WEIGHTS AND SEMEN TESTS

All bulls will have a sale day weight available on the day of the sale. They will all be semen tested and those tests will also be available.

RIGHT TO RETAIN SEMEN

We reserve the right to draw semen for in-herd use on any of the bulls in the sale, at our expense and the buyers convenience.

BOARD & DELIVERY

- We prefer the bulls to be insured and will not assume any risk or responsibility if your bull is returning to our care. Bulls may return to Footprint Farms and will remain on ration.
- We will deliver bulls at our convenience to central locations in Alberta and
- Saskatchewan. In most cases, to your yard.
- We will work with our buyers arranging transportation outside of Alberta and Saskatchewan.

24 YEARS of selling
Charolais Bulls
Bred to work for commercial
cattlemen in tough environments

Welcome to the annual Footprint Farms bull sale. This year marks our 24th year of Footprint Farms selling Charolais bulls. We are proud of the fact we have been selling bulls for many years and we are excited for the future of selling bulls for many more years to come.

It's never more obvious today of the benefits of using a Charolais bull. The calves your bull sires will continuously bring more money at sale time than any other breed, no matter if you're a cow-calf producer, backgrounder, or finisher. It's a proven fact.

Our herd has changed over the years and we've made a conscious effort to lower birth weight and increase calving ease without sacrificing weaning weights, overall growth and structure. Using a Charolais bull is not a fad and the market has always demanded Charolais genetics and will so for many years.

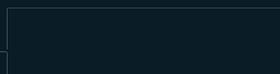

Please be our guest and join us on March 19th to view our offering in this year's sale. The sale will begin at 3:30 p.m. with the hopes that a later start will allow everyone a little more time to do your chores before rushing off. Again, our sale is a video sale. NO BULLS will be entering the building. We will have the bulls penned right beside the heated building for your viewing. So if for any reason you need to look at the bulls while the sale is on, you simply walk out the door and the bulls will be right there. The spacious pens will allow you to walk around the outside of each pen on three sides, allowing safe viewing for both yourself and the bulls. I would again urge everyone to come early and score every bull. In other words, make a larger list than you normally would just to make sure you are prepared for bulls not entering the building. We value your efforts in attending and want this to be beneficial for yourself, all the while still allowing the bulls to be stress free.

As always, if you have any questions about our program or any of the bulls in the sale please give me a call. If for some reason you are unable to attend sale day, please give myself or one of our local sales representatives a call. Let us know the type of bull you're looking for, the type of cows you are breeding these bulls to, and we will do our best to find a bull that meets your needs. If you cannot attend the sale, we encourage you to take advantage of DLMS online services.

The bulls can be viewed at home prior to sale day. This will allow you to be able to appraise the bulls at your own pace. Sale morning the bulls will be penned by 12 PM, to allow plenty of time for viewing. We know some of you are calving, so rest assured we run a quick sale which will have you back on the road if need be. Steak will be on the menu with all the fixin's, following the sale. As always, I look forward to visiting with everyone on sale day. See you at the ranch.

Sincerely,

Travis

How to FIND US

When March 19, 2026
Where At the Ranch, Esther, Alberta
Time Sale Time 3:30 PM

ABOUT OUR OPERATION

For anyone new to our operation, we run two totally separate cowherds. One herd calves in January and February, producing our yearling bulls, while the other calves in April and May producing the two-year-old bulls. We feel we are unique in this approach in terms of offering two options to you, the buyer. None of our bulls have been previously offered for sale – which means we don't hold over a yearling bull that didn't sell for whatever reason to try and sell him to you as a two-year-old. The yearling bulls are weaned in early fall and fed a high fiber based TMR ration. The two-year-old bulls stay out grazing as long as the grass will hold, and are then fed a high fiber TMR ration as well. Our rations are formulated with slow, healthy growth of maturity at the forefront. A high fiber based TMR ration helps ensure that these bulls have been developed to last while out in the breeding pastures and for many years to come.

New for this Year

All bulls have been scanned for ultrasound data. We hope this will be another useful and relevant tool for our customers to use when considering the bulls.

Reference Sire - DCR Blue Print

Blue Print was a sire we used through AI this past year. He calved extremely well for us and you could expect his calves roughly 10 days early on the average. His calves grew like weeds and never looked backed. They are heavy muscled, wide bodied and travel well on great feet and legs. We will continue to utilize his genetics in the upcoming years.

Reference Sire - LT Governor

Governor hit the scene with as much hype as I've seen in a long time on a Charolais bull the spring he sold. As Brent Theil said to me "Travis he's a man among boys in this years pen". Rightly so, as he commanded \$220,000 with multiple groups of breeders bidding for ownership. We used him through AI and couldn't be more happy with the results.. His sons are true performance bulls and are in the top of this years bull pen. Big soggy made and have great dispositions.

