Welcome to the 6th edition of the Heart of the Peace Bull and Female Sale. We would like to start off by introducing and welcoming our newest partners in the sale. Clarkson Valley Simmentals – Kyle & Ashley Klassen & family, Kleskun Lake Farm – Brady Fraser, and Trieber Farms – Fred, Naomi & Chelsey Trieber. Each of these progressive Peace Country breeders are no strangers to the purebred industry. We look forward to the Simmental, Red and Black Angus genetics they bring to the HOTP sale and look forward to a continued partnership in coming years.

We would like to thank everyone who has been instrumental in making this sale a success for the past 5 years. Your support to each of our programs is valued and very much appreciated.

With this being an online sale, we would encourage all interested buyers to contact contributors directly to arrange viewing prior to the sale. If visiting the farm directly is not possible, videos of each lot will be available for viewing on DLMS farmgate (<http://farmgatetimeductions.ca>). All bulls on offer will have been semen tested and approved by a veterinarian for sale. Each animal sold upholds standards set by their respective breed guarantee. At the conclusion of the sale, please reach out to the contributor directly to set your pick up or delivery options. Insurance for your purchases is also recommended.

WHAT YOU SHOULD KNOW ABOUT DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING

1. Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page.

2. After you are at the FarmGate Timed auction site - farmgatetimeductions.ca, click the LOGIN/REGISTRATION button.

First Time FarmGate Users

First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate from your DLMS Live sale site account).

After you create your FarmGate account you will receive a text message with a pin code to verify your account.

On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning FarmGate Users

If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

How to Bid

Now that you are logged in and your account phone number/email is verified, you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

Place Next Bid - to place the bid on the animal, you see the amount in the first box, you simply click the Place Bid button and after you review the bid and agree to the terms and conditions your bid will be placed.

Max Bid Amount - to place a max bid, you put your max bid in the second box listed as Max Bid on the animal, and then click the Place Bid button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the maximum amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works: If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you. If someone else bids \$2200, the computer will again bid for

you - this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective. You will no longer have the winning bid on this lot without once again logging in and bidding again, or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot, competing against each other.

Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch without having to scroll through the entire list, you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button. Clicking this “watchlist” icon adds the animal to your personal watchlist for easy viewing of only your favorite lots in this sale or on the entire site.

Sale Ending/Closeout

Most FarmGate Timed Auctions close racehorse style with extended bidding.

Racehorse Style Sale Close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone to extended bidding.

When we get to the close out end time the clock for close extends with any bid placed with less than 5 minutes on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

Bidding Close & Follow-Up

After the clock has gone to **ENDED** and no bidding has occurred for 5 minutes, the computer will declare the sale finished. Following the close typically within 24 hours of the sale close, the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/pick up your lot. As the winning bidder you can contact the sale consignor/sale manager to confirm payment instructions.

Please make sure your account info is up-to-date and correct if you are the winning bidder of a lot as this how the billing is sent to the sale manager and/or sale consignor.

For more information or assistance contact:

kyle_klassen@hotmail.ca

Ashley and I are proud to be part of the 6th Annual Heart of the Peace Bull & Female Sale. Our operation, located near Young's Point, Alberta, is built around a focused herd of 25 purebred Simmental cows and 30 registered Quarter Horse mares. We place strong emphasis on sound foot quality, correct udder structure, and practical, functional cattle we are confident to stand behind. Raising our two kids, Hudson and Jillian, on the farm is a big part of why we do this, and we're grateful to share that lifestyle with them. This year's offering features an exciting mix from proven calving-ease options to performance-driven bulls in both black and Fleckvieh truly something for every program.

Visitors are always welcome, and we'd be happy to walk you through the bulls and the cow herd anytime prior to sale day, feel free to give us a call or stop by.

Kyle & Ashley Klassen

LONE STONE CALLAHAN 204H

Power and performance lead the way in this February-born Callahan son, packing Fleckvieh muscle into a black, highly marketable package. He came with an 82 lb birth weight and hammered the scale at 785 lbs at weaning.

