**Ask for the Night Shift crew rate!*

Welcome

Ladies and Gentlemen,

We are thrilled to welcome Limousin breeders and producers alike to the 5th annual Night Shift Sale!

The Night Shift crew would like to thank our continued supporters, bidders, buyers and friends for your loyalty. We appreciate those who take the time to join us in the heartland of Alberta's cattle country. We believe this is the nation's best industry, and the future has never looked brighter! Thank you for joining us in keeping tradition alive, fully embracing the way of life we all live and breathe, and fostering genuine connections.

This event marks our 5th Annual Night Shift Sale! Five years ago, this idea was nothing but a pipe dream chat over a whiskey on ice. We take pride in moving the needle each year, striving to deliver a great sale experience and a diverse offering of quality genetics. This year will be no exception!

This event offers opportunities for high-quality and functional Limousin cattle, including two exciting herdsire prospects, open heifers suitable for junior projects or donor potential, and top-tier bred females. With positive feedback from our customers on the addition of semen and embryos last year, we are again offering our dedication to the breed's vision, offering diverse bloodlines, pedigrees and desirable traits. We believe this year's Night Shift sale will collectively align with breeders' goals for elite female advancement and herd profitability.

Attendees, both online and in-person, are encouraged to engage with consignors for questions about the lots or their breeding programs. Hope to see you online or in person at The Night Shift!

THE NIGHT SHIFT SALE

**MATERNAL SIB** RPY PAYNES CRACKER**MATERNAL SIB** RPY PAYNES RUSH**Red herd bull alert!**

RPY 12P will be the first Wulfs Hat Trick son to sell in Canada. He is homozygous polled, big bodied, good footed, wide hiped, big nutted, with huge performance. EDW Beach Body has excelled again with this flush. Notable EDW 783B progeny include, Cracker, Rush, Rumble, Dominator & Crusher who have all seen use in Purebred operations. Our females out of Beach Body are great cows with beautiful udders. Took us a while to decide how to market this outstanding individual, in the end we feel public auction is the best way to give everyone the opportunity to own this unique breeding piece.

SELLING 50% INTEREST, FULL POSSESSION.

Look no further... Here is your next show heifer.

53P is a homo polled daughter of Charmer, the full brother to Guns N Roses the sire who has dominated the show scene the last few years. Charmer is just starting to leave his own mark and his offspring will be making their way to the backdrop soon.

Also love this heifers dam, she has long been a favorite here, she milks great is sound and correct. This is one we have a lot of confidence in.

**DAM** DBCC FOOL'S GOLD 2F**MATERNAL SIB** DBCC WHISKEY
LULLABY 24L

The foundation of Double B has been undoubtedly established by DBCC Fools Gold 2F. Year after year, the progeny make their way to the top of the replacement pen, but this sweetheart daughter of Fools Gold is arguably the best one yet! Love the maternal look that this attractive female has had from the very beginning. Smooth made, bold ribbed and an elegant front third that will grab your attention in a hurry. This one has a sparkle in her eye, the bloodline to back it and one heck of a bright future!

If you asked me what bull has been the most successful in our breeding program in recent years the answer would be RPY Paynes Rush. He has sired some of the most beautiful females in our program and Paloma is just one example of that. She is beautifully fronted, deep sided, and extremely feminine in her make up. We purchased her dam from New Life Limousin and she is quickly making her mark on our herd. This little sweetie is going to turn some heads come sale day.

Entered at Manitoba Ag Ex and Farmfair and can be shown at the new owner's request.

Look at this Limousin female. Wow!

Her dam is Richmond Gaga our pick of the Richmond cow herd and she has been a great addition to our program. We have used her extensively in our ET program with awesome results. 32P is her natural born calf adding the Beach Body genetics through her sire Rush, King of the Ring Champion over all breeds, has produced this genetic and phenotypic powerhouse. A pedigree stacked with an abundance of milk and performance in a very sound eye appealing package puts this heifer in a league of her own.

Pinnacle's Perfect lives up to her name in almost every way. She is a smooth made, beautifully patterned cherry red grand daughter of the famed Hunts Credentials. She comes from a cow that we purchased from RG Farms as a heifer calf and she has impressed us at every turn. This first time momma knocked it out of the park with this baby. This little beauty is super quiet and with a show already under her belt, she's primed and ready to hit the show road!

Entered at Manitoba Ag Ex and Farmfair and can be shown at the new owner's request.

