-0.3	59	104	33	50	0.42	0.85	283

Peak Dot Queen 271F is a majestic stunner with style, elegance, neck extension and structural balance in a moderate easy fleshing package. She comes from a great line of females, her dam is a donor along with 49 progeny. Peak Dot Queen 271F has already raised two big time feature sons and has an outstanding Profound daughter in the 2024 replacement pen. She is definitely the front pasture kind and her mating to Hi-Country will produce progeny with a fashionable pedigree, curve bending EPD profile and eye catching style.

If you like moderate framed problem free cattle take a look here. Peak Dot Bardolia 297H is the type and kind we strive to produce - balanced, thick, easy fleshing, perfect udder, excellent feet and loaded with a ton of style and maternal presence. She has cow family strength for generations. Her dam is backed by two consecutive generations of donor females. This mating to Hi-Country will result in some progeny that will provide a solid foundation to build a program around.

PEAK DOT PANSY 14H
PEAK DOT PANSY 1015A

Peak Dot Pansy 14H is a capacious, deep-bodied, easy fleshing Colossal daughter with eye catching style and an excellent udder. We currently have 177 direct Colossal daughters registered with Canadian Angus Association and 128 grand daughters. Colossal daughters are all stamped with beautiful easy fleshing body type, excellent udder quality, ideal foot structure and fertility. All real-world traits that affect production and profitability. Peak Dot Pansy 14H was chosen as one of the top Colossal daughters to try replicate over and over. We have retained her first two daughters and plan to add many more to the herd in the future through the embryo transfer program.

A top ranking donor female from Peak Dot Ranch that recently sold for \$25,000 to Chapman Angus Oklahoma in the Autumn Angus Classic. Peak Dot Pride 13F is genetically and prototypically outstanding female with undeniable maternal presence, pedigree power and cow family strength all wrapped up in one package. She has been a very consistent fertile donor producing 18 embryos on her last two flushes. She is a herd favorite with her impeccable udder quality and model Angus body type. A third generation donor going back to the popular Peak Dot Pride 88B. An Elite/Premier Dam with a nursing ratio of 108 on her last seven calves. She is also the mother of Peak Dot Herdsires Peak Dot Lancaster and Peak Dot Seedstock 38F.

0.1	74	125	26	50	0.31	0.75	313

Peak Dot Lady 2044H has been a favorite ever since she was a calf. She has grown into a long bodied, deep sided cow with a beautiful udder, massive hip and a great look. Her Big River bull calf was a feature in our 2023 Spring Bull Sale and we retained an excellent Brutus daughter out of her this year. The maternal side of this cow is stacked with generations of great females stemming back to Lady of Peak Dot 402U. A popular donor with 64 progeny. This is a great mating here and it will leave some highly productive females.