His dam, CVSF 25F, is a daughter of the \$77,000 Springcreek Lotto 52Y and out of the proven MMWK 34A donor cow. Built to grow hard and add thickness and payweight, this bull brings real performance backed by a cow-building pedigree.

12.8	1.2	85.1	122.9	7.3	65.4	22.9

Power meets calving ease in this standout State Of War son. Big, Soggy, soft-made and loaded with hair, he posted a 77 lb birth weight while still offering shape and performance — a true herd-bull prospect.

His young dam, CVSF 34L, stems from the proven MMWK 34A cow family that consistently produces our top calves. Her full brother sold for \$17,500 at last year's Northern Classic Bull Sale — this pedigree flat-out works.

780-518-0630 Trevor
lazyblivestock.com

We would like to welcome you back to the 6th Annual Heart of the Peace Bull and Female Sale, whether you are new to our sale or old friends and fellow cattle people.

We believe we have a strong set of bulls that represent our program and would be an asset to anyone's program. 2025 was one of those up and down years here at Lazy B. It started with a strong sale of our bulls then rolled into a drought situation all summer long. We continued to feed hay all summer as we struggled like everyone else in our area. Hay became a premium as fields suffered from lack of moisture. Fall came and went with record cattle prices which in turn helped offset the burn of the summer drought. With that being said, we have put together 10 bulls from 8 different sires and are confident we have something that will work with your program.

We raise our Angus cattle keeping in mind ease of handling and safety without jeopardizing the fundamentals, structure, growth potential, calving ease and fertility. We believe that tie and halter breaking our bulls will benefit your operation by producing profitable and predictable cattle. We are very hands on with our animals by visually heat detecting and AI-ing without a sync program. At the end of May the tank is put away and the cattle are exposed to reputable herd sires with great calving ease.

Our bulls on offer will be tie broke, parent verified and semen tested. All our bulls have been hand fed, groomed and are accustomed to people and dogs.

Please feel free to reach out to us about our program or tour through the bulls on offer. Once again, the photos in the catalogue were taken mid January. Videos will be taken the first part of March for viewing through DLMS on sale day.

We would like to give a big shout out to RancHER Designs for the sale books, Klassen Marketing for the photos/videos as well as our sponsors and repeat buyers.

Trevor Binks & Melanie Klassen

-0.6	59	93	25

LBL May City 132L 38M is the first of two feature bulls we have on offer. This “M” calf of 60 lbs was born a week early from his AI date. We purchased May City’s Dam, WC Fay 132L, from Willow Creek Simmentals at the Ladies of the Peace Sale in December 2024, with her AI safe to Belvin May City. WC Fay 132L is stacked with maternal greatness with many of the top cows in the Poplar Meadows herd built into her pedigree. With the likes of Bravo, Basin Payweight and Final Answer, you know those traits are going to trickle down through her offspring. 38M’s sire is Belvin May City 136 and was the highlight and high selling bull at Belvin’s 2021 sale. It is said his combination of muscle shape, soft middle, great feet, big scrotal and commanding presence made May City a popular bull. LBL May City 38M appears to be following in his sire’s footsteps as he is already very deep sided, dense, strong footed with a tonne of hair. We are excited about the genetics of this bull and would like to share semen rights and be given the option of shared ownership, providing a partnership can’t be agreed upon. Please reach out to us if you are interested.

8**LBL COLOSSAL 19H 10N**

BW	WW	YW	MILK
3.6	57	97	20

LBL Colossal 19H 10N comes to us from a proven 5 year old Harvest Admiral cow. Harvest Admiral was our herd sire for a number of years that passed on his strong maternal traits to his daughters. 10N’s sire, Musgrave Colossal, offers to his calves unmatched body mass and rib shape, rarely seen in a top ranked CE sire. 10N himself is made deep and dense with some strong muscle expression. Because of 10N’s BW, I would consider him a good option to add power to your calves.

