Proceeds from the donation heifer will be directed to the Altario Agricultural Academy and the Barrhead Agricultural Society for the wash bay, The Altario Agriculture Academy is a unique, student-led program that integrates the Alberta high school curriculum with hands-on farm operations. What began in 2016 as a simple community garden has grown into a full farm-based learning academy. We are proud to support this student-driven initiative, which celebrates the region's agricultural heritage and ensures young people have meaningful opportunities to explore agriculture as a valuable and rewarding career path.

DONATION Heifer

OBI WELCOME 2026

Welcome to the 26th Annual On Target Bull Sale. Last year's sale was the best ever and with the cattle industry still exploding everywhere this year's sale is a must attend. Dwajo Angus, Cinder Angus and SIBL Simmentals with KD Simmentals continue the tradition of servicing the area with top quality bulls for you, their customer. One thing that has never changed is the service the group provides for their customers; listening to what their needs are and making sure they are satisfied with the product.

The consignors have put together a very strong set of bulls for you to analyze this year. This sale continues to be a leading event in Northern Alberta with the uniqueness of the offering available for all clients. The families involved are hard-working, dedicated, and progressive breeders. Sound, good footed, docile bulls with longevity built in mind. This is found true when visiting with the many repeat buyers over the 26 years for the consignors. This sale has everything you need in the Angus and Simmental breeds, a one shop event.

SIBL Simmentals, KD Simmentals, Cinder Angus and Dwajo Angus have been leading seedstock producers for the customers across Northern Alberta. The bulls offered in each operation are very consistent and very useable bulls for all. This could be the best set assembled for this group.

I am very familiar with all the herds involved in the On Target Sale so if you need any assistance before or on sale day, please do not hesitate to call me, anyone of the consignors or sales staff. We will be glad to help you.

See you at Barrhead, March 17th.
Mark Holowaychuk, OBI (403)896-4990

TERMS & CONDITIONS

- All cattle will sell under the standard terms and conditions set forth by the CAA and CSA.
- Terms - The terms of the sale are cash or cheque. All monies are in Canadian funds. The right of property shall not pass until after settlement has been made; payable at par to OBI. All settlements must be made with the clerk before any cattle will be released.
- Disputes - Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue.
- Liabilities - all persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur.
- It is understood that OBI is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does OBI assume any financial obligations to collect or enforce the collection of any monies between parties and any legal action that may in exceptional cases be taken must be between buyer and seller.
- Insurance - Each animal becomes the risk of the purchaser as soon as sold, so we do recommend insurance. Sale
- Cattle - All cattle will sell according to the Lot Number tags in the catalogue
- Registration Papers - All animals selling are registered and will be transferred only upon full payment.
- CONCERNS - PLEASE CALL OBI FOR ANY CONCERNS THAT YOU HAVE AND WE WILL BE ABLE TO HELP YOU ACCORDINGLY

ON TARGET BULL GUARANTEE

We guarantee to provide you with a sound, fertile bull capable of servicing cows. In the event that your bull is a non satisfactory breeder, the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consigner will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available sale day. Note: Bulls can be wintered until April 15, 2026 at no charge but all bulls kept must be insured.

SALE DAY DISCOUNT

\$100 OFF YOUR PURCHASE PRICE IF YOU TAKE THE ANIMAL HOME SALE DAY.

BUYERS DRAW 2026

WE WILL BE GIVING A \$500 SALE CREDIT TO THIS YEAR'S ON TARGET BULL SALE.

CINDER *Angus*

Welcome to the 26th On Target Bull Sale. We truly appreciate your support of our program over the last 25 years, and we believe this 26th set of bull offerings could be some of our very best. The bulls have done well through the winter and look to carry on the Cinder Angus quality that has defined our program for the past quarter century. There are exciting calving-ease options along with some top-notch herd sire prospects—big, fleshing, front-pasture type bulls built to go out and work.

We are grateful and honored to work with some of the most knowledgeable purebred operations around. They consistently produce bulls and females that simply work across the country. Thank you again to Dwajo, SIBL, and KD Simmentals for bringing the goods to town, and thank you to Mark, the OBI staff, and the ring man for your dedication to sale day.

