*Blazing the trail,*  
WHILE KEEPING TRADITION ALIVE.

*As we prepare for our 17th Annual Bull Sale, we are incredibly pleased* with the offering of Polled Hereford and Charolais Bulls this year. New sires have crossed well with our females and we continued with sires that hit the mark year in and out. At the end of the day, much of our program's strength lies in culminating cow families that have proved their worth and continue to do so.

We want to thank our customers from past years for your faith in our program. We believe that people like to do business with those they know, like and trust and in that order. As such, when we sell cattle, we stand behind the product and simply want you to be happy with your purchase. The cattle business is like none other, from bull sales to brandings, cattle shows and fall round up, the friends we've met along the way are incredibly valuable.

On the Polled Hereford end, we work towards having as many homo polled, pigmented bulls as possible that carry the ability to have consistent offspring that calve easily and add pounds at marketing time. We utilized a new sire, KJ 7603 Element 019L ET who left pigment, stretch and excellent EPD's on his progeny. NJW 73S D287 Daybreak 163K ET is a homo polled, proven sire at the ranch and he left calving ease, shapely, well pigmented offspring. Every year we utilize in herd semen off our top bulls, we are thrilled with the result of doing so which leaves us with a consistent calf crop year after year. We would like to tip our hat to our matriarch Harvie Firefly 125Y, she once again has 4 bulls in the sale and had bulls that made the Denver trip for the 3rd year in a row. She was laid to rest this past year, but her impact is long lasting with bulls such as Exclusive, Momentum, Thrill Seeker and in the sale Bold Statement, Early Start and more.

On the Charolais side we have once again focused on growth driven sires, with Law Maker and Backwater Jack. Of course, Jabba and Countdown are no miss calving ease option as well. Our biggest focus this upcoming year will be to grow our Charolais cattle numbers to offer a larger number of bulls in the future. We are vigilant in our quest to breed high quality functional cattle with a balance between eye appeal, functionality that read well on paper which provides more options for you when making your purchasing decisions.

We continue to work closely with a veterinarian, Dr. Waylon Wise, from Cow Calf Health Management Systems and the Herdtrax program. We feel strongly that the emphasis on health protocols as well as tracking of cattle performance allows for heightened results for ourselves and ultimately our customers.

Our family experienced many great accomplishments in the past year. We wanted to congratulate Ian and Marlene on their golden 50th wedding anniversary. Tinley & Lyla had a fantastic year in the show ring winning top two in the Farmfair International Jr Supreme and were both top ten showmen with Lyla winning the Jr Showmanship for the second year in a row. Tinley had a tremendous season barrel racing winning top 5 in the 1D Youth at Alberta Barrel Racing Finals and winning round one pole bending at Alberta Jr High School Rodeo Finals. Lyla is stepping up her skills with purchasing her first light rifle for Jr AHSR competition and sitting top 15 in barrels. Finally, Jill became the Alberta Charolais Association President for this upcoming year.

We would greatly appreciate visitors to the bull sale facility leading up to the sale. Of course, on sale day we will have the coffee on, followed by a smoked brisket lunch and warm hospitality. We would encourage you to reach out to ourselves or our listed sales contacts if you have any questions on the offering. Please join us Tuesday March 10th, sale time 1:30 pm MT.

*Cole, Jill, Tinley and Lyla*

## Harvie Ranching Bull Sale Warranty

The Harvie Ranching bull sale guarantees to sell you a bull that has passed a semen test performed by a licensed veterinarian. Should a sale bull fail to be a satisfactory breeder that is unable to physically breed a cow or heifer, a credit will be given towards the purchase of another bull from that consignor. Should you have a problem, we have spare bulls available. We guarantee to provide you with a sound breeding bull, but will not provide replacement or credit for physical injury or mismanagement. Bearing this in mind, we strongly advise you to insure your bull. All problems must be reported to the Harvie Ranching Bull Sale in writing. The bull must be returned to bull sale location immediately when the problem is detected, at the buyer's expense. The Harvie Ranching bull sale will have the bull examined by a veterinarian, and will have 60 days to prove the bull a breeder. If the bull does not prove to be a breeder, the buyer will be entitled to a complete refund of the purchase price of the bull in question. Should the bull prove to be a breeder, he will be returned to the buyer at the consignor (or Harvie Ranching's) expense, and the matter will be considered closed. In the case of losses, the Harvie Ranching Bull Sale will only be responsible for the original purchase price of the animal. We assume no liability, legal or otherwise, to make any compensation to the buyer.

## Sight Unseen Purchases

100% satisfaction is guaranteed when using this program. If the animal is not as described to you by Cole or Jill on the phone prior to purchasing, you don't own him — no questions asked!

## In-Herd Use Semen

Harvie Ranching reserves the right to collect semen on any bull on offering to be used in their herd only, with semen drawn at Harvie Ranching's expense, and the buyers convenience.

## Delivery & USA Delivery

Harvie Ranching will deliver up to 150 miles for free. Further distances will be charged at cost. Bulls may be kept at Harvie Ranching until April 1 2026 at no charge. After that time, bulls will be kept for \$3/day. Buyers who pick up their bull within a week of sale day will receive a \$50 discount/bull. **All bulls sold to the USA** will be charged an additional \$250/bull and Harvie Ranching will deliver to an agreed upon central location in Montana or North Dakota.

