We are excited to bring this sire group to town out of 534H, he was a home raised sire, easily one of the most powerful bulls we've raised to date. Big hair, deep sided, long, strong top, big hind quarter and a solid foot under him, you'll find he really threw these traits in his offspring. Out of a good old 46Z cow we bought from Stewart the longevity in this pedigree should be very strong. 13M's Dam is a long bodied high performance cow that has raised big calves every year, her last two sons making the cut for the Hardisty Field Day.

Dam 416E has been one of our very top cows. A moderate cow that puts a ton into her calves, they're heavy muscled stout calves that weigh. We've used two of her sons ourselves, a heifer bull 117G and herd bull 52J, other sons to Sandstone Cattle Co., Craig's Ranching, 19M on offer here, and another son in the bull calf pen at home. This guy is a herd bull, is as well balanced as they come, with the big 534H hair and will add performance in any herd, just look at those weaning and yearling weights!

Another Dozer Son, that has done so well for us, 23M is as thick as they come with good hair and pigment, big square red nuts, and off a phenomenal young polled cow that we think very highly of. Dam 595H is a picture perfect cow that is moderate built, thick, with a beautiful square udder, a daughter we're using in herd is exact same. Her maternal traits crossed with the Dozer performance should hit a home run for anyone that uses this bull.

A bigger frame bull that is solid marked, long, well balanced, super quiet and will for sure catch your eye. Off an old JoNom cow that was good uddered, strong topped, good haired and raised consistently good calves every year. One of her sons sold to Red Thorn Ranch and we have a young daughter in herd that is set to replace her mother with that same beautiful udder.

Our first MANN son on offer, we purchased this sire out of Doug Mann's dispersal and have been very happy with his offspring. He throws his quiet temperament and his calves are curve benders, light birthweight with lots of performance, just look at this guys yearling weight!! His mother is a long bodied Dozer daughter that has a perfect udder, that raises top bull calves each year, a maternal brother sold in last year's sale to Baron Ranch.

126M has always been one of our top picks in the bull pen with a dog quiet temperament! If you're looking for pigment, this guy has it with his big double goggle eyes, lots of hair, and is a more moderate frame 534H son. His Dam is a home raised 47E daughter, they all have tons of milk and put a lot into their calves.
