Confirmation that the identification stated on the registration paper is borne by the consigned animals is the responsibility of the culling committee. All consigned animals must bear a CSIP tag according to CFIA regulations. Animals failing to meet the identification standards will be culled from the sale and must be removed from the sale facility.

Commission: MSA charges a 5% commission on any animals sold at the sale. Transfer fees are also charged to the sellers.

Buyers: Buyers must obtain a buyers number from the sale clerk before they are eligible to bid in the auction. Buyers must provide their full name, address, telephone number and email address and indicate exactly how each animal is to be transferred. Online buyers must register on the link and be approved to bid.

A maximum of two animals per breed, at a cost of \$5.00 per animal may be substituted.

Guarantee: Each consignor guarantees clear right and title to all animals that present for sale. All animals are guaranteed breeders, if properly handled. All males are guaranteed breeders. Should any ram fail to prove to be a breeder, any claim for adjustment must be made within 18 months of the date of sale. A satisfactory settlement shall be deemed to be replacement with another ram of equal value and health status or refund of purchase price. The seller shall have the right, if so desired, to try a ram as much as 75 days to determine whether he is a satisfactory breeder, before making a final Should any female younger than 12 months of age and not pregnant at the time of the sale, fail to become pregnant during the current breeding season, the purchaser should notify the seller within 12 months from the date of the sale, but

wait to see if the ewe again fails to become pregnant by 24-months of age, before claiming adjustment in writing to the seller. Satisfactory settlement shall be deemed to be replacement with another ewe of equal value and health status or refund of purchase price.

The purchaser shall notify the seller as soon as any concern with an animal arises.

Under no conditions will the seller be liable for more than the original purchase price of the animal. The seller may direct the marketing of the animal and refund the difference between the purchase price and the market value as shown on the sales receipt. No incidental expenses, such as feed, care, etc. will be charged by either party when making settlement. All transportation charges are the responsibility of the buyer. No settlement will be completed until the registration certificate is retired or endorsed and returned to the seller. Any settlement of such guarantee is between the seller and buyer and is subject to the restrictions set out above. The Manitoba Sheep Association assumes no responsibility, expressed or implied, with respect to this guarantee or the restrictions set out above.

RISK/REMOVAL: All animals are at purchaser's risk as soon as sold. Delivery must be taken at the conclusion of sale. All animals must be removed from the barn after the conclusion of the sale.
