LAND & CATTLE
14TH ANNUAL BULL SALE

MAR *17th* **2026**

AT THE HLC SALE FACILITY - NEUDORF, SK - SALE TIME 1:00 PM
WITH GUESTS NU-HORIZON ANGUS

Welcome

TO OUR 14TH ANNUAL BULL SALE

We want to extend our deepest gratitude to all of our customers for your support and trust in our program over the past 13 years. Each year we strive to improve the overall quality of our offering and this year we feel is no exception. We truly pride ourselves in using current proven sires that offer soundness, growth and strong maternal traits. Whether you are looking for extra performance, moderation or calving ease, we are confident you will find what you need in this year's selection.

New sires for this year include some of the breeds most popular and proven sires. We are very excited about a couple bulls that lead off our sale book sired SAV Courage 3003, as well a maternal brother by SAV Magnum 1335. They are both ET calves off HLC Erica 561G, who has been designated ELITE by the Canadian Angus Association. As you page through the offering you will also find sale highlights by Montana Judgment 1038, Golden Oak 1054 Preacher 333L, Brooking Emerald 9179 and Schiefelbein Gable 311 as well as many highlights by or walking bulls Showman, Ignite and Cracker Jack.

Our sale partners Nu-Horizon Angus have also put together an outstanding set of Red bulls to be part of the sale. Kieran, Deb and Kodie are always a pleasure to work with and we look forward to having them part of sale again this year. The Red Bulls will be available for viewing at the Doetzel farm until a few days prior to sale when they will be moved to our sale facility near Neudorf.

We are excited to work with you and look forward to discussing which bull would best to suit the needs of your program. Please join us March 17th at the farm. Coffee will be on and lunch will be served. We are pleased to be working with the crew at T Bar C as always, DLMS will be streaming the sale live online as well. T Bar C has been with us since the beginning and are very familiar with our program and this year's offerings. If you have any questions or need an appraisal by one of our team, don't hesitate to give any of us a call.

- Chad Hollinger

INSURANCE

Alameda Agencies

Bonnie Thompson 306-489-2258
Cell 306-483-7311

WINTERING: Bulls can remain at the farm at no charge until May 1, 2026. Bulls must be insured.

DELIVERY: We will deliver the bulls at a later date to central locations, free of charge. We will be offering a \$50 discount if you take your bull home on sale day.

SIGHT UNSEEN PURCHASES: If you are unable to attend on sale day, we would be happy to discuss your program to help select the most suitable bull for your herd. 100% Satisfaction Guaranteed.

VOLUME DISCOUNTS:

3 bulls - 3% // 4 Bulls - 4% // 5+ bulls - 5%

OUR GUARANTEE: We stand behind our cattle 100%. If you experience any problems during breeding season, we want to be the first to know.

