

**DIAMOND T**  
LAND & LIVESTOCK

**12<sup>th</sup> ANNUAL**  
*Stockman's Choice Bull Sale*

*Tuesday April 7, 2026 – 2 pm at the Ranch – Olds, AB*

# Welcome

from **DIAMOND T CATTLE**

To welcome to you to our 12th Annual Stockmans Choice Bull Sale. It seems surreal to think that we have been able to host 12 bull sales!

The last 12 months have been a wild ride for us at Diamond T. We were thrilled to launch our new brand & logo then we decided to go ahead and have a female sale in the fall of 2025! We were honoured and humbled with the excitement behind both the rebrand and the female sale. Through the good and bad days, we are always most grateful for the support we have of our family, friends and customers. Always moving forward with the goal of producing the best seedstock possible.

Aside from ranch work, we are in the thick of raising the kids – which means we need cattle that work for us, not the other way around! Showing heifers, sitting at the ball diamond and running to hockey seem to be the normal for us right now! We love how helpful and capable the kids are as they get a bit older! Working side by side; they know the cattle the same as their parents now. This year's bull offering is more exciting than ever before, and we are so honoured to be able to share them with our loyal and dedicated customers. Grandpa Ron has always remarked that if your sale offering doesn't get better each year, you're not doing it right – our hope is that you agree that our offering gets better each year!

Our black bulls are led off by calves sired by The Thrill, Judgement, No Doubt and Smoke Wagon! Our red bulls are backed by sires like Elysium, Achievement and Rolling Rock.

As normal, the bulls are never on creep feed through the summer. We always joke that we can't afford to creep feed all the bears in Bearberry! We firmly believe that our cattle need to be raised in similar environments to that of our customers, no creep; hard grazing and lots of walking!

The bulls were weaned mid to late September this year, they went right onto a post-wean pellet and hay; after the hard wean was off the bulls and we made our culling decisions we transitioned them to the sale yard and they started on a TMR of cereal silage, chopped hay, rolled barley and Trouw Nutrition Beef Bull Supplement.

Our focus on longevity in our cow herd and bull pen means that we don't push the bulls on feed too hard, we want these bulls to go work and last for you, our customers, for years to come.

Each year we pick a quote to recall when we are in the grind of everyday! This year we picked ... "Hard work beats talent when talent doesn't work hard"! Pretty self-explanatory!

As we inch towards sale day, we welcome you to tour the bull pens and look and the cow herd! There is nothing we enjoy more than getting to visit with all of you about cattle and life!

We are confident in our "sight unseen purchase plan", we are always excited to tour the herd and help you navigate through our program to choose the bull that will fit your breeding scenario accurately. After all, you know your cows better than anyone and we know the capabilities of this cowherd so between the pair of us, we'll come up with the best solution.

Please plan to join us and bring your family on April 7th to the 12th Annual Stockmans Choice Annual Bull Sale – at the Diamond T Sale yard!

We stand Behind our Bulls and Beside our Customers!

*Best regards,*

**Compass Creative** 587.581.2625

### SALE LOCATION

*Directions From Olds, AB*

West of Olds on Hwy 27, 16km.

Turn south onto Range Rd 34, Diamond T is the first farm on the east side of the road.

### UDDER & FOOT SCORING

We have included udder scoring on the dam's side of the bulls and heifers as well as foot scoring on the individual lots. We hope this will give our buyers a deeper insight of the maternal, structural and longevity of the Diamond T breeding program.

### CALVING EASE CHART

- ★ Recommended for use on mature females
- ★★ Recommended for use on big strong heifers, young cows and mature females with periodic assistance
- ★★★ Recommended for use on young cows, youthful females and heifers with minimal assistance
- ★★★★ Recommended for use on heifers and youthful females with ease

# 12<sup>th</sup> ANNUAL

## Stockmans CHOICE

*Bull Sale*

Tuesday  
*April 7*  
2 pm at the Ranch Olds, AB

*Welcome*  
from **BOHRSON MARKETING**

**BOHRSON**  
**MARKETING SERVICES**

On behalf of the entire Bohrson Marketing Services team, we are proud to welcome you to the 12th Annual Diamond T Land & Livestock Stockman's Choice Bull Sale. Brody, Justine, Calynn and Hiller Gardner represent everything that makes the cattle industry special. They are hardworking, genuine people who care deeply about the cattle they raise and the customers they serve. The Gardner family has built the Diamond T program with a clear vision by raising practical, sound, high-quality Angus cattle that thrive in real-world ranch conditions while still offering the performance, maternal strength and phenotype that today's cattlemen demand.

