

# JP CATTLE ROCKY MEADOW

**THURSDAY, MARCH 5, 2026**  
AT THE FARM, MCAULEY, MB 1:00PM

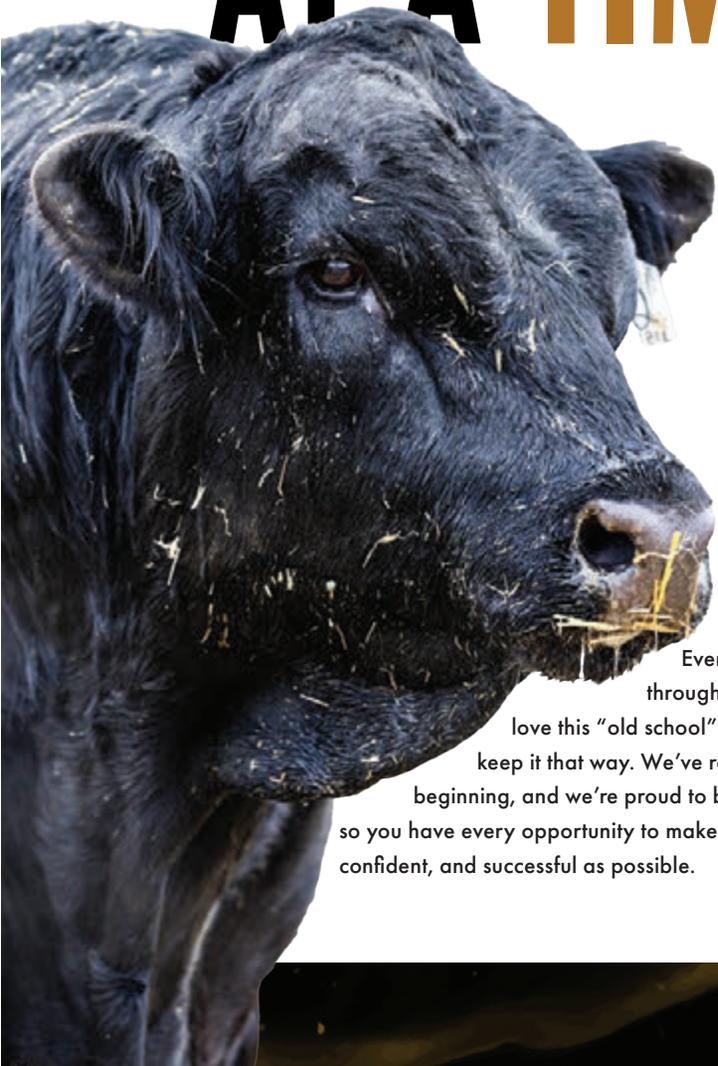

**ONE OF THE LARGEST OFFERINGS  
OF SIMMENTAL & ANGUS BULLS  
ACROSS THE PRAIRIES**

# NOW **EVER...**

Now is the time to take bull buying seriously. We believe this year's offering is the strongest we've ever had—loaded with more bulls than any sale in our history. You'll find top-selected yearlings across multiple categories, along with specifically held-over two-year-olds built for performance. We demand quality. We love volume & we invite you to come see our operation.

DESIGNED WITH A PURPOSE...

# ONE AT A TIME...

Every bull in the offering will walk through the sale ring in person. We love this "old school" style of auction and plan to keep it that way. We've raised these cattle from the very beginning, and we're proud to bring them to you ourselves so you have every opportunity to make your bull purchase as easy, confident, and successful as possible.

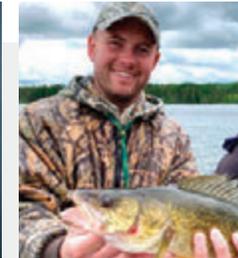

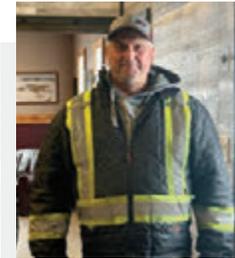

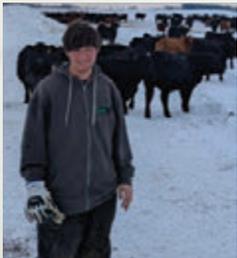

**160 BULLS BUILT HERE IN MCAULEY SELL!**

**OUR STANDBY  
SALES TEAM**

# WELCOME FROM JP/RMR

*Welcome to our friends, our customers & fellow cattlemen.*

I say the same thing every year, hard to believe our bull sale is just around the corner, only a month away. It's an exciting time to be in the cattle business, as the market for calves is at an unprecedented high. It's hard to believe that things have gotten stronger from last year, but I'm sure none of us will complain about that. I hope it keeps going!

