& Guests Bull Sale

Saturday, February 21, 2026

2:00 P.M.

Ste. Rose Auction Mart

Welcome to the **14th** annual Denbie Ranch and Guests Bull Sale.

Another great Year in the cattle industry! Last year when I was writing this introduction I said that there were people cautiously saying that we hadn't seen the high point of this cattle market yet. Then this year happened ! Wow! Early in the fall we watched 700-800 weight steers selling for \$4000-\$4400 right off the cow and butcher cows and bulls staying steady right through the fall run. Finally everyone is getting well paid for their efforts and now we're starting to see more young people finally able to get a good start in the cattle business! Congratulations to all of the hard working folks in the industry!

Now it's time for folks to dig in their heels start keeping those heifers and get those cows herds built up. To help everyone do this Denbie Ranch, Myhre Land and Cattle and Bar J have another great selection of bulls for everyone to consider. At Denbie Ranch the red angus bulls are a great selection of heifer bulls and herd bull prospects and the hybrid bulls are probably some of the most uniform group we've have had in awhile and are all ready to go out and work for you.

Myhre Land and Cattle have their big, long bodied coming two year old Charolais bulls that will go out and cover a lot of ground as well as big groups of cows for you!

Bar J always bring some of the fanciest yearlings around along with another herd bull offering as well this year. Another great job done by everyone!

As usual all of these bulls have been brought along slowly, developed mostly on grass so they will go out and work and last a long time in your herds! Also all videos of the bulls are on DLMS cattle vids. These are the videos we will be using for the sale as no bulls will be entering the ring. All bulls will be at the auction mart Friday afternoon for your presale viewing. We all know pictures and videos are great but there is nothing like a live inspection , so if you are unable to be present on sale day please schedule an on farm visit to inspect the bulls before the sale date!

So hopefully you will be able to join us on **Saturday February 21 @2:00 P.M.**

P.S. If you are new to the sale please come up and introduce yourselves. We would be happy to meet you!

Yours truly,
Denis and Debbie Guillas

Terms and Conditions

Terms

The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. All settlements must be made with the clerks of the sale before any cattle will be released. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. All monies are in Canadian Funds. All animals remain property of said consignors until paid in full.

Announcements

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to such disclosures.

Guarantee

The cattle will be sold under the terms of the Standard Breeding Guarantee of the Canadian Angus and Charolais Associations. All animals in the sale have met all necessary health requirements. If your bull fails to be a satisfactory breeder we will replace him with a bull of equal value or give you your money back. We will not provide a replacement if your bull has been mismanaged. At no time shall the liability exceed the purchase price of your bull.

Insurance

Agents will be on hand to insure purchases the day of the sale. They are very knowledgeable and can handle any type of coverage. We recommend insurance coverage for breeding or physical injury. All hybrid bulls can be insured, they all have a permanent tattoo.

Credit

Credit terms are available in some cases. Contact the individual consignors prior to the sale for more information.

Liability

Although every precaution will be taken to protect the safety and comfort of buyers, neither the owners, the employees, auctioneer and representatives assume any responsibility in the matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property. All persons who attend this sale do so at their own risk.

Delivery

Not everyone has room to accept a new bull this early in the year. We will take the bulls home after the sale and board them till April 1st and then will deliver them at no charge. **Bulls are managed at the new owner's risk.** Bulls going home to each consignors must be insured. Delivery will be as close to the date that you request your bull, but will be at our convenience or **Haul your own bull on sale day and receive \$150.00 off each bull.**

Phone& Online

Bidders unable to attend the sale may bid DLMS. or may be on the phone with representatives sale day. Please make these arrangements in plenty of time before sale.

Rights and Obligations

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals, following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected there to are not covered by the terms and conditions of the sale.

Red Denbie 2562-39H

In our 2022 sale we partnered up with our good neighbour Emile Brunel to keep 39H for use in our herd as well as his. You'll travel a long way to find a mature bull with as much body length and mass as 39H. A big powerful bull we use on mature cows. He is extremely athletic and maintains his condition while breeding large groups of cows.

