PROUD TO HOST CANADA'S **LARGEST** ONE IRON ANGUS PRODUCTION SALE

The 40-year celebration of the Spring Spectacular is really quite something. The history, involvement and national stage this program carries is remarkable as everyone, no matter the breed, knows LLB. The offering this year is deeper than any in years past, and I know you read that all the time in catalogs, but it's for real here at LLB.

The yearling bulls are ready and have the pay weight to prove it, along with a great selection of heifer bulls that are always so well received from this large cowherd. The two-year-old offering is select with multiple different options here, which is extra valuable with two-year-old bulls being quite hard to find this year.

'Course always a big feature of the spring run is the 100 purebred heifers on offer. Where else can you find such a thing in one place, much less ones that look like these leading ladies do. A wide cross section of potential brood matrons to fancy top-of-the-class show heifers are found

here. The sires represented are the same as their brothers in the bull pen, these heifers sort up as good as anywhere and in volume. Interesting success story which is just one of many, but the lead off female from the 2023 Spring Spectacular purchased by River Valley raised her first calf that sold in the AAC sale this past fall for a whopping \$117,500. One more real highlight is the commercial heifers on offer. These gals would stand with any purebred heifers and have the genetic merit to back them up.

The sale experience at LLB is almost hard to explain, the fun atmosphere, excellent cattle and phenomenal hospitality make for such a fun weekend and we strongly encourage your attendance. Whether you're in the market for one bull or heifer or multiples, this outfit is here to provide and please feel to contact any of us regarding the offering.

See you in Erskine,

FROM THE ARCHIVES...

Canadian Elite Cow Criteria

The Canadian Angus Elite Cow Report identifies superior cows in the Canadian Angus herdbook. An Elite Cow has four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105, displays early puberty, breeding and early calving, followed by regularity of calving and high performance offspring.

We are proud to be a part of the Elite Dam list for 2026!

- Maternal sister was a past high selling heifer to Shologan Livestock

We are proud to be a part of the Elite Dam list for 2026!

Canadian Elite Cow Criteria

The Canadian Angus Elite Cow Report identifies superior cows in the Canadian Angus herdbook. An Elite Cow has four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105, displays early puberty, breeding and early calving, followed by regularity of calving and high performance offspring.
