Welcome

to our 36th Northern Progress Bull Sale. There has never been a better time to retain heifers and cows and breed them to consistent easy calving bulls. We would like to invite all of our past, present and future customers to look over our 2026 group of Red Angus bulls. We really appreciate our Bull customers from the bottom of our hearts and will do everything in our ability to make your Bull buying an enjoyable and satisfying experience .

This year we have 40 strong well muscled yearlings that are very quiet and 25 vigorous well grown two year olds in our sale. All Bulls in the sale will have passed a semen check and sell with a 100% guaranty. A high percentage of our Bulls are recommended for heifers as we have always bred for low birthweights and consistency of calving ease but still with rapid growth and very good muscling.

We are again willing to keep Bulls at our farm until you are ready for them and deliver the Bulls to their new homes. We highly recommend that Bulls staying at RSL Red Angus farm after sale be insured by the new owners. We aim to please all customers by providing many ways to purchase your new Bull. You can attend Northern Progress Bull Sale in person and pick up the Bull or Bulls that will work best for you and enjoy our excellent before sale lunch and hospitality after the sale or if you are unable to attend the sale you can bid in the bulls on DLMS. Or on the phone with one our sale representatives or place an order on your choices with one of the very good sale reps. Just let me know. We encourage customers to come look at the Bulls before hand if possible as they are very impressive to see in person. Videos will be available online by mid March on all sale Bulls. This should allow you to make a list of the bulls that interest you and would work well in your situation. If you have any questions or would like to tour the Bulls please phone anytime day or night. We are always just a phone call away.

Robert Laycock 306 441-5010

Jarett Greer 306 490-7818

Something new for the sale this year. We will be selling four pens of five open yearling heifers. These heifers are purebred heifers from our own herd and sell without registration papers. Registration papers can be transferred for a fee of \$100 per animal. All is well with health and happiness here at RSL. We are living the dream of raising excellent Red Angus cattle while surrounded by a vigorous, energetic great family of 4 children and 10 grandchildren. It just can't get any better!!

Good health, Great calving. Enjoy every minute of every day.

Hope to see you Sale Day!

A Word From The Auctioneer...

Welcome to the 36th Edition of the Northern Progress Bull Sale. What a time to be in the Cattle Business! We have seen record prices for all classes of cattle throughout the fall and into the spring. It is so refreshing to see a long overdue raise given to the producers across this great country. Numbers are tight, quality pays, and the difference between bred cows, heifers and opens will be substantial once again this fall. Over the past year we have seen the salvage value of cull cows and bulls increase to great levels. It has never been easier to replace your depreciated breeding bull with a bull that is semen tested and ready to breed cows and heifers. More live calves equal more profit. Over thirty-six years Robert and Family have crafted a reputation of developing elite calving ease bulls that serve both the commercial and seedstock industries. Buy with confidence, as these bulls are developed nicely and built to work. RSL Red Angus has a great variety of options to suit your program including yearling, long yearling and 2-year-old options. Over my years working at the Northern Progress Bull Sale, the cattle have evolved and the family has grown. Change is inevitable, it truly is the only constant in life. This past year a great friend, mentor and neighbour retired from the industry. I would like to congratulate Col. Mike Fleury on his retirement. I look forward to seeing everyone April 3rd at the farm. If you're in need of assistance on your next herd bull purchase please don't hesitate to reach out to Robert or anyone listed on the sale staff.

Ryan Hurlburt, Auctioneer

WE APPRECIATE OUR VALUED CUSTOMERS, PAST PRESENT AND FUTURE

We would like to work with them to make sure that their purchasing of a new herd sire is an easy and good experience. If it is calving ease, docility, muscling or great performance with strong maternal value, you can find it here in the RSL bull pen!

100% Satisfaction guaranteed!

A Word From OBI Livestock...

It is indeed a pleasure to welcome you to the 36 th Annual Northern Progress Bull Sale. This past year has seen the Canadian cattle Industry move ahead to a new level and many producers are keeping a few extra heifers to help grow the dwindling Canadian cow herd. Robert and family have once again put together a superior set of bulls that will fit well into many programs. The bulls that have been grown responsibly on a high roughage TMR ration. The fall born yearlings and 2-year bulls were held over specifically to compliment the yearling bulls on offer. They will cover more cows and work great in larger pastures.

There are definitely some Purebred Herd Sire prospects in the offering again this year. Calving ease has been RSL's focus over the years but looking through the pens, you will see that the bulls might be calving ease but still carry the style, thickness and size to compete in all categories. Bulls from this program have worked well in a lot of breeding operation's, both Purebred and commercial.

If you are in the market for a calving ease bull, I would put RSL on the top of my list. We encourage you to come to the farm in advance to view the bulls. If you have any questions, Mark and I or the rest of the sales team would be happy to assist you as we have been through the offering several times and are familiar with the RSL program. If you need help with your purchases, please give us a call sale day. We look forward to seeing you at the sale on Friday April 3 rd at the farm south of Battleford.