Our philosophy in developing these older bulls is to "Not" push them. This group of coming two year old bulls were born in April-May, just 60-90 days ahead of the long yearlings and then weaned in late November. They received "No" creep feed while on their mothers! They are lightly backgrounded and then put out on good tame pasture so they can slowly develop and mature. Then they were brought back in to the feedlot and put on a well balanced high roughage diet of oat silage with good grass hay. These bulls are athletic, sound, hard muscled and even though they are in really good condition the one thing you will "Not" find on these guys is a couple hundred pounds of excess fat that's going to melt off when you turn them out!

A really good heifer bull here! Everything your looking for! Long body, fine boned, nice smooth shoulder and small head. Good value here!

Polled vs Horned vs Scurred

There are some misconceptions or misunderstandings with regards to polled cattle. I will try to simplify and clarify this with a few simple points.

1. The polled gene is dominant to the horned gene.
2. Homozygous polled means all offspring will be polled regardless of breeding.
3. Double polled means both parents are polled; this increases the likelihood of the offspring being homozygous.
4. Scurs are the result of an independent gene unrelated to either the horn gene or polled gene. For the most part scurs are loosely attached to the head.
5. Scurs is sex linked being dominant in bulls and recessive in heifers. That's why if you think about it we see a lot of scurred males but very few scurred females. It is also the reason why scurs do not present a problem in your cowherds. Scurs are not a big concern as they seldom show up at weaning time and don't affect your calf sales.
6. A horned animal may carry the gene for scurs but it is masked by the horned gene, making the scurred gene hard to eliminate from a population.

Red Angus Long Yearling Bulls

These fall born bulls have been brought along slowly while developing mostly on grass with absolutely "NO" supplemental feed provided on pasture. These bulls will be 20-22 months of age at breeding time and will be big enough to go out and breed even the biggest cows out there and still maintain there condition. They will last a long time in your herd.

This is a small framed guy who will go out and breed a pile of heifers for you! Calving ease on both sides with a really nice 70 Lbs. birth weight!

Delivery Terms

Not everyone has room to accept a new bull this early in the year. We will take the bulls home after the sale and board them till April 1st and then will deliver them at no charge. If needed to stay longer arrangements need to be discussed and delivery will be made as close to the date you request, but will be at our convenience. All bulls coming home to Denbie Ranch are managed at the new owner's risk so insuring them is strongly advised. Or haul your own bull on sale day and receive **\$150.00** off each bull.

Two Year Old Hybrid Bulls

These hybrid bulls allow you in one shot to get that perfect cross breeding mix you are looking for in your commercial steer calves and also in your replacement heifers. They have the thriftiness of the Angus built in with a little bit more muscling of the Simmental as well. These bulls are out of some of the Best Angus cows we have on the place! We use fullblood non-dilutor Simmental sires on these cows so that you will not get any smoky or rat tailed calves.

Lot#19 Denbie Hybrid 413M

1/2 Red Angus	Tattoo: DDG 413M	Polled
1/2 Simmental		
<i>Birth Date:</i> May 02,2024	<u>EPDS</u>	
<i>Birth WT:</i> 88 lbs	Sire: Fullblood Simmental	Age of Dam: 10
		Calving Ease: u
<i>Jan. 5, 2026</i> <i>WT: 1510 lbs</i>		Actual W.W.: 768 lbs
	Red Hamco Logan 141W	Summer Grass Gain: 2.5
	Dam: Red Denbie Logan 15B	Test Gain: 1.7
	Red Denbie 25W	

These big deep, thick, long bodied bulls will definitely cover a lot of cows at breeding time. This guy has a low birth weight and even has the money stripe.

Lot#20 Denbie Hybrid 418M

1/2 Red Angus	Tattoo: DDG 418M	Polled
1/2 Simmental		
<i>Birth Date:</i> May 6,2024	<u>EPDS</u>

	Red Denbie 2215-21Z	Summer Grass Gain: 2.9
	Dam: Red Denbie Turbo 109B	Test Gain: 2.3
	Red Denbie 683Y	

These big hybrid bulls had excellent pasture this past summer. So they came back in excellent condition. They were easy to maintain body condition this winter. Another guy with the money stripe and low birth weight. Great value here!

