DLMS FARMGATE CLOSURES AT 7PM

WITH PLANS TO AI OVER 2000 HEAD THIS SPRING

HERE'S AN IDEA OF THE BULLS WE'RE USING...

As breeding season comes closer, we are planning on using the best bulls we can get our hands on. Listed are what we think are bulls that have the credentials to be influential to the industry. All semen will be at Alta and can be easily released once payment has been made.

CE 11.0 BW 0.7 WW 79.0 YW 142.0 MILK 29.0 STORED AT ALTA GENETICS

The outcross pedigreed and \$150,000 feature sire of a past Ellingson sale that offers weaning and yearling weight in a heifer bull option. Lakota's first offspring were very popular at the record setting 2026 Ellingson sale just a few weeks ago. Recorded in the top 10% for SC. Lakota is the heifer safe bull that needs high consideration for your top heifers and also would be an ideal candidate for heavier BW cows. He adds exceptional foot structure along with body mass in a phenotypic design. We have secured the entire semen bank for the spring 2026 season and plan to use him heavy within our own program

CE 2.0 BW 4.7 WW 89.0 YW 137.0 MILK 21.0 **STORED AT ALTA GENETICS**

Considered by many to be the ideal all round bull. Prosper's first calf crop is the talk of Angus breed. If extra pounds and punch is a requirement for your operation, Prosper has to be looked upon. He recently sired the \$180,000 Ellingson's high seller, but he's living proof Prolific cattle are what they weren't meant to be. Prosper's famed mother is another benefit to using this performance sire who will add significant pounds of weight come weaning and at 365 days. Limited semen is available on this upcoming genetic giant.

CE 5.0 BW 3.8 WW 87.0 YW 147.0 MILK 26.0 STORED AT ALTA GENETICS

Power in the blood, some of the most anticipated cattle to sell this upcoming fall will be sired by Progressive. Semen is quite hard to come by and we have used this sire extensively on our cowherd this past year. Sons have been extremely popular in the states at sales like Mohnen , Ellingson and Koupals. Progressive offers that muscle, shape and overall body base the Angus business is hungry for.

Brand new sexed female semen option with outcross on top and bottom side. Noted for incredible rib shape , extra body dimension and a flawless dam, we are excited to use this sexed female option for heifers. Ranking in the top 1% for SM, all the maternal traits are covered. Look for Rise Above to carry the torch into the new era of angus genetics with superior udder quality. We secured the entire sexed female semen for the 2026 season.
