FROM THE CONSIGNORS

Welcome to our annual female sale! We are excited for this year's offering. You will see our consignors have hand-picked through their herds and have brought out their best genetics. We think you will be quite impressed with the line up of heifer calves and the bred heifers as well as a chance to get of hold of some great embryo offerings.

Please join us on Saturday evening at our new location at Right Cross Ranch by Kisbey. There will be supper and refreshments and of course a great sale.

See you then,

FROM THE DESK AT T Bar C

Welcome to the Lone Pine / Airriess Acres Invitational Event, the second installment of the three-part series that makes up the Saskatchewan Sweep Steaks Weekend.

What began as a great weekend of Hereford cattle has grown into something much more significant. Year after year, breeders and cattlemen from across North America make the trip to Saskatchewan knowing they will find some of the most elite Hereford genetics available anywhere. In many ways, this weekend has become an annual tradition — something people look forward to and plan for, much like Christmas.

And just like Christmas, this year's offering is filled with special treasures.

The breeders represented in this sale have assembled what we believe is the deepest and most consistently impressive set of cattle ever brought together for this event. From the very top of the offering to the foundation females, the quality runs deep. These are cattle built not only to be admired on sale day, but to make a lasting impact in the pasture, in the show ring, and most importantly, in the next generation. There is tremendous confidence in this offering. The kind of confidence that comes from years of selection, commitment to the Hereford breed, and a relentless pursuit of cattle that can move programs forward.

Whether you are looking for a herd sire prospect, a donor female, a powerful young female, or a genetic opportunity that can influence your program for years to come, there are special treasures waiting to be discovered throughout these pages.

The Saskatchewan Sweep Steaks Weekend has become a destination for those who appreciate great Hereford cattle, great people, and the opportunity to be part of something special. We encourage you to study this offering carefully, visit with the breeders, and make plans to be with us.

This is a weekend you will not want to miss, and this is an offering you will not want to overlook.

From all of us at T Bar, thank you for joining us for another chapter of the Saskatchewan Sweep Steaks Weekend.

We look forward to seeing you sale day.

Best of luck, and happy shopping!

Lone Pine Cattle Services

WELCOME FROM LONE PINE CATTLE SERVICES

I want to welcome you to our fall female sale. It's fitting that this year the sale has moved to Kisbey, the town I lived near when my love of Herefords began. I still have clear memories of my first ever champion at the 1983 achievement day of the Arcola-Kisbey 4-H club. I was so lucky to be around great Hereford ranchers. To watch and learn from them. And I still do to this day. I use the knowledge I gain to learn what it takes to truly produce a seedstock herd that is functional, attractive and profitable. And over the next few months I look forward to sharing the results through the offering of the herd. This sale is a strong sample of what is on offer. One of the best lessons I learned was to trust the genetics you produce in your own herd. It became a goal to breed females and bulls I was proud to use myself. I think our herd bull battery is a good testament to that. Merlin, Journey, Stand for Action and Budweiser are all bulls with mass, shape and performance whose mothers are all from the top end of the herd. Their genetics are unique and useful to everyone. The new young bulls incorporated on the heifers, Lance 719N who is a impressive dark coloured goggle eyed son of Glitz, and Magic 3N who was just crowned champion bull at Beef-a-Rama is an ultra low birthweight son of Merlin. And finally the new genetics introduced through AI from top North American herds include On Demand, Liberty, Glitz and Lonestar. They compliment the ideals I have for raising functional, profitable cattle that I enjoy looking at in the pasture. I think you will too.

This consignment is on an annual vaccination program which includes Vista Once SQ, Tasvax 8, Scourguard and all calves since 2024 receive Nasalgen 3-PMH.

What a great way to begin our consignment. Peter Kirby and I began our partnership in the cattle business with WTK Sybil. And this cow family has consistently produced great cattle. Sybil 403P is an amazing combination of performance and maternal power! Her maternal side, she goes back to the amazing Sybil cow family. Her sire is the breed-leader Bar JZ On Demand. This calf is where power and class meet. This heifer is extremely docile, and perfect for any junior who wants to be competitive in showmanship and conformation classes. She was crowned champion heifer calf at the Weyburn Jackpot Show over all breeds. She followed by being named heifer calf champion at Saskatchewan's Beef-A-Rama.

This female is a once-in-a-lifetime female; a fantastic combination of eye appeal, pigment, genetic profile and data! The EPD profile on this female is the best combination of maternal, performance and carcass EPD's I have ever raised. This could be the most pure seedstock female that has ever had the XLP brand on her hip.

HMS 20N - Nyomi is a homozygous bred heifer who speaks for herself. Her dam was our choice of cows from the Source for Success Sale and her sire, Keynote 11K was our pick of the bull calves from the Phantom Creek Dispersal.

