Days Inn - Lindsay, ON Ph: (705)328-0100

Welcome to the 7th Annual Fall Feature Sale

Welcome everyone to the Fall Feature Sale and also to our home.

It's an exciting time to be in the cattle business and even with the ups and downs of the cattle market, one thing always rings true and that is quality cattle command premiums in any ring. We hope you will be able to join us sale day for some hospitality and fellowship but if you cannot attend in person, you will be able to watch online via DLMS. The cattle business is just that, a "business", and we treat it that way, but some of our best friendships in life are people we have met in the cattle business over the years. We hope we can continue that trend. There will be trucks heading in every direction after the sale so don't worry about trucking, we will get the females to you in a timely manner. If I or anyone listed in the catalog can be of any help, reach out.

Hope to see you sale day!

Josh Taylor
Sale Chairman

Welcome to the 7th Annual Fall Feature Sale - From Wright Livestock Marketing

What an outstanding offering for the 7th edition of the Fall Feature Charolais Female Sale. Every year we sound like a broken record, but the consignors keep bringing their best and the sale just keeps getting better and better. There are no second cuts in this sale, only the cream of the crop from each of the elite programs that contribute to the sale offering. We are honoured to be working with each and every one of these programs again, and excited to work with the new consignors joining this year.

The sale location has moved this year to a more personal setting, and we are thrilled to welcome you to the sale being hosted at Taylor Farms near Dunsford. The sale group provides hospitality second to none, and the lunch is a great way to visit with your fellow cattlemen and view the offering prior to the sale. The Taylor family has worked hard to offer a comfortable sale environment for all wishing to attend in person, and along with their fellow consignors, they have worked hard to make sure that the guests in attendance can enjoy the sale.

Also new this year, the sale will be a video sale, with the cattle on display at Taylor Farms on sale day. This takes away some of the stress on the cattle running through a sale ring. The consignors invite you to view their offerings at their farms prior to sale day, or at Taylor Farms on sale day.

Whether you are looking for a bred heifer to add to your maternal cow power, or a heifer calf that you can take and develop to compliment your program, a pregnant recip who has the production track record and guesswork taken out, or an exciting embryo lot from a cow that is producing machine, the Fall Feature sale has it. With the excitement we are seeing in the cattle industry, why not take the opportunity to purchase a female from one of these elite programs? You can't go wrong with any of the functional foundation females that this sale has to offer, and they are all worth the investment!

If we can be of any assistance in helping you source a female that will work for you in your program, please don't hesitate to contact us. The catalogue and videos will be featured on our website, www.wrightlivestockmarketing.com. We hope to see you on sale day, or if you are unable to attend in person, DLMS will have the online sale broadcast for your viewing and bidding convenience and we hope you can join us that way. If you prefer to participate over the phone, Brennon Archdekin or myself would be happy to assist you with that.

Hope to see you sale day, you don't want to miss this one!

WRIGHT
LIVESTOCK MARKETING

Look at the depth of this female! Last year she was one of the first the selection committee picked and we simply couldn't let her go; this year, well, we simply had a weak moment.

Her sire, Apex, was a Players Club winner a few years back who needs little introduction, but her mom, Anchor Yucca, you may not know so well. Purchased as an older female from the Springside dispersal, Yucca continued producing year after year and at 16 years of age still had picture perfect feet, a good udder and would walk a mile for a good scratch. All to say, longevity and solid production ability are in Nifty's DNA. As an added bonus, she's bred early to the coveted Back Water Jack.

*** PA Free ***

**Bred to WIA Backwater Jack 060 P on April 10th.

Nyla is one sharp looking lady and is a hard one to part with. Sired by PCC Cobain, the 2022 Player's Club Champion, Nyla shows all the traits that we love in a heifer. She has great confirmation and disposition and would definitely fit into anyone's breeding program. Bred for an early January calf to Elder's Morillo 4136M.

**Bred to Elder's Morillo 4136M on March 23rd.
Exposed to Elder's Morillo 4136M until June 5th.**

Sire of Lot 2 - PCC Cobain 231K

Saturday, October 17th, 2026 - Dunsford, ON

We were excited when we purchased High Bluff Lady Bug 131L and she hasn't disappointed. 17N is her first calf and this Countdown heifer is stout on every corner and angle of her body. This easy doing heifer moves well and being bred to our new heifer bull, Nashville, should result in an exciting calf.

