HERD DISPERSAL

**SATURDAY, NOVEMBER 21, 2026**

MAXWELL SIMMENTALS SALE FACILITY, VIKING, ALBERTA  
SALE BEGINS AT 1:00 PM

# LANGCO LAND & CATTLE

Welcome to the Langco Angus Herd Dispersal! While it is bitter sweet to say those words, we have come to the realization that it must happen. Our children have grown up and moved on and the labor required to grain farm and run cattle has become too much for everyone involved. It makes us very proud that Dalton and Gracie Beck of Bar Becks Livestock Inc. have purchased our entire commercial cow herd, and will continue the ranching legacy that we have started. We hope to support them as much as we have had support throughout the years from my Mom and Dad, Colin and Evelyn Lang. We are proud of every animal in the sale as these cows have helped to raise our families and made us who we are today. They have given us everything and owe us nothing, and now it would make us so happy to see the cows go and help raise other families as well.

The cow herd started around the turn of the century with the purchase of 30 breeding females from Tom, Gavin and Mabel Hamilton. Those cow families have been developed over nearly 30 years with a selection of the best sires we could afford to walk our pastures. Culminating in the purchase of two prominent herdsires from the famed Coleman Angus herd in Montana, cows sired by Coleman John Wayne and Coleman Encore represent almost 40% of the breeding females in the sale. We have always tried to work with mother nature at calving (although this year was a challenge) and marketed long yearling bulls. Realizing this might not fit all operations, we exposed the females to bulls starting May 1 this year and only kept April-born bull calves for sale by the dams side this fall. We will be offering a development program for these bull calves and feel they will be fine for anyone calving later in the spring, March - June. We feel the heifer calves are our strongest set ever. Sired by Belvin Kick Start, KT Revival and JL Refresh, they will fit comfortably into any breeding program.

We look forward to November 21 and connecting and reconnecting with so many in the cattle industry that have been so good to us over the years.

Thank you!

*Steven*

## WELCOME FROM BOHRSON MARKETING

On behalf of the Lang family and all of us at Bohrson Marketing Services, it is an honour to welcome you to one of the most anticipated events of the 2026 fall sale season. Thirty years in the making, the Langco cowherd represents decades of dedication, thoughtful breeding decisions, and a commitment to building a program that has stood the test of time.

What began with the purchase of 30 breeding females has grown into a tremendous set of Angus cattle, shaped by generations of proven cow families and the influence of outstanding herdsires, including Coleman John Wayne and Coleman Encore. The result is a cowherd built on the fundamentals that matter most: maternal strength, fertility, longevity, and the ability to raise productive, profitable cattle.

At the heart of the Langco program is a commitment to maternal quality. For three decades, these females have been developed and selected with an emphasis on udder quality, sound foot structure, easy fleshing, do-ability, and overall productivity. These are the traits that allow cows to thrive in real-world conditions, raise a quality calf year after year, and remain productive members of a cowherd for the long haul. The strength of this offering is not simply found in individual pedigrees, but in the generations of females behind them and the consistent, practical traits that have helped shape this program. For those looking to build a cowherd with longevity and maternal strength at its foundation, this is an opportunity worth serious consideration.

Alongside the outstanding female offering, the sale also presents an excellent opportunity for bull buyers. With herd bulls and a selection of young bulls on offer, buyers have the chance to get their bull shopping done early while gaining something that is often difficult to find: the opportunity to study the cow families and the females that stand behind the bulls. Being able to evaluate the dams, sisters, and broader maternal families provides valuable insight into the genetics and consistency

behind each prospect. Whether you are looking for a herd bull to influence your program or a young bull to develop for future use, the Langco offering provides an opportunity to make informed selections backed by decades of breeding decisions.

A dispersal of this magnitude is about far more than offering cattle for sale. It is an opportunity to acquire the foundation of a program that has been carefully developed over three decades, with cow families and genetics that can make a meaningful impact on herds for years to come. From the proven females to an exciting set of bred heifers, young cows with calves at side, and herd bulls, there is tremendous opportunity for breeders and commercial cattlemen alike.

While dispersals mark the end of one chapter, they also create the beginning of another. We commend Steven and Donna Lang for the years of hard work, passion, and commitment that have gone into building Langco Angus, and we thank them for the opportunity to be part of this important event. It is especially fitting that the commercial cowherd will continue under the ownership of Dalton and Gracie Beck of Bar Becks Livestock Inc., carrying the Langco ranching legacy forward.

We invite you to study this offering closely and join us on November 21 as we celebrate a remarkable program and the people behind it. Opportunities to purchase cattle backed by 30 years of breeding decisions and selection do not come along every day, and we look forward to seeing the Langco genetics find their way into programs across the industry. Please don't hesitate to get in touch with any of us listed for sale, we would be happy to assist in anyway.

Best regards,

*The Bohrson Marketing Team*

Mark Shologan ..... 780.699.5082

### PURCHASER'S RISK

Each animal becomes the risk of the purchaser as soon as the sale closes. Insurance is recommended.

### INSURANCE

*Canadian Farm Insurance*

Jill Wildman ..... 780.305.1146

Reese Wildman ..... 780.803.2306

### TRUCKING

H.S. Knills ..... 519.442.3106

### TERMS AND CONDITIONS

The information printed has been supplied by the seller and believe to be accurate. Updated sheets and announcements from the block will take precedence over printed material. Cattle will sell under the standard terms and conditions of the CAA and BMS. As this is a dispersal sale, all females will sell with no further guarantee.

### CALENDAR YEAR BULL DEVELOPMENT

Any calendar year bull selling for \$7500 or more will be wintered free of charge.

Calendar-year bulls selling for less than \$7500, will be charged \$1500/bull for winter feed. The combined purchase price and winter-feed charge will not exceed \$7,500 per bull.

### CALENDAR YEAR BULL DELIVERY

We will keep the calendar bulls as long as the new owner would like, but the owner will be responsible for picking up the bull.

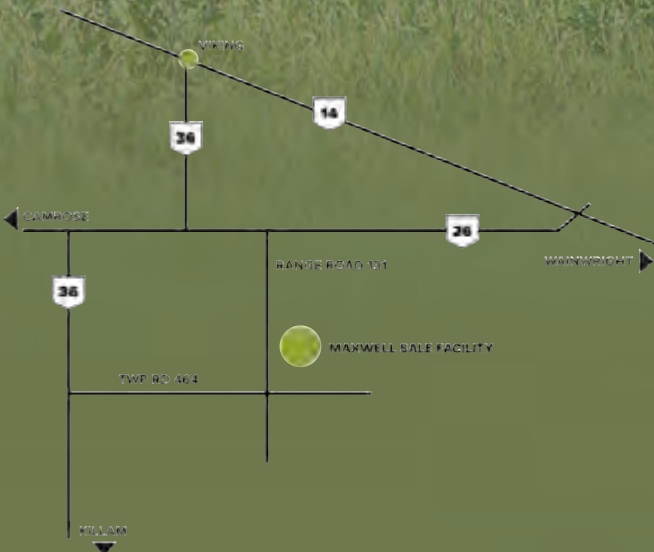

All calendar-year bull calves will be returned to the farm at the new buyer's risk and will be guaranteed to a pass semen test. Mortality insurance is recommended.
