BULL AND FEMALE SALE

MARCH 13, 2026 | 1:00PM

HEARTLAND LIVESTOCK SERVICES | VIRDEN MB

Welcome FROM JACK AUCTION GROUP

What a year the cattle business had in 2025 and it's hard to imagine 2026 looks like it could be even better...

The bulls on offer from all three outfits are very good quality, if you want the big power two-year-olds or exceptional yearlings, we've got 'em.

Quality calves sell for a premium, even in a premium market, so you might as well buy the very best bulls.

We see some of the strongest orders from across North America in the ring at Virden every week and it's no secret that those top cut blacks, are always at or near the top every single week.

So, have a look at all the bulls, and join us in Virden for lunch and a really nice sale, backed by great cattleman.

If any of my sales team or I can help you in anyway, please don't hesitate to reach out to any of us.

Brennin Jack

Sale 1:00pm

Welcome

FROM MALCHUK FARMS

We would like to welcome everyone to our 2nd annual bull sale with some new consignors this year. I have confidence in our animals and stand behind them 100%. If there is ever a problem, be sure to contact us directly. I don't think there has been a better time to raise beef cattle than now with the demand for beef going up. We've raised a strong group of 2 year old bulls this year.

In our offering there should be a bull for everyone's operation. All bulls and females have been on a pretty good herd health program since they hit the ground. At weaning time they are put on a TMR with all minerals, hay and silage mixed together as a ration.

As they grow to a two year old, they get put on grass in the summer and repeat a similar ration in the winter. We hope to see you all on March 13th and don't hesitate to stop in before sale day, the coffee is always on.

The Malchuk Family

Welcome

FROM GARDHAM FARMS

Gardham Farms would like to thank Malchuck Farms for allowing us the opportunity to be a part of this sale. As well as Jack Auction group for their sales management expertise.

Our entire bull offering comes from a closed herd with a long-standing health program developed in consultation with our veterinarians. All bulls have received a complete vaccination program with Tasvax8 and Express FP 5 and have been boosted and Ivermec'd appropriately post weaning. They have been well accustomed to handling prior to sale day and will be sold with a breeding soundness examination. These yearlings have been developed on a balanced moderate-energy ration, in partner with nutritionist's from trouw nutrition. A feed ration that was designed to promote sound growth, structural integrity and longevity. They have not been pushed for short term performance. Our goal is to provide fertile, functional bulls that will go to work and remain productive for years to come.

We'd like to thank everyone who's shown an interest in our program. It's a great time to be in the cattle industry and we hope you can find something that fits your needs back home. Give us a shout if you'd like to come take a look in person. We'd love to walk you through our offering.

Blair and Sadie Jo

5M was one of the easiest keeping bull calves ever since he has been a yearling. He just keeps putting on the pounds! 5M's dam came from Nolan Cattle Company that goes back to the Tibbie cow family. There lies some of the best footed and uddered females that were produced in the Angus breed. He's going to be a bull that has herd sire written all over him!

These are two half brothers off the very popular calving ease sire SAVE Early Arrival 0903. 0903 was the 2nd highest selling bull at the Schaff Angus Valley Production Sale in 2021 for \$230,000. Here are two bulls that you can put in the heifer pen and walk away and not look back. MFA 10M's dam was purchased out of the 2023 Schaff Angus Valley Sale for \$15,000. She goes back to the famous Madame Pride cow family. These are the type of bulls that are easy on your heifers and the calves are able to get a good start. Both Dam's milk very well and have very correct udders.

Sire - S A V Early Arrival 0903

14M is sired by the SAV Jessie James bull that sure made a name for himself. 14M's dam was one of the first Angus cows I purchased and there is a reason why she's still on the farm today. Here's a bull that you can put with 10 extra cows and him being a 2 year old will come in looking the same shape he went out!

If you want a bull with more drive, here's the one! With the calf market being the highest we've seen in the last 10 years, here is a bull that will put more pounds on the calves at weaning time. 16M's sire, Ellingson Profound 8155, was known to make a very strong group of replacement heifers.

Here's a bull that has herd sire written all over him. 17M was a stand out bull from the day he was born. He's sired by the famous SAV Rainfall bull that sold for \$460,000 US at the 2017 Schaff sale. 17M has a huge body, great hair coat and thick topped. His mother, 86K, sure did a heck of a job on her first calf!

Here's three half brothers that came off Bar E L "The Big Kahuna 59J" that was purchased at the Bar E L's last bull sale. If you want bulls that put more pounds on those steer calves at weaning and also keep a group of replacement heifers, here they are! These three bulls have frame, muscle and such a great top to them with outstanding feet underneath them. These are the bulls that you can throw with 30 plus cows and they'll come back looking the way they went out. Huge herd sire potential on all three!

Here's on for the heifer pen! He came out at just 71lbs and hasn't stopped growing. 31M's sire goes back to the great Wheatland Cattle Company that walked Chestnut Turning Heads themselves in their program. 31M is one of the most respectable bulls in the bull pen this year, he will always greet you at the gate. With the dam going back to the Bar E L program and this mate you're going to want to keep your replacement heifers off this one!