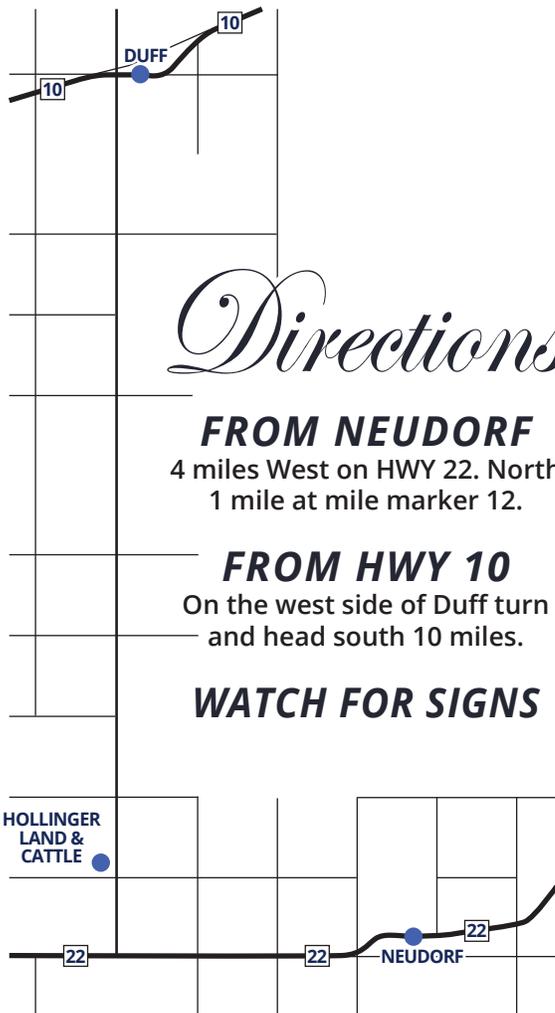

HERD HEALTH: All sale cattle are born to cows and heifers vaccinated with Express FP in compliance with label directions and are covered under the Express Guarantee and the persistent-Infection-Free calf program from Boehringer Ingelheim LTD. Our calves are then vaccinated with Pyramid FP5 + Presponse SQ. They have had their booster at weaning and will also need the last booster before breeding 2025 to maintain their Express and BI Prime Verified Guarantee.

All bulls will be semen tested and available sale day. Updated information will be available on sale day.

SEMEN RIGHTS: HLC reserves the right to in herd use semen on any of the bulls selling. If semen is collected it will be at the buyers convenience and sellers expense.

CALVING EASE RATINGS

- ★★★ Easy-calving heifer bull
- ★★ Moderate to easy calving
- ★ Recommended for use on cows

FROM THE DESK AT T BAR C

It is with great pleasure that we welcome you to this year's Hollinger Land & Cattle Bull Sale. Over the past decade, the Hollinger program has not only grown in numbers, but more importantly in quality and consistency. That steady commitment to building a predictable, performance-driven cow herd has positioned HLC cattle among the most respected programs in Western Canada and across North America.

Hollinger Land & Cattle has earned widespread popularity and acceptance within the commercial and purebred sectors alike. Their program has supplied both herd bulls and elite females to some of the most progressive and recognized programs in the Angus breed—proof that the cattle work in the pasture and stand up in seedstock operations.

This year's catalogue once again opens with the influence of HLC Erica 561G, the renowned daughter of 74A, and a female that continues to leave a lasting mark on the program. Owned in partnership with SAV Angus, she represents the kind of maternal strength and genetic excellence that drives herd advancement. Mated to three of the hottest and most sought-after sires in the industry today, her influence is front and center in this year's offering.

The 2026 bull lineup is deep and diverse. Several exciting new sires are represented, offering outcross genetics for repeat customers looking to inject fresh bloodlines into their programs. At the same time, you will find a strong selection of proven, reliable sire groups—bulls backed by genetics you can use with confidence to add pounds, performance, and maternal value.

We are also pleased to once again welcome Nu Horizon Angus as guest consignors. Their powerful set of Red Angus bulls complements the offering and provides additional options for programs seeking performance, longevity, and breed character in the red division.

The Hollinger family's dedication to soundness, structure, and functionality is evident throughout this year's sale group. Whether you are searching for calving ease, performance, maternal strength, or herd-building genetics, there is a bull here designed to move your program forward.

On behalf of T Bar, we invite you to study the catalogue, visit with the Hollinger family, and join us on sale day with confidence. If you require any assistance prior to or sale day feel free to call any of the T Bar Team as we are always happy to help.

Big League herd bull candidate! 548N is the result of a shared flush done with Schaff Angus Valley where just a few weeks ago, a full brother sold for \$29,000, and a maternal brother by Rise and Shine commanded \$40,000. A full sister, HLC Erica 549N, highlighted the CWA All Star Sale in November, where she sold for \$31,000 to Juanito Wiebe of Mexico. HLC Erica 561G, now designated Elite by the Canadian Angus Association, continues to prove herself time and time again. 561G's production record speaks for itself, she has yet again given us an outstanding set of progeny on the ground this spring. 548N is a bull with an exceptional phenotype. He is up-headed, attractive in his design, with tons of bone and also has a great foot under him. He will be one of only a few sons by SAV Courage to sell North of the border this year, so take advantage of the opportunity and get in early!

