# LONE STONE FARMS

*Welcome to our 2026 Bull Sale....*

This year marks our 42nd year of registering cattle. We are getting to be the older generation in the purebred business. How did that happen? We have seen a lot of changes over the years. The fads have gone from frame score 7 to belly draggers that barely make a frame score 4. Narrow cattle and double muscled cattle. We have seen long wiener bodied cattle with extreme carcass yield and short deep chested cattle that barely made 50% cutability. Fortunately for us Karen's dad was an astute cattleman and he taught us to pick one type and not deviate. Finding structural correctness and proper balance and smoothness.

As we have already calved out 40 of these heifers, I keep catching myself saying...these girls are as close to our idea of perfection as we have ever come.

As I walk and drive through the bull pens, I am also seeing a more consistent type from top to bottom of the pen. Bulls that have required less feed and have grown and muscled better than their predecessors. We encourage you to come out and view the bulls. Talk to Karen or Nathan for in-depth evaluation and insight into the blood line of bulls you're interested in. Our sales team will also help you with an honest visual evaluation and assist in your bidding.

Join us sale day, maybe it will be as warm as last year and you can catch Karen in her flip flops. We have a large, heated building with great food, indoor washrooms, play area for the kids, and comfortable seating for the sale.

See you on the 27th of February!

Lonnie

Welcome from  
*Transcon Livestock...*

We are pleased to welcome you to the Annual Lone Stone Farms Bull Sale. Lonnie and Karen, along with Nathan, Alisha, and the rest of the family, are excited to host you on sale day and truly appreciate your interest in their program.

Nearly 25 years of selling bulls has shaped this event into one of the most dependable and well-supported sales of the year. With a strong base of repeat buyers and a growing reputation for quality and hospitality, Lone Stone Farms continues to attract both long-time supporters and new customers alike. Their sale facility reflects that commitment—designed to be comfortable, welcoming, and family-friendly.

At Lone Stone Farms, the focus has always been on the customer. All bulls sell with no retained semen interest and no retained ownership, allowing buyers full confidence and flexibility. As Lonnie often says, his goal is to see customers succeed—and profit—using Lone Stone genetics. That mindset has built lasting relationships and a level of customer service that truly sets this program apart.

This year's offering includes one of the largest selection of virgin two-year-old bulls Lone Stone Farms have offered. These bulls are not pushed through a dry feedlot over the summer. Instead, they are developed on pasture and wintered in large areas, encouraging soundness, durability, and natural athleticism. Both the Red Angus and Simmental two-year-olds provide a wide range of options—from calving ease to added power and performance.

The yearling bulls are equally impressive. Developed with longevity in mind, they are free moving, responsibly managed, and never over-conditioned. Buyers will find depth in both calving ease and growth across the Red Angus and Simmental yearling offerings. Nearly every bull in the sale is sired by a walking herd bull from Lone Stone Farms, resulting in consistent, uniform sire groups.

Early-season sales often provide a pricing advantage, and this offering presents an excellent opportunity to secure high-quality Red Angus and Fleckvieh Simmental bulls before the spring market tightens. Working with the Brown family is always a pleasure—they are genuine, approachable, and deeply committed to their customers. It won't take long before you feel right at home.

If you're unable to attend the sale in person, please don't hesitate to contact any member of the Transcon team—we're happy to assist in any way we can. We look forward to seeing you on sale day.

KL  
1

LONE STONE MS HUGO 34Y  
Maternal Granddam of Lot 1

**Polled Fullblood. 100% Fleckvieh.  
Sire Verified. Non-Diluter.**

Another Baldwin son that has plenty of size and comes with a polled head. 84F his dam is a deep cherry red cow. We have sold 2 bulls and have 2 females in our herd out of her. This guy can really stride out, is very athletic. This cow has never had a calf over 100lbs.

The Baldwin line has power. Need more power? This might be the bull for you. His dam is out of Champs Tommy, a bull we should have used more. 3 of her daughters in the herd. One son sold to 5W Simmental in our 2025 sale. This bull is checking all the boxes.

WOLFES KENT FF35K - Sire of Lots 1-5

**Horned Fullblood. 100% Fleckvieh. Sire Verified.**  
 Very deep sided bull. It was worth keeping him till 2 to see how he would grow out. I knew he would be good. His mother's eighth calf. He's had a lot of attention when posted this picture on our Facebook page. Gotta say one of my favorite 2 yr olds.

Here's a bull with lots of size. Envoy on maternal side and Baldwin on top equals plenty of performance. Cow has always calved in first cycle. 2 females in our herd, 2 females sold to Perpelkin Farms and Crocus Coulee. We had to sell her last fall, as her udder got stepped on and ruined. And it was a good udder. Just bad luck.

This bull comes out of a Full Moon daughter. I could kick myself for selling away too many females out of Full Moon. So much muscle in his progeny and the females have turned out exceptional. So if you have one in your possession, pat yourself on the back. Kinetic 107M is easy to look at carrying that red hide his sire stamps on his calves. If you don't want white color on the calves buy a Kinetic son.

Of all the Banknote sons being offered this year, this guy is my favorite. Seriously considered keeping him to use, but really wanted him to be seen, and have his genetics go to another herd. He was our heaviest Red Angus bull at weaning. His mom, a Top Secret daughter, out of a Redman daughter. Literally the good genetics are stacked on maternal side. I think his picture will sell you on him.

## *Terms and Conditions*

**TERMS** - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

**BID** - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

**SALES TAXES** – Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

**DISPUTES** - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASER'S RISK** - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**INSURANCE** – Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

**US BUYERS** – There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

**CATTLE PICTURES AND INFORMATION PROVIDED** - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

**ANNOUNCEMENTS** – All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

**SHIPPING** - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**BREEDERS GUARANTEE** - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

**HEALTH** - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

**EMBRYO & SEMEN** – Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

**ACCIDENTS** - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

**TRANSCON LIVESTOCK CORP. IS AGENT ONLY** - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.
