ONLINE AT DLMS**

WELCOME

To Our Production Sale

Very exciting time to be in the cattle business. Record prices being set monthly with no signs of slowing down. In fact, reports predict prices to keep going higher.

Our bull pen is as strong as ever. One major highlight of this group is 8 yearling bulls averaging 35 cm scrotal circumference. Very pleased to see our program moving in the right direction. Our bulls are from a common sense, low maintenance trouble free cow herd. Our outcross genetics offer calving ease, structural soundness, fertility, longevity, uniformity and performance. Buy with confidence!

Tied the Knot August 30th, 2025

Terms and Conditions

- Free delivery up to 800 km or nearest port of entry. We will assist in everyway to get your purchase to you.
- All bulls are semen tested and vet checked plus they come with our full guarantee. Heifers will be palpated and vet checked open and functional.
- We can keep the bulls until you need them. Please make sure they are insured.

Any questions or for more information, please don't hesitate to contact us

ABOUT OUR HEIFER PEN

I could see all summer we were going to have a dilemma come weaning time. Hands down the best group of replacement heifers produced on the ranch in our 12 years breeding Speckle Park. In my opinion all worthy of being future producing cows. Since we had only sold 2 purebred heifer calves in our past it was maybe time to open the vault and share the wealth. Now came the excruciating decision on what to do. Some days we were selling them all, some days keeping them all. Finally Cindy put her foot down and decided for me. She sternly compelled me to part with the oldest heifers and I could keep the younger ones. After some deliberance I realized she was right. You are getting our very best!
