Welcome

It is with great pleasure that we welcome you to the 34th annual Everblack Angus Bull and Female sale.

There is not much that makes us happier than seeing the Ranchers who have stuck it out through thick and thin finally get rewarded for their efforts. It has been a long time coming but we feel its here to stay for awhile. The physical cattle numbers don't lie, the cowherd hasn't begun to rebuild, we should see a few more good years to come. There is a real buzz around the auction barns, everybody is happy, its just so nice to see!

We are extremely proud of our offering this year, we feel there is bulls at all levels to service your needs whether that be breeding cows or heifers. We source the best herd sires we can find, and walk these bulls in two breeding seasons. 95% of the bulls on offer are from our walking bulls, we feel this is very important to walk them firsthand. It enables us to evaluate their strengths and weaknesses with our own eyes. The large sire groups present a clearer picture of what the end product will look like as you are able to evaluate many half and 3/4 brothers. There are a couple new sire groups this year as well for our long-time repeat customers.

We calve a quarter of our cows mid Jan-mar so that we can select a handful of yearling bulls for our sale, this also enables us to market some replacement females into early calving operations. The majority of the herd calves May-June, back in the hills with very little supervision. With two calving seasons, our cows are calved in the same manner as 99% of our customers, this gives a good indication of what works and what doesn't. We can then select for these desirable traits when producing bulls. The early calves are weaned the end of September, with the young calves staying on the cow until late November. No calves receive creep feed. Weaning weights are actual, not adjusted. No yearling bulls are sold privately, this gives us a good selection of two-year-old bulls that aren't picked over. Our focus truly is the two yr old bulls; they are mature, can cover more cows and there is almost no guesswork in visualizing what the end product will look like.

Our bulls to use on heifers are the result of mating calving ease bulls to low birth weight, smaller framed cows. This gives us calving ease consistency on both sides of the pedigree, as well as bulls that will mature at a smaller frame size so they can breed heifers for many years. The cow bulls are stout, rugged bulls with some added performance. All are sound, semen tested, and 100% guaranteed.

We take the most pride in our customer service, our youngest shareholder is a year and a half old, so what I'm saying is we plan to be around for along time. If you have an issue don't hesitate to let us know and we will remedy it for you in a timely manner. We have an 85% repeat buyer rate and feel that speaks in itself. We would like to send out a heartfelt thanks to all who have supported us in the past and we hope to continue into the future. We would be more than happy to have you join us March 30th for a steak and a bull sale!

Ernest, Judy & Family

Everblack Team

CHARLES DUNK

Charles has been with us 13 years now and continues to be an essential part of the operation. He knows his way around equipment, whether it's a combine, semi, backhoe or dozer, and is a proud member of the Islay fire department. Chucky is always ready to help, both on and off the ranch and we're grateful to have him.

STEVE RILEY

Steve has been with us over 5 years now and does an exceptional job of the daily feeding and monitoring health of the herd. Steve has a natural way with animals and brings dedication to everything he does. His steady presence and genuine care for livestock make him an invaluable part of the ranch.

AARIN TRACH

Aarin has been a dependable and easygoing addition to the Everblack crew, always willing to help where needed. He puts in long hours in the fall to help keep the ranch running smoothly and operates the grain cart. Aarin can also be found in the shop doing maintenance, working cattle or catching ears in the picture pen.

ANDRE DUFRESNE

Andre has been a great addition, taking on a wide range of projects and improvements around the farm. He spends much of his time in the shop handling maintenance, repairs, welding and fabrication. When needed, Andre is also out in the field helping with seasonal work.

Thank you to our seasonal guys, Lawrence Parchewsky and Kris Kent!

On the Job!

Chris Poley

From the Desk at T Bar C,

It is a privilege to welcome you to the 34th Annual Everblack Angus Bull & Female Sale, proudly hosted by the Gibson Family of Everblack Angus.

Over the past three decades, this program has built a reputation for consistency, integrity, and cattle that work in the real world. The strength of the Everblack program is no accident – it is the result of disciplined breeding decisions, cow family focus, and a clear understanding of what commercial cattlemen demand.

As always, the backbone of this offering is a very large selection of two-year-old bulls. In today's industry, quality two-year-old bulls are simply not available in abundance. The Everblack program continues to invest the time and resources required to develop these bulls properly, allowing them to service more cows and go on to have long, productive careers. The pen is balanced, featuring both power bulls designed to add pounds and performance, as well as calving ease bulls developed through specific breeding strategies within the Everblack herd. Both types are intentional, predictable, and backed by generations of proven cow families.