As you study this year's catalogue, it becomes evident that the strength of the Diamond T program lies in the cow herd behind these bulls. Generationally proven cow families such as Bardolia, Pride, Rosebud, Tilda and Erica continue to anchor this program and consistently produce cattle that work. The emphasis placed on maternal traits, foot quality, udder structure and longevity ensures that the genetics offered here are built for the long haul. The bull pen is once again deep with quality and consistency. You will find a strong representation of the popular Montana Judgement and Peak Dot No Doubt sire groups, along with exciting sons of Diamond T's own herdsires. These bulls offer a balanced approach with options for calving ease, performance and maternal value, making

them ideal for both purebred and commercial programs alike. The attention to detail that the Gardner family places on structural soundness, disposition and real-world functionality ensures these bulls are ready to go to work and add profitability to your operation.

The Stockman's Choice Sale has become a must-attend event for cattlemen across the region because it consistently delivers honest cattle backed by honest people. If you have visited the ranch or spent time with the Gardner family, you know the pride they take in their program and the hospitality they extend to everyone who walks through their gate. We encourage you to study the catalogue, evaluate the cattle in person and join us sale day for what promises to be another outstanding event. If any member of the Bohrson Marketing team can assist with your selections or provide further information, please do not hesitate to reach out. We look forward to seeing you in Olds on April 7th.

*Best regards,*  
**The Bohrson Marketing Team**

- Lineage, prominence, proven track record; When your sire is a former Lot 1 leadoff bull and you end up in the same designation, greatness will follow you
- We were fortunate enough as a family this past summer to tour the Coleman Angus operation in Montana and we learned a great deal from one of the industries most astute cattlemen, Larry Coleman but nothing resonated more than, "use your own sires out of your top cows and you'll see your program's capabilities"
- Integrating Diamond T The Thrill in the heifer pen last year sure has left us with a phenomenal set of CALVING EASE cattle that are stylish, smooth and full of red meat
- Just a heifers first calf that can boast stats like a 123 YW ratio, 780 lb actual BW, top 10% WW & YW epd's all while coming out at just 77 lbs
- The dam 2332, is writing her chapter in the Diamond T history books early in life with this stud and her 2026 bull, might just follow in the same footsteps
- This is one of the most intriguing herdsires to come from Diamond T in quite some time

- Do you sell heifers in the spring or fall, and you want them bred to a sure-fire CALVING EASE bull from a reputation outfit, then The Thrill 2512 is the answer
- The daughters will be so good out of this guy with No Doubt, Natural Law, Bravo, and Chloe C815 that you'll be the envy of your neighbors
- A 4-star heifer bull with frame, power, growth and a great mom, this guy is a load to see

- It's early in the catalog to make such a proclamation but this powerhouse should be on everyone's top 5 list come sale day
- Great cattlemen have always said to build your herdbull based on his mother and this guy would stand at the very top of any pile with CAA ELITE/PREMIER Dam Bardolia 1437 who is also the maternal granddam of Lot 1
- 1437 has put as many progeny in herds across Canada as any cow ever raised here like LLB, Dun-Rite, Harriman's and Bezjack's along with multiple females retained in-herd, she is truly an anchor in our cowherd
- Jury 2526 weaned off at 800 lbs and will generate a powerful set of sons and daughters that will be your foundational building blocks moving forward
- These Montana Judgement daughters are the real deal

- There isn't an epd for longevity with the CAA but if you buy a bull from a cow whose mom, granddam and herself have all had 9+ calves consecutively, you'll have a long-lasting, productive herd bull
- If you have a powerful set of sim/angus cows that need an angus bull to tidy up udders or an angus-based cowherd that needs growth, power, WPDA with an 840 lb WW, Lawman 2502 is going to be one that has a lot of friends on sale day
- This will be one of the best Montana Judgement sons to sell in all of Canada
- We have retained 3 females off Calynn's 1756 cow, and a full brother headlined the Judgement group last year to the Will Bosworth family
- **Owned by Calynn Gardner**

- 3 maternal brothers have sold through the Stockman's Choice to long-time customers like Baerg's, Sheehan's and Crowfoot...this might be the most complete package to date
- Here is a soggy-middled, dense, hairy, rugged stud that good footed and would work super efficiently in a crossbred sim/angus group of heifers
- The dam, 1831 has super udder

