# oakstone land & cattle welcome

Welcome to our 2026 Bull Sale! We are pleased to have you join us at our 5th annual sale. The Bratrud family would like to thank you for your continued support and trust in our program.

This year we are doing our sale through DLMS Farm Gate Timed Auctions. All of the bulls can be viewed on the farm any time before the day of the sale. Please call ahead. If you are unable to make it to farm to view the bulls in person prior to the sale, we would be happy to discuss the bulls with you to find options that would work for your operation.

This year's offering is the most consistent pen of bulls that we have ever offered, that will work for a variety of operations. On offer, you can find anything from calve ease bulls to performance bulls. Every operation is different and so are their needs. We are confident we can help you find your next herd sire here at Oakstone.

If you have any questions, please do not hesitate to reach out and call or text Ryan.

## *terms & conditions*

### **INSURANCE**

All bulls staying on farm to feed before delivery must be insured.

### **DELIVERY**

We will deliver the bulls free of charge within the prairie provinces and will try our best to bring them directly to you, although a delivery drop off location close to your location may be utilized. Delivery outside of this area is the responsibility of the buyer and we will assist with arrangements if needed.

### **SEMEN RIGHTS**

Consignor reserve the right to draw semen off any sale bull at the Buyer's convenience and the seller's expense

### **TERMS**

The right of property shall not pass until after settlement has been made. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### **BREEDER'S GUARANTEE**

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

### **EXCEPTION GUARANTEE**

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

### **CERTIFICATE OF REGISTRATION**

Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### **PEDIGREE ESTIMATES**

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## *farmgate bidding*

1. Visit [dlms.ca](http://dlms.ca) and follow the link to the DLMS Farm Gate timed auction site [www.farmgatetimedauctions.ca](http://www.farmgatetimedauctions.ca), click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots, or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your username and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.

5. Following the sale the Consignor or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

For more info and assistance with bidding contact any of the sale contacts listed on the DLMS Website;  
DLMS Farm Gate Timed Auctions.
