Welcome

Welcome to our bull sale!

As you may have heard, McCaffrey Cattle Co. is the proud new owner of the entire CSS Charolais herd, including four powerhouse walking bulls who have sired the amazing bulls highlighted in this catalogue.

If you know CSS Charolais, then you know they have a long history of producing high quality performance bulls. Over the past few months, calving season has been in full swing and we are seeing firsthand just how incredibly maternal these heifers and cows are, and it's been so rewarding to see the calves they are producing and raising so well.

We want to thank Cameron and Betty Ann Stewart for entrusting us with their legacy. We are excited for this opportunity and will continue to produce high quality bulls for our customers and theirs alike.

There will also be a few of our home-raised bulls available. We are so happy with them and we know they will make an excellent addition to anyone's operation.

We invite you to come view these great bulls for yourself. Drop by anytime beforehand and join us here at the ranch on sale day. If you're unable to come for a visit, please don't hesitate to give us a call with any questions.

Thank you for considering our bulls for your program. It is our goal to bring our customers satisfaction and we plan to do just that.

We hope to see you there!

Denzil & Madison

McCAFFREY

CATTLE CO.

At McCaffrey Cattle Co. we are purebred breeders, however, our main venture is still our commercial herd. And it's because of this that we strive to raise bulls that will excel in any commercial cattlemen's operation, from cow-calf producers to the feedlot. We aim to raise genetics that increase your profits the longer you own your calves; from weaning, to backgrounding, to finishing. Our females are what keep us in the business, so maternal traits are a top priority when selecting our genetics.

Turnbull's Hot Commodity 558H

Hot Commodity is our senior herd sire that we acquired with the CSS herd. He is a proven bull with exceptional foot quality. Hot Commodity will add frame and length to any calf crop. His sons are pen favourites of many cattlemen. His daughters in the herd are great uddered, hard milking females.