Once again, a smaller but elite group of yearling bulls will also sell. These represent the freshest Everblack genetics available, with many stemming directly from the embryo program. They offer progressive cattlemen the opportunity to tap into the cutting edge of the breeding program and move their herds forward with confidence.

The female offering is truly the cream of the crop. This is a rare opportunity to share in the very cow families that have built Everblack into what it is today. These females are backed by generations of production, maternal strength, and phenotype that stand the test of time.

The Gibson Family's commitment to quality and customer success continues to set this program apart. We invite you to study the catalogue carefully and join us for what promises to be another outstanding event. If you require any assistance prior to or sale day please do not hesitate to reach out to anyone on the T Bar Team.

Chris Poley

OBI

Welcome to the 34th Annual Everblack Angus Bull and Female Sale.

The families at Everblack Angus have been a cornerstone in the seedstock industry for many years now. The cowherd traces back to many foundation cow families which is the success of this operation. So many breeders have bought Everblack genetics across the land and the success they have had has been very rewarding. The females go out and produce for their new owners and stay in the front pastures. Everblack Angus always is using top end walking bulls from North America. They do a great job on finding those new herdsires that will make their program even stronger.

The 2-Year-Old Offering is one you all want to see. This is a uniform set of calving ease and power bulls that you will find options for yourselves. Just like in previous years, the Bar-E-L Stamina 11F sons lead the way. Many high sellers over the years from the Stamina progeny. Now we can see the daughters that are producing these top end bulls at Everblack Angus.

The yearling bull is the best set to sell ever at Everblack Angus. It is a must tour this year as there is at least 4 breeder worthy bulls in this pen. Leading the way is a Connealy Confidence Plus bull that could be the best in the land this year.

Once again, Everblack Angus has dug deep into their replacement pen and have offered some open heifers that will fit into your program and be those front pasture females. Always be shopping for females like this because the quality is here.

If I can be of any assistance, please feel free to contact me as I have been thru them all and can help with any questions. See you March 30th this year.

Mark Holowaychuk - OBI Livestock Ltd.

Information

Possession & Delivery

Your animal may remain at the farm if inconvenient for you to take possession sale day. Delivery can be arranged at a later date.

*\$100 rebate on each bull purchase picked up sale day.

*PLEASE NOTE: The animal becomes the responsibility of the purchaser after it is sold. We strongly encourage insuring the bulls and/or females you purchase if they will remain on the farm after sale day.

Insurance will be available sale day.

Weaning & Weights

February - March calves are weaned late September.

April - June calves are weaned late November.

Scrotal measurements and actual bull weights will be available sale day.

WEANING WEIGHTS ARE ACTUAL WEIGHTS.

ALL HEIFERS PALPATED FOR REPRODUCTIVE SOUNDNESS.

ALL BULLS ARE SEMEN TESTED AND 100% GUARANTEED.

Calving Ease

Our heifer bull program consists of breeding low birth weight, smaller cows to easy calving bulls. This gives us more consistency on both sides of the pedigree.

★ Recommended for cows

★★ Recommended for cows and larger framed heifers, under supervision

★★★ Recommended for heifers

Volume Discount

Receive a **5%** discount with the purchase of 3 or more bulls.

Terms & Conditions

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in case of dispute the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

LIABILITIES:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

BULL WARRANTY:

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder, the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

Gatsby 5020 has an incredible amount of center body mass, with a nice angus head, and hair to burn. He is a member of an extremely successful flush off the beautiful Lady May 1H cow. We are really high on the Gatsby cattle, they put on flesh easy, mature early, and look to be moderate framed. A full brother weaned off at an impressive 1015 lbs with no creep this fall, unfortunately due to injury he did not make the sale, but that goes to prove what this mating can do. Have a look at the 2 feature full sisters selling in the female section. Also take note, a full sister was chosen as Sullys 4-H project this spring. Get in on the Gatsbys early!

Confidence 5026 is a very intriguing calf. He's packed full of muscle, has a big spring to his rib, nice headed and good nutted. His dam Chloe C815 needs no introduction in the cattle circles as she would be one of the most productive cows across all breeds in North America. The sire Connealy Confidence Plus is rare in Canada, he is popular and proven south of the line though. His dam Elbanna of Conanga 1209 would again be one of the more famous cows in the Angus world, having produced numerous sons working in AI studs across North America. With 5026's proven pedigree, exceptional EPD profile, and phenotype to match, he's worth a look. We plan to utilize this bull on some level. Terms to be announced.