4.0	76	139	27

HF SHOW BIZ 226J

LBL Show Biz is our second feature bull. We are excited about his genetics and power as well. Right out of the gate this bull was born into this world large and in charge. He was one of those calves that left the other bulls in the dust when it came to growth and weight gain. With a BW of 98 and an ADW of 801 he showcases a tonne of hip with a deep middle. His dam is our favourite 6-year-old, no miss Titlest cow with a near perfect utter, great feet and solid balance that carries through to her offspring, every time. We acquired HF Show Biz 226J semen at the Frozen Genetics sale. And couldn't be happier with it as he is recognized for his strong phenotype, performance and maternal genetics. HF Show Biz 226J, sired by Schiefelbein Showman, was the Reserve Champion Bull at the 2022 Agribition and is known for producing well built sons and daughters with good performance figures, adding muscle and depth. If you want to add size to your cows or if you have larger cows, this guy could be the bull for you. We would also like to share semen rights on 7N and are willing to work with the new owner.

 SAV RENOVATION 6822
SAV JESSE JAMES O968
 SAV BLACKCAP MAY 896I

 HARVEST ADMIRAL 8C
HARVEST ECHO 532G
 HARVEST ECHO 16C

BW: 86 ADJ WW: 621

BW	WW	YW	MILK
2.7	50	86	18

LBL Jesse James 532G 17N is another solid framed bull out of our 532G Echo cow sired by our old Admiral sire. Admiral had a tonne of volume to him and so does the Echo cow. We have been using SAV Jesse James as an AI sire for the last few years with some good results. We sold heifers out of him in the Ladies of the Peace Sale as well as a bull in the Heart of the Peace Sale. I have used him on big cows as well as moderate with all kinds of good results. Jesse James is known for his stellar phenotype and powerful performance. 17N carries a lot of the same traits. He has a BW of 86 out of a 7-year-old cow. It can be a challenge keeping these BW down on these old cows that know how to get to the feed bale first. We think 17N will provide calving ease as he is built and bred for it.

HOOVER DAM
 K-COW BAND 61Y
 F V TT BANDOLIER 463N

Year after year our old matriarch cowy 61Y has produced another bull that makes it to the keeper pen. I would say that this 14-year-old cow, affectionately named "Buffy" doesn't owe anything to Lazy B. She was our first purebred black heifer we purchased from K-cow in 2011. To this day, she doesn't miss a beat. Crossed with our own new herd sire, she has given us a well framed bull that is structurally sound and gets out and moves effortlessly. 24N is very balanced with smooth shoulders, offering lots of frame, bone growth and deepness through his hips. 24N is the youngest bull in the group but you sure wouldn't guess that by looking at him. He will make a great option for his next herd.

Take a good look at this Coleman Bravo son. 16N is probably one of the most complete bulls that we have on offer. This guy is solid, deeply made, fleshy with smooth movement. His sire is a true breeding bull that is highly respected by cattlemen and women around the world. Bravo 16N is out of one of our older, moderate 9-year-old cows who is still holding her own in our herd. You can say this bull should bring longevity to his offspring. 16N actual BW was 81lbs and should provide lots of breeding options for your herd.

RED SIX MILE CUSTOM MADE 505C
 RED LBL DELI ANN 17A 5H
 RED BINX DELI 17A

Red LBL Crusher 5H 22N is a cool looking bull out of our red herd sire, SJ Crush . This guy likes to meet me at the feed bunk every day looking for a scratch and makes sure he doesn't get shortchanged on his pellets. Crusher's sire is a direct son of Northline Crush who was a very successful show bull for Northline Angus. You have to admire 22Ns top line, neck and length of rib. He should make a good heifer bull option with a decent weighing calf.

SORENSEN CATTLE CO

Murray & Nicole Sorensen
Teepee Creek, AB
780-832-1189
nicklefritz@hotmail.com

Welcome once again to the 2026 Heart of The Peace Bull Sale.

