CLUB CALF STEER AND HEIFER PROSPECT SALE

It is with great excitement welcome you to our 14th November Gold Sale! We couldn't be more pleased to bring you this set of calves! It is a little smaller group this year, but the quality is deep. A group of steers that will compete well at 4H and Junior levels, and we feel could take you all the way to the Stampede. A set of tremendous heifers right from the heart of our herds- truly some very unique breeding pieces on offer. Another set of cattle that show you the high quality that has allowed us to stand the test of time at 14 years together.

This cattle market continues to be strong and the much needed moisture has brought the sloughs and pastures back to life. What an exciting time to be in the cattle business! We truly believe if you flip through these pages, you will find a calf suited for your needs. Please do not hesitate to reach out to any of the consignors with any questions you may have- we would love to talk cattle with you!

It was another outstanding year for our November Gold Juniors! We saw many Club Champions and Regional Champions. We watched you show off all of your hard work in the ring at so many Junior Shows and Jackpots, with many banners hung and smiles all around. We had 6 steers competing in the Calgary Stampede, with two making it back into the final drive. We were also lucky enough to watch many young and first time members get through the ring themselves. It was truly an exciting year for our November Gold Juniors and we couldn't be more proud! To all of our Juniors and their families, we extend a huge thank you to you all for getting these calves down the road and doing a such an outstanding job!

We would like to welcome Kolton McIntosh back to the Auction Block this year. We are very excited to have him back! We would also like to welcome back Blair McIntosh. Blair has been with us since day one answering so many phone calls to so many families, helping us get these cattle moved. We can't begin to explain what a huge part of the November Gold Family he is, and we appreciate him very much. We are also very excited to have DLMS back with us. Mark, Joanne and their team are the best in the business and we are lucky to work with them.

We look forward to seeing you all in Lloyd at their wonderful facility this Oct. 17th! Make sure to mark the date in your calendar for another exciting group of steers and heifers. A group worth waiting for!

When we think of a show steer, Vladdy fits that picture. I am not sure we have ever raised a steer of this quality. Here I Am stamps them, and this steer is proof of that. Vladdy is big boned, big topped, smooth and soft made. He definitely has the look, hair and capacity to compete. This is a steer we think very highly of and I would make sure to mark him in your book.

You will see Goose in quite a few of our pedigrees this year. He is a home raised Maintainer bull sired by Comfort Zone. He is full brother to RASA Rip 419J, a bull we sold to Reid Ranching that sired the many time Champion Heifer Reids Annex. He is also full brother to RASA Mr.Bojangles 232E, who was a National Champion. Goose is making his stamp here, and we really like his calves. Forrest is a great fronted, smooth made steer that we feel has a lot of potential. He has the look, he likes to eat. He could make a really fancy show steer!

A good-looking, well-built calf with plenty of upside as he continues to develop.

As his name states this one has been highly praised this summer! Already being crowned Champion Prospect Steer at both Weldon and then again at Prince Albert Ex. In terms of what we value the most in producing prospect steers this guy checks the boxes. Great haired, great disposition, ultra sound structured with tons of bone, and a look that could knock your socks off. Every year I say "this could be one of our best steers yet" and I'm gonna say it again because this one is GOOD! High competitive show steer right here that reads like a fat steer from all angles.

The youngest steer in the pen but by no means has that been a hinderance. He's probably put on more weight and changed the most than any of his pen mates. We really love this ones up-headed "cocky" look and how he hits you the hardest on the profile. Truly, a versatile type steer that will be highly competitive at the spring jackpots yet be easily manageable to campaign late into the summer. There is a tremendous amount of quality and upside with this guy.

Eye catching tan guy here! We really like this calf on the profile. One that is very up-headed and proud. He's extra loose hided, so in terms of feed-ability, a steer that with easy management could make a well marketable finished steer. He's good looking enough to remain highly competitive at all levels.