Reference Sire - **Backwater Jack**

One of the youngest national champions, he's more than just a show sire with over an 18 inch REA and a 3.5% IMF. We think this guy will be a difference maker. He sires attractive looking progeny in both sex's of offspring. His dam is an ultra attractive cow who has also hung her own fair share of championship banners. She is a breed leading donor in every aspect.

Reference Sire - **Countdown**

Countdown has been on the scene for a few years now. He has gained a lot of popularity with good reason. He has an excellent track record for excelling in calving ease. He produces beautiful females, that are highly sought after for front pastures. His sons hit the mark with calving ease like his father, and like their father they are well structured with mass & eye appeal.

STgenetics

Reference Sire - **Remington**

We were able to secure the Canadian rights to LT Remington 0038 this past year. LT Remington boasts CE & BW epds in the top 2% of 1% of the breed. He has been successfully used on thousands of commercial and purebred heifers at Lindskov's with great results. We feel he is not only a calving ease bull but will provide enough performance to sire bull sale worthy sons as well as retention worthy females. Backed by a solid pedigree.

Reference Sire - **Halftime**

I first saw Halftime as a calf at Rocky Payne's. But just my luck he was already spoken for. I mentioned that if he ever came back up for sale, I wanted a chance at owning him. With Wendal Weston dispersing his cows a year later. I was given the opportunity to purchase Halftime, I didn't hesitate. I feel this is one of the best Gameday sons in the country. We have used him heavily in both programs with great success.

Reference Sire - **Legacys Game Day**

Game Day is a bull who I feel exemplifies what the commercial cattlemen seeks when looking for a herd sire. He is heavy muscled, with a wide stance, and is wrapped in a thick hair coat. We used him through AI & embryo transfer so you can expect more sons in the upcoming sale offerings.

Reference Sire - **LT Signature 6136D**

Signature is a bull I selected out of the famous Lindskov- Theil herd in South Dakota. I was searching for a bull with not only calving ease, but a bull who would increase weaning and yearling weights. When I first laid eyes on this guy, I immediately was taken with how quiet, and easy to handle he was. I loved his depth, width and overall muscle, along with his easy moving stride. Once I found his picture perfect dam I knew I had to own him. He still has a great big foot under him, and is maturing into a very large bull. This is Signature's eighth set of sons to sell and they do not disappoint.

♂

Reference Sire - Footprints Slim Jim 265K

Slim Jim is a homegrown bull we retained from our 2023 sale to use on our heifers. He has not disappointed us in the least. We are extremely impressed by Slim Jim's ease of calving. He follows that up with calves that grow well all summer and throughout the feeding season.

Reference Sire - Blue Value

Blue value has been around for many years. He's undeniably a great female producer. There's a long list of breed leading donor females across North America that are all sired by Blue Value. This bull stamps all his females with lots of rib shape, big wide tops and impeccable udders that milk. Look to his sons to produce replacement quality females, along with sons with strong marbling traits.

Reference Sire - **WCR Commissioner 593P**

WCR Commissioner is back again this year. The results are as expected, he sired bulls just as I had hoped he would. They calve light and continue to have rapid growth. They are easy to find in the pen with their eye appeal. I think they will sire an amazing set of feeder calves.

Reference Sire - **KCH Lode King**

Lode King was a tan bull I bought a few years back, he was everything I was looking for. He was quiet & super sound & loaded with lots of muscle. Unfortunately he broke a leg only a year into his time here. I decided to dip back into the AI tank and try him again, I'm glad I did. He calves well, the calves grow well and he holds color.

Reference Sire - Back Road

We were lucky enough to see Back Road a couple times as he was growing as a calf. Luckily, we were able to partner up with Wilgenbusch Charolais in purchasing him. Back Road is out of the O'Neill cow Miss Hot Dam 32J who is proving herself to be quite a high-quality, and highly respected cow in the breed. Back Road is sired by none other than Backwater Jack, and if you're into EPDs check this guy out. If you pay attention to pedigrees you'll notice Back Road has both Dory 6501 and Miss Hot Dam up close in his pedigree. With building blocks like these it only cements your foundation.

Reference Sire - Senator

While I was touring the massive Lindskov Charolais herd in South Dakota in the summer of 2023 I noticed Senator and his dam none other than the famous LT Athena 1247 cow. Who is also the mother of LT Affinity. At 12 years of age she was still one of the most impressive cows in the herd. Her udder was impeccable, and her feet were still amazing. While she was starting to show her age, she was still powerful and impressive. At that time I knew I was going to try my best to purchase Senator. Senator is sired by LT Governor who is renowned for his power and performance. This combination is proving itself to be a perfect mix of femininity and power. We look forward to many years of Senators influence.

