WELCOME TO OUR EIGHTH ANNUAL BULL SALE

Welcome to the 8th Annual KSL Simmental and Charolais bull sale. Writing the intro to this sale every year gives me a great sense of accomplishment and pride; paired with a big helping of humble pie and appreciation for you, our customers and supporters. Without your continued support and interest in KSL genetics we wouldn't have the drive to continue to better our program. From the cattle, to how we do business and how we get to influence your programs, the interactions with the amazing people in the industry truly are the silver lining of our operation. We finished off 2025 with our 1st Annual female sale and the success of it still warms our hearts and makes us even more excited for what's to come in 2026!! As we navigate challenging years of drought and mother natures challenges, we appreciate our customers for the encouraging words, texts and feed back on our product. That being the good the bad, the wins and the fails; we are in this with you and hope we can work together to keep you happy with your purchases at the end of the day. So, as we head into 2026, I raise my glass to you all, we know how hard this industry can be and we are right here beside you in the trenches. We hope you have capitalized on record prices and that KSL genetics have helped put value in your bottom line and we can continue to do so for years to come!! Thank you never seems to be enough but know we value you all immensely!! The 2026 line up of bulls is our biggest to date! The cow herd has continued to grow and expand; we aren't sure how and then we realize we may have a serious addiction to cattle!! With calving and breeding over 1000 females it has really allowed us to see what genetics work for us and the direction we want to take them. The larger numbers have really allowed us to take a serious approach to culling and be cutthroat on these bulls. We have culled both the yearlings and extra age bulls on structure and temperament, bringing the best to the forefront. We were fortunate enough to work with Koetha Cattle Ltd in Ponoka to look after the extra age bulls for the summer of 2025. Mother nature left us so dry during our grazing months, we just didn't have the pasture or feed to properly develop the bulls, so Cor and his crew down there looked after our bulls perfectly. These bulls needed to be developed responsibly for our customers, and make sure they are growing properly to last while still showing us their genetic potential. We can't thank them enough for a job well done. Looking after 80 mischievous young bulls is never easy and they handled the task at hand with ease. It's a diverse powerful set of bulls and we look forward to showcasing them to you!

The yearling pen is maybe a little smaller this year, but the quality of these bulls continues to turn heads and impress even us. There are a variety of sire groups; from some AI calves to walking bulls. The tried-and-true proven momma cows, and donors, to some young up and coming females that are really stepping up to the plate. The genetic offering in the yearling pen is deep in quality. We look forward to discussing your breeding options, whether it be a yearling bull or extra age long yearling. We truly feel we have grown the bull offering into a one stop shop with a diverse Simmental offering, as well as the powerful group of Charolais bulls. The Northern born and bred cattle at KSL seem to be excelling across Canada and we look forward to working with you to get your new herd sires to your door with ease! If you're unable to attend, please reach out to Brad or Myself, or use all the options of sales staff listed. We feel very fortunate to work with the professional and personable Borhson Marketing crew as well as Mark Shologan and his industry leading DLMS staff!

We hope to see you sale day,

Cheers

KEEGAN AND BRAD

Welcome to the 8th annual KSL Bull Sale. Keegan & Brad and family have assembled their largest and most uniform set of bulls to date that has as much diversity and option on a large scale as anywhere not only in the Peace Country but the entire Country on this 2026 bull sale run. Their dedication to the ranch way of living and raising purbered cattle has positively impacted many families and their livelihoods for many years and we feel confident that if you are looking to enhance your program and ultimately your bottom line, then you have come to source your bulls at the right place. On behalf of KSL Simmentals and our team at BMS we wish you extend this out as your invitation to join us March 2nd, 2026 for this exciting offering.