-----------------------	---------------------------	----------------------------	-----------------	------------------	-----------------	------------------	-----------------

One of my favourites, 591N combines two of my absolute favourite cows on the ranch. Obviously Erica 561G, his paternal granddam, dam of 2024 Agribition Champion Angus Bull Elevation 100K, and his dam, Merit Bell Gal 9046G - an absolutely gorgeous female who produced the \$18,000 high selling bred heifer in our December sale as well as numerous other sale highlights over the years. We often talk about cattle based on their sires as a bull typically has more progeny in a season to compare than an individual female, but when it comes to 591N, the maternal side of his pedigree is what excites me. Buy this bull and keep every daughter! The only thing he is a bit short on is ears, but I'm certain his calves will all be born with a full set.

An exciting herd sire prospect by "Preacher" that you'll want to make sure to find on sale day. A maternal brother by Six Mile Showman 71K was a calving ease feature in last year's sale who was selected by Franken farms. The dam to this bull is one of my favourites, she is moderate, tanky, has an excellent udder and awesome feet.

Moderate, stout, and sound. This bull's dam has never missed - she raised numerous sale features, most notably the lead off Lot 1 heifer in our female sale 2 years ago - HLC Santella 249L, who was purchased by Blairs.Ag. This bull's dam is bred with longevity in mind.

Sire
MONTANA JUDGEMENT 1038

559N alongside his dam caught the attention of many astute cattlemen at the Parkland Angus Tour we had the pleasure of hosting at the end of July. 559N is a bull that carries himself proud with a ton of herd bull character. He is sound in his build and moves free as a cat. He's big nutted, long bodied and plenty stout. A maternal brother was our high selling black bull in 2024 to Hanger Red Angus in Kansas. I feel this bull is every bit as good as his older brother and has a ton of breeding potential. A maternal sister is now in production and I couldn't be more pleased with her udder quality and mothering ability. He's heifer safe and ready to go to work!!

Showman 71K has proven himself to be a consistent calving ease, heifer safe bull. He also offers plenty of growth and size, which I value an awful lot in a heifer bull. It's important that they have enough growth and size to be useful breeding pieces for the future. I believe 665N fits this mold perfectly. If you study pedigrees you'll see he is out of a Coalition-sired female. Some of the most popular and proven genetics being widely used across the Angus industry are Coalition-sired or are very closely related. The homework is done on this one for you!

When we stepped out and acquired Ignite as a calf at Agribition, we saw a ton of potential in him. The maternal side of his pedigree needs no introduction - 74A is quite possibly the most popular female in North America. We have managed to utilize 74A widely through sons as well as daughters that we have in our herd. They are exceptional cattle we have focused on building around. The outcross top side of Ignite's pedigree was also very intriguing. South America has since proven himself and has been used by some of the most reputable operations across North America. They are real-world cattle with substance, eye appeal and structural correctness. Grab hold of these genetics, you won't be disappointed.

-----------------------	---------------------------	----------------------------	----------------	----------------	-----------------	------------------	-----------------

A stout built, long bodied individual with a great herd bull look to him. He is super tidy headed and would most definitely work on a set of heifers.

RECOMMENDED FOR HEIFERS

652N came to us as an in-dam purchase that Roger selected from KT Ranches in BC. He is a Rainfall grandson, and as many of us know, Rainfall was and continues to be a go-to calving ease, heifer safe option. This bull will be the sleep easy kind!

