SALE INFORMATION

Delivery: We will provide free delivery within 250km. If shipping out of province or country is required, we will assist in making arrangements. Testing and trucking is at buyers expense. Pick up options available after sale ends; to be arranged with Ryan or Sara Gilchrist. All animals must be picked up or delivered by December 20, 2026 unless prior arrangements have been made.

Payment: may be made by cheque or e-transfer, payable at the end of sale. Cheques and e-transfers can be sent to the breeder you purchased from. The right of property shall not pass until after settlement has been made.

Health: All sale animals are fully vaccinated.

At birth - Gilchrist Genetics Heifers received Inforce 3, Calf Guard, ADE & Selenium. Nolara Farms Heifers received Inforce 3, ADE & Selenium, cows are vaccinated with Scour bos prior to calving. At pasture turn out and weaning - Gilchrist Genetics Heifers received Bovishield Gold One Shot, Fermicon 7/Ultrabac 8, and Ivomectin. Nolara Farms heifers received Pyramid 5 with Presponse, Vision 8 and Ivomectin.

Terms & Conditions

- All lots will sell under the standard terms and conditions put forward by the Canadian Simmental Association.
- Every animal sells to the highest bidder, as determined by FarmGate Auctions.
- Registration papers will be transferred to buyer after payment has been received.
- Animal purchased becomes responsibility of buyer at the end of the sale. We highly recommend that you purchase insurance. While we will always provide the utmost care of your animal, we are not responsible for any illness, injuries or mortality after the animal is declared sold.

GEMS

of Tomorrow
JUNIOR INCENTIVES

TODAY'S YOUNG PRODUCERS • TOMORROW'S LEADING PROGRAMS THE NEXT GENERATION OF GENETIC GEMS

Investing in the Next Generation - At Gilchrist Genetics & Nolara Farms, we believe that some of the most important investments we make today are the ones that shape the future of our industry.

The Gems of Tomorrow Junior Incentive was created to recognize and encourage the young cattlemen and women who are beginning to build their own programs, develop their vision, and invest in the future of the beef industry.

GEMS OF TOMORROW JUNIOR INCENTIVE

Every junior who purchases a female through our 2026 sale will be entered into a draw for ONE of the following prizes:

\$1,000 SALE REBATE

Applied toward their purchase at the 2026 Gilchrist Genetic Gems Female Sale.

- or -

MOCK STOCK

A hands-on tool to practice fitting skills and prepare for the show ring.

GEMS JUNIOR SHOW RING INCENTIVE

The opportunity doesn't stop at the sale ring! Juniors who purchase and show their animals can earn credits toward the purchase of a female at the 2027 Gilchrist Genetic Gems Female Sale.

Grand Champion - \$500 Sale Credit
Reserve Grand Champion - \$250 Sale Credit

One credit claim per animal. Credits are redeemable toward the purchase of a female at the 2027 Gilchrist Genetic Gems Female Sale.

Gilchrist Genetics

Ryan and Sara

Welcome to the sixth edition of Gilchrist Genetic Gems Female Sale!! If we are being honest, we weren't sure we would have a female sale in 2026 as our momma cows shorted us on heifer calves this year. However, after talking with Nolara Farms and hearing that they ran 70% heifers and they would make up the difference in numbers; this year's sale is now a go!

In our small offering you will find heifers sired by Hart State of War, Harvie Red Summit, Mader Walk The Line, and our walking herd sire GG Look This Way.

Our heifers were weaned August 18th with the use of quiet weans. We find they transition off momma easier with the use of them. All heifers have been palpated with ultrasound by a certified veterinarian on October 5th. They have received fall vaccinations; we used Bovashield One Shot, Vision 8 & Ivomec.

Photos & videos were taken the third week of October. Everything can be found on our Facebook pages (@GilchristGenetics and @NolaraFarms), the Farmgate Auctions listing and on Bohrsen Marketing Services website.

We look forward to visiting with you at the open house, and welcome you to the farm anytime prior to sale day if the open house date doesn't work for you.

See you soon!
- Ryan & Sara

Keeping with the Marvel Universe theme and the year P, there was no doubt that this one had to be named after Tony Stark's/Iron Man's wife! Did we just geek out a little.... maybe haha. Anyways back to cows. Pepper is being shown alongside her momma this fall. She will have 3 shows under her belt by the time sale day rolls around. You read her pedigree right - we are letting go of another "Ronnie" descendant! Should we? Probably not. In true State of War fashion, the older they get the better they get! Pepper is a character to say the least. She is a long-bodied female with loads of style and clean lines. Feminine-fronted and smooth-shouldered, she is a well-balanced female. Pepper will be weaned off her momma after sale day. If you love kisses Pepper will definitely give them to you!

Big Red - we know...how original were we with that barn name! One doesn't need to read her pedigree to know she's a Mader Walk the Line daughter. He stamps his daughters all the same! Walk the Line & Vintage Elegance sure clicked! We bred 67E back the same way allowing us to offer Big Red in the sale. We want to note that she is a twin to another heifer; they were raised separately with Big Red staying on her natural dam. Big Red is just that big and bold in the belly, top and hind quarter. Her photos speak for themselves! She's one we should have been showing this fall as we believe she would be very competitive but we also know she's going to be a production momma as well!

