LIVESTOCK INSURANCE

Insurance will be available on sale day.

WINTERING PROGRAM

• Bulls will be semen tested and pass a breeding soundness exam prior to sale day.

• Payment in full on bull must be made at time of sale.

• Bull must be insured by the new owner and is no longer the legal responsibility of the seller. By undertaking to winter the bull, the buyer releases the seller from any responsibility for any accidents, injuries, illness, or death which may befall the purchaser's bull.

• A per day wintering fee will be charged from date of sale to date of pickup, which is no later than May 1st, 2026, unless otherwise agreed. Fee to be paid upon pickup of bull. Feel free to call us to discuss wintering program and cost.

THIS IS A VIDEO SALE

This is a video sale - no animals will physically enter the sale barn. A video of each animal will be playing at the time of the sale. Viewing of the animals can take place anytime prior to sale day. Give yourself time on the day of the sale to evaluate the offering prior to sale time. We are happy to answer any questions you may have.

FROM THE DESK AT T BAR C

On behalf of myself and T Bar C, I am pleased to invite you to an annual event that has become a mainstay in central Ontario for high-quality Simmental and Charolais cattle.

The Leahy family have continually raised a product that is well accepted amongst purebred and commercial producers alike in the bull and female sector. A real feature to this event will be the commercial bred heifers on offer, being bred to the Leahy's new calving ease sensation Herdsire from the renowned Wheatland Cattle Co. Patrick is a student of the business and stands behind his product one hundred percent.

Roger Maloney again offers his best amongst the herd bulls and females from his program. Roger has a reputation for breeding some of the finest French-influenced Charolais cattle in the province, with a heck of a set of Simmentals as well. These cattle work and we are pleased to promote these cattle with Roger.

As always, please do not hesitate to contact myself or any of the T Bar C sales team if you have any questions. Note the time and date of this sale, you don't want to miss this!

See you at Leahy's,

BEN WRIGHT

Patrick & Deanna Leahy and Family
496 County Road 8
Douro-Dummer, ON, K0L 2B0
705-927-3126 / pat.leahy17@gmail.com

On behalf of our family and our consignors, we want to welcome you to the 6th Annual Leahy Select Sale.

From small beginnings we've grown this offering to what it is now- a source for quality seed stock across three breeds and different aspects of the purebred and commercial sector.

Our offering is more well rounded than ever- fancy replacement heifers, a large group of purebred and commercial heifers bred to Wheatland Bull 4144M, and a small selection of Simmental and Angus bulls. We are happy to talk wintering plans on the bulls if that is of interest.

As always, Roger Maloney has brought out his best- powerful yet maternally focussed Full French Charolais bulls and females, and a select group of high quality Fleckvieh cattle.

We are very happy to also welcome back our friends at Academy Hill Livestock, Armstrong Angus, and Webster Farms- all previous consignors with an appreciation for quality cattle which we all share.

If you have any questions regarding cattle, please feel free to reach out to any of the consignors or Ben Wright at T Bar C- all of whom will be glad to talk cows.

On sale day be sure to come out early to enjoy an excellent lunch and some hospitality before sale time at noon.

See you in Douro on the 24th,

PATRICK LEAHY

LLB ENCHANTRESS 173U

Unique chance here at a prime three year old from the renowned LLB program. Beautiful udder, sound footed, and long bodied with a growthy June calf at foot, it's easy to forget what might be the most exciting point here - her service to our walking herd sire IRCC Lifeline, 2025 Ontario Show Bull of the Year.

Observed bred to IRCC Lifeline July 24th, preg checked safe to date.

Heifer calf at foot, born June 2nd, sired by black Simmental bull.

Consigned by Armstrong Angus

A real sweetheart of a heifer here off a first-time heifer. 3P expresses all the right traits - wide-footed, wide-topped, long-bodied with the feminine neck extension! Backed by some elite cow families on the top side and exceptional maternal females on the bottom. 3P is show-broke and ready to hit the ring. This girl is one you'll want to see in person and take home to your herd!

Exciting opportunity for some fresh and on-trend genetics here. We had the opportunity to partner with our good friends at IRCC on "La Senza" in 2024. She hit it out of the park with her first calf selling to Rick-Sha Farms for \$20 000 last fall, so we went ahead and flushed her to JWC Western Feel 354M, a standout, blaze faced OMF Journeyman son. Should be a winning combination with style, mass, pedigree, and lots of look.

