## *Welcome from M&J Farms...*

What an exciting time to be in the cattle business! Record-high prices are being realized across both the commercial and purebred sectors, and the optimism and enthusiasm are unmistakable contagious at cattle events everywhere.

There has never been a better time to invest in top-quality additions to your herdbull battery. We are confident you will find bulls in our offering that can positively contribute to the goals and profitability of your operation.

For over 20 years, our primary focus has been the extra-age bull business. These bulls have never been offered for sale before and have been developed slowly and responsibly, with longevity and customer satisfaction as top priorities. We are a TMR-based operation and raise the majority of our own feed ingredients, ensuring consistency from the ground up.

With that said, we would like to invite you to join us at the ranch on February 18th for fellowship, great food, and live sale action. If attending in person isn't possible, the sale and individual bull videos will be broadcast on DLMS. We take great pride in our sight-unseen program and have enjoyed tremendous success with it. The bulls are available for viewing in the days before the sale. Please feel free to take the time to analyze them in person. We strongly encourage you to reach out to myself, Miles, or Matthew at any time with questions.

We cannot express enough appreciation for the continued support of our past and present customers, and we are equally excited about the new relationships that lie ahead in this great business.

Sincerely,

*Jared*

Miles and Bonnie

Jared, Chelsey,  
McCoy and Mesa

Matthew, Leanne,  
Sarayah, Aleah, Harlan and Bodie

## *From the desk at 7 Bar C...*

Welcome to the M&J Farms and Glasman Farms Bull Sale. The Glasman family represent a true multi-generation purebred breeding operation with a long and storied history in the cattle business. Their roots run deep, built on decades of dedication to producing functional, high-quality cattle. Just ask Miles and Bonnie about the good old days — the stories, the lessons learned, and the foundation that has shaped this program into what it is today.

While the history is impressive, the future of this operation may be even stronger. Both Jared and Matthew are raising young families who are already becoming involved in the day-to-day work of the operation, ensuring that the tradition of raising elite purebred cattle will continue for generations to come.

This sale is somewhat unique in today's industry, offering only two-year-old bulls that are bred and raised specifically to be marketed as two-year-olds. These bulls are born on grass and developed on grass, a program designed to prioritize longevity, structural soundness, and real-world performance in commercial environments. No bulls are ever sold as yearlings; this is the cream of the crop.

Jared leads the M&J Farms division, presenting the strongest and most uniform set of Red and Black Simmental and SimAngus bulls the program has ever assembled. These bulls reflect years of disciplined selection, focusing on consistency, performance, and durability.

Matthew continues the family tradition with a select group of Simmental-influenced bulls, while his Angus division takes center stage in the Glasman Farms offering. These Angus bulls have been extremely well received by both purebred and commercial cattlemen, earning a reputation for quality, functionality, and value.

The success of this program is evident in the large number of satisfied repeat customers, with bulls from this sale working for producers across Canada and the United States.

We encourage you to study the offering closely and join the Glasman family for this year's sale. We are confident you will find bulls that can add long-term value to your breeding program. Also, you will experience some of the best hospitality around. If you are unable to attend sale day, feel free to contact any of us on the T Bar team and we would be more than happy to help you in any way we can.

Jared's Cell 204-796-0999

Matthew's Cell 204-773-6055

## Insurance

Keystone Livestock Services  
Lois McRae 204-728-3058

## Volume Discount

M&J Farms and Glasman Farms offer a tiered volume discount per bull purchased:

2 bulls - 2%    3 bulls - 3%    4 bulls - 4%    5 or more bulls - 5%

## US Purchases

We are happy to host our American friends and have many repeat customers from across the border. All bulls are guaranteed exportable to the USA and we will attend to and assist with all necessary health testing, vet examinations, paperwork and permits to export your bull(s) across the USA border. A fee of \$500/bull will be applied at time of settlement. Any questions at all, please ask!

## Delivery & After Sale Options

**Option A:** Pick up your bull before March 1, 2026 and receive \$250 discount/bull.

**Option B:** Bulls will be delivered free of charge within the first 500kms. Depending on the delivery route, we may not be able to deliver directly to your ranch, but to a central location close to you. We will assist with arrangements to all other destinations. Delivery will begin as soon as possible after the sale at the sellers' convenience. Any bulls staying at M&J/Glasman Farms MUST be insured. We ask that all bulls are picked up or delivered by April 30, 2026.

## Sight Unseen Purchases

We invite everyone to come through and tour the bulls ahead of the sale but also understand that getting away is not always easy. There will be videos online of all the bulls for you to view and we are just a phone call away. We offer one of the best sight unseen programs in the business, with personalized service that is tailored to meet your bull buying needs. If you aren't happy with your purchase at delivery or pickup, you don't own him.

