, smooth and loaded with muscle, Husk is a genuine combination of power and performance that can move around as free and easy as any bull you will find. Husk calves come easy, with an average birth weight of 91 lbs and grow well. He leaves that great look and presence he carries with his offspring that will translate to added value when you go to market those calves.