## Volume Bull Discount

A volume discount will be applied to multiple purchases as follows: 3 -3%, 4 - 4%, 5 bulls or more 5%.

## EPDs

Please note that EPDs may change from the time the catalogue is printed and registration papers are transferred. EPDs were taken on Feb 1, 2025 (Hereford) and Feb 1, 2025 (Charolais). EPDs are not comparable between breeds.

Progressive ET 12N is a goggle eyed homopolled, eye catching nicely haired Firefly 125Y son. He and his full brothers have made an impact heading to fall shows and Denver. 12N is a great combination of calving ease and performance with Daybreak and Firefly 125Y lined up. It is fitting that Progressive begin the sale with his phenotype being what we are striving for. When our customers enter the bull pen, they continuously lean towards short marked, goggle eyed impressive bulls such as 12N. He is worth the trip to Mountain View County!

Dam- Harvie Firefly 125Y

Sire - NJW 73S D297 Daybreak 163K

This Firefly 127K son has full pigment, he's short marked with tonnes of growth and look. This is the kind of sale bull we strive to make year in, year out. For our customers wanting to keep their offspring short marked, this goggle eyed bull will do just that. Perhaps more importantly he will add those valuable extra pounds come fall time. His cow family is very popular and this bull is off a young up and coming female with a beautiful udder. Have a second look at Travel Plans 14N.

Early start ET 18N is a Powerhouse 125Y son that will yield impressive weaning and yearling weight results. He has full goggles, is big bellied with extra hip. His full brothers made the trip to Denver this year, why didn't Early Start make the pen you may ask? He's a January 18th and had some size over his brothers which made us feel that the pen may not look as consistent. That being said, he sure stacks up against his brothers. There is one word for this guy "Powerful"!

A member of our 2026 NWSS bull pen, he's stout, soggy made and extra pigmentation around his eyes. We chose the Daybreak x Firefly 125Y combination to offer a calving ease option that yields pounds in the fall. Although this 78 lbs bull is a calving ease option, he will surely have calves that come easy and grow exponentially. He's stout, big hipped with beautiful pin straight hair. Sunrise made a few friends in Denver, have a look at this Firefly 125Y son. Retaining owners use semen.

He is the maternal brother to Harvie Shooter 76M a predominant herdsire at Harvie Ranching and Wheatland Cattle Co this year. Chemistry Maker has excellent EPD's, impressive muscle shape and structure. This Element son is sure to meet many expectations from this exciting match up. Picture day was not his day to shine, come have a look at this calving ease bull, we think highly of him, his brother and dam. We are currently receiving several Shooter calves that have nice bw's, pigmentation and eye appeal.

His maternal brother's were part of our Champion Carload last year and led our bull sale as well. He is off the Medonte 236D donor who cranked out top end offspring for years. Full pigment, long, big eye appeal. There is no doubt that this bull captures your attention when you walk through the bulls. He's cocky, stylish and full of meat and muscle. Bold Statement is one impressive big hipped, homopollled bull. He was the 2025 CWA Semex Champion Hereford bull, National Res Sr Champion Bull Calf and part of our NWSS Bull Pen. His look, shape, hair and colour makes him a popular bull when at shows and in the pen. Bulls like Bold Statement are going to add bone, length, hair and style to their offspring, pick a brother or Bold Statement himself, you'll be glad you did!

Every angle of this bull is right on the money. He's stout with full pigment, extra hair in a complete package. His Granddam is the mother of the ever popular Harvie Smokestack ET 195B. The combination of Element and Unique is a cross not seen before. This bull is flawless in his structure, bold in his rib, clean in his front. This is a big time opportunity to buy a calving ease option and sell semen for years to come. In herd semen retained. Co-owned with Kim McConnell, Ab.

Hackamore is a full pigment well built Daybreak son off a gorgeous Unlimited daughter. His dam will enter our donor program this year, she is a powerful female with a square udder, with the utmost volume and stretch to her look. 94N's dam was shown successfully as a heifer calf and as a bred heifer. The banners stacked up for her and we feel this son could do the same. He's the kind that will do great things in the pasture and in the ring. Co-owned with Yvonne Performance Horses, Ab.

Cash Flow was a 2025 CWA Supreme Top Ten Finalist with his dam Lily 338L. He is a natural fit to begin the Charolais section of the sale with his incredible growth rate while being off a first calf heifer. He is truly unbelievable as you analyze him from every angle, powerful is the best word to describe him. Cash Flows dam was the 2024 BOSS Female of the year as a bred heifer winning 2024 FFI Res National Champion Female and CWA Res Champion Female. She came back with Cash Flow at side and proved herself as not just a "show heifer", winning 2025 FFI Grand Champion Female and represented the Charolais breed in the CN Supreme as a Top Ten female. She's the real deal and so is Cash Flow! Retaining owners use semen. Co-owned with Lyla Harvie, Ab.

A big bodied, soft made bull with such a nice head. We appreciate how wide based he is and how he travels. Take a second look at this meat machine. One of Jill's favorite cows on the ranch is Ms Ledger 307, she's simply massive with an elegance unmatched. This is a bull that can leave both valuable bulls and females behind. Have a look at this feature from a pedigree, EPD and phenotype perspective.

This moderate birthweight Countdown has a huge hip with piles of hair. His maternal brother was a high seller to Ron Sperber and another maternal brother was a high seller to Osterndorff's. This cow family is reliable and makes front pasture offspring.