We are excited to be back consigning 4 black Angus bulls to the sale this year. The last few years have been very trying for all Peace County producers with the dry years and shortage of feed. Us, like many neighbours and friends, had to drastically reduce our herd size last year, but with that we feel we have a stronger cow herd. Although our purebred herd may be small, we are striving to ensure to produce quality animals that will go out and work for years in your herd. We are very adamant on feet, udder and strong maternal traits. Our herd is moving forward with the addition of some females from the embryos we purchased from a Baldrige Y69 daughter. The way these daughters are developing we feel they will be cornerstone of our program.

Along with the acquisition of herd bulls last year from two very strong maternal cows from the Miller Wilson (Blackbird 105A) and Pieschel (Cheetah 15X) programs we are excited to see where our herd goes in the future.

We invite you to stop by the farm and have a look at the bulls and have a visit, we are always up for a good talk on cows.

Contact us with any questions on the bulls and hope to have you all online on March 20/21 for the Heart of the Peace Bull sale.

These 2 bulls are from a flush we bought from Lyndon Manor Farms. This flush did not disappoint. Flush brothers sold last year to Warkentin Farms, Gagne Farms, Suter Farms and Ryan Claggett. The docility and growth that these bulls show have exceeded our expectations. We are super excited to calve out two of their full sisters this spring. Their calving ease and growth is what every commercial cattle producer looks for. Anyone in the Angus breed knows the famous Baldridge Y69 cow (maternal grandmother) and Deer Valley Growth Fund (paternal grandfather), you won't go wrong with these bulls. 8N has a bit more bw on him but his recip mother is one of our powerhouse commercial cows. Stop by the farm and have a good look at these rascals. They will not disappoint you.

We purchased this flush in the New Years Resolution sale again from Lyndon Manor Farms. We were looking to add some more maternal strength to our herd. Glen spoke very highly of this cow so we thought we would give it a try. J Trademark was purchased by Coleman Angus and is very sought after for his calving ease and tremendous performance. We thought this would be good outcross genetics to put in our herd. We were hoping for females but got these 2 rascals instead who have been pen favorites of Adam's since day 1. These two carry more birthweight so we would not recommend them for heifers. We will be retaining semen on these guys for our own herd use.

KLESKUN LAKE FARM

Brady Fraser
Sexsmith, AB
780-505-1734

Kleskun Lake Farm is located east of Sexsmith on the west bank of Kleskun Lake. My grandfather settled here in the 1940s and started raising cattle and a family.

My family and I have had registered Angus cattle since 1995. We value their maternal strength, calving ease and docility. If those criteria aren't met they are culled and replaced. I kept three bull calves this year

out of twenty one. All bulls I would use going forward and I am proud to stand behind.

Please come take a look at the cow herd and specifically the dams of these bulls. If you can't come in person please call so we can discuss what you are looking for and which bull might meet your needs.

Brady Fraser

**KLESKUN LAKE FARM**

This guy started at 80 lbs and ended up at 782 lbs September 11th weaning. He is out of a partner bull I own with Danny Waluk at RR40 Angus. He is a solid structured moderate bull we found at Miller Wilsons in Bashaw. After touring their herd, we were impressed with the solid structure, extra bone, and consistency in their cattle. This is our second calf crop, and we are very impressed with bulls and heifers. Dam is a thick, smooth young cow that walks out on excellent feet.

With a moderate 80 lb birth weight and an adjusted 205-day weight of 713 lb this fellow is perfect for the heifer pen. He is moderate framed with plenty of thickness, smooth shouldered. Also, off the Miller Wilson bull that we have had great success with on cows and heifers. Dam is a young home raised cow that milks well and has a bright future.

Trieber America 652M has super genetics that are built to last. He is a sound bull that will add length and growth to your calves. A great choice for heifers and easy calving. His sire DDD America 26J has proven his calving ease. He has a calm disposition and easy to work with. His half maternal sister was in the Western Agribition Supreme 2024. With these strong genetics he will produce calves with impressive traits in the future.