On a personal note, I would like to thank my family for their hard work this past year. Some days have been a struggle, but together we always get it done. Tavi has been busy competing in the Alberta Ranch Horse Versatility events, showing her dedication and love for the industry, while Nicolle keeps everything moving behind the scenes—running in every direction, handling the many in-betweens, and helping Tavi along the show road. We are also incredibly thankful for the close friends who are always only a phone call away during the tough times. Once again, it is you—the bidders and buyers—who make all of this worthwhile and deserve the credit for appreciating what we strive to offer year after year.

If you have any questions, please don't hesitate to call any of us—we're open 24/7. The dams of these bulls are all here at home, raising another strong set of calves this year with the kind of udders and dispositions we take great pride in. As Brynne continues to expand our horizons, we are excited to introduce some half-blood Simmental and Shorthorn influence, adding new options to evaluate in the pens. Our black-red carrier herd sire prospects are outstanding, and we are excited about the outcross possibilities they provide. Be sure to study 617N and 147N—both unique in pedigree and makeup. And we can't forget the red bulls, highlighted by BLY 5583N, a true calving-ease outcross for programs across Canada and beyond. The Pie Complete × Bieber Atomic combination is especially intriguing.

We can't wait for sale day—this is what we work toward 365 days of the year. March 17th will be a good day, and we look forward to visiting with you, hearing about your past year, and watching a fresh set of Cinder calves hit the ground. We would like to retain the right to on farm use semen on any of the Cinder offerings (buyers' convenience, sellers expense). Possibility of retaining one bull from Cinder offering, willing to work with prospective buyer or potential partners (additional terms to be announced sale day).

Thank you so much,

BRAD, NICOLLE, BRYNNE & TAVIANNE YODER

Rarely you'll find one with as much spread as this calf. Massive from behind, bold over his top, and impressive from every angle, this one screams power and presence. Maternal backing runs deep, tracing to "Kiki," a multiple-time Farmfair and CWA champion. That pedigree shows in his stoutness, bone, and dimension. He's the kind you'd keep, show, and build around if herd relations allowed. The breed needs more cattle built like this — genuine, rugged, and real. Simply put, he's constructed the right way to make an impact.

DAM

SIRE

One you truly need to see in person to appreciate. Excellent leg shape, smooth shoulder, clean skull, and balanced design similar to 417N but with his own punch. Arguably the standout red in the pen. The PIE Complete influence paired with the long-proven 83U cow family brings durability, soundness, and maternal strength. At 17, that foundation cow still defines longevity. Bulls from this line are worth owning, and this one sits near the very top. HEIFER SAFE

For a while nobody knew whose calf he was, but the quality was never in question. Turns out ole faithful is cashing out again. Without fail this cow I kid you not, cranks out some of the best. He blends masculinity, squareness, and structural soundness with ease. Smooth moving, balanced, and hard to fault, he stays true to himself every step. Sired by SLGN X-Files, a bull known for levelness and longevity, he carries genetics that never go out of style. Calm, correct, and quietly impressive, he's a keeper consideration. HEIFER SAFE

The best purple raised here, plain and simple. Stylish yet functional, elevated but still practical, backed by easy-fleshing, good-uddered cattle. Versatile enough for red or black programs without sacrificing usefulness. The cow line improves with time, suggesting his future only gets brighter. Balanced, dependable, and built with long-term value, he's the kind we'd keep if herd relations allowed. Unique, versatile, and HEIFER SAFE

Big framed early yet never sacrificed structure. Long sided, strong footed, big boned, and backed by the same productive cow family as 393N — Quiet, broke, and senior-rancher approved. Ideal for programs chasing maternal strength, udder quality, and added scale. A practical, growth-oriented bull with real usability. HEIFER SAFE

PATERNAL SIBLING

SIRE 6 & 7

Utilizing Tommy Jack was truly a big brain move (don't tell Brad I said that). Soft made, properly proportioned, and carrying enough jam without losing balance, he's an intriguing kind. His dam is youthful, fertile, and highly functional with the kind of track record you trust. Pictures don't fully capture him, so be sure to watch the video to appreciate his movement and design. These Tommy Jack sons are sleepers with real usefulness and consistency. A complete, practical bull built for longevity and function. HEIFER SAFE

Praised all spring, summer, and fall long, now it makes sense. Structurally similar to 417N as a half sibling, offering consistency with individual merit. Slightly trimmer through his chest in comparison to 417N but still powerful, balanced, and full of potential. His hardworking dam continues to rise to expectations, reinforcing reliability behind him. Herd bull prospect here, he carries the look and build to work and is fully capable of designing front pasture kind of females. HEIFER SAFE

