WILGENBUSCH CHAROLAIS

NORTH<sup>of</sup> The  
23RD ANNUAL 49<sup>th</sup> BULL SALE

WVC

SELLING 80 YEARLING AND 15 TWO-YEAR-OLD CHAROLAIS BULLS

JOIN US FOR A LIVE SALE AT THE WC RANCH, HALBRITE, SK, 1:30PM

# WILGENBUSCH CHAROLAIS

# NORTH<sup>of The</sup> 23RD ANNUAL 49<sup>th</sup> BULL SALE

See videos of the bulls online at [www.wilgenbuschcharolais.com](http://www.wilgenbuschcharolais.com)

## SEMEN TESTS

All bulls will be semen tested, measured and evaluated by a licensed veterinarian. Scrotal measurements will be available sale day.

## ULTRASOUND DATA

Ultrasound data will be available sale day

## ABSENTEE BUYING BY ORDER OR ONLINE

If you are unable to attend the sale, we can help you find a bull to fit your program. Call one us or the staff, or buy online through DLMS.

## DELIVERY

\$50 per bull for the first 300 km, or bring your trailer sale day and receive \$100 credit on your total bull purchase.

## BOARD

We can look after your bulls free of charge until turn out time. Bulls staying at Wilgenbusch Charolais must be insured by the buyer. Insurance will be available sale day.

## TERMS

Wilgenbusch Charolais will offer terms, call for details.

## ACCOMMODATIONS

Travelodge 306-842-1411 • Canalta Hotel 306-842-8000  
Ramada Hotel 306-842-4994 • Microtel Inn 306-842-5700

## SIGHT UNSEEN PURCHASES

If you are interested in any of the bulls but are unable to attend our sale, we would be happy to assist you in finding a bull that suits your needs, satisfaction guaranteed. Give Craig a call a few days prior to the sale to allow us to discuss what you are looking for and suggest bulls that fit your criteria. We want to assist you in any way that we can to make this a convenient option to purchase a bull.

# Welcome

Welcome to the 23rd Annual "North of the 49th Bull Sale"

This spring should be a huge celebration within this industry for all of the families that have sacrificed so much to get to this point. Our operation has worked for generations to bring you this offering. Hats off to you and your entire family; this cattle world is not for the faint of heart. It takes a certain kind of individual perseverance and succeed. The sweat equity that has been poured into each ranch is finally seeing a bit of reward. Hands down, I would not change a thing over the last 23 years. The people we have met along the way and how it has shaped our lives has so much value in itself. Raising livestock is a lifestyle and you have to absolutely love it.

Our customer base is what makes this seedstock ranch tick, day in and day out. Thank you for the trust you put into every WC bull that has walked in your operation. You are what drives our program.

Charolais calves is the name of the game when it comes to marketing feeder cattle. They push the envelope with their superior growth curves and strong feeder demand. When every pound matters this fall at \$5-6 per pound we are talking about some serious value. An extra 50 pounds added for crossbreeding over 20 steers is a massive dividend on \$6 a pound.

Our catalog leads off with the 2208 sire group for very good reason. These bulls are heifer approved and exceptional in quality. The Lithium calves follow. This bull to me is a well rounded individual that we decided to keep and use. A mix of power bulls and calving ease bulls follow throughout the catalog. We are extremely proud of this group of yearling bulls. We are again offering 15 two-year-old bulls. They are mostly April and May born individuals. They have been pail fed from September to January. They are quiet and easy to handle bulls and will cover some extra cows that first year.

We practice what we preach; feet and legs are a non-negotiable around here. These bulls are sound and feet have not been trimmed. We stand behind our bulls structure and expect them to be sound breeding bulls. Herd bulls around here follow the same criteria; we don't use a herd bull for a fad or numbers. We use them because they are good bulls. We are huge on structure, feed, feet and legs.

We welcome you to the ranch any time for a tour and we look forward to seeing you on April 6th at the ranch.

**Lot 1**

New York is a unique breeding piece. This bull is the ultimate blend of balance, character and soundness. His front end is ideal in so many ways. This stud has been at the forefront of pasture tours all summer. I am a firm believer in skull structure and this guy has it. Thickness, sound structure, tight sheath and ample toolbox make this bull a sound breeding decision. The 2208 females have udder types that are superior to breed average. Use New York to add long term breeding value in your program.