From all of us at JP Cattle & Rocky Meadow Ranch, I would like to personally welcome you to our 2026 Bull Sale. We were very humbled and appreciative for all the support we received for the 2025 sale- the visitors prior to the sale, the huge crowd on sale day and all the people who watched and/or purchased off the internet, and anyone else who called or visited.

This year's sale is filled with good functional, attractive bulls that will go out and breed your cattle so you can produce those sale topping calves or heifers that will turn into strong young cows for you. We have a very even and consistent set of bulls this year, Purebred Simmentals blacks and red, Crossbreds, Purebred Angus and once again a very nice set of two year olds. Last year was our first time selling 2's and they were very well received. These bulls are specifically held over with this sale in mind and we feel we have assembled a group just as good if not better than last year for your appraisal.

We've all used the old saying, the more things change the more they stay the same. Well a lot of things change in the cattle business, new technology, new electronic tracking, fancier and more efficient equipment and many more things too numerous to mention, but at the end of the day the goals are the same to produce functional, sound and fertile bulls. We still feed a high forage TMR ration that gives us a desirable, even growth rate that we find contributes to longevity down the road for our customers. Even though with all the measures we take to produce top quality, if something is to happen to your bull we stand behind them and are always here to resolve any issue that may occur.

At this time I'd like to express our gratitude to all our family and staff who help make things tick around our farms. Floyd Martin and Alex Hamilton at RMR. Scott Webb, Thomas Selby, Andrew Bauman & Nyk Reiger who both joined us this spring, Aaron Poole and Charles Barkley and all our family members who put in countless hours to get our work done up. To the crew at T Bar C, we thank you for all the effort you put into helping us sell & market our bulls and genetics, we appreciate your support very much! To Melissa for the pictures and videos and Bennett for doing the clipping and torching to make the bulls look nice. It doesn't happen without you folks so thank-you.

Finally on a sad note we lost 3 good friends in the cattle business this year. Vern Hall who worked at Prairie Livestock most of his life passed away while at work this fall. He purchased many head of cattle for us and from us over the years. Another was our good friend David Lane who recently passed away after a short battle with cancer. He was a soft spoken gentleman that I very much looked up to and greatly admired. He had a keen eye for cattle and always purchased our very best angus bulls. I always enjoyed my conversations with him. Lastly, Hector Lamontagne, passed away suddenly at his feedlot. Hector fed cattle for years, had a very nice cow herd, was a good farmer and always supported his community to his fullest. We will all miss these fine men.

All that being said, we'd love to have you join on March 5th here at the farm for some lunch, hospitality and fellowship. If you can't make it sale day please don't hesitate to stop by the farm anytime prior or phone any of the numbers listed in the book as we are all very familiar with the offering and we would be happy to answer your questions.

# FROM THE DESK AT T BAR C

## **Bigger than ever!**

What a day we've been planning here at the JP/RMR headquarters for one of the largest offerings of Simmental and Angus bulls across the prairies. Both these outfits are keen in the cattle business, not just selling bulls but the entire industry as a whole. The amount of cows they run in volume takes all the questions out of the equation as they have no time for poor-doing cattle in feet, temperament or performance. Only the top percentage make the grade here.

The offering this year offers diversity. whether you have heifers to breed or for your cowherd. Multiple white faced options are here along with solid colour patterns that are fresh, modern and the perfect for the new cattle era. The herdbull battery here is what sets these programs apart. The time, effort, and financial investment that they devote to their operation is astounding.—and we feel that commitment is fully reflected in the pen of bulls you are about to see.

The embryo transfer work these operations conduct is as extensive as any in the country. Many full, 7/8 and 3/4 brother bulls are on offer, which is a huge advantage to you, the buyer, as it allows you to put forth a group of bulls in one breeding pasture that are all the same blood.

