Carson and Lana

Koen, Gen, Brixlyn and Knoxton

Riley, Danielle Ozzy, and Motley

Clay, Shannon, Matt, Madison, Merit, and Mavryk

Scott, Mia, and Luke Turner

Welcome to the 2026 Peak Dot Ranch Spring Sale. We sincerely appreciate your interest in our program and your continued confidence in Peak Dot genetics. Our operation remains focused on producing practical, predictable cattle that add value to commercial cow herds and help our customers remain profitable in a demanding and competitive industry. We are a fourth-generation, family-owned operation, ranching from the same location and guided by the same principles that have shaped our program for over seven decades.

The 2026 bull offering is deep, uniform, and performance driven. Bulls are penned and sorted by sire group, creating large, consistent groups of half, three-quarter, and full brothers that allow buyers to select with confidence. Within each sire group are multiple herd bull prospects, offering both selection depth and flexibility. The bulls sell in volume, ensuring access to Peak Dot genetics at all price points. Every bull has passed a breeding soundness evaluation, is semen tested, and is physically prepared to go directly to work. More than 75 percent of the bulls in this offering qualify as calving ease bulls, while still maintaining the growth, muscle, and body capacity required to sire profitable feeder calves and productive replacement females.

At Peak Dot, selection pressure is applied with the commercial cattleman in mind. Structural soundness, foot and leg quality, fleshing ability, and disposition are non-negotiable traits. Cattle are developed in a practical environment that reflects real ranch conditions, ensuring longevity and durability once they enter your program. The result is good, honest cattle that have earned the trust of repeat customers and long-standing relationships across the industry.

We continue to offer what we believe is one of the strongest cull bull incentive programs available anywhere. This program is designed to help our customers capture added value from older, worn, or injured bulls, reinforcing our commitment to long-term customer success. Complete details are outlined on the following page.

In addition to the bull offering, the 2026 sale includes six yearling heifers, representing the very top end of our breeding program. These females have been carefully selected based on phenotype, maternal lineage, udder quality, structure, and overall production potential. They are the kind of females capable of building cow families and anchoring a herd for years to come. Opportunities to purchase females of this calibre directly from the Peak Dot program are rare, making this an exceptional chance to add proven maternal strength and genetic consistency to progressive breeding programs.

Once again, we are pleased to offer 30 open replacement heifers sourced from long-time Peak Dot customer Hillcrest Enterprises. These heifers are 100 percent Peak Dot-influenced commercial females, backed by decades of disciplined selection and developed to become productive, long-term cows. All are sired by Peak Dot Boost 137H, a proven female maker known for stamping his daughters with body depth, balance, femininity, and strong maternal presence. These heifers represent a practical, value-driven opportunity for commercial producers looking to add quality replacements with predictable results.

We welcome your inspection of the cattle prior to sale day. The bulls and females are available for viewing, and we encourage buyers to evaluate them in person whenever possible. For those unable to attend, please contact Carson or Clay regarding our sight-unseen purchase program. This program has been used successfully by many repeat customers and is handled with the same discipline and integrity that defines every aspect of the Peak Dot operation.

You can purchase with confidence from this fourth-generation ranching operation. After more than 60 years of working alongside commercial cattlemen and women, Peak Dot Ranch has earned a reputation built on consistency, integrity, and cattle that perform. We look forward to continuing to be your source for reliable, high-quality Angus genetics.

Cash or cheque, payable to the Clerk of the Sale on Sale Day.

We also accept Visa,Master Card. Release shall not be given unless satisfactory settlement has been made with the seller.

U.S. FUNDS: Shall be accepted at the Rate of Exchange current on Sale Day.

U.S. BUYERS

We welcome our U.S. customers. Peak Dot will do all the necessary testing for export. Delivery will be looked after by Peak Dot within a 500 mile radius. For purchases going beyond the 500 miles we will help coordinate delivery to get the cattle to you as economically as we can. **Please note that with the weak Canadian dollar, it gives American customers a purchasing advantage.**

INSURANCE

An insurance representative will be present on Sale Day.

Stockmens Insurance.....Larry Toner: 306-834-7652

Peak Dot will pay 4% of your Comprehensive Insurance.

Cull Bull Incentive Program

We offer the best cull bull incentive program you will find anywhere. We are going to help you get the most out of those old broken, down worn out bulls.

Why take a chance on bunch of open cows this fall when you can replace them with fresh strong new bulls. All you have to do is email us prior to the bull sale or bring a copy of your bill of sale from the auction market after selling your cull bulls and you will receive a \$500 credit on each new replacement bull you buy. (eg: If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

Revival Bulls...