Exposed April 4th to July 1st to JSR Nashville 75N. Vet checked for an end of January/early February calf.

Cow power is what is going to come to mind when you set your eyes on this Tried and True female! 1N is a deep bodied, wide topped and moves like a cat. Her mother whom we bought from McAvoy Charolais, she has a picture perfect udder and like momma, 1N is going to follow in her foot steps.

Bred to WIA Backwater Jack 060 P on May 6th. No exposure. Due to calve early February.

MVY Fantasia 16J - Mother of Lot 4

This heifer is as elegant as they come. Her dam is a beautifully uddered granddaughter of LT Ledger, backed by a productive LT Wyoming Wind daughter. When that strong maternal foundation is combined with the powerhouse CED Jaguar 111J has proven to be, the result is a female that checks all the boxes to become the next cornerstone cow in your herd.

This heifer blends maternal strength, eye appeal, and herd-building potential into one attractive package. We believe she has all the makings of a future donor-caliber female and a true herd matriarch.

Bred June 9th to Elder's McGregor 4140M.
Exposed to EMB Nabisco 18N from April 5th to June 30th.

TAYLOR NATAHSA — yes, the letters in Natasha are intentionally rearranged. Because when you say Natahsa with a little sophistication, it just sounds fancier. And trust us, she's every bit as sophisticated as her name suggests.

From the beginning, Natahsa was one we knew belonged in the show pen. She has been a show heifer for both of our girls and never made a wrong move. Her calm demeanor and steady pace make her a pleasure to work with.

Backed by a proven cow family, with a maternal sibling also selling, Natahsa is developing a nice, well-balanced udder and a bright future ahead.

A proven show heifer with the pedigree, temperament and potential to make a lasting contribution. Natahsa is ready to transition from the show ring into a productive, valuable female in any herd.

Bred AI to D R Revelation 467 on April 1st, preg checked safe via ultrasound.
Exposed to Taylor Maximus 1M from May 13th to July 1st.

Taylor Farms reserves all show rights for the Royal Agricultural Winter Fair for TAYL 12N.

Saturday, October 17th, 2026 – Dunsford, ON

This female is a tough one to let go. A proven and predictable pedigree on the top and bottom to go along with a great phenotypic design, she is the kind of female that does a lot of things right. The guesswork is done with her, and her mating to Patriot is just the cherry on top!!

A.I. bred April 13th to LT Patriot 2208. Ultrasound checked safe to A.I breeding.

ECS Nina Simone 29N is a well put together heifer with plenty of depth and width to her. Her dam is a great looking cow that was purchased from High Bluff Farms as a heifer calf. Sire is HTA Galaxy 286K, a past high selling bull. I am confident that this heifer will develop into a great looking and productive cow.

Aled March 25th, 2026 to LT Remington 0038 Pld (Lt Affinity X LT Patriot son) and due Jan. 2nd, 2027.

Preg checked safe to this date on April 29th, 2026. Pasture exposed to ECS Marzipan 4M from April 4th - May 20th, 2026. Calf will be homo polled and PAF by pedigree.

Natalie is an SVY Wizard daughter that we are proud to offer. If you are looking for a very complete female, here is your opportunity! Natalie has that extra skeleton width combined with added volume and depth of body. Her dam, 4L, is a Fall Feature purchase that has been very consistent for us. We are excited to offer Natalie who has been bred to the bull that is making waves in the Charolais bred, SVY Historic 241K.

A.I. bred March 26th to SVY Historic 241K. No exposure.

If you like them big and strong, loaded with muscle and shape, all while maintaining incredible eye appeal then Naughty Girl's going to tick all your boxes. Her sire, Historic, probably needs no introduction - sired in Texas and birthed by Serheinko Cattle Co., easy calving yet top 1% for weaning and yearling, he's leaving his own mark on the breed. Her grandmother, a Dirty Harry daughter, we purchased out of the Agribition sale many years ago and her mom, a Milestone, all of them are performance machines. As an added bonus she oozes fertility, important when that's your real job, so she caught first go round for an early January. Naughty is really nice - agreed?
*** PA Free ***

Bred to DCR Blueprint J7 on March 25th. No exposure.