**Lot 2**

Neon Moon has been one of the standout heifer bull prospects from the start. This bull has a tremendous look to him. He is soft ribbed, thick hipped and balanced. He is a bull that is loaded with maternal from front to back. The Hardball females are upper level in terms of udder quality. His sire 2208 has both calving ease and maternal jammed into one pedigree. The females he will leave are going to raise some of the good ones in years to come. Neon Moon is superior when it comes to udder quality and structural correctness.

**Lot 3**

Nickel is another testament to the value in the 2208 pedigree. This bull is loaded with maternal fire-power. His dam is another Hardball daughter with a superior udder type. He screams calving ease with an 81lb bw and doesn't sacrifice growth. This bull is almost too quiet as you will see in his video; the 2208 pedigree is super docile across the board. The lot 2,3, and 4 are all  $\frac{3}{4}$  brothers. These 3 Hardball females are some of the most exciting females in our program.

**Lot 4**

Next Level calving ease is what you have here. This bull is balanced with eye appeal, hair and sound structure. He is smooth from every angle. He is thick topped and square footed. His dam is an impressive Hardball daughter that will make her way to the donor pen in the future. This female is deadly uddered and so correct in her structure. When they can calve this easy and have this much look the breeding potential is really high.

**Lot 5**

Nike is one cool dude from front to back. The front end and shoulder this bull has are ideal. His rib shape is explosive combined with a balanced look and is still so strong in his forerib. He is a square hipped bull that can get out and move on a sound wheelbase. His dam is a workhorse type female that is massive ribbed, easy fleshing and sound udder type. Nike is a 2208 son in the top 15% of the breed for calving ease with an attractive build to him.

5005N is stout, wide based and thick topped with plenty of muscle and shape. Naveen had an ideal skull type. He is calm as a cucumber and look at how this fella will calve. His dam is a front end Epic daughter that stems back to the old Chardel 325 cow that I should have flushed 15 years ago but hindsight is al-ways 20/20. I really like this bulls pedigree on both sides. If you want predictability and longevity he will have both in spades.

Lot 16

963N is a real calving ease 2208 son. This bull is small headed with less bone mass and a tight sheath. He is arrow fronted, square footed, and has an ample toolbox.

## We feed for athleticism & longevity

The entire pen of bulls has been developed on a high roughage, total mixed ration from fall weaning to spring delivery. The ration has been formulated to maximize nutrition. We like the bulls to gain 3-3.5 lbs/day, carrying moderate flesh, not excessive body condition. We feel it is difficult to properly appraise these bulls when they carry excessive condition.

Longevity and athleticism is of highest importance - structurally sound feet and legs are a must and we will not put any trait ahead of it. We are confident in the dam's structure and the herd bull they are sired by or these bulls aren't in the sale.

We understand that we are a performance driven breed and we strive to utilize genetics that add pounds to your calf crop without sacrificing calving ease. It is important the genetics we select also leave you with desirable replacement females.

**Lot 17**

Night Rider is the lead off bull out of the Lithium sire group. This bull is full of red meat from front to back. He is wide based and massive topped with a beautiful skull. Night rider is long spined and so sound on the ground. This bull is loaded with eye appeal from every angle. This breeding tool will add a ton of value with his overall presence and maternal background. The Guinness dam raised the high selling Ran-som son in last years sale. This female is all sorts of good, with an awesome udder type, extra rib shape and overall balance. If you want to improve some foot structure in your program this bull will do just that he is so square on all four corners. We plan to utilize Night Rider in our program this spring. He adds another front end female into a maternal powerhouse pedigree.

**Lot 18**

Night Life is one to look up on sale day. This fella is a complete stud from front to back. The muscle pat-tern and shape he represents is truly impressive. He is as chisel fronted as anything in the bull pen. The Lithium calves are stout based and they all carry that same skull with massive ears. We talk about cow power lots around here and I am huge on maternal strength. His dam is one of our feature cows for so many reasons. She is easy on the eyes. If you look at 3 generations of this bulls pedigree he is stacked with maternal power like crazy.

