# HOW TO BID | WWW.DLMS.CA | FARMGATE TIMED AUCTIONS

## HOW TO PARTICIPATE IN A FARMGATE TIMED AUCTION

After you are at the FarmGate Timed auction site click the LOGIN/REGISTRATION button.

**FIRST TIME FARMGATE USERS:** First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate account from your DLMS Live sale site)

- After you create your FarmGate account you will receive a txt message with a pin code to verify your account.

- On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

**RETURNING FARMGATE USERS:** If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

**HOW TO BID IN A TIMED AUCTION:** Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

**PLACE NEXT BID** – to place the next bid on the item, you see the amount in the first box, you simply click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed.

**MAX BID AMOUNT** – to place a max bid you put your max bid in the second box listed as “Max Bid” on the item, and then click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

**EXAMPLE OF HOW THE MAX BID WORKS** - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can

change very quickly if 2 max bids are placed on the same lot competing against each other.

**WATCH LIST FEATURE:** If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

**SALE ENDING / CLOSEOUT:** Most FarmGate Timed Auction sales close racehorse style with extended bidding.

**WHAT IS RACEHORSE STYLE CLOSE?** Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

**HOW WILL EXTENDED BIDDING WORKS?** When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

**BIDDING CLOSE & FOLLOW-UP:** After the clock has gone to “ENDED” and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

- Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.

DK LAND & CATTLE Bull Sale

# welcome from DK LAND & CATTLE

**W**elcome to this year's bull sale! We're excited to share another year of progress and growth in our operation, truly in the greatest times in the cattle business.

This past fall was one we won't soon forget. We were honoured to earn Grand and Reserve Champion Simmental Bulls at Ag-Ex in Brandon, along with the All-Breed Bull Calf Jackpot Champion. In Regina, we were fortunate to receive Senior Champion Bull Calf, Yearling Bull Champion, and Grand Champion Bull. A special milestone for us was exhibiting two bulls in the CN Supreme, with our yearling bull being named a Top 10 finalist. We were also proud to sell DK Tactical 9N in the Friday Night Lights Sale and DK Platinum 20M in the New Year's Resolution Sale. Thank you to the buyers and everyone who supported us along the way.

While our numbers aren't large, our focus on quality remains consistent. Rancher has been the anchor of our bull offering, and we're excited to see Rancher daughters now stepping up as producers. This year's sire groups include WFL Water Valley, KWA Slider, DK Kingsland, OMF Journeyman, SVS Rancher and the first calves sired by our walking herd sire, Mitchell's Manhattan. These bulls offer a balance of power, performance, and calving ease, with consistency in design, foot quality, and strong maternal backing. We're strict on structure, feet, and temperament, and we're confident these are good, honest bulls ready to go to work.

We invite you to stop by the farm for our open house on Thursday, March 5th—or visit any day that works for you—to look through the bulls. If you have any questions, feel free to reach out anytime!

Thank you for your interest in our program,

*Kirsten*

The DK Land & Cattle program is one we hold in high regard across all breeds in the industry. Their attention to detail and focus on quality over quantity has given them one of the most impressive cowherds we annually tour. Their focus on raising sound, functional cattle that excel in foot and udder quality is as evident as ever when you tour their herd and the resulting sale bulls on offer follow that same mold. They are their own worst critics and put their bulls through a rigorous culling process, taking all guess work out of the equation and leaving you a very sound, easy doing, very attractive offering of Simmental beef bulls left for your appraisal. The 14 bulls on offer are geared perfectly towards today's industry and there is a great blend of both performance and calving ease options all backed by big time maternal. We certainly cannot endorse the DK program enough and encourage you to make plans to visit Dustin, Kirsten and family to see their passion for yourself, you will not be disappointed. If any of our team at BMS can answer any questions you may have or assist in your bidding and buying needs, please reach out, we would be happy to help and always enjoy talking cattle!

Best regards,