MATERNAL SIBLING

Genetically you've got yourself a foolproof kind. Phenotypically he's just cool, big skulled, bold centered, and the kind everyone drifts toward in the pen. Huge featured in bone, foot, and skeletal size, built to work in either red or black Angus outfits and push growth the right direction. He weighed 1,430 mid-January and should land close to 1,600 by sale day. We admire the cow family behind him and commend our friends at Dwajo for making them good ones. Big, burly, and built to fix moderation issues in a hurry. LARGER HEIFER SAFE

Hybrid vigor done right. Rugged, loose made, big footed, and high performing with extra look and stretch. Adds muscle, color, and versatility while staying structurally correct. His dam is impossible to miss and highly productive. If we were heavier into Simmental, he wouldn't leave. A high-impact, eye-appealing breeding piece.

DAM

MATERNAL SIBLING

DAM

We call this one Sweets, and he's the kind that makes you question selling him. Huge herd bull presence, stupid athletic, bold made, and flat good looking. Backed by a hardworking, tight-uddered cow with huge width through her hip and rib, it's easy to see where his movement and shape come from. Masculine, smooth moving, and built with real breeding value, he's the kind you recognize early. Sometimes you just know when you've got a slick calf on your hands — he's that calf. HEIFER SAFE

MATERNAL SIB

Same dependable cow family as 147N but with an extra shot of moderation and balance. A maiden PIE Complete 221 son that represents exactly why that sire group is gaining traction. Honest in his build, correct in his angles, and sharp in his look, he's the kind you trust around heifers without giving up quality. No holes, no gimmicks, just a functional, attractive bull that makes sense on paper and in person. If you haven't added a Complete son yet, this is a logical place to start. CONFIDENTLY HEIFER SAFE

Selling a plus bull wasn't the plan, but when they look like this, plans change. Quick maturing, heavily muscled, and extremely quiet, he combines performance with practicality. His dam adds quality worth feeding back into the Shorthorn base, making him genetically valuable beyond color. Bold topped, wide hiped, and masculine in his head and crest, he could pass for a red Angus if not for the scurs. Functional, growth oriented, and easy to like, he's built to add substance and temperament wherever he lands.

DAM

DWAJO Angus

We are pleased to welcome you to the 26th Annual On Target Bull Sale, alongside our valued guest consignors—Cinder, SIBL, and KD Simmentals—who are always a pleasure to work with.

The year 2025 has been both interesting and fulfilling. Weather conditions were unpredictable, with dry stretches throughout much of the year, followed by the most snowfall we've seen in years this past December. We were blessed to welcome our granddaughter, Millie, in May. Grandchildren truly have a way of changing your outlook on life. While ongoing bi-monthly infusions have kept me from helping as much as I'd like, they seem to be doing their job—or perhaps Millie is the real motivation.

This year's bulls are the most consistent group we have offered in years. The offering includes ET calves, exciting new sire groups, and proven old faithfuls. Whether you are looking for true heifer bulls or powerful cow bulls, you'll find genetics that will definitely add pounds and performance to your calf crop.

We invite you to view the bulls at the farm prior to sale day for your evaluation and to enter your name for a \$1,000 sale credit toward the purchase of any Dwajo bull.

If you have any questions regarding our offering, please don't hesitate to contact Dwayne, Joanne, Jesse, or Miranda.

P.S. A sincere thank you to all of our bull and bred heifer buyers in 2025 - your continued support is truly appreciated.

DWAYNE, JOANNE, JESSE & MIRANDA EMERY

DAM

MATERNAL SISTER TO DAM

Here is a Bull the Whole Red Angus Industry needs to take note of in 2026. Red Dwajo Trident 12N is one of the top red bulls raised ever at Dwajo and a standout for quality and performance. Dark Cherry Red, Smooth-fronted, long-bodied, and built "as long as a train," he has the presence to catch your eye and the numbers to back it up. 12N and his dam were Champions at the Northern Select Angus Tour, and his granddam is a cornerstone female in our flush program, speaking volumes about maternal strength and longevity. His dam, Red Dwajo Barbie 54G is one of our top females in the herd, great footed, dark red with an outstanding udder. A Sister to 54G, pictured here (Barbie 5L) was a high selling bred heifer to HR Hahn Cattle Co. in our 2024 Bred Heifer Sale. 12N himself posted an outstanding 945 lb weaning weight and 1368 lb yearling weight. A true heifer bull with the maternal power to keep replacement females, 12N is the kind of bull that can improve any herd. Heifer Bull.