A standout since birth! This exceptionally smooth and handsome bull is a sure sale feature. Not only is he extremely deep ribbed, he carries muscle shape deep into his quarter. He also ties all that mass and substance into an extremely smooth and fluid shoulder. Be sure to not miss this true breeding piece! Video is on DLMS.

This dark red fella is sure to do a great job injecting some dark red into his calf crops. Should work great making those tan calves on some Charolais based cows.

## Welcome from Glasman Farms...

Welcome! This business is as much to do with the people as it is the cattle, so we'd like to start by saying **THANK YOU** to our customers, friends and family for supporting our program. Whether you like or share a social media post, are a bidder or buyer, an extra body at processing times or kid watcher, we couldn't do any of this without you!

Last year in our welcome letter, I was talking about cattle cycles and the future of the cattle markets. Fast forward a year and how exciting it is to be part of these high cattle markets! As I said previously, Grandpa Marshall was right when he told me "these are the good old days!" Like most cattle producers, I am cautiously optimistic, but I think 2026 has the potential to be one of the greatest years in the cattle business yet. Now as much as ever a good herdbull will pay you dividends come sale time. When investing in our own herdbulls over the years we have learned that whenever possible "buy the bull you want" and "buy them when you find them!"

The bulls came home from pasture late December and were still transitioning onto new feed around picture time. Between then and now they have continued to change and excel and I can confidently say that the bulls are better in person than their pictures show. Please accept this as your invitation to stop by the farm to view the bulls for yourself and let them do the talking. Videos of each lot will be available on our webpage and through DLMS as well as internet bidding on sale day.

If you are unable to attend in person, please don't hesitate to call. I'd welcome the chance to have a visit and will offer the same straightforward and honest evaluation of the offering that I would expect if I were buying for myself.

Thank you for your interest in our offering. We hope you can join us on sale day!

*Matthew* 204-773-6055

Changing things up this year, we've decided to start our section of the catalogue off with these impressive half bloods!

**HERD BULL ALERT!!** Our most anticipated bull to sell! Flawless in his structure and phenotype he represents everything we strive to produce! His dam by Bank Note has been a stand out since the start. So much so that we showed her successfully as a calf in the fall of 2017. This bull has the look, performance, and presence we all look for!

We bought this bull's sire to use on some of our most proven Angus females to create our own half blood Simmental females that we could breed up to purebreds. In the process, we have obviously created some outstanding half blood bulls. These Simm-Angus bulls truly blend the best of both worlds. This light birthweight black white face bull will definitely be an asset to anyone's herd bull battery. His dam, MLG Blackbird 18Z, has raised some of the best bulls and easily the most productive females we have ever had. She is still in the herd at 14 years of age.

LOT 29

MATERNAL BROTHER TO LOT 29 - MLG 16H

This 1/2 blood bull needs to be seen in person. He is stout like a box car and long as a freight train. His Final Product dam is oh so feminine and backed by the SAV Emblynette cow family. She would be one of the longest wedge-shaped, square hiped, near perfect uddered cows on the farm. If you need to add some frame and length of body with the ability to improve udder quality, here's your bull.

This half blood has character to burn! He has always had a great look to him: amazing muscle shape, length of body and how he ties high out of the top of his shoulders into his masculine neck and head. His dam is another hard working Tibbie with Angus bulls that have worked great in our herd: Alcatraz, Bond, and Density in the pedigree. We just love our SimmAngus cattle around here.

The youngest bull in our offering and maybe my favourite in structure and design. It is hard to fault this attractive son of Huntly. These half bloods take the best from each breed with a hybrid vigour that creates a product we all want. His wedge shaped, deep bodied dam, MLG Blackbird 57F, is one of my favourite Repeat daughters and is a direct daughter of Blackbird 10Z. She raised a personal favourite Lancaster son in our 2023 bull sale.

Our only red and purebred Simmental bull in the sale. His sire, Oakview Huntly, is an SVS Betts son that has four proven donors in his initial upfront pedigree. He stems back to the great KOP Bengie 6P that has raised many proven herd sires such as Sunville Driller, KOP Crosby 137W, and many more. We have been blessed with many Huntly daughters and are impressed with their looks and production. We purchased his High Roller dam from Amy Bonchuk and just love what she has done here. She had ideal structure, body type and a flawless udder. Her calves had consistently light birthweight that didn't sacrifice growth. All her bulls made the sale and her daughters might be the best part. We have two full sisters to this bull and they are amazing.

The Ignition bulls are definitely the right type and kind. They are easy doing, performance orientated and have unprecedented length and growth characteristics. I believe he will sire you calves with lots of vigour, growth and high potential to leave front pasture replacement females. His Bank Note dam has an excellent udder and production record putting a little more frame and punch into her offspring.