Look No More! Trieber America 55M is a standout bull that is stout and thick. He is a great choice to add natural muscling and pounds to a calf crop. Sired by DDD America 26J, a bull known for calving ease without sacrificing growth. His Dam's offspring are always at the top of the selection pen, and her genetics are noted for strong milk production and longevity that is impressive. His full maternal sister was the top of the heifer pen and has turned heads this past year at cattle shows around Western Canada! Trieber America 55M has a calm disposition and very easy to handle. We really admire his clean front end and the overall smoothness of his frame.

BINKS ANGUS FARM

Evan & Melanie Binks
Grande Prairie, AB
780-518-2020 Evan
binksangus5@gmail.com

Located just 10 minutes east of Grande Prairie, we have had the great pleasure of raising our 3 children in the country way of life. Now as empty nesters with 3 grand children we realize just how blessed we are. If the last few years has taught us anything, it's how important friends, family and community are.

We want to take this time to thank all of our fellow contributors in this 6th annual Heart of the Peace Multi Breed Sale, and to thank all of our past supporters.

Evan grew up showing purebred Hereford cattle in 4-H and local fairs around the Peace Region. When our girls, Jaeden and Madisyn, got into 4-H with heifer projects they chose to get purebred Angus. This is where all the fun began again with the cattle!

Most of our herd is genetically linked back to the first blood lines that our girls used in 4-H. With the extensive use of artificial insemination in the early years, we have built a very reliable herd of red and black angus. The traits we focus on are good feet and legs, conformation, docility, calving ease, and the ability to perform at weaning time.

All of our bulls and heifers in this Heart of the Peace sale this year are sired by RED LBL MULBERRY 12B 3K of the highly respected Lazy B Livestock Angus herd. This sire is what I would consider to be a little bit Country and a little bit Rock and Roll!! Plenty of calving ease and yet lots of weaning weight to put dollars in the bank at sale time!

We realized a few years back that when 8 out of 10 people calling for Angus bulls were looking for "Heifer Bulls", it only made sense to make this a priority. As a result, this shift in prospective has made for the easiest calving seasons we have had.

Binks Angus Farms is honored to have partnered with such a great group of like-minded cattle producers in this Multi breed bull and female sale.

For your convenience Lazy B and Binks Angus bulls and heifers will be all together for viewing at Binks Angus Farms. Come pick your next Angus herd sire!

I'm a firm believer that bulls are supposed to look like bulls even at a yearling and Deep Berry is a prime example of that. He's clean over the top with good width and a long, long body with a terrific set of feet. He looks like a bull and he's going to make a great bull! He checks a lot of the boxes.

REBERS' POLLED HEREFORDS

Serena Reber & Mark Martin
 KC Reber
 Woking, AB
 780-518-2643
 ms_hay@outlook.com

We'd like to thank everyone who has taken an interest in our program, whether that's through past purchases, bidding, or simply reaching out to talk cattle. We truly appreciate the support and the conversations that come with it.

Our breeding program continues to focus on producing practical, reliable Hereford cattle that work in commercial settings. Each year we make careful breeding decisions with the goal of improving our herd while staying true to the kind of cattle our customers are looking for.

Pigmentation and red necks remain a priority for us, and we are mindful of how our cattle will perform and be marketed once they leave our place. While maintaining traditional Hereford style, we work to reduce excessive feathering and provide cattle that are functional, sound, and consistent.

This year's offering includes a strong set of bulls that emphasize calving ease, structural soundness, and added performance to help move your herd forward. We are also offering a small group of open purebred heifers from top cow families that have proven themselves in our program.

We welcome any questions prior to the sale and are always happy to visit or show cattle at the farm. For sale updates and additional photos, please follow our Facebook page, Rebers' Polled Herefords.

