AHO is a 7-year-old APHA Brown Overo gelding standing approximately 15.2 hands. Big, strong, safe, and broke, this is the kind of horse that has been there, done that and knows his job.

A proven finished head horse, AHO has been hauled to numerous roping jackpots and has won a lot of money. He is great in the box and has the experience and consistency you want when it's time to compete.

He is much more than an arena horse. AHO is a true using ranch horse who has been put to work doctoring cows and calves, pasture roping, and branding. He has also spent time in the mountains and is comfortable handling different terrain and situations.

This gelding is seasoned, dependable, and has a great attitude. He handles time off well and comes back ready to go to work. He is the kind of horse you can take from the ranch to the roping pen and know he has the experience to handle the job.

Whether you're looking for a proven head horse, a dependable ranch horse, or a versatile using horse, AHO brings the size, experience, and reliability to fit the bill.

A truly well-rounded gelding that has earned his keep and is ready to go to work for his next rider.

This mare has the brains, talent, and kind disposition to make someone a truly special ranch horse. She takes everything in stride with the confidence of a seasoned horse that's been there, done that.

She is built the way you'd want a ranch horse built, with a great mind and a sweetheart personality to match. She's the first one to meet you at the gate and genuinely enjoys being around people.

She has been ridden indoors, outdoors, and on the trails, and she's proven herself in a variety of environments. She spent five days in Ya Ha Tinda, handling the trails and rivers with confidence—places that can turn away horses with considerably more experience.

She has been exposed to the kind of work that makes a dependable ranch horse, including checking cattle, dragging logs, swinging ropes, and working around tarps. She takes new experiences in stride and has the attitude you want when the job needs to get done.

This mare is ready to go to work and ready for a ranch home. She has the mind, build, experience, and personality to be a valuable partner for someone looking for a horse with a job ahead of her.

Brains. Talent. Heart. And a work ethic to match. This is the kind of mare that is ready to step up and become someone's go-to horse.

Eddie is a well-broke, athletic 5-year-old AQHA Buckskin gelding with the work ethic and talent to take you in several different directions.

He has been used on and off in the pasture for the past three years and is a handy ranch gelding who knows how to work. Eddie can tie off and treat cattle and is well started on the heel side, giving him a solid foundation for someone wanting to continue his roping career.

With his speed, athleticism, and big motor, Eddie should also make an excellent barrel prospect. He has plenty of ability and absolutely no quit. After a long day of work, he still gives you 100% and is always willing to keep going.

Eddie is still young and developing, so I would recommend him for an intermediate to experienced rider who is looking for a talented gelding with a lot of potential and is willing to continue putting miles on him. He has no lameness issues, is good to have his feet done, and is not a bucker, bolter, or rearer.

If you're looking for a young gelding with a strong work ethic, ranch experience, speed, and the athletic ability to go in multiple directions, Eddie is one worth taking a look at.

Biz has been exposed to all aspects of ranch work and has the experience to prove it. He has been used for moving and sorting cattle, doctoring, and dragging calves in the branding pen. He has a big motor with lots of feel and can handle a full day's work, making him a great fit for someone looking for a young horse with plenty of ability and work ethic.

With his athleticism, feel, and ranch experience, Biz has all the makings of a top-notch heel, breakaway, or barrel horse prospect. He's young enough to

take in the direction of your choice while already having a solid, practical foundation underneath him.

Biz does have a small scar on his right front pastern, but it has never bothered him and he has never taken a lame step.

If you're looking for a young, athletic gelding with plenty of motor, loads of potential, and the looks to match, take a serious look at Biz. Whether you want to keep using him on the ranch or develop him into your next arena prospect, Biz has the potential to become your next winner.

Boots is a 3-year-old buckskin gelding standing just under 15 HH. He's stout, good-footed, and has a solid build.

Boots was started last fall and had 60 days of riding before spending the winter and spring being ridden occasionally by a young girl. This summer he's been back in consistent training, putting on more miles and gaining valuable experience.

He rides nicely around the arena and has some ranch experience under his belt. Boots is quiet and super safe — the kind of young horse that anyone can get along with. Boots was purchased as a weanling from Moose Mountain Ranch. He is sired by Canadian Whiskeystik and out of a grade mare. He's a nice young gelding with a solid foundation and plenty of potential. With more time and miles, Boots has all the makings of a handy ranch horse or versatile all-around partner.

threw the Half Quarter Horse registry, he is already paid into Westerns Fortunes and qualifies for any incentives his sire is enrolled in.