**LOT 8 & 9**

- What a maternally driven set of twin brothers here with a pedigree like Judgement, 6595, Alliance, Yellowstone and Traveler
- Do you have a pen of 35-50 heifers that you are retaining, and you want a boat load of consistency in the progeny, then purchase both these rascals and you'll be one happy cowboy
- A full sister is the sweetest uddered, biggest bodied first-calver this winter
- A maternal brother sold to Simpson's while 2 maternal sisters are building Hiller's herd
- These boys are peas-in-a-pod, with more tapering, smoothness and Angus character as any in the offering
- **Owned by Hiller Gardner**

- A true cowboy-type bull with guts, butts and nuts and loads of power
- One of the lowest BW, highest CE, highest maternal bull in the offering, this guy is the ultimate heifer freshener
- 4-star CE, +11.0 for CED and just a 63 lb BW, this chunk will be a reputation herdsire you can hang your hat on
- Some of the very last Crowfoot blood on the bottom side of this cowmaker, and just ask Pat Baerg how good are those Shawshank daughters
- Maternal brothers have averaged \$7100 in the past to friends like Richardson's, Kinnear's and Fletcher's

- Calving shouldn't be hard, cows should calve on their own, the calf get up and suck a tidy, compact, milky udder within 15-20 minutes, the cow should protect her baby, and you should be able to do all of this from the seat of your 2008 single cab, dual wheeled, flat deck chore truck
- Docility and mothering ability is a big-time facto around the ranch and 2554's mother might be one of the best here, so this is a rancher's dream herdbull
- Maternal brother's have headlined sire groups to Kreesse's, Bradnor Farms and the \$10,000 Pendleton bull to Harriman's

- Fertility is a big thing; the more calves you have in the first cycle at the more money you put into your pocket, and this bulls mother and 3 retained sisters were all within the first 25 females to calve
- Cowboy math...2.8 lb/day x 21 days = 58 lbs @ \$4.32/lb = \$254/calf in the fall if they're born a cycle sooner
- The female progeny here are going to be so damn good that you'll have Rosehill, Daines, Perlich, Balog and every other auction mart in Western Canada beating down your driveway wanting those heifers but you're just going to keep em' and build a cowherd
- A maternal sister was the \$14,000 elite selection of the Pick-of-the Breds in our inaugural Matrons of Mountainview last fall to 4G Grunert Livestock

- As we start the No Doubt's, we lead the way with one of the best he's ever produced in Beacon 2515
- Admired by many during summer and fall tours, this meat wagon has always stood out and was the 2nd heaviest actual WW bull coming off their mommas
- His mother is an OCC Legacy daughter that has one of the very best heifer calves on the ground right now and is going to enter our donor pen this year, this cow is wicked
- The dam is also a full sister to a bull VeeTee Angus purchased 3 years ago
- A 73 lb BW, +6.0 CED behemoth that will easily be one of the top CALVING EASE bulls picked through on April 7th
- Exceptional feet

- Buy this bull just based on his mother, one of the coolest, best footed, milky, tanky cows on the ranch, you'll thank me in 4-5 years
- We've retained 2 maternal sisters in the herd that are going to be crucial moving forward

- There will be very few bulls if any on sale day that will exhibit as much CALVING EASE look as WILDFIRE 58N
- Ultra smooth shouldered and small headed, this 66 lb BW champ is going to work in the heifer pen for many years as he is moderate statured and easy fleshing
- The No Doubt daughters are going to be our foundation in the cowherd for many years
- **Owned with Devin Steckly**

# CALVING EASE BULLS

PRODUCING HEIFER FRESHENING, HIGH VIGOUR, LOW BIRTH WEIGHTS

*is very important to us at Diamond T*

- Of all the studs in this book, if there is one that you hold my feet to fire and ask me to choose who will generate the best-looking females with udder quality, big rib capacity and great feet & legs backed by many generations of donor cows... Its Mercury 25114
- A showstopper in terms of look, herdbull presence and maturity with exceptional feet, this stud is the real deal
- Beauty 6R, Beauty 333, Annie K 390, Bardolia 8188 is a who's who of ELITE donor cows in the forefront of his pedigree
- If you don't have this champ stared or highlighted, I'll pour all the drinks the night of the sale

- Selling CALVING EASE bulls has always been our niche in the cattle market and this brick shit house is just that and way more
- -0.2 BW, 63 lb actual birth and +9.0 for both CED & CEM
- Same direct cow family as the lot 4 featured Judgement
- Massive shape, body dimension, cowboy look, ranchy muscular power while being a true HEIFER BULL in terms of smoothness
- Just a heifer's first calf with this much power