Lot 19

This Lithium son has been a favourite all summer long. North Dakota is as long sided as you find, loaded with rib and volume. He comes with nice calving ease out of a Ransom female and stemming back to the Wynnemaker cow family. If you want some really good replacement type females this bull is stacked with maternal traits. His dam might be the heaviest milking female in our program.

I do believe this is the youngest yearling in the sale. He has ample performance and plenty of calving ease. Nissan is attractive headed, easy keeping, soft ribbed and sound footed.

**Lot 39**

Northern is a really solid red factor bull from front to back. This bull is attractive from every angle. You love his skull and his overall balance. His calving ease numbers are impressive. He is that deep red color and all sorts of good. The red factor world is tough to find good ones. This bull does a ton of things so well. His dam is no stranger to raising front end cattle. She is our red factor flush female for her production record and maternal value. Northern's full sibs were high selling red factor bulls in 2023 and 2022.

Nevada is as good as you will find with this much color in the Charolais world. If you want volume, stoutness, hair and mass he represents that very well. This bull is built right from front to back. He has been one of my favorites since he hit the ground. Nevada is a bull that would work so well on cowherds to maintain color and maternal value.

Lot 45

National is one powerhouse individual. He is at the forefront of plenty bull tours. This bull is probably as soft middled and easy keeping as you can find. This type of bull is really useful to me in so many ways. That fore rib and rib shape are not easy to attain. This bull is a unique tool that can be used plenty of different ways. His dam is an actual whale; she is massive in terms of volume and rib dimension. She is sound uddered and no matter the time of year she is always over conditioned.

Newtown is a really nice combination of calving ease and growth in a massively high maternal pedigree. This fella is rock solid from the ground up. You admire him in motion and you really gravitate to him on the profile. This bull is smooth as silk, clean fronted and wide based from front to back. The Honky Tonk pedigree has excelled so well in both our program and the Elder program. His dam had the high selling bull in last years sale to Hunter Charolais. You want to raise some powerful bulls that are easy on the eyes, he will do just that. This pedigree is the type that you just keep every female they will be milky and highly functional.

Napoleon is a real stud of a red factor bull. This bull is balanced with a thick loin and a rock solid foundation. His dam is a real feature female that is ideal in frame and sound udder type. This bull will calve really well and put a bunch of muscle in his calf crop without sacrificing eye appeal.

Norwood has had a really nice presence from an early age. This bull is soft ribbed, easy doing and has a fault free structure. His dam is an absolute beast of a cow. She is long sided with a beautiful udder type.

Nirvana is one cool red factor bull. I really appreciate his overall balance. This bull is tidy fronted, thick bodied, clean sheathed and so sound to the ground. His dam is a real producer and has outdone herself the last two years.

Median is long sided and stout in every direction. Strong headed and thick topped describe this two year old. He will cover some ground.

Mac is a long sided creature with plenty of hair, a thick top and is square hipped. His dam is one feature female around here with a sound udder type and massive foot structure.

## TERMS AND CONDITIONS

**TERMS:** The terms of the sale are cash or cheque payable immediately after the sale in Canadian funds. The settlements must be made with the sale clerks before cattle will be released. The right of property will not pass until final payment is made.

**BIDDING:** Each animal will sell to the highest bidder. Bidders unable to attend the sale may phone their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

**DISPUTES:** Bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision is final.

**ANNOUNCEMENTS:** Announcements made from the auction block will take precedence over printed matter in the catalogue. assume no liability, legal or otherwise for any accidents that occur.

**PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. All animals left with the seller must be insured.

**LIABILITIES:** All persons attending the sale do so at their own risk. The seller's assume no liability, legal or otherwise for any accidents that occur.

**CERTIFICATE OF REGISTRATION:** Each animal will carry papers issued by the appropriate breed association. A certificate of registry duly transferred will be furnished to the buyer after payment has been made.

**BREEDER GUARANTEE:** Should any bull fourteen months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following the date of purchase or six months after the bull has reached fourteen months of age. The seller has the right and privilege of six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

**EXCEPTION GUARANTEE:** In the case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void.

**INSURANCE:** Wilgenbusch Charolais offers insurance and it will be available sale day.