A more moderate calving ease option out of a really nice female that consistently produces the right type and kind. This bull is rugged built with length of body and a tidy head and shoulder.
RECOMMENDED FOR HEIFERS

A maternal brother to last year's sale feature and second high selling bull, the \$23,000 HLC CSI Resilient 444M. 699N is built very similar in a youthful athletic package. Their dam 75K has a near perfect udder and certainly knows how to raise em!

One of the youngest bull on offer in this year's sale. A calf I see a ton of future and potential in. He comes from the outstanding Blackbird cow family. his granddam 105A is a donor in the great Miller Wilson program. A maternal brother by Coleman Triumph was selected by Graco Angus a few years back and was used with a ton of success.

The cowmaker kind, a bull that could be used in either pasture. His dam has never missed, always producing top quality no matter what we breed her to.

A smooth, long made bull out of a big volume female that always attracts lots of attention on pasture tours. She has a gorgeous udder is as stout and deep as you could make one. A real complete-made bull that will be a great breeding asset.

A moderate calving ease specialist that your heifers are gonna love. Super tidy headed and nice shouldered, he will calve like a dream!

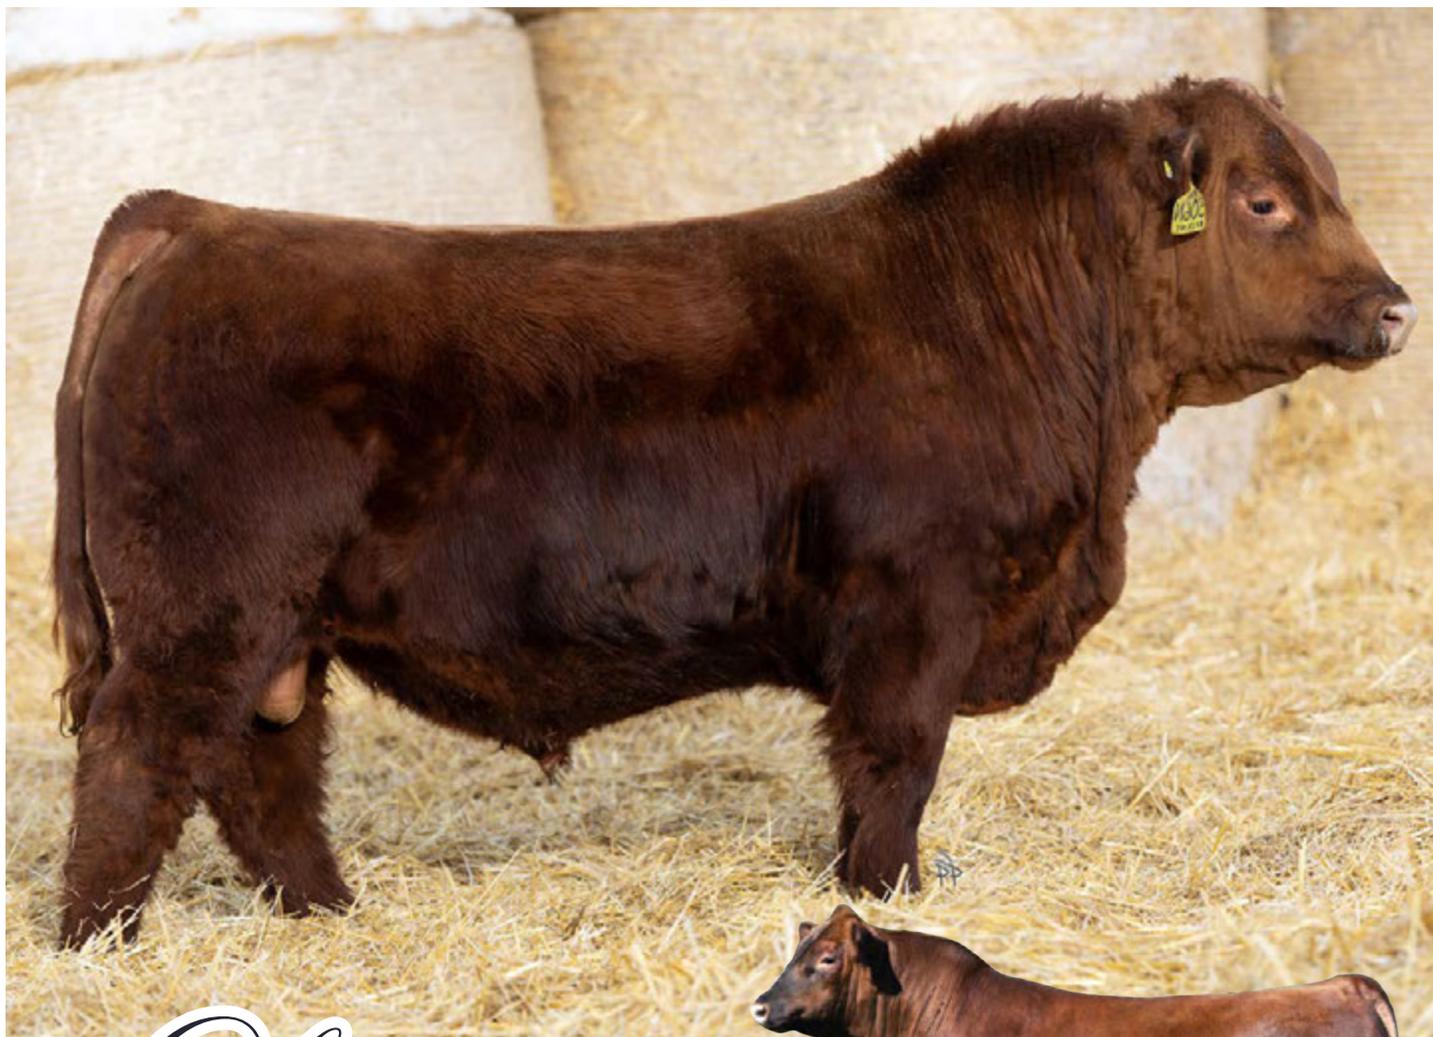

RECOMMENDED FOR HEIFERS

We would like to thank the Hollingers for including us in their bull sale for our 7th year. We have a great set of bulls with some new genetics to offer. Come by the farm and take a look before the sale. You will not be disappointed.

Sincerely,
Kieran, Deb & Kodie

- Large outlined Relentless that comes with lots of real-world performance and his numbers back it up.