Saturday, October 17th, 2026 - Dunsford, ON

We always like to have one powerhouse in the sale. 13N is it, you can't help but notice her when you walk in the pen. Long, deep, wide topped and big hipped, yet she still carries herself with femininity. She is bred to our new calving ease bull, JSR Nashville 75N.

Exposed April 4th to July 1st to JSR Nashville 75N. Vet checked for a January calf.

Love this heifer! Karen has a really hard time offering out of our fall long yearling heifer group. These girls always have that much more power and presence in the spring when it's sale selection time. Mavis truly stands out and deserves a second look on sale day. Bred for an early January calf to Elder's Morillo 4136M.

Bred to Elder's Morillo 4136M on March 23rd. Exposed to Elder's Morillo 4136M until June 5th.

Cedardale Miss Noel 102N is a female we're extremely proud of. She represents the kind of cow that will raise the powerful herd bulls that have made this breed so popular. If you like heifers loaded with shape and power, carrying extra bone, deep-bodied and wedge-made, while still maintaining a feminine, attractive look, be sure to find this heifer in the barn on sale day. The Jaguar daughters currently in production are exceeding all of our expectations and continue to impress.

Bred April 1st to Elder's McGregor 4140M.
Exposed to EMB Nabisco 18N from April 5th to June 30th.

Some heifers catch your eye, but every once in a while, one steals the show. DreamGirl was that heifer for us. From a cow family we have loved and believed in for years, this was the calf we couldn't wait to see hit the ground — and it truly was love at first sight. With proven genetics and previous sale highlights behind her, DreamGirl has given us plenty of reasons to keep believing in this cow family. She is a powerhouse of a female, combining tremendous depth of body, capacity, style and a great udder that continues to develop as she matures. And don't let the short tail fool you — this girl has never let it slow her down. There is plenty of power, substance and cow in this package. DreamGirl is honestly one of the hardest ones for us to let go. She has the kind of presence, pedigree and cow power that makes you want to keep her for yourself. But the right female deserves the right opportunity, and we believe DreamGirl has the potential to become a truly productive female and make her mark in the right herd.

Bred AI to D R Revelation 467 on April 1st, preg checked safe via ultrasound.
Exposed to Taylor Maximus 1M from May 13th to July 1st.

14

Saturday, October 17th, 2026 – Dunsford, ON

ECS Nicky 20N is a nice easy going heifer out of a 10-year-old cow that has lots of milk and performance. Sire and dam were purchased from our friends and co-consignors at Blackburn Farms and Kirlene Cattle. If you are looking for longevity and performance then stop and look right here!

Aled March 25th, 2026, to LT Remington 0038 Pld (homo polled, PAF, calving ease sire) and due Jan. 2nd, 2027.
Preg checked safe to this date on April 29th, 2026.

A couple of years ago we bought our way into a rather costly event, the inauguration of SVY Historic, but am I ever thankful we did. We have 2 in this sale and several more at home and all of them tend to be quiet, easy keeping and sound. Gina, Nockin Boots' mom, is one we've flushed a few different ways but this time it's her natural calf. Gina has a great udder, a moderate+ frame and good feet. If you combine that with all that Historic brings to the table, we really believe Nockin Boots has been infused with momma cow mojo that will be a standout female in any program. Bred Uncharted, bid last and let the excitement begin.
*** PA Free ***

Bred to WC Uncharted 7328 P on April 30th. No exposure.

Stop the car... and take a look at this one. Nicole blends all the best Charolais characteristics into one neat and tidy package. This homo polled CML No Worries daughter may not be the biggest girl in the pen, but don't count her out. Matching her to Elder's Morillo 4136M will definitely produce the offspring you will keep in the herd next year.

**Bred to Elder's Morillo 4136M on March 23rd.
Exposed to Elder's Morillo 4136M until June 5th.**

14N is a clean fronted, free moving heifer with a quiet disposition. She is backed by the 6C cow that is still doing a great job for us and has had daughters in this sale in years past. Like all our heifers, this year she is bred to our new calving ease bull, JSR Nashville 75N.