THE NIGHT SHIFT SALE

DAM & MATERNAL SISTER

SIRE GREENWOOD ROOSTER 84L

This Rooster daughter has the substance and mass we all love in females. She mimics the overall depth, balance and muscling of her momma, RPY Lilah. Lilah, along with her 2025 calf, went on to be Grand Champion at Agribition, Farm Fair, Ag Ex, and the CJLA Junior Impact Show. In addition, 603P's half sibling, THE 503N, was Overall Champion at the Ag Ex Little Lady Classic, and Champion Limo at the CWA Junior Show.

This heifer has the maternal foundation, performance and pedigree to be a top addition to any program. She is the first Lilah progeny to sell, along with one of the first Rooster sired animals. She is a hard one to part with. Buy with confidence.

A deep sided, moderate frame heifer that will develop into a great cow. Her momma has lots of maternal power and her sire is a maternal force. She is an easy doing, fleshy heifer, that will pass on loads of milk and growth to her offspring. Again, this was another heifer from deep in our herd, that was hard to let go. You can buy with confidence knowing you are getting powerful genetics on both sides of her pedigree.

AI Bred March 26 to B Bar Rust. Due January 5, 2027 (285 days).

Preg checked June 9, confirmed to AI date for an early January baby.

SIRE RPY PAYNES DOMINATOR 67H

GRANDSIRE RPY PAYNES REDMAN 1G

You have to stop and look at this one, what would you change? Not a thing. She is a picture-perfect Homo polled, homo black daughter of Paynes Dominator, the Crusader/ Beach Body son we have used as a natural service sire. Her Dam, RPY 2J, is a daughter of EMF Poll Zill who is also notably the dam of RPY Paynes Diesel. 2J is a good milking, solid producing, no fuss cow. If you have room in your front pasture (and who doesn't?) 50N would be right at home. Bred to the calving ease sire Stetson, will produce a calf with some different genetics. *AI Bred April 3 to RUNL Stetson 850S. Due January 13, 2027 (285 days).*

The DLMS Purebred sale broadcasts provide live video and audio to customers around the world who cannot attend the sale. Potential customers will be able to view the live video from the ring as well as hear live audio of the auctioneer/blockman. In addition to the fastest audio in the industry bidders can participate in the sale using the DLMS point and click bidding service from their computer or mobile device.

HOW TO BID

After you have created your free user account and want to bid on a Purebred or specialty sale log in to the website:

- On the left side of the screen you will see the BUYER APPROVAL tab. Click the link and you will find a list of Upcoming Sales on DLMS, click the "Sign Up" button to request bidding approval for that sale.
- After your account has been reviewed by the sale staff your status will change to "APPROVED" and you are ready to bid.
- On Sale day simply log in to the sale and your ready to bid. During bidding when the bid button is RED, you are in as the high bidder. If your bid is the final high bid you own the lot and you can contact the sale manager to arrange delivery, pick up or to get payment details for your lots.

What needs to be said? The cow is proving her value more every year. Great milker, beautiful udder, awesome feet and legs along with the wow factor that gets your attention. She profiles second to none. KLS SULL Charmer ET, is a full sibling to SSTO Guns N Roses 9408G. These two bulls have the stamping of their mother, Riverstone Charmed, which they carry onto their progeny. These eggs being offered, are from the same breeding genetics as our EMF Nevada, THE 505N female, that has created a lot of buzz with her show success the past two years.

SELLING 3, IVF EMBRYOS, GUARANTEE ONE 90 DAY PREGNANCY, IF DONE BY A CERTIFIED TECHNICIAN. Embryos stored at Bovigen Genetics, Moose Jaw SK.

THE NIGHT SHIFT SALE

SIRE KLS SULL CHARMER

DAM RICHMOND GAGA SRD 134G

SRD 134G is a homozygous polled Richmond Zodiac daughter that we selected as our pick of the Richmond cow herd. We have utilized her extensively in our embryo program and she has worked well on a variety of sires. Two of her bull calves competed successfully in our show string last fall and we will be exhibiting a daughter by Charmer this fall. We are offering her natural born calf here in the sale, a Rush daughter that we are really excited about. Gaga is a big beautiful female and the Charmer mating has the potential to produce some awesome progeny.

WGL Night Hawk 34N was a stand out herdsire prospect from the Windy Gables Limousin program that caught our attention last spring. This bull ticked our boxes for herd-bull characteristics and big time performance. Weighing in at 1565lbs, with a 40.5 scrotal at 14 months of age and a moderate, 89lbs birth-weight. Phenotypically, he is hard to fault, with fluid movement, a long body and sound foot. Positive points all around with this critter, but most impressive is the phenomenal cow family backing him. Don't miss out on this opportunity!

SELLING 50 DOSES. 5 PACKS OF 10 STRAWS. ONLY SEMEN TO SELL FOR THE 2026/2027 BREEDING SEASON!
