Terms & Conditions

All bulls will sell under the terms and conditions set forth by the Gelbvieh Advantage sale consignors, listed on the inside back cover.

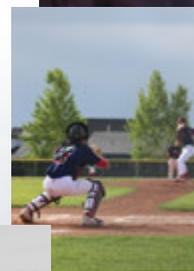

Welcome to the 2026 edition of the Gelbvieh Advantage Bull Sale. We have added in some new herdsires this year that we are beyond excited about, as well as one of our tried and true herdsires that we have used over the years. We finally have some bulls on offer from the high selling, BNC National K2129 bull, that we brought up from Hojer Ranch in the USA, they are ones that you dont want to miss out on, they are flat out good! We also have our first offering from the Res National Champion bull, BNH Dream Katcher 1K. This guy combines calving ease with growth, offering the best of both worlds. And then we have the calving ease deluxe bull, BNH Hot Commodity 27H, a bull that has been our go to, sleep easy bull for years and he never lets us down. Something for every program!

We have always focused our herd on creating that ideal momma cow and the bull calves are a product of these breedings. These bulls are ones that you want to keep replacement females out of. They are easy fleshing and productive. Each and every year we keep a small pen of bulls that we feel represent our program and we would want to use in our cow herd. These bulls are grown out all year long on a 30 acre pasture and will continue to walk these pastures until they leave our farm. They spend their days out walking and growing out as we feel that they should. This gives us that first year to put them to the test and see if they make the cut, to be sold as a coming two year olds. We have taken that much more guess work out of your bull purchasing and are able to provide our customers with an older, more developed bull that can cover more females.

All bulls sell semen checked, vet inspected, vaccinated, given fusoguard for hoofrot, parentage DNA'd and come with genomically enhanced EPD's. These bulls are ready to get out and work the minute that they step foot off of the trailer. All bulls will be available for viewing on the farm. However, if you are unable to make it to the farm prior to the sale, we are always willing to discuss potential options or send more information on any of the lots in the sale. We aim to provide our customers with a herdsire that they are excited about and that will work in their program! Please feel free to reach out with any questions that you may have in regards to this year's offering.

Sincerely,
*Brad, Nicole, Colby,
 Kaden, Lincoln &
 Austin*

HOMO POLLED Mic Drop is one of the soggiest, deep ribbed bulls that we have ever produced. He is sired by BNC National K2129, the high selling bull from Hojer Ranch of South Dakota. National has been a breed changer, producing offspring that are phenotypically correct, soft in their makeup and can pound down the scales at weaning. Mic Drop has been a true reflection of his sire and a stand out since birth. He is out of a moderate framed, beautifully made second calver that is quickly rising to the top of the herd, with her perfect udder and easy fleshing ability, that the JRI Secretariat 285E78 daughters are known for. This guy is one that you will want to see in person to really appreciate what he has to offer. He checks a lot of the boxes and is a bull that we think extremely highly of.

HOMO POLLED If you have a pen of heifers to get bred this year, this is your guy. Mr. Mike is sired by our calving ease specialist and out of a first calf heifer. He is smooth in his makeup, great footed and comes out of our youngest son's show cow. He adds together calving ease and functionality in a tidy package. With cattle prices today, having a bull that can get out and breed large groups of females is invaluable. Get your females bred with this extra age, calving ease specialist. Moderate, vigorous, live calves put money in your pocket!

HOMO PLD/HETERO BLK Dream Come True 24M is exactly as his name says. He has been a stand out since birth and really checks all the boxes, from calving ease, to explosive growth, disposition, correctness and everything inbetween. He ranks in the top 1% of the breed for milking ability and Total Maternal, as well as top 3% for YW and WW. This guy is one that you will want to keep all the daughters from! He is sired by none other than BNC National K2129, the high selling bull purchased from Hojer Ranch of South Dakota. National is consistent in his progeny, stamping them with that big hip and soft rib. DCT is out of our foundation cow, Forever Dreamin 25F, the 2022 Farmfair Champion Female and many time top producer. We would be thrilled if we could have a whole herd of females that have the share the same udder quality and phenotype as "Dream". These stacked stats make it exciting for us to be able to share these genetics with the world. Here is your chance to get your piece of what we feel is the next big thing in the breed!