Reference Sire - **RBM Ransom J99**

J99 is a bull we bought out of South Dakota in 2022 from RBM Livestock livestock. He is sired by LT Ransom, and out of the beautiful RBM 5100Rhinestone E160 cow. We were extremely happy with this guy when he hopped off the trailer. He continued to meet our expectations as time went on. Look to more of his offspring in the years to come.

Reference Sire - **Kahlua**

Dogpatch Kahlúa is like a fine wine - he keeps getting better with age. We were first taken with his depth and width and overall mass. He has continued strengthening those same traits as he gets older. He has a great foot and strides out well. He has a very well rounded demeanor, and is easy to handle. This spring we welcomed our second set of offspring. They're all born unassisted and were lively at birth. We feel he is the best red factor bull we have used on our place to this date.

Reference Sire - **Rangewar (pictured sire of Rangewar, Warlord)**

Rangewar is a homegrown Warlord son that we kept back out of the 2022 sale to carry on the Warlord line. Unfortunately we lost this guy and only were able to get a year of breeding out of him before his injury. We had extremely high expectations for this guy. He was heavy muscled wide based and moved like cat on perfect feet and legs. We fortunately will have daughters to carry on his breeding line.

Reference Sire - **Merit Round Up 9508W**

We were fortunate enough to be able to walk Round Up while he was still alive. Moving forward we will still continue to utilize his genetics by AI and embryo transfer. These sons of his simply worked in a commercial setting. They calved easy grew tremendously well and had lots of hair.

Reference Dam - **LT Airey 5226**

This cow is simply stunning in her overall phenotype and structure. When I first laid eyes on her, it was the easiest decision I've made in selecting a cow to be a frontline donor. When we were able to secure the rights to pick any female in the LT Lindskov's herds from the national sale in Denver, I asked Brent Thiel for his opinion. He said, "if I was starting a herd, 5226 would be at the top of my list." I don't know much, but when Brent Thiel talks, you better pay attention! We've had many successful flushes with 5226 and look forward to many more sons and daughters in our herd over the next few years. We truly believe she's a true building block in this herd.

Reference Dam - **LT Brenda 9174**

The Brenda Cow family needs no introduction to most Charolais breeders in North America, with many breed leading matrons sharing the Brenda name. When I toured the impressive LT Herd, LT Brenda 9174 caught my eye in a massive, sea of white cows. After a lot of deliberation, 9174 was the selection. This cow is not only appealing at first glance, she has impressive performance numbers, and has high indexing ratios within the herd. This cow will add power to her offspring. We flushed her heavily with Lindskov's, and expect many great things from her in the future.

Reference Dam - LT Brenda 2184

A few years back we were on the search of a high end foundation type donor cow. We spent many hours researching pedigrees and production on some of the most elite cows in the breed. We dipped our toes into the Brenda cow by buying a flush on her through the National Sale in Denver. With great results we pursued the opportunity to buy an interest in her. This cow has a production history that is hard to beat by already producing high selling and nationally utilized sons for her other owners in the states. This powerhouse has brought lots of influence to this sale, and will continue to over the next few years. We are excited to say the least.

COMMERCIAL HEIFERS

We are offering replacement heifer groups. These are straight Black Angus, Black Brockle, and Simmental Red Angus cross. We sourced 100 head and will offer only 50-60. They will be sorted by body type and colour into smaller groups. These are exceptional replacement quality heifers. They are on our full herd health program and fed for longevity. They will be palpated before sale day.

ABOUT OUR FEED PROGRAM

Feeding high levels of energy and in particular grain, can surely promote great gains in growing bulls. The potential for long-term consequences on soundness and longevity present, if the diet basics aren't managed properly. Footprint Farms bulls are raised on moderate levels of high quality, lower starch grains, and high-quality forages, harvested at the proper stage of maturity to be highly digestible. As proper nutrition doesn't begin at weaning, each year, a well-balanced feeding program is in place from conception to sale time. Incorporation of organic mineral technologies and proper vitamin supplementation to the diets throughout the year, optimizes health and growth in the bulls for sale every year.

The extra time and effort taken to ensure consistent feed supply, consistent mixing and delivery to the feed-bunk, provides the results seen in the cattle on sale-day, and keep the bulls in a herd for years to come.

Best wishes to the Foot family, and all their clients for a great sale, and an excellent year!

Jack Fisher M.Sc., P.Ag.

Sale Day Wt _____ Scrotal _____ Disposition _____

Two Year Old Bulls

TERMS & CONDITIONS

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of registry: Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

Breeders Guarantee, bulls: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price.

The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Mail or telephone bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