**Exposed April 4th to July 1st to JSR Nashville 75N.
Vet checked for a January calf.**

Saturday, October 17th, 2026 - Dunsford, ON

This heifer checks a lot of boxes for us. If you like them thick-made, smooth-fronted, deep-sided, and long as a freight train, you're going to appreciate this female. Her dam continues to outdo herself year after year, raising our heaviest heifer calf last fall in 35N, and following it up with another standout bull calf in 2026. The WC Uncharted females in our herd are excellent milkers, sound-footed, and built to last. We really like the way this mating came together. Miss Nancy Drew continues to impress us, and we believe her future is a bright one.

Bred April 1st to Elder's McGregor 4140M.
Exposed to EMB Nabisco 18N from April 5th to June 30th.

A little naughty, a lot of nice. This is a yearling we have enjoyed watching develop throughout the year, and one that consistently catches our attention for all the right reasons. She offers an attractive combination of style, substance, depth and functionality, with the kind of build that gives us confidence in her future as a productive cow. True to her name, Naughty Girl has a fun, playful personality with just enough sass to make her memorable. She has been easygoing and enjoyable to work with, while continuing to develop the body, capacity and maturity we value in a young female. Backed by good genetics, she has all the pieces to become a valuable addition to a breeding program. Attractive, functional and full of personality, Naughty Girl is one to watch develop into a productive cow. A female with the style and substance to make her mark — be sure to find her on sale day.

Bred AI to D R Revelation 467 on April 1st, preg checked safe via ultrasound.
Exposed to Taylor Maximus 1M from May 13th to July 1st.

If you're looking for big strong females, this is the one for you. Nimble is the perfect package with structural soundness and great feet and legs. Match this to her Elder's Morillo 4136M breeding and just imagine the pair you will have next spring!

**Bred to Elder's Morillo 4136M on March 23rd.
Exposed to Elder's Morillo 4136M until June 5th.**

Saturday, October 17th, 2026 - Dunsford, ON

It's not often we part with a Queen B female. Their great milk production, udder quality and functional hoof structure are evident in every single offspring we have. The bulk of Erin's Full French cow herd consists of the "Queen B" cow family and it is still like pulling teeth to part with one. 43P is one we think a lot of. She's thick, deep sided, easy fleshing, feminine and has a wicked hair coat. This cow family has stood the test of time and are no miss individuals. If you're looking for an outcross female that is going to add style, thickness and hair to their offspring then 43P should be at the top of your list.

PENELOPE — a dreamy princess of a calf with plenty of magic to spare. Our girls took Penelope to CCYA, where she proved she was more than just a pretty face. She entered the show pen with confidence and impressed us with her presence, style and quality. From the beginning, Penelope stood out with her smooth, complete build, attractive look and developing capacity. Backed by a cow family we trust, including a maternal half-sibling selling as a yearling, she is one to watch. Penelope is the kind that catches your eye, wins you over with her personality, and gives you plenty to look forward to in the future. She is a stylish, fun-to-show heifer with all the makings of an exciting yearling project and a great opportunity for a 4-H junior.

Saturday, October 17th, 2026 – Dunsford, ON

Here is a typical Padra daughter, plenty of muscle shape and performance yet still sound and feminine in her makeup. Her mother is a no miss Fargo daughter that clicks with every mating and is still a youthful looking female at nearly 10-years-old. This is one you can build a cow family around. Don't miss out!!

Here's a stylish heifer calf that loves to show off! Paige was an easy pick for the sale when we were sorting the calves in the spring. Too bad Tyson isn't around to say no when we do the selection. We offer his good ones every year. We are very pleased with the job the two-year old dam is doing on this homo-polled calf.

Sire of Lot 28 - LT Del Rey 6161P

Fall Feature 7th Annual Charolais Female Sale

We purchased this young girl's mom from last year's Fall Feature sale and couldn't be more pleased. Her mom is going to be a great producer for us given her depth of rib, her picture perfect udder and docility, all set on a very strong frame. On top of those genetics, Valley Charolais added the service of LT Remington, who is in the top 1% of the breed for calving ease, and the eventual result is Sunrise Piccadilly. She's very correct and feminine in her make up, quiet from the get go and has the genetic potential to be a true money maker going forward.

