DLMS FARMGATE

WELCOME

FROM GAWAZUK FARMS

On behalf of Ron, myself and the entire family we welcome you to our first ever online bull sale. What an exciting time it is to be in the cattle business. And we are over joyed to share with you a great selection of Simmental bulls.

We have been breeding Simmental for over 15 years now into our herd. Throughout those years we have made select purchases of purebred heifers, open and bred, from some of the great breeders in the Simmental industry. It is no secret our herd has been heavily influenced by the Rendezvous Farms bulls and in 2024 when Rendezvous Farms announced their dispersal we knew the industry was losing one of the top Simmental breeders. With that being said we made the decision to purchase 34 bred cows and 1 herd sire. That decision has lead us here, to a great offering of bulls.

Our cow herd and bulls are on a full herd health program and nutrition program through Bar-Sky Vet Services and Eric Van Meijl from Master Feeds. Once weaned the bulls are developed on free choice hay and pail fed and then slowly transitioned onto their TMR ration that promotes growth and longevity.

We believe we have a selection of bulls for any herd. Feel free to come check them out or give us a call to talk about any of the bulls.

- The Gawazuk Family

Ps. Make plans to join us for our Open House on March 7th and 8th!

WELCOME FROM BOHRSON MARKETING SERVICES

Welcome to the first annual Gawazuk Farms On-line Simmental Bull Sale. Cody, Ron and family have assembled a high octane set of Simmental Beef Bulls for your appraisal and we encourage you to take a look at the offering and give them or any of us at BMS a call to visit about the offering. The Gawazuk family has built their program around Simmental Cattle that are easy fleshing and high performing. Their large commercial cowherd has allowed them to fine tune their purebred operation so that it can produce bulls for you, their valued customers, that can positively impact your bottom line. They have tried and tested what works and what doesn't in their big cowherd, so you can guarantee select a bull of either colour from Gawazuk Farms and know that it will take you and your cowherd a step ahead. They have selected genetics to utilize themselves that are fault free and easy doing, that can be born easy and grow and we feel that you will really like what you see as you evaluate their first set of bulls for this online format. Be sure to give Cody a call anytime to make plans to visit the bull pen ahead of sale day, or just give him a shout to talk bulls, he would be happy to do so. If any of us at BMS can give you a free evaluation of the bulls and assist in your buying needs, please do not hesitate to give us a call anytime, we would be pleased to assist in your next purchases from Gawazuk Farms!

The first of two rampage sons to sell and oh boy are they impressive. 13N Rampage is the heavy weight of the pen. Both at weaning and yearling weight he topped the scale. With an actual weaning weight of 1125 lbs and yearling weight of 1460 lbs he is sure to add some pounds to any calf crop. He's a long and deep bodied bull with a little bit of added chrome. He is one to check out come sale day.

Here's a bull we are very high on. Since birth he's been a stand out. He's dark red, wide topped and stands square on his feet. Stemming from the great Tycoon 841F bull Trump is sure to turn heads come sale day.

HOMO POLLED

A Copper Top son out of the Rendezvous 349F cow we purchased at their dispersal and wow are we impressed. Length, muscle and a deep body on this bull is what you'll find. We were fortunate to purchase the Copper Top bull himself at the Rendezvous dispersal and boy oh boy are this years calves stunning. Be on the look out for the large offering of sons next year.