• Owned by Calynn Gardner

- The Compass Smoke Wagon bull was initially purchased for 2 reasons, his CALVING EASE looks and his drop-dead-gorgeous mother, the \$40,000 Bar-E-L April 44C cow
- We lost him early in that first breeding season and we were so disappointed because we felt like we had something special; good thing for a little bit of semen collection
- Proof is in the pudding, this Smoke Wagon x No Doubt combination is legit
- A whopping +9.0 CED

- The Payweight cattle have been mainstays in our arsenal for a few years, and they customer appreciated for high-end CALVING EASE, fertility and beautiful uddered females
- 25120 is a big-middled, soggy featured, tank that will make friends sale day
- An elite 4-star HEIFER BULL with a -0.5 BW epd
- The dam stems back to Dallas Jensen's prestigious Crowfoot cowherd and the females will excel
- 2 maternal brothers have sold to Bosomworth's and the Clendenning family

- Payweight 25134 is smoother than Buster Andrew in the branding pen
- Tremendously long bodied, slick shouldered, short faced and build right with a 79 lb BW
- If you can't make it to the sale and you're viewing on DLMS, this would be a sight unseen purchase I'd hitch my hat to

- The crew around Diamond T all really like the cut and build of this rancher type
- Payweight 25140 is a late March with bone, belly, chest floor, masculinity and a hip as nice as Justi... let's just say it's been a long night, and he is really good hipped
- The maternal granddam is still one of the highest income earning cows at Diamond T producing 14 natural progeny
- Want to add milk, this guy carries a +30
- 2 nice maternal brothers have recently sold to R&W (Currie's) and the Beeby family

- We breed the Pride cow family different ways every year and they are one of the most consistent producing lines here, moderate, quiet, big bodied and soft-made
- Great, dark, hard feet on this big-time herdsire prospect
- Same cow family as lots 5, 10, 16
- A stout Royal Reserve brother sold to Kading's a few years ago

- Please call big Scott Anderson when you go to sell any daughters off Payweight 25124 because he knows the good ones and he'll do nothing but money and reputation on a set off this stud
- The dam, Bardolia 1824 has been a steady producer of high-end bulls through here selling sons to Al Adams, Kinneer's and Koester's and a heifer to the great folks @ CJF along with 2 females retained
- Dense made, moderate, shaggy and stout calf here guys

# Understanding

## FOOT & UDDER SCORING

We have Included udder scoring on the dams side of the bulls and heifers as well as foot scoring on the individual lots. We hope this will give our buyers a deeper insight of the maternal, structural and longevity of the Diamond T breeding program.

### Udder Suspension Code

9		Very Tight
8		Tight
7		Intermediate/ Moderate
6		Intermediate/ Moderate
5		Pendulous
4		Pendulous
3		Very Pendulous/ Broken Floor
2		Very Pendulous/ Broken Floor
1		Very Pendulous/ Broken Floor

### Teat Size Code

9		Very Small
8		Small
7		Intermediate/ Moderate
6		Intermediate/ Moderate
5		Large
4		Large
3		Very Large/ Balloon-Shaped
2		Very Large/ Balloon-Shaped
1		Very Large/ Balloon-Shaped

### Foot angle

	1	Extremely straight pasterns. Very short toe. Unsound.
	2	Straight front and rear pasterns. Marginally unsound.
	3	Moderately straight front and rear pasterns.
	4	Slightly straight front and rear pasterns.
	5	..... Approximately 45-degree angle at pastern joint. Appropriate length of toe and depth of heel.
	6	Slightly shallow heel and long toe.
	7	Moderately shallow heel and long toe. Somewhat weak pasterns.
	8	Shallow heel and long toe. Marginally unsound.
	9	Extremely shallow heel and long toe. Extremely weak pasterns. Unsound.

### Claw Set

Extremely weak, open, divergent claw set. Unsound.	1	
Open, divergent claw set. Marginally unsound.	2	
Moderately open/divergent claw set.	3	
Slightly open/divergent claw set.	4	
..... Symmetrical claws, with appropriate space between claws.	5	
Slight tendency for claws to curl. One claw may be slightly larger than the other.	6	
Tendency for claws to curl, with one claw larger than the other.	7	
Moderate scissor claw and/or screw claw. Curling of one or both claws. Near crossing of claws. Marginally unsound.	8	
Extreme scissor claw and/or screw claw. Pronounced curling of one or both claws. Crossing of claws. Unsound.	9

- The Bohrson Marketing crew found W Sunrise Deuce 240L at Tanner & Megan's 2 years ago and we purchased him as the \$20,000 high selling CALVING EASE bull that day
- The first females sold last fall in our Matrons sale, and they were respected for their femininity, class and elegance
- This 3-star stud has a beautiful uddered Coleman Bravo mother and just an 80 lb BW for the heifer pen