Calving Ease: ★ ★ ★

70N is a son of the top selling calving ease 2 yr old from last years sale that went to Westman Farms. The Showtime's are useful cattle, they have added heel depth, are nice topped, with lots of hair. The dam, Rose 42L, is another direct daughter of the great 9328 cow. She is a really nice female who did an outstanding job on her first calf.

Everblack Broadway 143L- Sire of JZT 70N sold for \$18,000 to Westman Farms

Calving Ease: ★ ★

A stout made, moderate son of the great breeding Acclaim bull. He got better with age, we do wish he was still around as his progeny calved easy and held their condition well. Out of a nice Mccumber Tribute daughter that has a solid production record. Her first 2 daughters were replacements, her third was the top selling bred at last falls Northern Select at \$24,000 selling to Linden Cattle co of Grande Prairie. This bull will be her fourth calf, have a look at the actual weaning weight for a late Feb. Despite his higher BW, we feel he could be a 2 star on calving ease based on his build and pedigree.

Everblack Lucy 105M-Maternal sister to JZT 80N, sold for \$24,000 to Linden Cattle co.

Long, clean fronted Stunner with a consistent light birth weight momma. Three replacement sisters. Two brothers to W-F Westman Farms, including a high dollar brother in sale 2024. Five-star calving ease here.

CHOICE LOT: 106 OR 107

We shall let you decide which one is better. Coming from a very successful flush from the beautiful Railine Lady May 1H cow. These are deep sided, broody, hairy heifers who should go on to make momma cows. Lady May 1H came to us as the \$31,000 highlight from the AAC in Ontario a couple years back. Being a direct 316 daughter, we felt we needed to own her. A full sister to these heifers was chosen as Sullys 4-H heifer this spring, that can attest to the temperament as well. Check out the full brother JZT 20N in the yearling section, he's a looker too!

A Barricade daughter from the Rosebud 9G cow who is hard to find a fault in. She will be destined for the donor pen. Her first son is doing a nice job at Anchor 1 in Mayerthorpe. She also has daughters at Full Draw, Wilbar, and Lewis Farms. That's an impressive list. Have a look at the actual weaning weight compared to birth date, she indexed 114.

Owned with Full Draw Angus

A nice calving ease female off the Broadway 143L bull again. He did a nice job siring low birth cattle, that are sound and have some hair. The dam, 64J's first two sons sold through the bull sale. One going to the crew at Double RN and the other was a top selling yearling last yr going to Steven Westergaard and family at Crooked Branch Ranch.

Stamina has cemented himself as an exceptional breeding bull. Not often is a sire able to have both sons and daughters that are extremely valuable, he has done that. With 325 calves on the ground to date, we are confident in his ability to sire cattle that are sound, easy fleshing, but have enough performance. His daughters have udders that are a pasture calving dream, they are tight with a nice teat size. The birth weights are consistent and his calves have great hair. The center body mass in his offspring is unmatched from any sire we have used recently. The maternal strength is strong with the Beauty, Rose, and Echo cow families in the pedigree. We unfortunately lost him last fall, we still anticipate another 50 calves from him this spring. There will never be a day when we decide that we have too many Stamina offspring in the herd.

We purchased Acclaim in the spring of 2020, we all remember the buzz around the Bravo sire group that spring. He has not disappointed, the Bravos seem to get better with age. Our Bravo son, 144G has become a real swiss army knife at our place. Very handy, he can be used on large cows to moderate birth weight, all while still keeping enough performance and an abundance of stoutness. He can be used on virgin heifers for trouble free calving while still having that stoutness that will add pounds at weaning time. An added bonus is his sons have a very moderate mature frame so they can breed heifers for many years. With being out of a nice Coalition mother, we are confident in his maternal merit. Based on 182 calves so far he boasts a nice EPD spread of 0 BW to 94 YW, also with double digit calving ease. His daughters are moderate made, sound cows.

