**BULL SALE**

WITH [FARMGATETIMEDACTIONS.CA](http://FARMGATETIMEDACTIONS.CA)

# Welcome

As always, we would first like to thank everyone who has shown interest in our program this past year. Many of you put on a lot of miles to come check out the bulls and we really appreciate it.

Once again, we are selling all coming two year old bulls. They will be semen tested prior to the sale and as we get closer to sale day, we will post on our Facebook page the supplement sheet with current weights, scrotals and homo polled tests along with any other updated information. Videos will be available approximately mid February.

Like last year, our sale will be a DLMS Farm Gate timed auction.

A major highlight in 2025 for our family was Rylan winning Grand Champion Steer and Brayden winning Reserve Grand Champion Steer and also Champion Homegrown Steer at the highly competitive Weyburn 4H Regional Show. Brayden's homegrown steer was out of a Gelbvieh dam and sired by AJBG Big Iron 28K (three of his sons are in the sale this year). This proves that crossbreeding with Gelbvieh bulls or females will have a great impact on your bottom line.

We invite you to come to our farm on Sunday, March 8th to check out the bulls starting at 1:00 pm

If you have any questions, call Del at 306-869-8123

Del, Lisa, Dawson, Rylan & Brayden

First time users:

Select the REGISTER button. Fill out the registration form to sign up for a free user account. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid. Please use current email and phone number.

Past Users:

Sign in to Farm Gate Timed Auctions and select sale.

FAVOURITES

You can choose your favorite lots in this sale and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you will get a text and/or an email noting this activity.

PROXY BIDS

Farm Gate allows you to place a proxy bid on any sale lot. This protects your interest in any lot you pick when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2200 for you but if some one else bids \$2100. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

OUT BID NOTIFICATION SETTING REMINDER

All bidders please remember to activate your email and text notifications to receive out-bid notifications for lots that you are bidding on. To turn on notifications go to the top right corner of the screen go to My Account, click on Notifications, confirm you have check marks beside your EMAIL & PHONE notifications and then click save.

SALE CLOSING

At closing time of the sale the entire sale will extend bidding for 5 minute if a bid is placed on any lot in the sale. Any bid received after 7 PM will extend the sale by 5 minutes from the time of that bid. When no bidding occurs for 5 min the computer will declare the sale finished.

INVOICING

Following the sale the seller will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.
