Welcome

We would like to say a big Thank You to all our past bull buyers. In 2025, many of our bulls went to first time Charolais bull buyers. I hope the red and black bulls we sold to you have worked out well and last a long time. If you have not bought a bull from us, we invite you to take a look.

A change from the last few years is the 3 tan bulls we have on offer, along with 2 outstanding blacks and 5 reds who all deserve to be in the sale pen.

A common question I have been asked by producers is, will the black Charolais bulls throw grays because of their Charolais pedigree? The answer is no! our black bulls are heterozygous black (meaning they carry one black gene and one red gene) so, on black cows they will always throw black calves and on red cows it should be 50% black calves and 50% red calves.

If a red cow throws a gray calf, it is because she carries the dilution gene and could throw a gray if bred to any black bull, no matter the breed.

Hopefully this brings a little clarity.

Final Thoughts... I hope your calving chains collect dust, your water bowls are not froze up on that final -30 day and when you see calves bucking around the straw, you stop and smile.

Darryl Friesen

for sale page link

- DM Livestock is located 2 miles north & 3 miles west of Carrot River, Saskatchewan. On farm viewing of bulls is available at anytime prior to closing time on March 10, 2026.
- **Online Bidding-** Online sale begins on 8am March 9 and closes on March 10 with racehorse close starting at 7pm March 10, 2026.
- **Catalogue Errors:** If errors are found after catalogue is printed, they will be corrected on the DLMS Farmgate website and will take precedence over printed material in catalogue.
- **Videos** of the Bull will be posted on Farmgate Timed Auction Sale page as well as dmlivestock.ca website.
- **Payment** - Invoices will be sent out by email to address used to bid during sale. Payment will be accepted by cash, cheque or etransfer. (email-dmlivestock03@gmail.com)
- **Insurance-** Bulls become buyers responsibility at time of sale , insurance is not required but is encouraged.
- All bulls will be semen tested and vet inspected prior to the sale.
- **Certificate of Registration-** All bulls are Registered by the Canadian Charolais Association. A certificate of registry will be transferred to each buyer after payment has been made.
- **Delivery-** Bulls will be delivered/picked up within 2 weeks after sale unless prior arrangements have been made. We will deliver bulls for .75/km for up to 300 Km. Further than that we will help assist in finding a ride for your bull.
- DM Livestock may retain semen interests or partial walking rights on any bull in the sale.

USA Buyers:

- For our American friends, the exchange rate will be displayed on the DLMS Farmgate Auction Page for reference on sale day. Bidding will be done in Canadian Dollars with an exchange rate provided on final invoice if payment will be made in US Funds.
- We guarantee our bulls to pass the export testing to be exportable. The new buyer is responsible for all additional testing costs required for export. Seller will arrange deliver bull to the nearest point of entry at sellers convenience. Buyer is responsible for all brokerage, crossing & tariff cost associated with getting the bull in to the US. Please contact us ahead of the sale we are more the happy to discuss with you what the specific costs will be and how arrangements can be made for exporting of sale bulls.

HOW TO PARTICIPATE IN THE DLMS FARM GATE

TIMED AUCTION WITH EXTENDED BIDDING:

For more info and assistance with bidding

contact DLMS Farm Gate Timed Auctions

~ Mark Shologan Ph: 780-699-5082

email- markshologan@gmail.com

1. Visit dlms.ca and follow the link to the DLMS Farm Gate timed auction site www.farmgatetimedauctions.ca, **click the LOGIN/REGISTRATION button**. First time users will select the **REGISTER** button from this page. Fill out the registration form to sign up for a **free user account** and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your username and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.
2. You can choose your favorite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.
3. **The program allows you to place a proxy bid on any sale lot.** This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In Most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.

5. Following the sale, DLMS will invoice all buyers in the sale, please contact Darryl or Maria with questions or to arrange delivery, pick up or shipping of your purchases.

FAQ

WHAT IS RACEHORSE STYLE SALE CLOSE?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

HOW WILL EXTENDED BIDDING WORK?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

Thank You to Our 2025 Bull Buyers

26L could be the best bull we've raised so far. The way he developed as a 2-year-old impressed me so much that we decided to keep him and use him on our heifers and some cows in 2025. We are eagerly waiting for his calves to come in March. Now as a coming 3-year-old we would love to see him go to another operation to enhance a black Charolais program. He has excellent calving #'s, great phenotype and good foot and leg structure making him a feature black char bull in all of Canada this year. Retaining 1/3 semen interest.

HOLK MS FANCESCA 818F

I've been using the AI bull Redzone on a few of my heifers for several years now. 3M came out with a touch more birthweight but was still unassisted out of a heifer. His muscle expression exploded at about 3 weeks of age and he never looked back. Now as a 2-year-old he is an absolute stud. Why not buy a great black Charolais bull? It will give something to talk about at coffee row.

DAM: DM KIWI 13K

DM HONEYDEW 19H

5M should make a good heifer bull. He ranks in the top 10% for calving ease and top 5% for birthweight. Extremely smooth shouldered, finer boned and a low birthweight makes me confident your vet won't be having sleepless nights because of him.

LANOIE 297Z

The youngest bull in the offering that kept up to the rest by finishing 2nd in overall performance. Charolais calves are best know for their high growth and feed efficiency. Most all of the time it doesn't matter where the prices are, the heaviest calves bring the most dollars.

BW	WW	YW	PROJ. Sale Wt
103 lbs.	560 lbs.	980 lbs.	1520 lbs.

Reference Sires

DM KAISER 1K

Nice looking tan bull we raised and used on some of our top cows. 1K has an outstanding pedigree on the bottom side with some of the strongest milking genetics in the Charolais breed.

DM JOUST 12J

An outstanding heifer bull we raised that ranks near the top for muscle mass.

Reference Sires

PLEASANTDAWN REDZONE852Z

Redzone is an AI sire I use that comes from the highly acclaimed Pleasant Dawn Farms. He sires attractive progeny that perform great.

SWR GREEN GIANT 32G

SWR 32G is a bull we purchased from Mutrie Farms. We liked him for his added depth and his easy fleshing ability. His sons on feed have exceeded our expectations on their performance. Comes out of a terrific cow.

Reference Sires

JS HANSOME 114M

Older Charolais genetics that calve easy and throw muscling and length in his calves.

The Friesen's

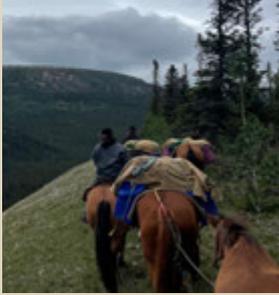

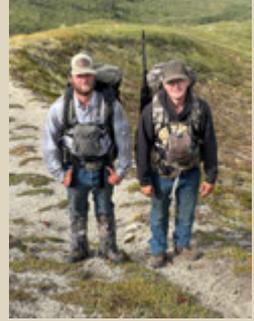

**Cole, Wyatt, Maria, Darryl, Beau,
Emma & Otto**

2025 was and exciting year!

- Wyatt Graduated
- Cole had the opportunity to work with Otto in the Yukon and they were both gone for the summer
- Wyatt started climbing on saddle broncs
- Beau was able to spend the summer riding at the pasture and traveling to rodeos with his brother
- We welcomed a daughter-in-law into the family with Otto and Emma getting married on Thanksgiving weekend.

Highlights of 2025!
