Schedule

Thursday, February 19, 2026

10:00 AM-Bidding opens on Farmgate Timed Auctions

Friday, February 20, 2026

1:00 PM - Open house at Lazy E Bar, Bashaw, AB

6:00 PM - Racehorse Style closeout begins on Farmgate

Videos

Videos will be available on cattlevids.ca

Delivery

Free delivery up to 300 kms. Past 300 kms, delivery cost will be shared between buyer and Lazy E Bar.

Spring Development Program

Bulls can be insured and left at Lazy E Bar Ranch until May 15 for \$400.

Bulls that stay past May 15 will be charge \$4.50/head/day.

All bulls on spring development program are to be picked up by the new owner.

FAQ Answers

- The cattle are run on a veterinarian advised health program managed by Dr Murray Jacobsen, Ponoka Vet Clinic. Vaccine and vaccine protocols are continuously updated to be at the top of the industry. The bulls will all be vet checked and have passed a semen test prior to the sale.
- All of our cows and calves are used to being hauled, and travel 100-125 miles each way for summer pasture.
- When being fed, the cattle receive a mix of silage, grain and a nutritional supplement. This is done under the watchful eye of a nutritionist ensuring strong development and growth while maintaining the longevity of the feet and legs. None of the bulls in the sale have been hoof trimmed.
- We work with our cattle on regular basis and cull for both performance and temperament. This helps us to ensure that the bulls brought to our sale every year will be a solid, long term investment for your herd.
- Our herd is "what we farm." All of the acres of land we own are used for pasture or silage. Grain for feed is acquired from local farmers in our community.
- We breed our heifers to start calving mid March and cows to calve late March - May, allowing them to calve in the field and pasture in a ranch-style environment, with as little intervention as possible. Our goal is to keep strengthening the tradition of great maternal qualities that Black Angus cattle are known for, by culling out the weaknesses and rewarding the cows that bring home great calves year after year.

Welcome

Welcome to the 16th Annual Lazy E Bar Ranching Bull Sale.

It's been another busy year wrangling cattle and kids. Somewhere between two hockey teams, curling, basketball, volleyball and 4H another year has passed. Adilanes volleyball team won bronze at provincials in Manning last fall, and Bashaw has been selected as the host school for 1A provincials this year, so the prep work has already begun. Adilane and her 4H steer Fuzzburt were the Reserve Champion steer for the Bashaw Club show back in May, and the boys hockey keeps us running between rinks this winter. The years are going quickly, and we are trying to take in as much as we can before they move past kids sports to chasing other passions.

The bulls enjoyed a fairly mild start to winter and are coming along nicely. We are very happy with the selection of 2 year old bulls in the offering again this year.

With bulls sired by Scotty, Innovation, Max, Hoover Dam and Paradigm, we are confident we can supply you with a bull that will fit your needs; be it calving ease, carcass quality or exceptional daughters if your goal is to expand the herd.

As always, somebody is always around if you wish to stop by and see the cattle. We will fill the coffee cup and show you around to find the right bull for your program.

A word from our veterinarian...

Ponoka Veterinary Clinic is pleased to provide veterinary services to Lazy E Bar. We have had the privilege of working closely with Lazy E Bar and the Bleakley family for many years, developing and implementing complete vaccine, health, and management protocols for both the bull and the cow herd.

Our clinic is also responsible for conducting breeding soundness and semen evaluations on all sale bulls, as well as the herd sires. Each bull is assessed using the highest professional standards to ensure they are fully prepared for sale and the upcoming breeding season. We value this longstanding partnership and look forward to continuing our relationship with Lazy E Bar in the years ahead.

Sincerely,

Dr. Murray Jacobson

DLMS Farmgate Timed Auctions Information

1. Visit www.dlms.ca, scroll down the sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page.
2. After you are at the FarmGate Timed auction site - farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button.
 - **First time FarmGate users:** - First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate account from your DLMS live sale site).
 - After you create your FarmGate account you will receive a txt message with a pin code to verify your account.
 - On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.
 - **Returning FarmGate users:** If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.
3. **How to Bid:** Now that you are logged in and your account phone number/email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.
 - **Place Next Bid** – to place the next bid on the item, you see the amount in the first box, you simply click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed. - Max Bid Amount – to place a max bid you put your max bid in the second box listed as “Max Bid” on the item, and then click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process. Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.
4. **Watch List Feature:** If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.
5. **Sale Ending / Closeout:** Most FarmGate Timed Auction sales close racehorse style with extended bidding.
 - **What is Racehorse Style Close?** Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.
 - **How will Extended Bidding works?** When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.
6. Bidding Close & Follow-up
 - After the clock has gone to “ENDED” and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions. Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to sale manager and/or sale consignor.