Lot#21 Denbie Hybrid 519M

1/2 Red Angus	Tattoo: DDG 519M	Polled
1/2 Simmental		
<i>Birth Date:</i> April 25,2024	<u>EPDS</u>

	Dam: Red Denbie 908-2215W 202C Red Denbie Umpire 2137Z	Test Gain: 2.7

519M is a real “powerhouse” from front to back ! They don't come much better than this! He is thick and deep bodied and long as a freight train and we all know that's where the pay weight is at sale time! Definitely one of the first to catch your eye when you walk in the pen!

Lot#22 Denbie Hybrid 621M

1/2 Angus 1/2 Simmental	Tattoo: DDG 621M	Polled
<u>Birth Date:</u> April 28,2024		<u>EPDS</u>

	Red Denbie Miss Mac 52D	Test Gain: 2.9
	Red Denbie Wendy 23W	

I don't think you can make them any longer! 621M has one droopy ear due to some nerve damage from wrestling with his brothers but that sure didn't slow him down one bit. He will sure add some length to your calf crop.

Lot#23 Denbie Hybrid 623M

1/2 Angus 1/2 Simmental	Tattoo: DDG 623M	Polled

	Red Denbie Ms Win- chester 422G	Test Gain: 2.9
	Red Denbie Full Throttle 118B	

This solid red bull sure does a lot of things right. Polled, light birth weight, fine boned and long as a freight train! He'll make you the good ones!

824 is a long, deep bodied son of a gun! A carbon copy of his brothers, nice dark red with a strip face! These big bulls will definitely keep the hybrid vigour going in any program.

Lot#25 Denbie Hybrid 913M

1/2 Angus 1/2 Simmental	Tattoo: DDG 913M	Polled
<u>Birth Date:</u> May 28,2024		<u>EPDS</u>

	Red Denbie Miss Enforc- er 314H	Test Gain: 2.2
	Red Denbie Packer 117A	

913M is one low set thick bull that will definitely add pounds to anyone's calf crop when turned out with a big group of cows.

Lot#26 Denbie Hybrid 919M

1/2 Angus 1/2 Simmental	Tattoo: DDG 919M	Polled
<i>Birth Date:</i> April 25, 2024 <i>Birth WT:</i> 90 lbs		<u>EPDS</u>
<i>Jan. 5, 2026</i> <i>WT:</i> 1673 lbs	Sire: Fullblood Simmental	Age of Dam: 5 Calving Ease: u Actual W.W.: 772 lbs

		Red Denbie Miss 2562-620H
		Red Denbie Miss Turbo 2111D
		Test Gain: 2.3

919M is a big time herd bull prospect! He is an absolute powerhouse, this guy is built like a tank! Solid red colouring and probably one of the thickest and most muscled bulls in this group. One of the heaviest weaning weights and great growth on test.

Lot#27 Denbie Hybrid 920M

1/2 Angus 1/2 Simmental	Tattoo: DDG 920M	Polled
<i>Birth Date:</i> May 3, 2024 <i>Birth WT:</i> 94 lbs		<u>EPDS</u>
<i>Jan. 5, 2026</i> <i>WT:</i> 1668 lbs	Sire: Fullblood Simmental	Age of Dam: 5 Calving Ease: u Actual W.W.: 686 lbs
	Dam: Red T-K Enforcer 63E	Summer Grass Gain: 2.0
		Red Denbie Miss Enforcer 627H
		Red Denbie Miss Turbo 2206D
		Test Gain: 3.4

All these strip faced bulls are like carbon copies! 920M is another great long, deep bodied bull with great performance. This guy is leading the pack gaining 3.4lbs/day.

Lot#28 Denbie Hybrid 5839M

1/2 Black Angus 1/2 Simmental	Tattoo: DDG 5839M	Polled
<i>Birth Date:</i> April 19, 2024 <i>Birth WT:</i> 105 lbs		<u>EPDS</u>
<i>Jan. 5, 2026</i> <i>WT:</i> 1628 lbs	Sire: Fullblood Simmental	Age of Dam: 7 Calving Ease: u Actual W.W.: 688 lbs
	Dam: QLC Quantock 7852 MS 5305E	Summer Grass Gain: 2.4 Test Gain: 2.6

The incredible length of body is 5839's best feature and once again we all know that is where the pay weight is. He will stretch out the calf crop in anybody's herd! He's also got a nice small head to go with all that length and should calve like a dream.