- A cool cat that struts around the red pen like an absolute stud as he's a black/red carrier
- Do you have a mixed set of replacement heifers with some red and black in there, this guy is the ticket
- Great stats on paper, a different twist on the pedigree and a ton of bone, muscle and herdbull character, this big guy is for real cattlemen

  - RED CROWFOOT GINGER 6437S

- County Line 2577 is an intriguing, powerful herdsire with massive genetic opportunities
- The Elysium cattle have set a new precedence across North America the last 2 years for revolutionizing muscle dimension, foot quality, feed efficiency and structural integrity
- Never before has there been a Red Allison Elysium 80J son with this much CALVING EASE in a 75 lb BW package but still boasts top 5% WW (ratioed 106) & YW (ratioed 109) in the entire breed
- Calynn is showing a full sister as her 4-H 2-year-old project and has a very impressive bull prospect at side
- You will wear out your Cummins driving around finding feet on your next herdbull quite like this proud, masculine beast
- A maternal brother was a past high seller years ago to the Snodgrass family

- The Red Angus breed could stand to work on their females, what better way than to buy a full brother to the great Diamond T Lakota 2379 that caused a lot of excitement last fall
- Chief 2581 is a February that stands his ground with any bulls to sell in the country for mass, length, muscle shape and structural integrity while being backed by an incredible pedigree
- The Lakota cow family has built a lot of prominent cattle at the famed Six-Mile Ranch for generations
- Chief's exciting donor dam flushes extremely well and will have a major impact on our program. Want to talk about fertility in a cow family, look at flush records and the fact that full sister 2379 gained a full month as a 2nd calver.
- There is a ton of flexibility in this breeding powerhouse being a 3-star CALVING EASE option, but he certainly possesses the power to make a significant impact on your mature cows

- The first set of sons to sell off the \$19,000 Red U2Q Achievement 3351L and they have all of us very excited and so are the cattlemen and cattlemen that have viewed them
- Achievement is a maternal brother to Double Down Churchill and Purple Rein and they are out of the great Misty 350C cow from U2Q, she is one of the most potent females in the entire Red Angus breed
- Satisfaction will be one of the intriguing CALVING EASE bulls to sell in the country with a +7.0 CED epd and an outcross pedigree backed by generations of fertile, great uddered cows
- If you visually appraise this stud, you'll admire a great herdbull head, Angus character, a big stout hip and loads of athletic movement
- The first Achievement daughters sold this past fall in Matrons of Mountainview and they averaged \$11,750
- Grab the wife and toss her in the feed truck and head over to Diamond T to admire this rascal

- Redford 2539 is one of the top CALVING EASE options in the entire offering
- Stout centered, huge middled, massive boned and big-time muscle in a dark red package
- These Elysium daughters will leave a lasting impact on our herd for a long time
- Udder quality could revolutionize your herd
- This would be a great herdbull to advertise as a reputation sire that a great set of heifers were exposed to when you bring them to the Little Royal or Anderson Bred Heifer sale

- A young March bull that is the largest framed, most growth-oriented, powerhouse studs in the sale pens
- Rock 25110 will be the top option as a cow bull to add raw power, payload in a set of steer calves and added WPDA to a set of offspring
- Chris & Eldon Hammer bought a maternal brother a few years ago and he was an absolute stud
- Massive shape, masculinity and rib dimension are attributes of this meat machine

- A late March bull with all the attributes to excel in the heifer pen for years to come
- Super moderate framed and smooth made, with the cost of these bulls this spring, this guy won't get too big and work on heifers for years and years, so the purchase cost is an easier pill to swallow
- The udder quality will be ELITE on this dude's daughters in a couple years

- We sold the Rolling Rock 8K bull last year to longtime customer Dane Snow and wow, what a mistake! These cattle straight work and with udders that will absolutely change the game in a positive way
- 66 lb BW CALVING EASE rascal that is moderate statured and great footed
- What an incredibly maternal pedigree with Bono, Reckoning, Franchise and Anthem, the daughters are going to set you up big-time
- A maternal brother is breeding heifers for great people, the Sibbald family in Sasky

- **Heaviest 205-Day WW bull in the offering**
- A black/red carrier that will produce red calves with more punch and profitability
- 810 ADJ WW on this mid April herdbull that handles himself with the big boys beside him
- Outcross pedigree for most of our customers
- A maternal brother to the \$12,500 Amber 2108 to Gus & Corbin Reid and a \$9250 stud last year to the Beeby family
- This guy is super intriguing