I believe this Ignition son will consistently add length, frame and pounds to his calf crop. His long bodied, feminine dam, MLG Effie 23F by Silver Lining raises one of the biggest calves every year. His granddam was bought from the great Soo Line dispersal and was very productive for us raising many sale bulls and productive females.

The dam of this bull, Erica 74A, may be one of the most recognizable and promoted Angus females in the business. I'm sure glad we said yes when good friend, Jordan Sies, asked us years ago to partner on a flush. As we had just got in on the amazing \$200,000 1/2 interest Alcatraz 60F syndicate he was our sire selection. We only got sons with our half of the embryos and MLG 54M will be the last animal to sell out of that flush. This bull is extremely cool made with extreme base width, hair and rib shape. We sold a full brother to Anderson Cattle Company of Swan River and were lucky enough to use him on our heifers that year. He calved extremely well for us and Andersons. Be a part of Angus history and buy this great Erica 74A son!

Our only son out of Sleep Easy, a Bravo son out of U2 Coalition's grand dam. Sleep Easy was leased from our good friends the Nykoliations of NYK Cattle Company when Ignition went down and we had to do some bull switching. I had seriously thought of using this bull on our own heifers as he is fairly out cross and goes back to some of the nicest female making sires in the business such as Motive and if you look back further double bred Density on the bottom side. This bull does have white around his scrotal. As a calf he was a stand out for character and muscle shape.

Here's a bull that caught my eye right from a calf! Hairy, stout, big middled and with that attractive herd bull character we all look for he checks a lot of boxes. His dam was our highest performing and favourite Silver Lining heifer calf of her calf crop. Her granddam by Authority raised one of our feature Bank Notes we had shown. And her great granddam is back to our foundation, MVF Tibbie 283W. This bull is better than his picture.

This bull's sire was bought as an embryo the very first year Hamiltons and Six Mile had bought Showman not knowing how much excitement would follow. The following winter semen brought \$1800/straw. Calves came easy and grew fast. His full brothers at Hamiltons and Rio Grande averaged over \$25,000. This bulls dam is our foundation wrapped up in one package: Authority, Pioneer, Kodiak, and back to our Freedom sired Blackbird 172T. This bull covers all the bases!

A Mindbender out of a first calf Lancaster backed by the Blackbird cow family. She may have been my favourite bred heifer that year! A lot of positives to this bull: shape, balance, attractive skull, and the pedigree to go with it.

MLG Mindbender 63M may be one of the most moderate bulls in the sale, but he is also definitely one of the stoutest. This meat machine will make quality replacement females with a lasting influence. His attractive dam by Barricade is a daughter by one of our most prolific females, MLG Blackbird 10Z, who is the dam of Optimus Prime, Momentous, Barricade, and many other proven herd bulls and up-and-coming females.

This freight train may be the longest bull in the offering! If I could, I would stouten him up a bit more, but if you need to add length, this would be the bull to do it. His Bank Note dam was purchased from the great Springcreek Simmental and Angus dispersal. She had produced three lead off bulls and her first calf for us was a sale feature in last year's sale.

This bull was a favourite at weaning time and is backed by maternal strength on top and bottom side of his pedigree. His Lancaster dam types to her sire group we love so much. They are feminine, moderate tanks with tidy udders. She stems from the great Annie K cow family and her dam was bought from Brooking Angus and is a full sister to Brooking Trend Spotter.

This moderate framed South Point son has the credentials to make him an excellent calving ease bull. His dam who resides at Sorrell's stems back to some major performance cows here. Long framed, big bodied cows with the ability to milk and wean off big calves. Stacked pedigree with the early greats of our program Earnhardt, Authority, and Pioneer!

# Family Farm Life

# Terms & Conditions...

## Terms

The terms of the sale are cash or cheque, payable at par. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## Payment Options

Payment in full sale day will be the norm. If special arrangements are needed please discuss with Miles Glasman (M&J Farms) and/or Matthew Glasman (Glasman Farms) prior to the sale.

## Insurance

All bulls staying at M&J Farms/Glasman Farms MUST be insured. We strongly recommend that insurance is purchased for full value. Your purchased animal is your sole responsibility as soon as the sale concludes.

## Delivery

Every assistance will be given to get your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## Breeder's Guarantee

All bulls will be semen tested prior to the sale. The bulls sold are sold with a breeder's guarantee. If problems arise please notify M&J Farms/Glasman Farms immediately so the replacement or credit towards another bull can be dealt with in a timely fashion. At no time will M&J Farms/Glasman Farms be responsible for more than the purchase price.

## Pedigree Estimates (PE)

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## Announcements

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

## Exception Guarantee

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

## Liabilities

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## Rights and Obligations

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