Love me a baldy! Where to start with Southy... She wasn't originally in our sale pen but things happen and now she is. If Sara had her way she would not be in the sale but with the shortage of heifer calves born at GG in 2026, we needed the numbers so here she is! We've sold a lot of Summit heifers over the years and honestly we probably should have kept every one of them, as the Summit females we do have are sound-structured, easy-doing, nice-uddered and stand on a solid foot. Southy is a well-balanced female with a sweeping deep belly all in a feminine, moderate package.

Button... why Button? Because she's quiet and cute as a button! She is one of our youngest heifers resulting in her being essentially a month younger than the rest of the offering. She's one that needs to be seen in person. Her sire is our walking herdsire, GG Look This Way 20L, who is thick-made, big-barrelled, big-footed and proud-fronted. Button is structurally correct on the move. When you get behind her she stands square at the ground, has a thick top and exhibits bold spring of rib. The more you look at her in person the more you like!

OPEN HOUSE

SATURDAY, NOVEMBER 14
NOON TO 5:00PM

GILCHRIST GENETICS AT BLUFFTON, ALBERTA

Heifer calves will be on display in smaller pens.

Snacks and refreshments will be available.

If you would like to view the heifers prior to open house contact Sara Gilchrist to arrange 780-305-6855

Larry and Nola

Welcome to the 6th edition of the Genetic Gems sale! We would like to thank Sara and Ryan for having us back for another year and for all the work they do for us in preparing the heifers for sale day.

What another great year to be in the cattle business with the continued great cattle prices from last year. Mother Nature gave us lots of challenges this year trying to get hay and grain crops harvested, but we persevered and have plenty of feed for all our cattle.

The heifers were weaned in early September and are all vaccinated and palpated. These ladies were raised on green grass and their dams' milking ability; no creep feed.

Photos were taken mid-October and videos will be taken closer to sale day.

I hope you find what we have on offer this year to your liking, and there are various genetics to choose from. We look forward to visiting with you at the open house.

Diva comes by her name naturally - she knows she's good! This is the first year that we used Rancher. We received several heifers and two bulls, allowing us to offer you 1P. Her dam is a "no-miss" TNT Gunner N208 daughter. I know we've talked about it in previous sales but I love my Gunner cows; quiet, easy-fleshing, good-uddered with good feet and legs. Diva is dark red with a nice, feminine head. She is fancy-fronted with smooth shoulders laying into a strong fore rib and strong open rib shape, finishing off with more than enough hip and muscle shape.

Her name maybe should have been "Miss Personality" as there's no shortage of it with this one! Margo's mom is an outstanding first-calve heifer out of our herd sire Kuntz Hotshot. She has a nice, square udder with short teats. We dug deep in our semen tank and decided to use our one and only straw of Bravo on Margot; sure did click! Margo 10P is a free-moving, long-bodied heifer with extra capacity. Deep-middled and long-fronted with a nice shaped skull. Margo would make a wonderful junior project.

When the Gilchrist's came to look through sale heifers Sara asked if she could buy this one privately. We told her if she wanted her she'd have to buy her out of the sale as that's where we had her slated. Brooke is out of a nice, moderate Kuntz Sheriff 8A daughter; easy-fleshing, nice-uddered on a good set of feet and legs. Brooke is a very feminine heifer that could do well in a show ring. On the profile she is strong-topped, well-balanced, soft-middled and deep-chested. She puts it all together and we feel she will become a solid all around female.

Stacey's Keeper is long-fronted and smooth-shouldered with a strong level top. Stacey's mom (sorry if you just broke out into song haha couldn't help myself), 3L, was purchased from Cedar View Simmentals as a heifer calf. She has developed into a nice, big-bodied female with an excellent udder, feet and legs. Stacey 30P comes out of LNS Gatekeeper, a bull we raised and used on our commercial herd for many years. His commercial heifers were the first chosen by buyers as bred heifers and replacement heifers, so we decided to use him on our purebred cows.

Esmerelda or Esme for short, comes out of a cow that we purchased at the Berwest dispersal. What a buy; she never misses. Her sire, Perks Kong 242K, is a SVS Tycoon son full of meat and muscle. He weighed 2,740 pounds this spring! Esme is a nice, dark red heifer that's clean in her lines and feminine through her front end. Solid through her fore rib and carries that width and shape into a nice square hip.

Poppy's dam is an easy-fleshing, moderate-framed female with a nice square udder and well-spaced teats. Poppy's sire, Kuntz Officer, was Kuntz Sheriff 8A's full brother but has a little more jam in his offspring. He produced moderate, easy-keeping females with good feet and udders. Poppy looks to be following the trend. She is a fancy-made heifer that is structurally very correct. I know a lot of people say "this photo doesn't do her justice" but we truly feel you'll want to see her in person. The cow family is solid in this one. She also related to our Lot 7 female, pedigree has production written all over these two!

How to Participate in the DLMS Farm Gate Timed Auction with Extended Bidding

1. Visit dlms.ca and follow the link to the DLMS FarmGate timed auction site www.farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to signup for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.
2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.
3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.
4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In Most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.
5. Following the sale the Owner or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

For more info and assistance with bidding contact any of the sale contacts listed on the DLMS Website; DLMS FarmGate Timed Auctions ~ Mark Shologan Ph: 780-699-5082

FAQ:

WHAT IS RACEHORSE STYLE SALE CLOSE? Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

HOW WILL EXTENDED BIDDING WORK? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.