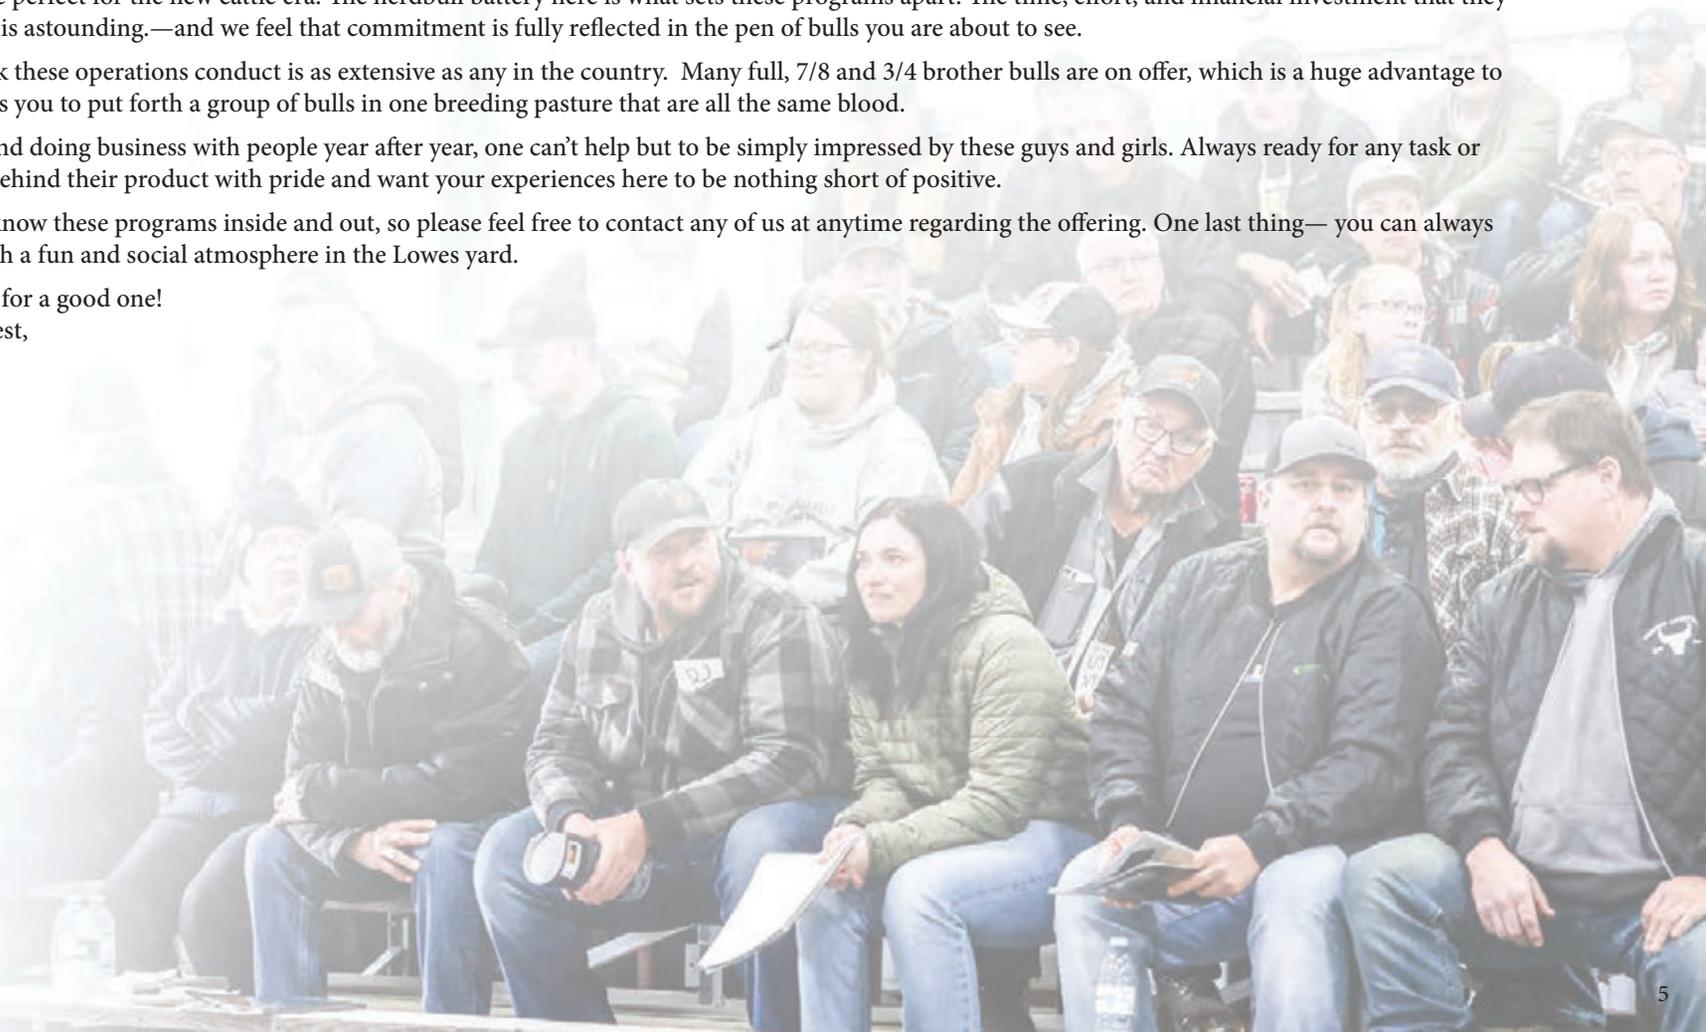

When purchasing bulls and doing business with people year after year, one can't help but to be simply impressed by these guys and girls. Always ready for any task or opportunity, they stand behind their product with pride and want your experiences here to be nothing short of positive.

All of us at T Bar C, we know these programs inside and out, so please feel free to contact any of us at anytime regarding the offering. One last thing— you can always count on a great meal with a fun and social atmosphere in the Lowes yard.

So please join us sale day for a good one!

Thank you for your interest,

**Ben Wright**

# WHY A JP/RMR Bull?

We know as well as anyone there's lots of options out there. But we feel we've bred & managed these cattle to perform in any conditions, be profitable & have the best genetic merit possible of our largest offering ever. Listed here are just a few reasons why we feel confident in endorsing a JP/RMR Bull(s).

## 1 WE BACK 'EM UP

You run into a bull jam or have an issue with a purchased bull from here, we'd like to think we offer as much service in a timely fashion as anyone can. We run a large number of bulls, so a replacement bull isn't an issue and we will address any problems promptly and with integrity.

## 2 QUALITY IN VOLUME

Over the last 10 years, we've been as aggressive as we can while purchasing some of the best known herd bulls anywhere. We feel it shows through our cowherd and of course in the bull pens. We offer multiple Full brothers, 7/8 brothers and 3/4 brothers as any operation with our ET program.

## 3 ALL WE DO & THINK ABOUT

Besides the odd hockey/ sports conversation and farm equipment, we literally talk cows our entire day, all day. It's all we know and we love it. Everything around this ranch all year is based on decisions for our bull sale. We pride ourselves in doing the best and having the best.

## 4 COWHERD

Between JP & RMR we calve nearly 1000 purebred cows and another additional 900 commercial cows. So we know how a cow works and how to make them generate profit. We are proud of our entire herd and offering 160 bulls based on those cow herd numbers means only the top 18% of our calf crop makes the sale. We've sorted 'em down for the best cut to sell.

