Welcome

Welcome to the Ockerman Angus Online Bull sale. The bulls that are on offer in the sale are bred for fertility, milking ability, structure, confirmation and overall soundness. These bulls have great dispositions. Their genetics are from well respected blood line in the angus industry. Each bull for sale is hand picked for the sale and we feel they will go out and do a great job for the customer. The online sale is through DLMS Farm Gate on March 7/8 2026. Stop by and look at the bulls because the coffee is always on. We look forward to showing you the bulls.

Sincerly, David and Erica Ockerman

How to bid, participate and buy your bull on DLMS FarmGate

How to Participate in the DLMS Farm Gate Timed Auction with

Extended Bidding:

1. Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page.

2. After you are at the FarmGate Timed auction site -

farmgatetimedauctions.ca, click the

LOGIN/REGISTRATION

button.

First time

FarmGate users:

- First time users

will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for

use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate

account from your DLMS Live sale site)

- After you create

your FarmGate account you will receive a txt message with a pin code to verify your account.

- On your first log in to FarmGate Timed

auctions we recommend you go to your profile and confirm your notifications are

set to YES. This allows the site to send you text and/or email notifications

when you are out bid and if there is activity on your favorite lots.

Returning FarmGate

users:

- If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

3. How to Bid

Now that you are logged in and your account phone number /

email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in

bidding on. After you have found the lot

there are 2 options for bidding on the lot.

- Place Next Bid -

to place the next bid on the item, you see the amount in the first box, you

simply click the "Place Bid" button and after you review the bid and agree to

the terms and conditions your bid will be placed.

- Max Bid Amount -

to place a max bid you put your max bid in the second box listed as "Max Bid"

on the item, and then click the "Place Bid" button and after you review the bid

and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will

then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not

able to give 100% attention to the sale close out and protect your interest so

you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential

from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid

on it and you place a proxy bid of \$3500 into the system, the computer will bid

\$2100 for you but if some one else bids \$2200, the computer will again bid for

you, this time at \$2300. The system will look after your interest to a maximum

of \$3500. If another bidder is on at \$3600, your proxy will no longer be

effective and you will no longer have the winning bid on this lot without once

again logging in and bidding again or moving your attention to a second lot of

interest. Please note that in some

cases a lot value can change very quickly if 2 max bids are placed on the same

lot competing against each other.

4. Watch List Feature

If you have items in multiple auctions or only a few from the

same auction that you want to watch with out having to scroll through the

entire list you can add the lots to your watchlist. On each lot you will see the "eye" button

beside the bid button, by clicking this "watchlist" icon that item is added to

your personal watchlist for easy viewing of just your favorite lots in this

sale or on the entire site.

5. Sale Ending / Closeout

Most FarmGate Timed Auction sales close racehorse style with extended bidding.

What is Racehorse Style Close?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

How will Extended Bidding works?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

6. Bidding Close & Follow-up

After the clock has gone to "ENDED" and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.
