## New Trend Salers Bull Sale, March 25th & 26th, 2026

Cody Isley 403-888-2578

Peter & Tina, Maddie Watkins 403-650-8362

### Welcome:

We are excited to present the 2026 edition of the New Trend Salers Bull Sale. It is an exciting time in the cattle business as we see record high prices, and great genetics are imperative to making the most of the current market. We are proud of the set of bulls we have put together this year. There's a great selection of low birth-weight heifer bulls, as well as performance cows bulls to suit your needs.

We are offering our first set of calves sired by WWCS Kayo 581K, the two-time Canadian National Champion and American National Champion Bull. Kayo has impressed cattlemen on both sides of the border, and his calves have topped sales at Farmfair and Oklahoma.

PW Stock Farms brings in an impressive set of red bulls again in addition to red GIT bulls from the cows bought from PW's sale last fall. There are bulls to fit every operation, and we stand behind them.

We want to thank all our past loyal buyers. We look forward to discussing your needs and finding the right bull to fit your operation. Bulls will be available to view anytime before sale day, so give us a call to arrange a viewing.

GPS coordinates 50.9086877,-113.3489230

New Trend Salers Bull Sale, March 25th & 26th, 2026  
**PW STOCK FARM**

## Welcome:

Welcome to the New Trend offering for 2026! This group represents one of our strongest groups in a decade! They are quiet, sound, easy fleshing and great haired. They are also backed by our 37 year commitment to the Salers female. When I look at their registration papers, my mind floods with memories of four generations of cow families that have worked hard for our operation.

Buy with confidence, as these bulls have a proven track record of performance.

### GIT LANNIE 51L

GIT GISELLE 19G

Night Moves comes with an impressive pedigree. He is a son of Kayo, a bull that has won National Shows on both sides of the border and impressed every cattleman that saw him along the way. His maternal granddam is Jackie 19J, a female that has raised class winning show heifers the last 2 years. His maternal grandsire is a Sky West bull that gave us consistent low birthweights without sacrificing performance. 14N is a bull that can breed heifers and cows, and produce a show stopping set of calves.

Kayo comes from White Woman Creek Salers in Kansas and was purchased by Tierra Sol Cattle. We were thrilled to buy a share in him as he is the kind of bull that we knew would make an impact on our herd. Our first crop of calves from him has been outstanding. We had the Champion Junior Bull and Heifer Calf Champion at Farmfair with his calves, and we have some outstanding sons of his to offer in the sale.
