Insurance

Most of the animals return to their farms leading up to their butcher dates. During this time you may want to add a livestock insurance to your purchase. If you would like to add insurance you can do so through HARTFORD.

Why Purchase a 4-H Beef

Compare what it costs to purchase a quality 4-H beef animal and have it processed the way you would like, to the cost of buying your beef over the counter and there are definite savings. You will fill a freezer all at once with QUALITY beef raised with care by 4-H members rather than buying mass produced meat from a store throughout the year! Plus, you will always have meat available for those times you aren't able to get to a store or go to the store and find the shelves are empty.

***** PLUS, we have confirmed spots booked at local butchers for all of our steers. *****

When you settle your account the night of the sale, you will be given an option from several abattoirs and our friendly office staff will book your steer for you.

**The 4-H beef price is based on the purchase of an average 1300 lb steer at our 2025 sale average price of \$5.75/lb at Sale Day. This gives a ~845 lb carcass costing ~\$1.00/lb to cut and wrap to your specific request. The final result is ~575 lbs of meat in your freezer at the price of \$14.40/lb!*

The price per pound average for a 4-H Beef has stayed fairly constant for many years.

So lets go shopping: You'd like 5lbs of extra lean ground beef (1lb for supper tonight, the other 4 you'll baggie up and freeze for later), 4 decent steaks for the BBQ (each steak is 8oz), a nice roast for Sunday dinner (4 lbs), and you've been wanting that chunk of brisket to put on the smoker (5lb). Your grocery bill for the meat comes to \$393.16. That same 18lbs of beef could be sitting in your freezer for \$259.20.

Don't think you need 575 lbs of beef? Find a friend or two and split the beef up with them.

ie: one half of a 1300 lb beef will give you ~175 lb of hamburger, 24- 8 oz steaks, 12-5 lb roasts, 10 lb of brisket and 17 lb of stew meat.

Encourage these dedicated young agricultural men and women to continue their livestock raising activities. These young people put in many hours of labour to bring their animals to the point where they will qualify for the very top grades of meat.

What will it cost? Young people selling in the auction should receive premium prices. Why this premium? First it allows these 4-H members enough margin for a small profit. Remember, they have higher input costs than commercial stockmen. It's also an incentive to select, feed, and fit quality animals that are a credit to a sound breeding and production project. Our sales also offers a 'BUY BACK' Service. If you do not wish to use the meat yourself, this provides a way that you can support our 4-H members and reduces the expenses to you, the buyer.

SALE TERMS AND CONDITIONS: ALL ACCOUNTS MUST BE PAID IN FULL ON SALE DAY.

Ted is the biggest steer on the farm. He came from Diamond M stock farm (my grandpa). My steer is really quiet. Ted is fed a 4-H ration and has free choice hay. I would like to thank Carmen Hainsworth with VOLD, JONES & VOLD AUCTION CO. LTD for purchasing my steer last year. Thanks to all the parents, leaders and supporters of our 4-H club, we couldn't do it without you! Hope to see you at the 4-H show and sale day in June.

#125 ~ Riata Schiestel

My name is Riata Schiestel. I am 11 years old and in my second year of 4-H. My steer's name is Nelson, he is a home raised Gelbvieh cross steer. I chose him because he is a big quiet calf but also will be very tender and well marbled. My goal is that he will weigh 1,300lbs at achievement day. I would like to thank ROUTER-TEC INC for purchasing my steer last year!

#126 ~ Janine Smith

Hey there!! My name is Janine Smith and this big guy is Bruno. This is my ninth year as a member in the Gilby Beef Club. I am club treasurer and proud to be a West Central Regional Ambassador. I also have a carcass steer and a full herd of female projects. Bruno is a hormone free steer who is super calm and friendly. On February 14 he weighed 1100lbs. He is being fed a barley ration with free choice hay. We are so excited for the rest of the year! I'd like to thank all the buyers who help make our 4-H show successful with a huge shoutout to my last year buyer, RAM RIVER ENVIRONMENTAL. We both hope to see you at the sale this year!

#138 ~ Maddy Smith

Hello, my name is Maddy Smith and this is my fourth year in the Gilby 4-H beef club. This guy here beside me is Dan. He is a Charlois/Red Angus cross. Dan is very quiet, which makes him fun to work with. Thanks to FRED'S TRUCKING for buying my steer last year! Can't wait to see everyone in June at the show and sale!

#120 ~ Merrick Smith

Hi, my name is Merrick Smith and this is my 9th and final year in 4-H. 4-H has been such a great experience for me. This year I am the club President! My steers name is Beefcake and he is home grown here on a Valley's Edge Farm. He is Simmental/Red Angus. Thank you to MATLAN VENTURES for buying my steer last year. Hope to see you on Sale Day!

#123 ~ Nathen Taylor

Hello, my name is Nathen Taylor and this will be my 6th year with the Gilby 4-H Beef Club and joining me this year is my beautiful and amazing steer named Kirk. Kirk is a handsome and curious Sim/Angus calf that has been on track to reach his ideal end weight of 1450 pounds. Kirk loves attention and his food which all contributes to his massive weight gain. I would like to give a thank you to HELLBOUND for purchasing my steer Leo from last year, and thank you to all of the other buyers for showing your support with 4-H. Kirk and I cannot wait to see everyone at the show and sale this summer.

#124 ~ Wyatt Taylor

Hello, my name is Wyatt Taylor and this is my 5th year with the Gilby 4-H Beef Club and joining me this year is my steer, Earn. Earn is a beautiful Sim/Angus cross. Earn loves to be combed and given treats. I would like to thank TERRAFIRMA RESOURCES for buying my steer last year. Earn and I look forward to seeing you there.