Woodhill Revival H028 *Peak Dot Reference Sire*

Revival is a sound, athletic herd sire that headlined the 2021 Woodhill Bull Sale, commanding a top price of \$55,000 USD. He is as impressive in person as he is on paper—extra-long spined, wide-pinned, stoutly quartered, and carrying the commanding presence you expect from a true herd bull. Backed by generations of elite, maternally driven females, Revival offers tremendous confidence for cowmen seeking calving ease without sacrificing performance. His EPD profile is exceptional, ranking in the top 10% of the breed for 10 traits, including calving ease, birth weight, weaning weight, yearling weight, and carcass merit. Revival combines structural integrity, maternal strength, and elite genetic performance into one exciting breeding package.

Rectify Bulls...

Raven Rectify

Peak Dot Reference Sire

Top 1% for PAP

Rectify is an exciting herdsire at Peak Dot Ranch, he offers calving-ease and performance with outstanding maternal pedigree and bred in longevity. Rectify is a thick topped, deep sided, soft made, good headed and comes with great feet and excellent scrotal that the Sitz Stellar sons are know for. He weaned off at 845lbs and holds a \$ Weaning index in the top 3% of the breed. His dam is phenotypically outstanding and was the pick of the 2021 Raven Angus herd selling to Simon Cattle Co. His productive grandam is 11 years old and looks like she will live and produce for another 11 years. His great grandam is a 13 year old Pathfinder at Raven Angus. We think the world of this herd sire and he will be used heavily at Peak Dot again this year and in the years to come.

Schiefelbein Gable 311

Peak Dot Reference Sire

Schiefelbein Gable 311 the \$90,000 Sale feature from the 2022 Schiefelbein Farms Sale selling to Peak Dot Ranch. Gable 311 is a true breeders bull with a flawless EPD package, stunning looks and an outcross pedigree. As we enter the stage of the cattle cycle where retaining females is a must Gable 311 is the best option for doing such a thing. His +100 \$M combined with +20 EPD for Heifer Pregnancy rank him in the very top 1% of the breed. Two very important traits. He ranks in the top 30% for 12 of the 13 major traits including top 1% for WW,YW,HP,DOC & \$M. Combine that with double digit calving ease and a light birth weight along with a \$C in the top 2% of the breed. Gable 311 is a big scrotal bull with a nice look and loads of rib, great hip and a big thick butt. His young dam Frosty Elba Lizzy 5569 boost outstanding EPDs and is quickly climbing the ranks in the Schiefelbein herd. His grandam Frost Elba Lizzy 3565 is a path-finder cow with a proven track record.

Gable 250L expresses true herd bull presence—big topped, thick made and square hiped, with muscle that carries deep into a strong quarter. His smooth shoulder and clean front end tie neatly into a long, level spine, giving him a balanced, eye-appealing profile. With his combination of power, structural integrity and performance-driven build, Gable 250L represents the kind of sire that can add pounds, dimension and durability to any program while maintaining the look and functionality progressive cattlemen demand.

Gatsby just keeps getting better every time we see him. His muscle, capacity, center body mass, and natural fleshing ability set him apart, with the look of a true cow maker. He'll sire deep-bodied, soft-made females with quality udders and strong maternal presence.

He posts elite performance numbers—ranking in the top 1% of the breed for weaning and yearling weight EPDs, while also excelling for heifer pregnancy, milk, hoof claw, and docility. Born at just 80 lbs, he weaned off at 806 lbs for a 105 ratio. His SAV Seedstock dam is a model Angus cow with ideal body type and unmistakable maternal presence. Owned with Everblack Angus and Harprey Farms

- A very good maternal sister sired by Gable has been retained in the herd.

On Behalf of Bullseye feeds we are proud to be working with the team at Peak Dot Ranch again this year on the development of the 2026 yearling sale bulls as well as the cowherd nutrition. These yearling bulls are raised on high forage moderate energy diets with increased protein levels for optimal frame growth, muscle, and pubertal development throughout the critical growth stages of their lives.