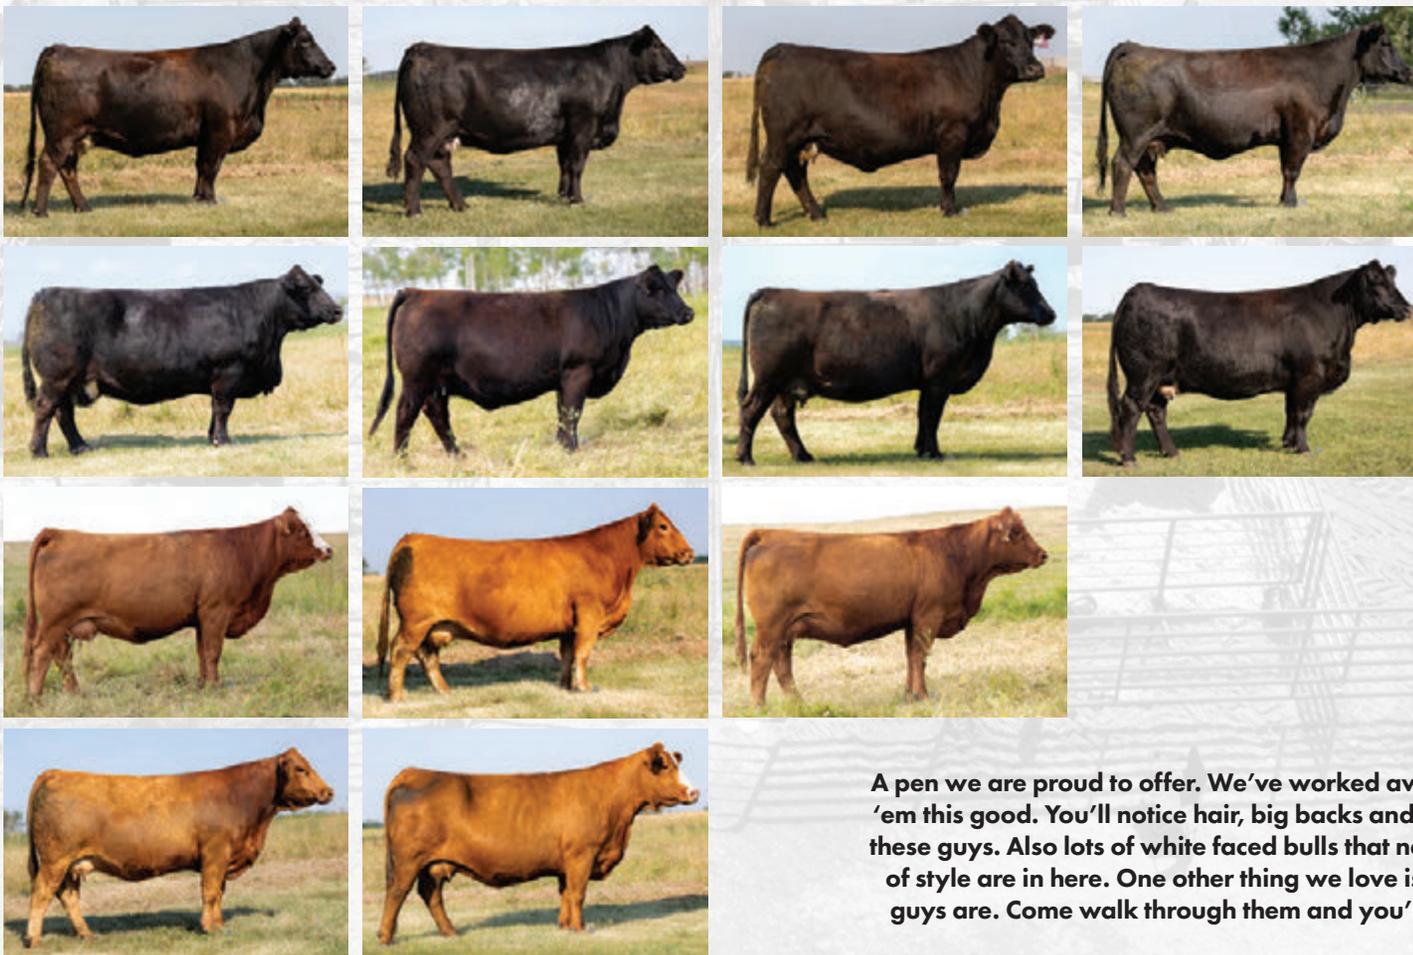

**IF YOU HAVE ANY QUESTIONS AND AN HONEST OPINION ON THE CATTLE PLEASE CALL:**

-  **Barry Lowes ..... 204-851-0342**
-  **Glenn Lowes..... 204-851-5669**
-  **Brooke Canart ..... 204-851-2531**
-  **Niko Grose ..... 306-435-7702**
-  **Stacy Lowes ..... 204-851-5153**

**THE DONORS BEHIND IT ALL...**

# PUREBRED SIMMENTAL

A pen we are proud to offer. We've worked awfully hard to make 'em this good. You'll notice hair, big backs and full of red meat off these guys. Also lots of white faced bulls that never seem to go out of style are in here. One other thing we love is how docile these guys are. Come walk through them and you'll see for yourself.

Leading the charge for '26 Bull Sale is this whopper of a baldy that is backed by a prime Man O War daughter that is one of the best we got. This rascal comes with a modest BW and will have one of the top sale day weights . Massively made like his daddy, we take a lot of pride in our lot 1 bull annually and 107N fits the bill to tee. Power matched with calving ease and have a striking big back look makes this stout hairy fella one of the top bulls in the entire offering.