Bred May 13, 2026 to our heifer bull, HMS Hi-Cliffe 6153 Nevada 24N. Grand Champion Bull at the SE Sask. Field Day.

Dam Elm-Lodge Kiss This 26K

This short marked, attractive bred heifer is a natural calf from our matriarch, Glamour 32G. Nia's sire is our carrier-free Masterplan herd sire. This is an opportunity to add a female to your herd from the renown X-cel cow family.

Bred May 13, 2026 to our heifer bull, HMS Hi-Cliffe 6153 Nevada 24N.

{DLF HYF IEF MSUDF DBF}

Selling these Kilogram daughters hurts my feelings... a lot. Short marked, sweet fronted, feminine, long bodied, powerful and dark cherry red, she checks a lot of boxes. Her full brother, TWIN-VIEW K390 KILOWATT 16P, was Reserve Senior Bull Calf Champion at the 2026 Manitoba Hereford Association Field Day, adding another reason to pay attention to this pedigree. One of the people I respect most told me not to "windbag footnotes" — so I'll quote him here: "She's a good one."

AI to STELLPFLUG NEXT STEP on April 19, 2026. Pasture exposed to RAWCLIFFE 69H CRUISER 77M (Whitehawk Warrior grandson) from May 13 to August 17, 2026. Preg checked favourable to pasture exposure.

Sire of 16N & 2N SHF Kilogram F158 K390 ET

If you liked my show heifer Harriet, you're going to want to find "Frantastic". The Danny Whizbang (7K) daughters consistently bring the wide hip, deep barrel and no-nonsense power-cow style we love, and 131N is no exception. She's the kind of female that gets better the longer you study her, with enough substance and shape to build on. I was fortunate enough to see Marshall 114M last fall, so I'm especially excited about this mating.

AI to MHPH 240J MARSHALL 114M (Media son) on April 26. Pasture exposed to TWIN-VIEW 0016 PADRE 83M from May 11 to August 16, 2026. Preg checked favourable to AI.

Sire

AI Service Sire MHPH 240J Marshall 114M

{DLF HYF IEF MSUDF DBF}

Isadora is the kind of female you appreciate more every time you study her. She offers a balanced, practical package with the structure and design we want to see in our replacement females. Another "Whizbang" we're proud to put in front of you. We're very excited to see what she can do and love how she was bred.

AI to SHR 8083 OCULUS 4061 on April 19. Pasture exposed to PR 95L RAMBLIN' MAN 32N from May 16 to August 16, 2026. Preg checked favourable to AI date.

Service Sire SHR 8083 Oculus 4061

{DLF HYF IEF MSUDF DBF}

"Twinks" brings together the pedigree, cow family and production we want to see in a young female. Her dam has been a top-end producer for us year after year, consistently giving us progeny with great udders and nice teat size. Her sire, OMG David, is a dependable, good-footed sire who has left us plenty of females we like. Put it all together and we think Twinkle has the makings of a real do-er.

AI to BAR JZ ON DEMAND on April 26. Pasture exposed to TWIN-VIEW 316 TEXAS 27N (Oshoto son) from May 17 to August 16, 2026. Preg checked favourable to pasture exposure.

You simply can't miss her. Short marked, google-eyed and sporting those big, fluffy ears, 179N has the kind of natural eye appeal that grabs you from across the pen. We purchased her dam at the PCL dispersal and have been impressed with what she has done for us. Beyond the colour and look, there is a proven cow family underneath her — making this a flashy female with substance to back it up.

AI to REMITALL-W FIRE STORM ET 138L on April 26. Pasture exposed to TWIN-VIEW 83Z CHIEF 131L (full brother to Jason Moomooa 95G) from May 16 to August 16, 2026. Preg checked favourable to pasture exposure.

Sire

Maternal Grandsire PCL 4013 Glitz 1G

{DLF HYF IEF MSUDF DBF}

Sharp-made, attractive and feminine, 125N offers plenty of style without sacrificing the function we expect from our females. She has the look to turn your head, but it's the maternal backing that makes her especially interesting. Margie's "Squirt" cow backs up this pedigree. A polished young female with plenty of potential.

AI to STELLPFLUG NEXT STEP on April 19. Pasture exposed to **TWIN-VIEW 316 TEXAS 27N** from May 17 to August 16, 2026. Preg checked favourable to pasture exposure.

Terms & Conditions THE FINE PRINT

TERMS: The terms of the sale are cash or cheque, payable at par at sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Hereford Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regards to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian.

INTERNATIONAL BUYERS: Cattle or genetics sold to buyers outside of Canada may require export permits and health certificates. The buyer will be responsible for the costs in producing these export documents.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.
