Only The Good Ones Sell...

We are in exciting times in the Livestock Industry, and it has been a long tad in coming. One can only imagine how powerful the cattle themselves will be in the future after the bottom end has been trimmed back. Should make for interesting paths forward.

The offering in the sale is solid group from the top shelf. The bull division are an intriguing set. Develop to ensure longevity and freshness on a high forage TMR Ration while being allowed in big areas to romp and frolic in. As usual I go on an A.I. Tank safari to reintroduce some past proven genetics.

The female offering is an elite group of cheerleaders that can and will turn into breeding treasures. These gals were hand picked for your evaluation.

Accept this as your personal invitation to be with us March 15 at the farm. Feel free to reach out with questions or concerns regarding the sale offering.

Jim & Peggy Grant

JIM GRANT

Eloise Rajotte (Teeter)
Nutrition Distribution

OBI Welcome

OBI is once again pleased to be working with Jim & Peggy Grant from Early Sunset Ranch in their 45th Annual Bull & Female Sale.

Jim continues to obtain top-end genetics through A.I. and walking bulls at the ranch. His Angus bulls this year are sure a powerful set with great weaning weights. On the Simmental side, the bulls are growthy individuals with great hair coats. The yearling bulls get plenty of exercise in large pens to improve longevity and foot structure. These bulls are created in mind of you the commercial cattleman. We also have 9 Two-Year-Old Bulls that can service more females for you, a very good set of them this year.

Again, like every year, Jim goes through the open females and hand selects 16 Angus & Simmental heifers for your pleasures. The genetics offered here are unique pieces of breeding material.

We at OBI are very familiar with the Early Sunset program and if you need any assistance, please do not hesitate to call us, Jim, or any of the sales staff. See you at Edam, SK. on the 15th of March.

Mark Holowaychuk
OBI Livestock Ltd.

Bull Development Program

Bulls are developed on high roughage ration in large acres to ensure their freedom is not compromised result in sound herd bulls. Our goal is to engineer bulls that are athletic, sound, and ready to work in any commercial environment.

Early Sunset Bull Guarantee

Early Sunset guarantees to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. Should your Early Sunset bull fail to be a satisfactory breeder, he will be replaced with a bull of equal value, or a credit will be given towards the purchase of another Early Sunset bull. If you have a problem with our bull please notify us immediately.

Early Sunset \$2 Dollar/Day

From May 1 we will charge \$2 per/day for keeping your bull for a reasonable length of time. We will keep your bulls under good management and care, developing them as we do our own breeding stock. If your bull(s) are left in our care and management we require you insure them against death.

Early Sunset In Herd Use

Early Sunset Ranch reserves the right to draw semen for in-herd use on any bull in the sale; at the buyer's convenience and our expense.

BULL WARRANTY

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

**NOTE: BULLS CAN BE WINTERED UNTIL MAY 1ST
AT NO CHARGE BUT ALL BULLS ARE TO BE INSURED**

BLACK ANGUS YEARLING BULLS

I have intentionally left out footnotes to let the bulls speak for themselves as they are an interesting group and certain to meet your specific needs. Every year I do an A.I. Tank Safari to bring you special genetics.

TWO YEAR OLD BULLS

Spent the summer on grass and have been developed into a powerful set of bulls to get active for the upcoming season. Perhaps the strongest set of two-year-olds we have offered with 8 Simmentals and 1 Angus this year.

Directions to:

From Edam, SK: 2 miles West on County Road Ranch on right hand side.

From North Battleford, SK: Take Highway #4 North, turn West onto Highway #26 then follow to Edam.

From Lloydminster, SK: Take secondary Highway #303 East to Highway #21, turn North to secondary Highway #303 and to East to Turtleford then South on Highway #26 to Edam.

NOTES

I have enjoyed working with the folks at Early Sunset Ranch on their nutrition program. Whether you are in the market for Simmental or Angus cattle, know the quality and longevity run deep in both the bulls and females.

The cowherd utilizes a customized mineral program that is balanced to their differing requirements and feed sources throughout the year. Organic minerals are used to ensure proper immune function and overall health. This supports proper bull calf development from a young age.

The bulls are developed on grass with their moms. After weaning, they are transitioned to a forage-based TMR. The TMR is formulated to maximize gut health and forage utilization. Multiple protein sources and the correct starch levels allow for proper lean muscle growth. Early Sunset Ranch uses a total nutrition program on their entire operation, ensuring optimal performance of their cattle. If you have any questions about the bull's nutrition program, please feel free to call. Good luck on sale day!