Serena & Mark

Maui is a cow bull with a little extra frame. He is out of a top producing female and our Bar RZ Jaxon sire. 29H weans off one of the top calves consistently. He is fully pigmented and has a great set of feet under him. If you're looking for pounds in the fall, keep this guy in mind.

KEDDIE'S

Feed • Ranch Supplies • Clothing • Saddlery

JUST BECAUSE YOUR CATTLE ARE HIGH-PRICED DOES NOT MEAN YOUR MINERAL SHOULD BE

At Keddies, we offer house mineral blends designed specifically for Peace Country Cattle

We provide:

- Custom mineral blends tailored to your herd and forage
- Chelated mineral options where they make economic sense
- Mineral programs designed around your production goals and budget

Whether you need a proven house blend or a fully customized mineral, we will design a program that works for your operation

501N is a very thick all over. The top made well dressed heifer. She's an easy keeper; efficiency comes from one of our black super cows deep in our herd. This cow seems to put a fancy animal in my sale pen every year. Very consistent!

This moderate well-made female 511N, is a great example of the efficiency that smaller cows can give. Straight topped, deep bodied, wide over the top and very clean footed. This is a show heifer opportunity right here, lots of milk in the background of this girl and with the Mulberry side on top, can't go wrong.

515N's momma is a great example of the longevity that someone can have in a herd. This is her 14th calf. She was purchased as a 4H heifer from the Keskun Lake herd and every year she just keeps kicking out the top end of our herd. You can't go wrong with this kind of longevity in your herd. Well made, well footed, straight topped clean, beautiful Little Girl here.

RED GEMVALE MAVIS 63D

520N is a moderate dark, red, cherry, red female. She is well footed and very clean through the front. She is going to be one of those very efficient females that will quietly rise to the top of your herd and throw you great calves every year. Terrific milk on this female side as well.

RED BINKS MAVIS 66F 222K
RED GEMVALE MAVIS 63D

When you have a look at this heifer, she has a long and straight back with terrific feet and legs. She has got a beautiful feminine face and she is one of the younger girls in this group today. With a deep body and powerful mother on her back end, she will make a terrific replacement heifer.

 SARB BAHAMA MAMA 45T 64B

This fancy little heifer has been an eye catcher since birth. She has a sweet front and yet also carries some thickness. Her dam 28H has great feet and udder conformation. The sire Remedy adds extra thickness in a moderate package with extra pigment and dark red color.

 KAS ARISTA 9P 61A

These 3 heifers are like peas in a pod. Noralee is put together very similar to her paternal sisters. She is the deepest bodied heifer of the group, very docile and a ton of hair with the nice goggles. She is also out of KC's top cow family.

Nightengale is a heifer we would love to keep. Since we decided to participate in the CJHA heifer lottery this year we wanted to offer some of our best. Her dam 18G is out of our Covergirl line and they are all very functional, structurally correct, docile with beautiful udders. She profiles beautifully and has enough natural thickness with the added bonus of full pigment.

TERMS & CONDITIONS

TERMS The terms of the sale are cash or cheque payable at par to sale consignor at the farm within 7 days of the sale or at delivery unless satisfactory credit arrangements have been made previous to the sale with sale manager. The right of property & delivery shall not pass until after settlement is made. **BID** Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder. **DISPUTES** In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the computer accepted the last bid. The online auction company's decision in such matters will be final.

PURCHASER'S RISK Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time. **ANNOUNCEMENTS** on the sale page will take precedence over printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY Each animal will carry papers issued by the applicable breed association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made. **DELIVERY** Every assistance will be given in making shipment after the sale, but no risk is assumed by Sales Management or Sellers. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

INSURANCE Agents will be available to insure your purchases. Animals returning to the consignor's farm must be insured.

GUARANTEE All animals in this sale will be sold under the terms and guarantees set forth by the applicable breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

ACCIDENTS Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management or Sellers assumes any responsibility in this matter and disclaim any liability legal or otherwise in the event of accident or loss of property.