Sincerely,
Roger Peters, OBI Livestock

Yearling Bulls | Lot 1-40

This year we raised the yearling bulls right to weaning with no creep. Just fall rye and grass pasture as well as RIO 360 tubs. Which really added excellent trace minerals as well as excellent gut health and very early stomach development. There is nothing more satisfying then watching bull calves eating cut feed and silage beside their mothers . Just laying and chewing their cud by the time they are 2 1/2 - 3 months old. After weaning they have been fed tub ground hay and full hay bales and pail fed twice a day a 13% high roughage pellet at about 1 % of their weight.

	-3	35	63	13	22		60 lbs.	702 lbs.

575N is a moderate framed extreme calving ease that is very quiet. Born at 58lbs and weaning at 702lbs is amazing. With Wyoming and Scenic Route bloodlines in the dams side the calving ease consistently and maternal genetics should be second to none. The dam is an outstanding cow with very good milk and udder that has averaged 65lbs birthweight on 6 calves with short gestation. Both of her sons have sold to Blaine Sautner in '21 for \$6500 and '25 for \$10,500. Recommended for any heifers.

- RED RSL MISS TEE 284D

RSL 576N is an outstanding herd bull prospect born at 62lbs and weaning at 776lbs on Oct 1/25 with no creep just mother's milk. The dam is another very consistent low birthweight Wyoming daughter that has an extremely good udder. Average birthweight of 66 lbs on 6 calves and yet excellent performance. She has had sons selling to East Bordon Grazing Coop in 2022 and 2024 and Todd Hiebert in 2025. Recommended for any and all heifers.

 RED LAURON MISSY 6Z

581N is a dark red long bodied excellent muscled bull that weaned off at 902lbs with no creeped. He is one of

the quietest, well mannered bulls I have ever raised. The dam is a very good Scenic Route daughter that had averaged BW of 79lbs on 10 calves. She has only raised two bull calves but the first one sold for \$28,000 in our 2021 Sale to Chittek Farms and Neilson Angus and this bull that is a very high end bull that could breed heifers or cows in a purebred or commercial herd. Very special bull that has it all style, performance, calving ease, excellent temperament all in a dark red coat. It would definitely be worth the drive to see him in person!

Two Year Old Bulls | Lot 41-61

In Our two years old program we keep a lot of low birth weight calving ease bulls to serve the heifer breeding programs. These Bulls can breed many more animals in bigger pastures and still be a good herd bull prospect at the end of the season. The extra maturity makes it so that there is a lot more heifers bred once and move on rather than staying with the same female longer which limits the number of animals bred. The Two year old bulls are back rounded the first winter and put on grass in June til October. Then fed similar to the yearling bulls. Pail fed pellets as a percentage of their weight (1 - 1 1/4%). This gives them enough protein and energy to show their potential without over fattening them. They should be able to go out and work for many years for their new owners.

Long Yearling Bulls | Lot 62-65

Our Fall program that we have has been going since 1993. Was started with Fall born heifers bought from Ken Frazer to provide bulls with more maturity for breeding in larger groups or pastures. Be able to still hold their condition far better than the yearling if they are left out for a longer period. They are moderate frame size which is ideal for breeding heifers for many years. They are born mainly in August and spend the first winter on their mother's milk without grass so that is why their WW are slightly less per day of age.

LOT 66 **Commercial Heifers**

On offer- 4 groups of 5 straight Angus selling as commercials

TERMS AND CONDITIONS

BIDDING: Each animal will be sold to the highest bidder whenever there are two or more bids.

BIDDING DISPUTES: The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

TERMS: The terms of the sale are cash. The right property shall not pass until after settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the ranch.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be fed, watered, and cared for at the purchaser's risk for a reasonable time.

DELIVERY AT COST: Or haul your own and save delivery costs (See inside front cover for details).

INSURANCE: An insurance representative of a major livestock insurance company will be present to care for insuring cattle.

CERTIFICATE OF REGISTRY: A certificate of registry and transfer will be furnished for

each animal sold as a registered animal, after settlement has been made.

HEALTH: All cattle will be in excellent health.

ANNOUNCEMENTS: Changes of information contained in the catalogue relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence over the printed matter in this catalogue.

BREEDER'S GUARANTEE: All animals sold are guaranteed breeders by the owner. Any animal that has not proven itself a breeder within six months after the date of sale, if in healthy condition, may be returned to the seller at the buyer's expense. The seller reserves the privilege of trying for a period of six months to prove the animal a breeder. The seller at his option may either return the purchase price to the buyer or replace the animal with another of equal quality in full settlement of ALL claims. Yearling bulls shall be guaranteed breeders for no more than twenty-five females. All complaints regarding

breeding difficulties must be reported in writing by the buyer to the seller within the specified time above, and any animal returned must be free from disease and in good health. All bulls will be scrotal measured and semen tested prior to sale and sell as guaranteed breeders. Scrotal measurements will be available sale day.

IDENTIFICATION: Each purebred animal carries a readable tattoo.

LIABILITY: Although every precaution will be taken to protect the safety and comfort of the buyer, neither owners, sale manager, clerks nor anyone connected with the sale assumes any responsibility, legal or otherwise, for damage of any kind.

CONTRACT: The above terms and conditions shall contribute a contract between the buyer and seller of each animal sold.

SEMEN: *Consignors reserve the right to collect semen on sale bulls for in-herd use only*