Add a little Pumpkin Spice to your Fall! Licorice is a moderate-framed, easy-keeping daughter of the Agribition Champion True North. This female has proven herself as an easy-calving, productive female, delivering twin heifer calves unassisted last September, both of which were retained in the herd. This year she has another attractive heifer at side, Pumpkin Spice, making this a cow-and-calf package with plenty of maternal promise. Sells open and halter broke.

Academyn Hill Licorice 1L sells open.

On behalf of M&L Cattle, welcome to the 2026 Leahy Select Sale.

On offer is a strong set of Full French /Full Fleckvieh bulls and females. You will find some very proven and unique pedigrees; always with quality as the prime focus. The bulls and heifers have been on grass all summer and have only seen grain supplementation since mid August, so you will be buying well grown, not fat cattle. Most of the offering are "scratchers", an added bonus, if like me you aren't getting any faster or have children around the farm.

There are no plans to expand the herd and you have to sell what people want, so you are definitely getting the top end of M&L genetics.

Please don't hesitate to contact me regarding the cattle. I hope you can attend the sale, if not you can bid online with DLMS or contact any of the sale day staff to assist you.

Sincerely,
ROGER & HELEN

This heifer will be an outcross to most French bloodlines in Canada. The sire NOLIMIT (Charolais Optimal/Genes Diffusion France) has high ratings for growth, muscle, daughters calving ability, milk, udder and teat functionality, as well as feet and legs. That is a long list and obviously hard to get in one bull, but worth mentioning as the French ratings have a high degree of reliability. I have used a lot of bulls from Charolais Optimal, and they are very consistent in what traits they will improve. Bred April 6th, 2026 to CARD EXOTIC POLLED 56D, a bull I went back to for his calving ease and quality.

Consigned by M&L Cattle Co.

SIRE - NO LIMIT

Her dam and full brother were bought by Springside, as the high selling pair in the 2022 sale. No bull can be a leader in all categories in my experience, but there is a tremendous balance of traits here, that shouldn't be overlooked. Good feet are a must, whether in the bull battery, cow herd or feedlot and Mike stressed that as one of KHAN 11K's strongest features, along with his thickness, doability and overall structure. A strong foundation to build around. (Full embryo sib to MLCC 20N)

I certainly struggled with offering these heifers, as they come from foundation cows and some thoughtful breeding. SCF YOU BETCHA made a name for himself and the cross with HADRIA 40H will be a winner, I am sure (heavy milker, going back to flush cow WILLOW 92X). One of Ben Wrights first comments when he visited was "your cows have a lot of milk". Being in the red meat business, we are selling muscle and you just can't raise a good calf without milk, so those traits should be a priority. Great temperament- definite herd builder.

Consigned by M&L Cattle Co.

MAT. GRANDSIRE - M&L CASTOR 102D

SIRE - SCF YOU BETCHA 94Y

Direct AIGLON progeny are a definite rarity. I acquired this semen after hearing only good things about AIGLON, from many long time Charolais breeders. 3N like her brother (176N) calved easily and was up nursing in a few minutes. Her dam is a big, deep, heavy milking MAXIMILIAN/ WILDFIRE that has genetics throughout the herd, having retained many females from her son (M&L KHAN 3K). Maternal sister was a high seller in last year's sale to Wagstaff Charolais.

Polled (small scurs) Full Fleckvieh, non diluter. Pedigree, conformation, EPD profile; this guy might have it all. His dam is a thick, moderate beauty, that I bought as an open heifer at the World Congress Sale from Wolfe Farms. A multi tool, multi purpose bull to move your program forward.

Consigned by M&L Cattle Co.

SIRE - BILJ POL JAMIE 31J

DAM - WOLFE LAYLA FF 499L

Smooth polled, non diluter. Another Full Fleckvieh bull that was unassisted out of a first calf heifer. I know the trend might be towards dark red colour, but in my mind this guy is pretty unique. He is hetero smooth polled (no scurs) which is not easy to find and he was tan as a calf, not a bad thing on the commercial side. Also being a non diluter, he works on the black or dairy cross. I thought enough of this guy to breed all my Simmental cows to him this summer, so you see him pictured in his working clothes. He held his condition very well!

TERMS & CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATIONS: A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH: All animals in the sale have met all necessary health requirements.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.