Being the only gelding at our place with a mare that does not do so well with geldings and her being our sons horse, Gucci is unfortunately the one that is being sold. our loss is your gain as if he was a she, she would not be for sale.

Mazzy is a beautiful, 5-year-old grey mare standing roughly 15.2 HH. She has an exceptional mix of cutting/cow horse and running/rodeo bloodlines. Her grandfather earned money in every rodeo event, as well as in the cutting pen.

I purchased Mazzy as a weanling, and she was started as a 3-year-old spending 90 days with Bobbie-Anne Barber. Since then, she has primarily been used to move and trail cows, attended 4-H clinics, started on the Heel-O-Matic, and been introduced to barrels and other gymkhana events. She is

currently being used in the Payton pasture checking and doctoring cows.

Mazzy is the kind of horse that is a pleasure to have around: • Super easy to catch and load • Good for the farrier • Bottom of the pecking order • No buck, bolt, or funny business • Has been exposed to kids, quads, go-karts, dirt bikes, goat, and dogs • Has had months off and can be saddled up and put right back to work moving cows without any issues.

She has a quiet, honest temperament and a great work ethic. With her versatility, athleticism, and breeding, I believe she could excel as a rodeo prospect, gymkhana horse, or dependable pasture/cow horse.

This is an incredibly hard sale. I absolutely adore this mare, and it kills me to sell her. I'm hoping to find Mazzy a home where someone will appreciate her as much as I do and continue giving her a job.

Located in Makwa, Saskatchewan, our program is focused on raising and promoting AQHA horses that can excel in the ranch, arena and performance pen.

At the heart of our breeding program is **HQH Perks Blackfrost** — a striking black stallion backed by an exceptional combination of speed, performance and proven genetics.

PRODUCING THE KIND OF HORSES WE WANT TO RIDE

Perks' first foal crop arrived in 2018, and we have been proud of the results. He has crossed well on a variety of mares, giving breeders an opportunity to pair his strong performance pedigree with mares from many different backgrounds.

At Rocking Chair Ranch, we don't simply breed for a pedigree on paper.

We breed for the horse.

We look for foals with the looks to catch your eye, the athletic ability to get the job done, the mind to make them enjoyable to train, and the versatility to take them in more than one direction.

Whether your goal is the ranch, roping, barrels, performance events, or producing your next standout prospect, our program is built around creating horses with purpose.

Royal Crown Canada Incentive

A program for the roping and barrel racing industries, designed to benefit stallion owners and breeders by returning a portion of the entry fees back to them. It's a breeders' incentive program that provides payouts to stallion owners, breeders, and the owners/riders of competing horses.

How Do I Nominate My Foal For The Royal Crown & How Much Does It Cost?

Western Fortunes Incentive

Western Fortunes Inc. is the original Breeders incentive program. Founded in Canada and comprised of Stallion owners, Breeders and Offspring owners united in the breeding of barrel horses and enhancing the sport of barrel racing nationally. We co-sanction futurities, derbies and open 4D events throughout Canada and the USA.

How Do I Enroll My Foal and how much does it cost?

- Complete a "Offspring Enrolment" form, & send it in along with your payment and a copy of the registration papers. The enrollment fee depends on the age of the foal and if any previous payments have been made.

The Breeders Elite Incentive

The Breeder's Elite Incentive (BEI) accommodates for many different avenues of benefits for all who wish to be involved. This Incentive nominates the BREEDER on registration papers so that ALL their offspring are eligible for our annual Sweepstakes with no foal nomination fees. A breeder is not required to own a stallion. This incentive allows for ANY horse bred by a nominated breeder OR sired by a nominated stallion to be eligible to compete in the Futurity and Derby Sweepstakes and the BEI Open.

How Do I Enroll My Foal and how much does it cost?

- There is no nomination fee for any offspring.
- ALL nominated stallion offspring, ANY past or present horses the farm is the "Breeder" of (on registration papers) are eligible to run in the annual Sweepstakes race with ANY current owner.

The Breeders Elite Roping Incentive

Canada's 1st Team Roping Horse Futurity Incentive! This incentive was created by breeders for breeders, as we know the effort that it takes to build great rope horses from breeding, raising & training, all the way to the finished product. This incentive was started so that our great Canadian breeders and trainers of rope horses would have a place to showcase their programs for nationwide promotion!

How Do I Enroll My Foal and how much does it cost?
