## *Welcome to our Sale!*

On behalf of myself and my Dad Merlin, we would like to welcome everyone to the 22nd Annual Place Your Bet Bull Sale.

While cattle prices are high and times are great in the cattle business, this year we faced one of the worst droughts we have had making it tough to acquire enough feed.

Once again we are very proud of the bulls we have raised and we fully stand behind them. We welcome any visitors to the farm to tour the bulls. New this year we are excited to be working with the Transcon crew.

Looking forward to seeing everyone March 8th at the farm.

*Dean*

On behalf of Dean and Merlin, we welcome you to the 2026 Place Your Bet Simmental and Angus Bull Sale, marking the 22nd annual sale for Dean and Merlin. Please join us for Year 2 at the farm near Sedgewick on March 8th at 2:00 PM.

Dean has invested heavily in modern, industry-leading genetics across both the Simmental and Angus divisions. These acquisitions were actively campaigned and promoted throughout the fall, gaining strong traction as the operation continues to evolve. By investing in top-tier genetics, Dean and Merlin ensure every bull offered is backed by extensive research and proven performance—giving buyers confidence in this critical investment.

Over the past 20+ years, the Arntzen family has assembled a well-balanced, hard-working cow herd designed to maximize profitability. Bulls are developed responsibly at a steady pace, with structural correctness and longevity as top priorities. These bulls are the result of proven cow families and precisely selected matings to industry-leading herd sires. The guesswork has been taken out of the equation—what you see is the finished product.

In today's strong cattle market, where pounds equal profit, selecting the right herd sire has never been more important. With cull bull prices still hovering near all-time highs, there's no better time to replace older herd sires and add a young bull to your bull battery. This diverse offering includes red and black Simmental as well as red and black Angus, providing something for every cattleman and every herd. Whether you're seeking power or calving ease, you'll find it here—making this sale a true one-stop shop for your bull buying needs.

Please join us for a live video sale at the farm near Sedgewick on March 8th. If you're unable to attend in person, reach out to any of us at Transcon to take advantage of our free absentee bidder representation.

Our feature bull since day one we have loved this calf. So much presence and style in a stout package. His dam has been a top female for us raising a daughter to Bellshill Angus and her maternal brother was a herd bull for LLB Angus.

Incredible opportunity here to ad a proven herd sire to your program. One of the very best bulls we have ever raised boasting a 1660 lbs yearling weight this guy is a powerhouse backed by an incredible dam that raised our show heifer we sold in the Northern Sale to Allencroft Angus. Outstanding performance and still backed by calving ease on the bottom of his pedigree. His first daughter we showed this fall and sold to Flat Lake Cattle. We have used this guy for two years and have semen to continue on Aling to him. Excited to see where he goes for the next chapter in his story. He was also reserve champion two year old at Olds Fall Classic.