Whether your operational needs require a red, black, fullblood Simmental, Charolais, yearling or two year olds, Keegan and Brad have you well looked after with this deep offering. These breeds perfectly complement each other and offer a great blend of calving ease, performance and maternal. These bulls are made up of some of the real powerful walking bulls made available each year as well as some exciting and exclusive ai sire groups. The never ending search for influential herd bulls is high on the KSL priority list as is the heavy emphasis on building around fault free, productive cows. The working gals at KSL are expected to be fault free and easy doing, and to raise quality offspring each year. Their large operation really puts into perspective how hands off they demand these cows to be, as there is so dang many of them, no one has time to deal with problem cows to help or pamper. The sale bulls themselves are developed responsibly with longevity and fertility in mind. They to are expected to work and last with minimal to no issue. Keegan and Brad are some of the real salt of the earth people in the industry that we are proud to call our friends and when you choose to do business here, that is exactly what you become, friends. There aren't any two people we would trust more than Keegan and Brad to source our purchases from so we encourage you to do so with the utmost amount of confidence. Be sure to tour the bulls anytime prior to sale day, they would be happy to show you through. Be with us on sale day to experience some big time hospitality coupled with an exceptional set of bulls hosted by incredible people. If your busy schedules keep you away sale day, please don't hesitate to contact any of us listed from BMS as we would be happy to assist in your selection and buying needs. We look forward to visiting with you sale day!

Best Regards, The Bohrson Marketing Team

-A polled Carlsberg that excites us greatly with his muscle shape and type
 -His dam produced KSL PLD Honkeytonk working at JNR, again a Duke female that never misses
 -A polled bull with horned bull power and shape with a perfect foot and big time potential

NON-DILUTOR

-One of the most exciting young bulls on offer, Northern Impact is dark cherry red, heavy-haired, and a big, impressive polled bull.
 -His dam, Big Sky China Doll, is one of our most prolific donor females—a Dawson Creek Fair champion that continues to rise to the top through embryo sales and high-selling sons, including our 2024 sale topper to Robb Farms. The Impact x China Doll pairing offers added dimension, shape, quality, and strong polled influence.

NON-DILUTOR

-Varsity Blues is one of our favourite Duke sons, he is soft sided, with cool pigment
-His easy fleshing design and rib shape on a polled bull is something we really appreciate
-His dam is an up-and-coming quality female, the Envoy x Aubrey 17A cross just worked. The 17A cow was the dam of KSL Ragnar a bull we sold Jason Bruketka, JB Livestock a few years ago, proven cow family here

-Don't overlook this horned black bull, he has longevity bred into him from his 13-year-old dam Brad purchased from Bert NR Simmentals in Manitoba
 -Deep sided and sweeps with ease from front to back with rib shape, a wide top and loads of muscle
 -The Level Up influence in our herd has been nothing but exceptional and well received by cattleman

THANK YOU TO OUR 2025 BULL BUYERS

TERMS:

The terms of the sale are cash, cheque, and wire transfers, payable at par at the sale location unless satisfactory payment arrangements have been made prior to the sale with seller, buyer and Bohrsen Marketing Services. Bohrsen Marketing Services reserves the right to require a certified cheque as settlement before releasing any sale cattle. Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

BIDDING:

All animals to sell through the sale must be sold by auction with each animal selling to the highest bidder. Private sales will not be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

DISPUTES:

In cases of disputes, bidding will be reopened between the parties involved in the dispute. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid and the auctioneer's decision will be final.

ANNOUNCEMENTS:

Any announcement from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY:

A registration certificate issued by the applicable breed association and a certificate of registry duly transferred will be furnished to the buyer of each animal after final payment has been made.

HEALTH:

All sale animals have met all necessary health requirements and it is the buyer's responsibility and expense to determine health requirements for importing any animal into his province or state. Bohrsen Marketing Services assume no responsibility for the health status of any animal in the sale.

PURCHASER'S RISK:

Each animal becomes the risk of the purchaser as soon as sold.

LIABILITIES:

All persons attend the sale at their own risk.

SHIPPING:

Shipping of cattle, semen and/or embryos are the responsibility and expense of the purchaser. Purchasers are requested to provide shipping instructions at settlement on sale day.