Lot#29 Denbie Hybrid 5852M

1/2 Black Angus 1/2 Simmental	Tattoo: DDG 5852M	Polled
<i>Birth Date:</i> May 16, 2024 <i>Birth WT:</i> 89 lbs		<u>EPDS</u>
<i>Jan. 5, 2026</i> <i>WT:</i> 1463 lbs	Sire: Fullblood Simmental	Age of Dam: 7 Calving Ease: u Actual W.W.: 615 lbs
	Dam: QLC Quantock 7852 Ms 5532E	Summer Grass Gain: 2.3 Test Gain: 2.1

5852 is another Polled, long deep bodied bull with a real nice moderate birth weight. He'll be the easy keeping kind we all like!

Lot#30 Denbie Hybrid 5860M

1/2 Black Angus 1/2 Simmental	Tattoo: DDG 5860M	Polled
<i>Birth Date:</i> April 28, 2024		<u>EPDS</u>
<i>Birth WT:</i> 88 lbs	Sire: Fullblood Simmental	Age of Dam: 7
<i>Jan. 5, 2026</i> <i>WT:</i> 1418 lbs		Calving Ease: u
		Actual W.W.: 608 lbs
		Summer Grass Gain: 2.0
	Dam: QLC Quantock 7852 MS 5605E	Test Gain: 1.7

5860 is the smallest framed bull of all the hybrids. His momma is black but she does have a red gene way down in her pedigree so that's why there was a chance of him coming out red. He's a tidy little bull with a real moderate birth weight.

Lot#31 Denbie Hybrid 5879M

1/2 Black Angus 1/2 Simmental	Tattoo: DDG 5879M	Polled
<i>Birth Date:</i> April 20, 2024		<u>EPDS</u>
<i>Birth WT:</i> 100 lbs	Sire: Fullblood Simmental	Age of Dam: 7
<i>Jan. 5, 2026</i> <i>WT:</i> 1709 lbs		Calving Ease: u
		Actual W.W.: 798 lbs
		Summer Grass Gain: 2.1
	Dam: QLC Quantock 5111 Ms 5721E	Test Gain: 2.5

5879 is a chromed up low set, wide, thick muscled tank of a bull. He leads this group in weaning weight and overall weight. He is one of the bulls that catches your eye first when you walk in the pen. He has the most muscle expression of all the hybrids and he will definitely kick it up a notch in performance!

Long Yearling Hybrid Bulls

Lot#32 Denbie Hybrid 314M

1/2 Red Angus 1/2 Simmental	Tattoo: DDG 314M	Polled

	Red Hamco Packer 136Y	Summer Grass Gain: 1.9
	Dam: Red Denbie Packer 117A	Test Gain: 2.2
	Red Denbie 2147Y	

314 is a long, smooth made bull with a really light birth weight. Pretty nice calf out of an eleven year old cow.

Lot#33 Denbie Hybrid 503M

1/2 Red Angus 1/2 Simmental	Tattoo: DDG 503M	Polled
<i>Birth Date:</i> Aug. 24, 2024 <i>Birth WT:</i> 95 lbs		<u>EPDS</u>
Jan. 5, 2026 <i>WT:</i> 1130 lbs	Sire: Fullblood Simmental	Age of Dam: 9 Calving Ease: u Actual W.W.: 585 lbs
	Dam: Red QLC Quantock 2029 2835Z	Summer Grass Gain: 2.3 Test Gain: 2.3
		Red Denbie Mac 2137C Miss 861R

This guy is the smallest framed bull of these long yearlings but still big enough to go out and breed cows of any size. He has that nice deep cherry red colour with a great hair coat!