57N is an ET calf out of Barbie 19C, born at just 70 lb and backed by a -0.6 birth weight EPD from the dam. Barbie is known for adding longevity, with a pedigree that consistently works. She also brings strong foot structure and a nice, well-designed udder to the equation. A full sister to 57N was the high-selling bred heifer in our 2024 sale—proof this cow family continues to deliver. Heifer bull.

DAM

Dwajo King 76N is an ET bull out of MJLC Grace 19A and a full brother to Kingdom 16K. Progeny has proven to be good, functional cattle that perform. Kingdom was the talk of the industry in 2024 as he was sought after by many before we lost him. 76N is his replacement bull for those that were seeking 16K. 76N displays the typical Angus head, a smooth front, added length, and a strong hip. He has an 84 lb birthweight and a 771 lb weaning weight, along with a big hip and a large scrotal. The high-selling bred female in our 2025 sale was a Kingdom daughter to Rivercrest Angus.

Retaining 1/3 Semen Interest.

DWAJO KINGDOM 16K - FULL BROTHER

16N is a Hostile bull with a nice hip and a strong, level topline. He is out of 102F, a true foundation dam who has consistently proven herself by producing bulls for Neil Letts and Bonnie Conklin. Well, put together from end to end, 16N combines structural correctness with a dependable maternal base, making him a solid, no-holes kind of bull for any program.

22N offers the growth you're looking for with a moderate 78 lb birth weight. He is a well-made bull out of a phenomenal cow that continues to work year after year. She has consistently produced 4 bulls that have sold through this sale with low bw and high weaning and sale weights. Smooth fronted and wide topped where the money is made on your prime cuts, he also carries a strong foot built to stand up on all types of ground. Napoleon is truly built to conquer all scenarios. 22N has a fantastic look and numbers we all strive for; easy on the eyes and built to perform, this bull is the kind that will make you money.

20N is a very nice-fronted bull with a clean Angus head and added eye appeal. He was named Supreme Champion at the Darwell Fair, highlighting his overall quality and balance. Out of a good young female with an excellent-looking udder, this cow has already proven herself by selling a bull to Connor Douglas and a heifer through our bred sale. With a 78 lb birthweight and an 892 lb actual weaning weight, 20N offers an excellent spread and can be confidently used as a heifer bull.

Nelson 48N is hard to miss with his presence and size in the pen. His tall, big-framed, masculine build immediately catches the eye, and he records the largest weaning weight in the pen, backing his look with performance. He is sired by a proven foot and structure improver and out of a dam that continues to be an outstanding producer, consistently putting wide tops on her calves while maintaining a sound, well-designed udder. If you're looking to add growth and scale to your calf crop, this bull will deliver.

SIBL *Simmentals* & KD *Simmentals*

Welcome to the 26th Annual On Target Bull Sale. What a year it has been in the beef industry. While not without challenges, we have seen unprecedented prices in all classes of cattle. The optimism continues to be strong and good quality cattle are still in extremely high demand. We are excited to once again work with an amazing group of people and breeders, Dwajo Angus, Cinder Angus and the families that stand behind their product 100%.

The past year we have continued to refine our breeding programs and add important breeding pieces to help us bring a better product for your appraisal each year. From new herd sires and exclusive semen packages to future donor females and researched mating decisions.

Our offering for 2026 contains a set of bulls we are proud of with many half and $\frac{3}{4}$ brothers backed by a strong set of mother cows. As many of you know, these bulls are the combination of 2 breeding programs that are very geographically different, but it truly speaks to the diversity and adaptability of the Simmental breed. These cattle work in the grey wooded soil zones to the native prairie and all landscapes between. Once again, this year the bulls were fed together beginning in September and were fed a high forage total mixed ration to optimize health and development.

Thank you for your interest in the offering and all the support we have received from past bidders and buyers. We look forward to seeing you all on March 17th in Barrhead. Feel free to reach out and tour the bulls at home any time prior to March 15th.

780-674-4556

With nearly 48 years in business, we are a third-generation family business serving mainly the agricultural, oilfield , construction and consumer sectors with bulk fuel, oil and lubricants, cargo , flatbed and horse and livestock trailers. It was a natural fit to also offer attachments to serve our valued customer base even better.

Barrhead, Onoway, Westlock, Morinville