11N is a heifer that we have high confidence in and will make a huge impact in someone's herd. She was one of the two heifers that got picked to go to Piller Cattle Company to get ready for Agribition. In the end we decided to only sell one at the All Star Sale and bring 11N home for our lead off heifer in our own sale. Her sire, Humbolt South America, sure made an impact in 2024 in the Angus world. Her dam comes back from the Coleman Angus program which was in the Donna cow family. This heifer has the perfect texture, hair, feet and udder. She will make one heck of a female with these two genetics mixed together.

Sire - Hummel South America

25N sire, Coalfield 2177K, can sure make a pen of replacement heifers! Very easy keeping with a great set of feet under them. It's amazing how these Coalfield daughters have such a big drive after they hit the ground to get going!

These Grady calves are all off of a sire we had raised from a Black Meadows Dam. He stamped a tremendous mark on our commercial herd so we decided to cross him with some of our purebred cows. He did not disappoint.

Heifer approved bull that goes back to SAV Renovation. This calf has a super maternal side that has made a huge positive impact on our program.

Thick sided and great hair, these Grady sons continue to impress us. Out of a Black Meadows dam we purchased from their dispersal sale this young female did a great job on him. Will be a great option for the heifer pen.

A bull with a strong maternal backing. His dam was purchased from the Black Meadows program as a bred heifer and has left us with big soggy daughters that have went on to raise stellar calves for us. She doesn't often give us a bull calf but when she does, he's made just right. Take a glance if you're looking to add some substance to your weaning pen.

Another Grady son, this time a little smaller framed making him an easy choice for the heifer pen. Good hair and right up there with the rest at weaning time.

Here's a heavily haired son off Grady, a well-balanced bull that comes with plenty of middle but stays smooth out front.

We have two very honest bulls on offer this year that we are very proud of and to stand behind. We are a small operation located in Storthoaks SK.

Brett Green

G Bar C Gold Rush 2502N aka: Nugget, as the girls call him. Born at 64 pounds, he is a force to be reckoned with. A complete and solid bull that is correct for the breed. He was raised for longevity and to sire thick deep bodied calves. His length and depth overall makes him the heifer bull you can keep in your pen for years to come. He is sure footed, docile and has that “catch your eye” appeal to him. Nugget, a cool & stylish bald face bull, has exceptional pedigree on both sides, with proven genetics off True North, backed by a strong uddered and productive Double Bar D dam, this Son is guaranteed heifer safe.

Reserving semen rights or part interest.

Large and In charge, G Bar C Corvet 403M comes to you as a powerful 2 year old. A big, correct foot Man O' War Grandson, sired by W/C Relentless 007G. With calves on the ground we can say they are strong, smooth and vigorous. Corvet is fed to last, raised mainly on grass and not pushed on grain, he will work for anyones herd, purebred or commercial.

From the day we saw Coalfield we knew we had to purchase this bull. On March 23, 2023 Wheatland Cattle Company had their annual bull sale. We purchased Coalfield for \$86,000 and it was no disappointment. His first sons averaged \$19,000 at the 2024 Wheatland Bull Sale. His feet, texture and shape is exactly what most people are looking for in bulls. In the fall of 2024 at FarmFair, in Edmonton, Coalfield was named Black Angus Grand Champion Bull and National Champion. Now that Coalfield's showing days are over he is now a walking bull at Malchuk Farms.

Thank You FOR THE SUPPORT

We would like to thank everyone who has supported our program in 2025. It's always **greatly** appreciated.

Special THANK YOU

We would also like to thank Carlos Ernesto Anaya, Rancho La Joya, Lagos de Moreno Jalisco, Mexico, for buying our heifer from the All Star Sale in Regina. We hope you are happy with your purchase.

MALCHUK GRACE 18N

Terms & CONDITIONS

Internet and US Buyers will have two (2) business days to wire Canadian Funds to Jack Auction Group for all purchases. All settlements must be made with the sale clerks before cattle will be released. The right of property will not pass until final payment is made. Unless previous arrangements have been made.

BIDDING

Each animal will sell to the highest bidder. Bidders unable to bid on-line, may phone their bids in to the listed representatives or sale manager.

DISPUTES

Bidding will be re-opened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision is final.

ANNOUNCEMENTS

Announcements made from the block will take precedence over printed matter in the catalog. Buyers are cautioned to pay close attention to announcements.

PURCHASER'S RISK

Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by their association unless otherwise stated. A full certificate of registry duty transferred will be furnished to the buyer after payment has been made.

DELIVERY

Assistance will be given in making delivery after the sale. The purchaser agrees shipping arrangements will be at the convenience of the seller, but will be as soon as practical after the sale, at the buyer's risk.

AMERICAN PURCHASES

The sellers will do all health testing for export. The Seller will assist with delivery. Exchange rates will be announced sale day at current rates. All bulls guaranteed exportable to the USA.

SALE MANAGER

Jack Auction Group is only acting as a medium between buyer and seller, and is not responsible for failure on the part of either party to live up to their obligations; or for the truth of any warranties or representations, expressed or implied. Any legal action taken in exceptional cases must be between Buyer and Seller. The Buyer must look to the seller for fulfillment of all guarantees and representations.

INSURANCE

We recommend that you insure your purchases. It is the Buyers' responsibility to make arrangements with your preferred insurance broker.
