WELCOME TO THE SALE

There are certain truths you can always count on; a Saskatchewan winter will be long, cold & relentless, you can never trust a clown, and it's a certainty that year after year, The Leading Edge Group will always offer our very best stock come sale day. We are one of the last live Speckle Park auctions in the country and we are going to keep it that way. It gives us the opportunity to share our hospitality & to show our gratitude to both past & future buyers. We are about building relationships & a handshake still means something with us. The Leading Edge Group is committed to providing the very best Speckle Park genetics we can and we stand behind everything we sell. Welcome, everyone, to The Leading Edge Bull & Female Sale.

The Leading Edge Group

FROM THE DESK AT T BAR C

Welcome to the Leading Edge Speckle Park Bull & Female Sale. It is always a pleasure to work with a group of breeders who have truly stood the test of time, and this team is a great example of that commitment. Through changing markets and evolving industry demands, these programs have remained focused on producing practical, high-quality Speckle Park cattle that work for commercial cattlemen while continuing to advance the breed.

This year's sale offering once again lives up to the "Leading Edge" name. The consignors have assembled an impressive lineup of Speckle Park bulls, including both extra-age and yearling prospects designed to fit a wide range of breeding programs. These bulls are backed by proven cow families, strong herd sires, and programs built on consistency and longevity. In addition to the bull power, the sale also features a strong selection of both purebred and commercial females. Whether you are looking to expand your purebred program or add productive Speckle Park influence to your commercial herd, there are quality options available that represent the depth of these breeding programs.

Another feature that makes this event special is the opportunity to participate in one of the few live Speckle Park sales available this spring. A live sale setting allows buyers to evaluate the cattle in person, visit with the breeders, and study the offering in a way that online platforms simply cannot replicate.

The Leading Edge group takes pride in presenting cattle that are functional, sound, and backed by people who stand behind their programs. If you have any questions about the offering or need assistance on sale day, please do not hesitate to contact any of the consignors or the team at T Bar C.

WELCOME TO THE 2026 LEADING EDGE SALE FROM
INC CATTLE COMPANY

THREE THOUSAND, ONE HUNDRED & FORTY SEVEN TEST CASES DON'T LIE - IT'S A PROVEN FACT THAT IF THE CARCASS HANGING ON THE RAIL WAS SIRED BY AN INC BULL, 96.3 PERCENT OF THE TIME IT WILL GRADE TRIPLE A OR PRIME. NOT ONLY DOES THIS DATA SUPPORT THE EXCEPTIONAL QUALITY OF INC BULLS, BUT IT SPEAKS VOLUMES ABOUT THE ENTIRE INC PROGRAM. THESE OUTSTANDING HERD BULLS WOULDN'T BE POSSIBLE WITHOUT A TREMENDOUS GROUP OF SPECKLE PARK FEMALES BEHIND THEM. THE FORMULA AT INC IS SIMPLE - SEARCH OUT & SOURCE THE VERY BEST POSSIBLE GENETICS FROM ACROSS THE GLOBE, CULL HARD & REPEAT.

OUR BULLS ARE BROUGHT ALONG SLOWLY TO ENSURE PERFORMANCE & LONGEVITY - WE DON'T POUR THE COAL TO THEM SIMPLY TO HAVE BIG WEIGHTS ON THE SUPPLEMENTAL SHEET ON SALE DAY. NO ONE NEEDS A LARD ASS BULL THAT STARTS FALLING APART THE MINUTE YOU GET HIM HOME. INC BULLS ARE READY TO BREED THE MINUTE THEY GET OFF THE TRAILER AND THEY ARE BUILT TO LAST. IF YOU'RE WANTING TO ADD HYBRID VIGOUR TO YOUR COMMERCIAL HERD OR LOOKING TO IMPROVE THE QUALITY OF YOUR FARM TO FORK MEAT PROGRAM, INC BULLS WILL FIT THE BILL.

INC is excited to present a special offering for our 2026 sale. This extra aged herd sire is a Talladega son, his dam is the incredible, INC Carnival Ride 67J, and his full sister, INC Red Carpet 76M was Canadian Western Agribition Grand Champion Female. INC Napoleon 111L was Intermediate Bull Calf Champion at both Farmfair & Canadian Western Agribition. If that doesn't get your attention, the fact Napoleon is a full blown stud should. He's got rib like something out of the Flintstones, he's as smooth as a used car salesman's lie and his profile should be on the cover of GQ. An absolute beauty.

Right before INC finalized a very significant embryo sale to Argentina in 2024, the South American team came out to INC to tour our herd. Each of them stopped in their tracks when they saw INC Flying Ace 20M. There was much excited Spanish chatter and vigorous finger pointing in Ace's direction. "That," Carlos Ojea Rullan explained, "is exactly type of bull we need - a meat building machine." Ace promises calving ease with his tidy head & smooth shoulder. Thick as a British Columbia cedar and as long old man's story, Ace was Reserve Grand Champion Bull at PA Exhibition in 2025. Ace is pussy cat tame and is ready to sire some memorable calves. This is a very cool opportunity.

 If any good came out of Covid, it's the fact that people really started to care about from where their food originated. The sale of beef directly from farm to consumer benefited significantly with this change in food attitude. It is this very reason that adding a Speckle Park bull to your meat enterprise will enhance your bottom line. Each of the INC sires on offer are ALL carcass bulls - three years of slaughter data have proven this. The consumer wants quality and Speckle Park delivers. INC Trotter 67M will colour up your blacks, will sire thick, robust calves and he will be there for the long haul. Big muscle here and a thick quarter. Again, tidy up front with well bottom depth.
