Welcome to our 3rd Herd Builder Sale

We would like to thank all the bidders, buyers, and everyone who came out to visit the farm during last year's sale. It has been a strange year for everyone, with the weather keeping us on our toes. We started with a dry spring, followed by rain that seemed like it would never stop, testing everyone's patience as we tried to get hay put up.

Things continue to change at Dwajo. Jesse and Miranda are building their own herd, so you will notice we have fewer pairs offered this year. We need to bring our numbers down, and we also had fewer red females last year. We are very happy with what we have to offer this year. These females would not be leaving the farm if we weren't making room and reducing numbers.

For those purchasing bred females, please let us know your plans as soon as possible. We will be working against the clock to get them delivered, as Jesse and Miranda are expecting another baby in mid-December. We will be offering \$100 per head off for animals picked up within one week of the sale.

I continue to travel for treatments, sometimes three times a week, which means a lot of extra work for everyone else. I would like to thank everyone who helps make this sale possible. Jo, Jesse, and Miranda have been busy clipping, with Millie providing supervision! Dacie, Rachel, and Evan have helped with pictures and videos. We truly appreciate everyone's time and effort.

Please stop by for a visit anytime before the sale, or come out on sale day. I hear Jesse is planning to make something Mexican!

Pregnancy checking was completed by the veterinarians at Barr North Veterinary Clinic, who did their best to ensure accurate results.

If you have any questions, please contact any of us at Dwajo Angus. Thank you for your continued support, and we look forward to seeing you!

SELLING CHOICE LOTS 1 & 1A

A Sitz Triumph daughter we should not be selling, but we are offering all our bred heifers for you to choose. We bought his semen to use because of his calving ease, maternal traits and body. The dam has been a strong producer for us having had 10 calves at our place. A very nice pedigree for your evaluation. 6N has fantastic disposition, moderate frame and tons of capacity. Due to our new herdsire from Minburn Angus, Thedford 49N. **EXPOSED APRIL 10 TO JUNE 5 TO MINBURN THEDFORD 49N. EXPOSED JUNE 5 TO SEPT 10 TO RED MF HEADSTART 13M. DUE MID/LATE JAN.**

This Hostile-bred heifer is a half-sister to the 43N heifer she is paired with. The Gammer cow family started when we purchased Gammer 133S from Minburn Angus through the Northern Select Sale. Her dam, 21F, is one of the top black cows in our herd, with a clean, feminine front, an excellent udder that milks hard, and a good foot. She is truly the kind of cow we wish we had more of. We would gladly keep either of these heifers in our own herd!

A larger framed heifer, beautiful udder setting down, with a solid foot. The Duraba's have been a sensational cow family when it comes to this bred heifer sale. They have been selling many daughters that have turned into fantastic cows. 134G herself raised last year's high selling red bred in this exact sale to Geis Angus. It looks like she has done it again. 134G mother 112C has also raised exceptional bred heifers that have sold in this sale and her daughter 30J is also a good producer for us. This bred heifer is fancy fronted, deep bodied and good hip. Skeletal structure is solid with a clean underline.

A deep bodied bred heifer with a good disposition. Her mother 62K is very quiet, extremely tanky cow, with lots of depth in her body, big hipped and a nice udder. Her sire Javelin was purchased from Ben Tams and has been a solid reliable herd sire, producing good footed offspring with a nice look to them. He stamps them with a solid hip. All our high selling red bull calves last spring come from this sire group. She is bred to a home-grown bull, Red Dwajo Jes Magic 16M, that sold for \$36,000 to Heart Valley Angus.

Red Dwajo Trident 12N was the \$90,000 phenom that sold to Reisdorfer Red Angus in Minnesota. Dark Cherry Red, Smooth-fronted, long bodied, and built "as long as a train," he has the presence to catch your eye and the numbers to back it up. 12N and his dam were Champions at the Northern Select Angus Tour, and his granddam is a cornerstone female in our flush program, speaking volumes about maternal strength and longevity. His dam, Red Dwajo Barbie 54G is one of our top females in the herd, great footed, dark red with an outstanding udder. A true heifer bull with the maternal power to keep replacement females, 12N is the kind of bull that can improve any herd. Co-Owned with Reisdorfer Red Angus.