We love to see updates on heifers sold in past sales. We don't just offer these heifers as "show animals", we offer the best of our calf crop so they can go on and make a difference in your herd.

This was our first year using Stratton and we are very happy with the calves he has sired here this year. Timberland stems from none other than the Muirheads Timberland 7A cow family, the cow that started our purebred herd. Out of a beautiful Cobra cow who never lets us down, it is hard for us to poke a hole in this heifer. She is swoopy bellied, stout, and feminine. She is everything we look for in a heifer. Timberland was Reserve Champion Heifer Calf in the Princess Classic Jackpot at the PA Fair, and we think she has a bright future ahead of her.

Dance Party also stems from our Muirheads Timberland cow family. Her dam is a beautiful black baldie DSFF Driver sired third calver. Her first calf RSA Life of The Party 554M sold in the November Gold Sale to Lane Robinson, and has gone on to be a beautiful little cow. Dance Party is full sister to Jack's show bred from this year, and if she turns out as good as her sister, which we predict she will, you won't be disappointed. We flushed her Dam this spring, otherwise she probably wouldn't be in the sale. She is soft, feminine, sound, quiet and just flat good. Whether you show her or just breed her, you can't go wrong.

It has taken us a long time to breed a heifer up to ³/₄ Maine status, and we are super proud of this girl. If there was a heifer we should be keeping to build our Maine herd, this is her. But at the end of the day, we want to showcase our best and Sweet Rum checks all of the boxes for us. Out of the Top 10 Supreme Qualifier Mr Rusylva We Deliver and a Daddy's Money/Comfort Zone cow, she has a very intriguing pedigree. Sweet Rum is long bodied, big boned, beautiful fronted and has hair that is just a dream to work with. It has been a really long time since we offered a clubby heifer in the sale, but it has also been a long time we have had one of this quality. We flushed Pepper's Dam to How Great Thou Art, and Pepper is a product of this flush. She is full sister to Briar Paulgaard's steer Nacho, our Lot 1 steer last fall. Pepper's dam, Ruby is a heck of a cow. She has had daughters grace the November Gold Sale ring as well, with the most memorable being Ghost Pepper, sold to Weston Fahey. If you are looking for a heifer to make you some show steers, Pepper is your gal. She is stout, big eared, rocket fronted, big boned, and just flat out cool.

I've used the line "we really shouldn't be selling this one" before and like previous times, I mean it. These are the kind of females a person wants to get a hold of and run with. In terms of a show female she's got what it takes. Big boned, massive hiped, deep bodied, and smooth enough fronted that ties nicely into her neck and skull. Where we think she shines is in her future capabilities to create the next generation of show steers.

This one has been a barn favourite throughout the summer for multiple reasons. Firstly, her build and quality. We just love this one from a lot of different angles. Secondly, and most obviously, her cool colour. I mean who doesn't love a badass silver one! And thirdly, has to be her disposition and overall demeanour. It's been a treat to work on this one. Without worry she's ready for a young, first time show person. With our top donor female Lolitta on the bottom side, it's without a doubt she will be a steer making machine once she's out into production.

This will be the final embryo mating available from the package we purchased a few years back from Kaycee Buchanan. We have marketed a couple full sibs in past sales with the most recognized being the black and white steer named "Big X" that Jorja Fox campaigned very successfully. This heifer is one to be appreciated for her show ring look. She's balanced nicely from front to back, standing on a good sized foot and ample bone. Her muscle pattern relates more to a breeding piece which is exactly where this female will ultimately shine.

A later born calf that is quickly gaining traction. She is beautifully necked and pretty fronted that flows well into her spine. One that is noticeably getting bolder ribbed and dropping more belly almost daily. This ones dam, 19G, has contributed her last 5 calves consecutively at this sale. That shows you just what kind of maternal cow power this one holds.

He keeps us organized, he helps with sale order, he studies the offering from top to bottom, answers calls from breeders and juniors to help us get these cattle sold, and shares his endless knowledge of the cattle industry with us.