- His dam comes from one of our top cow family's on the red side.
- A good footed bull that could create a wicked pen of feeder steers.

PARENT VERIFIED

- Dark colored Relentless son that would be an ideal candidate for a heifer pen.
- His first time mom has a great udder and proven herself with 514N.
- 514N is small headed, smooth shouldered.

- Rockefeller has worked great for us over the years and his progeny have always been well received.
- 510N is as dark red as you can make one.
- This big topped bull is thick ended and will surely inject lots of muscle into his calf crop.
- His dam goes back to Copenhagen. A bull with very strong maternal strength.

PARENT VERIFIED

- This is the last year of the Formats, and 543N might be one of the best yet!
- 7060E has been a very consistent producer for us with two sons working in commercial herds.
- 543N is a well-balanced, thick made bull that can produce a heck of a set of heifers.

- A new sire group for us this year is the Deegans. A bull we selected out of the Allison program for his foot quality, extra muscle, and high-quality dam.
- 516N's dam is a direct daughter of Premier Pat riot 16. A breed legend that has been around for many years.
- This Deegan son is a long-bodied bull that has a very strong foot under him.

PARENT VERIFIED

- Another Deegan that visually reads with plenty of calving ease.
- He's a smooth shouldered bull that looks like he can work on heifers.

- 518N comes from the Foxy Lady cow line that has been very prominent in our red herd.

THE FINE PRINT

Terms AND Conditions

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

LIABILITIES: All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C CattleCo. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C CattleCo. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.