-----	------	---	-----	----	-----	----	----	---

HOMO POLLED Marvel is a true display of what National can do and we are excited for what he has to offer to the industry. He comes from a sweet fronted little cow that puts it all into her calves. She is big hiped, moderate framed and incredibly productive. Marvel ranks in the top 1-3% of the breed for growth and milking ability, with an 94WW EPD, 132YW, 28Milk and 74TM. We truly think that he may be the next, up and coming, red version of his sire, National. Take a good look at Marvel as he may be the key to take your program to the next level. Twin

HOMO POLLED/HOMO BLK Molsen is the product of many hours of research and investment into a cow family that we felt would compliment our balancer program, to create an ideal cow type and style that we could breed back up to purebred and let me tell you, Erica did not disappoint. She has created offspring that are easy fleshing (leptin TT), soft hearted and moderate in frame score. This guy would not be leaving our herd, if we did not already have his sire and brother working for us already! Take advantage of the work we put in to create an outstanding outcross for replacements.

HOMO POLLED Rise Above is the first "Katcher" progeny that we have on offer and he has done an incredible job for the youngest bull in the pen. Not only does he have that big, solid foot, but he also has that same impressive, big hip that Katcher was known for. Rise ratioed 106 and 109 on his weaning and yearlings weights and came off of his moderate first calving dam gaining 3.84lbs/day. Both his dam and sire have walked the ring and won Grand and Reserve titles at Farmfair and National shows. Rise is a genetic jackpot!

Welcome to the 2026 Gelbvieh Advantage Bull Sale! We would like to say Thank you to all of our customers over the past year(s). Many of you are repeat customers and some of you we have just gotten to know. We cannot express enough gratitude for your support and confidence in our program. We would also like to thank all of our family who make this sale possible. Brad and Nicole, Colby, Kaden, Lincoln and Austin all work hard with their animals and farm as well as ours. This sale cannot happen without all of you! Gary and Kami, Presley, Sloan and Corbin work hard on our farm and in the background and we are very grateful for all of their help as well.

We are very proud of the quality of this years offering of bulls. There are so many that have that WOW Factor, and many people have commented on the depth of top choice bulls. We are very happy with their dispositions as well and invite you to come out to the farm for a visit and to take a walk through the pen to see for yourself.

We cull hard for feet and legs, temperament and udder quality in the herd and would be very happy to send you a picture of any dam as well. We breed and feed with longevity in mind and expect every one of these bulls to be able to get out and start working for you as soon as they are delivered. Whether you are looking for curve bending EPDs, calving ease specialists or that next performance master, we have the bull for you! All bulls will be semen tested and evaluated prior to the sale. Give Kelly a call at 780-387-6446 to discuss all your bull needs.

Sincerely,

Kelly & Colleen Brittain

HOMO POLLED/HOMO BLK Nairobi 48N is a homo polled, homo black bull out of BNC National K2129. We bought National together with BNH Livestock in 2023 from Hojer Ranch in South Dakota. National has tremendous depth of body and thickness throughout his frame and is known for producing well balanced progeny that exhibit great tops and depth of rib. Nairobi 48N is no exception to this. He has some of the highest growth EPDs in the breed and should add the same qualities to his progeny.

Niaz 120N's dam - CK Debut 41D is another top producing Admiral 124A daughter with extra capacity and volume.

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit dlms.ca and follow the link to the DLMS Farm Gate timed auction site www.farmgate-timeductions.ca, click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your username and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if someone else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.

5. Following the sale the Owner or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

For more info and assistance with bidding contact any of the sale contacts listed on the DLMS Website;

DLMS Farm Gate Timed Auctions ~ Mark Shologan Ph: 780-699-5082

FAQ:

WHAT IS RACEHORSE STYLE SALE CLOSE? Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

HOW WILL EXTENDED BIDDING WORK? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

Terms & Conditions

Shipping/Delivery/Pickup:

Consignors will assist in coordination of delivery and will get bulls to central points within a 300km radius of origin. Consignors will feed and manage bulls until April 1/2026, anything beyond this date must be arranged at time of sale. All bulls remaining at the farm require insurance.

US purchases: Consignors will provide necessary health papers. Buyer will be in charge of trucking arrangements and costs.

Sale Animal Preview:

Open House Feb 25-Feb 28. Viewing available at Brittain Farms, Falun, AB (West of hwy 2 on hwy 13. Then 1/4 mile west of rge rd 275. South side of highway) or BNH Livestock, Red Deer County, AB. (Approx 15km east of Innisfail on hwy 590. North a mile and a half on range road 270)

Breeder Guarantee:

Respective breeders guarantee our bulls to be sound, fertile and reproductive for the first breeding season. Claims must be made by Sept 1st of the year of purchase and must be fully substantiated by a physical examination performed by a licensed veterinarian. If a problem occurs, please contact individual breeders immediately and we provide a suitable replacement, if available, or a sale credit. This guarantee does not cover death, injury or mismanagement. Our goal is to have you satisfied with your Gelbvieh Advantage bull.