INSURANCE:

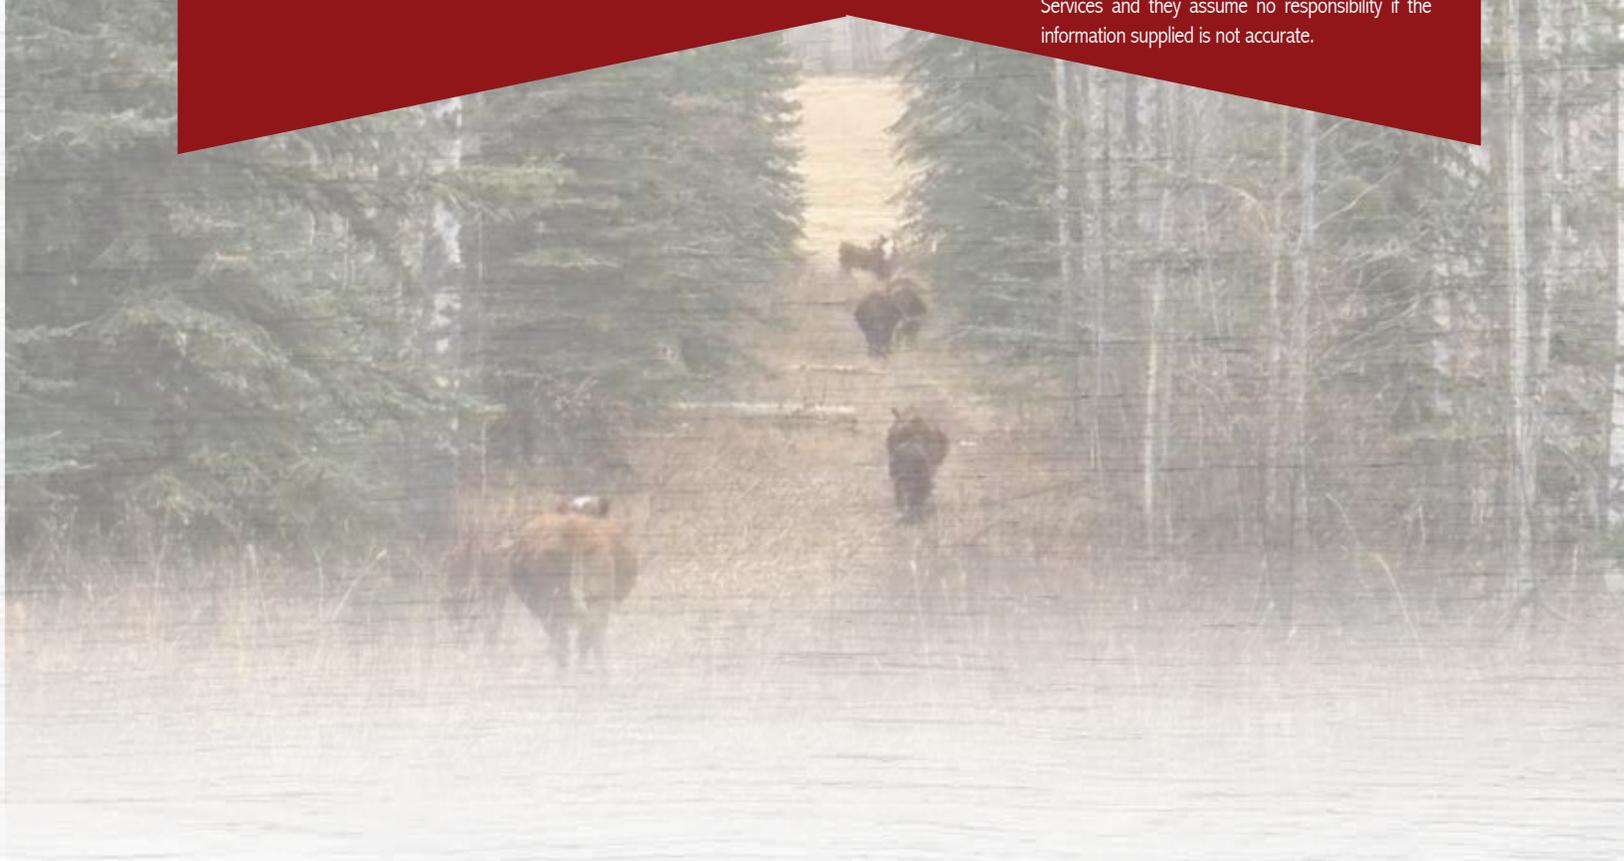

We strongly recommend insurances for full value on all purchases.

ACCIDENTS:

Every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

INFORMATION SUPPLIED:

The information contained in this catalogue is believed to be true and accurate. The seller has provided the information to Bohrsen Marketing Services and they assume no responsibility if the information supplied is not accurate.