Lot#34 Denbie Hybrid 604M

1/2 Red Angus 1/2 Simmental	Tattoo: DDG 604M	Polled
<i>Birth Date:</i> Aug. 17, 2024 <i>Birth WT:</i> 86 lbs		<u>EPDS</u>
Jan. 5, 2026 <i>WT:</i> 1170 lbs	Sire: Fullblood Simmental	Age of Dam: 9 Calving Ease: u Actual W.W.: 696 lbs
	Dam: Red T-K Crush 105A	Summer Grass Gain: 1.8 Test Gain: 2.4
		Red Denbie Crush 313D Red Denbie Packer 108A

This guy is a real nice thick, deep bodied bull. He will definitely add some performance to his calf crop and will leave you with a real fancy set of replacement heifers and market topping steers.

Lot#35 Denbie Hybrid 609M

1/2 Red Angus 1/2 Simmental	Tattoo: DDG 609M	Polled
<i>Birth Date:</i> Aug. 23, 2024 <i>Birth WT:</i> 85 lbs		<u>EPDS</u>
Jan. 5, 2026 <i>WT:</i> 1240 lbs	Sire: Fullblood Simmental	Age of Dam: 9 Calving Ease: u Actual W.W.: 658 lbs
	Dam: Red QLC Quantock 2029 2835Z	Summer Grass Gain: 2.2 Test Gain: 2.9
		Red Denbie Mac 39D Red Denbie Xaviera 22X

609 is a really nice big bodied, deep, thick made bull. Definitely a herd bull prospect with a real nice moderate birth weight. Another standout among these long yearling hybrids.

* Repeat Buyers	

Welcome fellow cattlemen to the annual Denbie Ranch and Guests Bull Sale. Thank you to all of our bidders and buyers in our previous sales. We are raising these 2 yr old bulls in a very no nonsense program. They are grown out slowly for your benefit rather than being pushed hard to show big performance numbers. They are born on pasture without a bunch of babysitting and they will work for you regardless of your system. We have done DNA testing and most of the bulls are homozygous polled. We are proud of the fact that three quarters of the bulls are sired by our home raised herd sire Chuckwagon and all of the bulls are mothered by home raised females. We purchased our first purebred cows in 2000 and since then we have spent the last 25 years concentrating on building strong cow families that work in our environment and management system.

Our cattle are on a full vaccination and mineral program and we welcome any questions regarding the management of our herd. As always, **we are offering to take the bulls back home and feed them until April 1st** at which time they must be delivered before we start calving. This is at no cost to the buyer. **The bulls have all passed a semen test** but it is recommended that the new owner retest the bulls if they are not going to work for a few months. The sale will once again be available online and we encourage all prospective buyers to come and view the bulls at the farm any time before the sale.

See you **February 21.**

Sincerely, Hans & Mary

Bar J Charolais - J

Bar J Charolais.

Established in 1973 Bar J has always kept our selection based entirely upon what it takes to top the market with Charolais sired calves. The sales ring is our show ring and that is where we strive to excel, the group of Charolais yearlings we are offering in this sale are the product of a small select group of cows Jack and Justin bred to do just that, with strong emphasis on early growth.

From these females we have built a family of Charolais that are easy maintenance yet still pack the performance and growth we are looking for come sale day.

Bar J Charolais Terms

Bar J will keep your bull free of charge until April 1st, after which time the charge will be \$5 per day.

Bulls returning to Bar J **MUST** be insured prior to returning. (Insurance will be available at sale)

Bulls will have been semen tested and scrotal measurements will be available at sale time.

Guarantee

All animals will carry standard breeding guarantee as specified by the applicable Canadian Breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

Exception to Guarantee

In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze. When purchasing your bull, please remember that semen tests are a snapshot in time. Injury, illness and stress may impact a bull's ability to breed successfully. Other factors that may impact a bull include a rapid change in diet, a new environment or being placed in a pen with older bulls.

Payment Terms

50% of purchase price at time of sale and a postdated cheque for April 1st for balance.

Bulls being taken home on day of sale must be paid for in full.

US BUYERS

Bar J will ensure all health tests required for export are completed at the Buyer's expense.

Bar J will work together with you regarding delivery. Costs of delivery are the responsibility of the buyer.

Exchange rates will be announced at the start of the sale.

Right to Semen

Bar J retains the option to collect semen on any Bar J bull sold in the sale at a future date for their in herd use only. This would be at the sellers' expense and at the bull owner's convenience.

Delivery

Bar J will deliver your bull free of charge up to a maximum 150km. up until April 1st.