Here's an incredible opportunity to get in on the ground floor of a cow family in the making. Poppy is the very first embryo calf from a flush on the Gilliland dispersal lead off female. She has fantastic eye appeal, a smooth front end, a wide top and a ton of hair to play with. Even better, when you're finished playing, given that she has Revelation and Sunburst top and bottom and a mom with loads of milk, you can be confident she'll grow into a producer of "easily marketable" bulls, especially today when calving easy is paramount. 4-H project, show heifer or simply a future production machine, be sure yours is the last bid on this one.

38

Saturday, October 17th, 2026 - Dunsford, ON

Choice Lot

About a month before the Gilliland dispersal, we decided to take some time to tour through their herd and sort them down to 3 or 4 that we would call the best ones for our program. I don't know how many times that day we said, "who is that one over there?" Only to be pointing time and again at Jupiter 326D. Well, our eyes must have been working because she's the one they decided to use as their lead off cow! After she calved, first order of business for us was to get her in to our flush program. She flushed bountifully and that's the only reason we are offering a package in this sale. Revelation (a full sibling to lot 38) or Resource; we truly don't think you can go wrong either way.

Terms & Conditions

Terms

The terms of the sale are cash, cheque or e-transfer payable immediately after the sale. Settlement is payable in Canadian funds. The right of property shall not pass until settlement has been paid in full. All settlements must be made with the clerks of the sale prior to the release of cattle.

Bidding

Each animal will be sold to the highest bidder, and the auctioneer's decision will be final. Bidders unable to attend the sale may phone their bids and instructions to sale staff, sale management, consignors, or special representatives. Bids must be received prior to the sale, in a sufficient time frame.

Disputes

In cases of disputes, bidding will be reopened between the parties involved only. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid from. The auctioneer's decision in such matters will be final.

Purchaser's Risk

Each animal becomes the risk of the purchaser as soon as sold. Insurance is available for purchaser.

Announcements

All announcements made from the auction block on sale day will take precedence over the printed material in catalogue. Errors discovered in the catalogue will be corrected from the auction stand at sale time and such corrections announced will take precedence over printed material.

Certificate of Registration

Each animal will carry papers issued by the Canadian Charolais Association unless otherwise stated. A certificate of registration duly transferred will be furnished to the buyer for each animal after payment has been made.

Exception Guarantee

Each animal becomes the purchaser's risk immediately after the sale. In the case where the animal has been subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void. The seller is not responsible for damages caused by foreign bodies after the animal has been sold or for sickness not apparent at sale time. In no event shall the seller be responsible for more than purchase price of animal.

Delivery

Assistance will be given with making shipping arrangements for your purchase(s). Each animal becomes the risk of the purchaser as soon as sold.

Accidents

Although every precaution will be taken to protect the safety and comfort of buyers and those in attendance of the sale, neither Taylor Farms, Wright Livestock Marketing sale management, sale staff or any of the consignors who have consigned to the Fall Feature Charolais Female Sale assumes no responsibility in this matter and disclaims any liability, legal or otherwise, in the event of an accident or loss of property. All persons in attendance of the sale do so at their own risk.

Sale Manager

Wright Livestock Marketing Services is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his/her obligations, or for any warranties, guarantees or representations, expressed or implied. Wright Livestock Marketing Services does not assume any financial obligations to collect or enforce collection of any monies between parties. Wright Livestock Marketing Services assumes no responsibility for any credit that is extended by the seller to the buyer. The buyer must look to the seller for fulfillment of any/all guarantees and representations made. Any legal action that may, in exceptional circumstances/cases, be taken are solely between the buyer and seller.

The image is a full-page decorative background. The top portion is a dark green gradient, adorned with numerous yellow maple leaves of various sizes. Centered in this section is the word "NOTES" in a large, white, stylized font. Below the green section is a wide white area containing ten horizontal black lines, providing space for handwritten notes. The bottom portion of the image shows a herd of white cows grazing in a lush green field. The cows are scattered across the field, some standing and some grazing. The background of the field is a bright, hazy sky, suggesting a sunrise or sunset scene.