Showtime was the top selling bull at Six Mile in the spring of 2021 for a \$63,000 valuation. He was our pick of the phenomenal Showman 338 calf crop that spring. Showtime is a very eye appealing bull, moderate in frame and as sound as any bull we have walked. We are very pleased with how Showtime has sired. His daughters are capacious, wedge shaped females that are making cows with exceptional foot quality and added depth of heel. The sons are versatile having very user-friendly birthweights for the heifer pen but still enough performance to be used in the cow pasture. We plan to continue using Showtime heavily in the future! Owned with Six Mile Ranch

We purchased the late walking rights on Gatsby through the February Freeze sale, he commanded a \$140,000 valuation that day. His muscle, center body mass, natural fleshing ability and soundness have him in a class of his own. As we enter a rebuild in the cowherd over the next few years, female retention will be a high priority. We feel Gatsby has the look of a real cow maker. He is siring deep bodied cattle with added softness that mature early. The first set of calves weaned off heavy in a moderate frame. Gatsby is proving to be a versatile breeder as well, be it virgin heifers or cows to moderate frame size. He works on them all. We will have a larger group in the sale next year. Owned with Peakdot Ranch and Harprey Farms

Upgrade was a bull we kept for ourselves, he was the result of an embryo purchase a few years back. Being flushmates to the great Brooking National 0144 and Brooking Revival 0074, his pedigree needs no introduction in the cattle circles. Look for him to sire phenotypically pleasing cattle, they have attractive front ends with a great angus head. They also are very easy fleshing and capacious. We have calved out some daughters now, they have the maternal look, and are big bodied females with good udder quality.

We purchased Barricade from the renowned Ellingson Angus program in North Dakota. He was our pick of the Sitz Barricade calves on offer that day. Barricade 2146 is a dense made, heavy muscled bull in a moderate frame who will add pounds to your calves pure and simple. Another great attribute is he is as quiet as a kitten and has passed this docility onto his progeny. If you follow EPD's he excels there as well. He ranks in the top 10% for WW, YW, Scrotal, Angle, Heifer pregnancy and Carcass weight. We are calving his first daughters this spring, they look to be broody cows that are easy to keep flesh on.

Tribute as we call him, has solidified himself as a go-to calving ease sire. Onto his third calf crop now, we are confident in his ability to do just as we asked... calve easy. They are built long, with a smooth shoulder and a nice small angus head. Aside from his good looks and easy calving, his best attribute could possibly be his pedigree. Sired by Mccumber Tribute who needs no introduction, even better would be his beautiful mother. Blairs Erica 267F recently commanded \$67,500 for a half interest through the incredible Golden Oak Livestock sale in 2024. I believe there's a lot more to come from that female. We are calving his first daughters this spring, he looks to improve udder quality which is an important trait to us.

If you have ever went through the well respected HF sale catalogue, you will see HF Tiger 5T in numerous places. We figured it cant hurt to go back to what has worked in the past. Tony has sired well, he is an exceptional breeding bull. In his first 2 seasons it looks as though he caught around 80% first cycle. The cattle are really long made, have great angus character with nice performance. We cant wait to calve his first daughters this spring. Tonys grandam had a successful career as well, being the dam of HF Unit 14C who was a herd sire for Merit and HF. Owned with Allandale Angus

Renegade was a bull we picked up as a 3 yr old from Country Lane. The maternal strength is strong, with him being the first natural son out of the great Merit Flora 6078. She has had numerous sale topping, breed impacting sons and daughters come out of the prestigious Merit program. Look for Renegade to sire long cattle with a great hip. We have calved numerous daughters now, they are long, and feminine with a nice hip. I would say he would be an udder improver. Its not surprising considering the terrific maternal characteristics of the Flora cow as well as HF Tiger on the top side.

Stunner was a bull we leased from Westman Farms, we liked him so much the first year that we leased him for 2 more after that. Stunner is another calving ease option, we bred him to mostly calving ease cows to produce low birth offspring that have low birth weights on both sides of the pedigree. Look for Stunner to sire calving ease bulls with a bit of stoutness to them. Owned by Westman Farms

We purchased Stunner 210H from the great people at LLB Angus late in the summer of 23. They certainly got us out of a bind and were happy with how things turned out. Stunner is a calving ease bull who stamps his offspring. They are attractive fronted, good headed with a really nice smooth muscle pattern. Have a look at his sons in the 2 yr old section, they will look good in the heifer pasture.

Lawman is our power bull that we are walking at the moment. He topped Chad Tucks sale when we purchased him alongside Sunnygrove. He is larger framed, extra long, with a big spring of rib. If you sell your calves by the pound consider adding a Lawman son. His daughters have nice tight udders, excellent for pasture calving. Owned with Sunnygrove Angus