90N is the brother with shape, natural muscle and excellent hair coat. Note the excellent mother behind these rascals, but their look alone is what we strive for. Being maternal siblings to Estevan helps marketability, but the quality and early maturity these brothers display will make profitable offspring with one cross. Huge WW & YW epds.

A pair of top grading flush brothers that come highly recommended. Their performance sire has made a mark in the industry while maintaining modest BW. Donor dam 95F adds substance and material that often not found in a highly productive cow. 95F has size and superior udder quality and enhances this guys future down the road. Homo polled, 92 BW and top 1% YW. This guy is ready for the cows!

Without being super repetitive, this cross just works . The Tesla dam here is a producer with an excellent track record. But again 5015 cattle work and never go out of style. Use this user friendly buddy and expect big things. Resulting offspring will clave easily, grow and turn into ideal cattle with pedigree of longevity.

Another picture day fav, 50N has the best of both worlds with 5015 and the power sire Lotto. If you're looking to add pounds and still manage BW, 50N is worthy of a look. We sound constant on hair, but it's a must like 50N carries.

 BLAIR'S ANNIE K 402A

An absolute beast, this big rig commands your attention. If your search includes power packed muscle, shape and a huge back then this Souris River son should be marked high. Incredible thickness and herdbull character that walks around like a rooster. One of the very top bulls in the entire offering.

What a way to end off the angus yearlings. Deep, long, bold and that extra rib of length. Add in that Tibbie influence, these guys built and bred to bring you success and performance for years.

# SIMMENTAL 2 YEAR OLDS

This portion of the sale is where we are growing. The popularity and overall fends for bulls with extra age is something we are asked all the time. Specifically held over for this day, you can have fun in this pen. Striped faced bulls, solid coloured, low birth weight to power cow bulls. We feel the needs will be met here.

## DISCOUNT PURCHASE PROGRAM:

This year we have decided to introduce a discount program for multiple bull purchases. You will receive a discount if you purchase 3 or more bulls and 1% for each bull, and then receive 1% additional for every bull purchased.

- 3 bulls — 3%
- 4 bulls — 4%
- 5 bulls — 5%
- 6 bulls — 6% etc.

2 miles from SK border  
2 miles from Hwy 41  
Turn North at Ja-Lyn Farms sign

# Thank You

to those who purchased at our 2025 annual bull sale and to all who have shown their support for our program over the years.

# Terms & Conditions

## **TERMS...**

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## **BIDDING...**

Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

## **ANNOUNCEMENTS...**

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

## **BREEDER'S GUARANTEE...**

All bulls sold are guaranteed breeders by the owners. We guarantee to provide you with a sound breeding bull. Should any bull fail to be an unsatisfactory breeder, he will be replaced with a bull of equal value or a credit will be given toward the purchase of another bull. If you have a problem with your bull please notify us immediately. Under no circumstances will the seller be liable for more than the purchase price of the animal.

## **EXCEPTION GUARANTEE...**

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

## **CERTIFICATE OF REGISTRATION...**

Each animal will carry papers issued by the Canadian Simmental Association or Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## **LIABILITIES...**

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## **INSURANCE...**

Will be available sale day. We strongly recommend that insurance is purchased for full value.

## **RIGHTS AND OBLIGATIONS...**

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

## **PHONE, MAIL, WIRE BIDS...**

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## **DELIVERY...**

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

## **ERRORS...**

All announcements at sale time, written or oral, supercede any written material in the catalogue.

## **IN-HERD SEMEN...**

We reserve the right to collect on any bull sold through the sale. The semen collection will be at the seller's expense and buyer's convenience. Any semen collected will be for in herd use only.

On behalf of Bullseye Feeds, it is a true honor to work alongside the team at JP Cattle.

The bulls are developed on a high-protein, moderate-energy ration with built-in fiber, designed to promote muscle development and elite performance while maintaining rumen health and stability. Fertility and longevity are the first traits considered when formulating these rations, and the people at JP Cattle consistently put their commercial customers' best interests first.

This is another astute offering of Simmental and Angus bulls from the Lowes and Grose families. Their dedication to improvement and progression within the beef industry is displayed through the bulls on offer this year.

*Best of luck on sale day!*