The bulls enter the feeding pens in September for preparation of the spring sale. These bulls are fed with medium energy, high protein diets to maintain ideal body condition, hair growth, hoof health, and structural integrity/longevity. The bulls are managed on a fully chelated mineral package balanced with the on farm available forages for optimum immunity and ideal semen quality. New this year included in the Bullseye premix is a product called CHROMIUM. Chromium activates the insulin receptors of a cell, allowing more glucose to enter the cell equating in more energy available to be absorbed into the bloodstream. This ingredient helps improve feed efficiency, increases protein accretion and improves immunity ensuring that the developed bulls on test are at peak health and performance levels when they are sent to your operation to get cows bred.

The Peak Dot Ranch team invests their time and money into their nutrition program with one GOAL in mind. Satisfied, long-term customers! We encourage anyone and everyone to make the trip down to Wood Mountain, SK to appraise this exceptional set of yearling bulls.

Best of luck on sale day!

Peak Dot Boost 162K

Peak Dot Reference Sire

Peak Dot Boost 162K was the \$80,000 top selling bull from our 2023 Spring Sale to Eaglehawk Angus Australia. Boost 162K is a low birth weight bull that will also add some real pounds to your calf crop and dollars to your bottom line. You will love the look of this bull. He displays real muscle, capacity, softness and substance with powerful phenotype. He weaned off at 911lbs to earn a weaning ratio of 114. He is off a great looking No Doubt daughter with a nice udder and his grandam earned Elite Dam status with the Canadian Angus Association. Peak Dot Boost 162K comes with a ton of performance packed into a moderate frame.

Peak Dot Belfast 2099H has drawn strong attention from everyone who has seen him and, more importantly, evaluated his calves. A powerful son of Colossal, Belfast combines true calving ease with added frame, stretch, and performance, making him a versatile option for progressive cow herds. He offers the extra look and growth that commercial cattlemen appreciate, while still maintaining the structural integrity and balance that keeps cattle productive for the long haul. His dam, a fertile Element daughter, is an easy-fleshing, hard-working female with an excellent udder and very good feet. She is a model Angus cow with strong maternal traits, highlighted by excellent milk production and an impressive track record — her last five calves posted an average weaning ratio of 108. That kind of consistency speaks volumes about the maternal strength behind Belfast. Belfast sons are uniform, good-footed, and built with added performance and presence. His daughters are quickly becoming some of our favorites in the replacement pen — broody, sound-structured females that we expect to carry his legacy forward for years to come

Hi-Country Bulls...

HF Hi-Country 7L *Peak Dot Reference Sire*

It's been a long time since the Angus breed has seen a bull like Hi Country 7L enter the scene. Big crested, long bodied, and wide based, Hi-Country stands on impeccable feet and carries the kind of commanding herd bull presence that's impossible to ignore. We could fill pages describing him and analyzing every photo, but the true measure of his quality is best appreciated in person—or by speaking with cattlemen who have seen him firsthand. Time and again, you can see it in their reaction: this bull is something special. His numbers only reinforce the visual. He posts a negative birth weight while offering tremendous performance and is heifer approved. He ranks among the elite of the breed—Top 1% for Weaning Weight, Yearling Weight, Scrotal, Hoof Angle, Ribeye Area, and Milk; Top 3% for Hoof Claw and Carcass Weight. Backed by an incredible mother with an impeccable udder—Hi-Country being her first calf—his genetic strength runs deep. These qualities and credentials are just part of the reason he commanded a \$185,000 sale price.

Ponderosa Bulls...

Schiefelbein Ponderosa *Peak Dot Reference Sire*

Ponderosa the bull that is on the radar of the Angus World and already has begun to write his own chapter in Angus History. He started as the popular high selling bull out of the 2023 Schiefelbein Farms Bull Sale where he was regarded as the thickest Angus Bull in existence. He went on to set new records every time his semen sells and the demand and momentum continued on with Ponderosa embryos selling for \$3750 per embryo in past sales. Never before has there been a time or a push in History to get back to good functional, deep- bodied, correct cattle. Ponderosa is leading the charge with his mass, performance and fleshing ability while adding style and balance.

Ellingson Big River the \$40,000 sale feature from the 2021 Ellingson Angus Bull Sale purchased by Peak Dot Ranch. Big River progeny are well made with lots of size, body shape, hair and bone and as much sheer thickness as any sire we have ever used. His daughters are among the very best in the replacement pen. Ellingson Big River is a very important piece in our breeding program here at Peak Dot as we continue to improve overall maternal, foot and udder quality, fertility and milking ability. His muscle density, base width and bone circumference and performance is unmatched. He continues to generate all kinds of interest from breeders across the country after seeing his progeny top sales the past few years not only here at Peak Dot but at several other places.

Peak Dot Big River 139K is absolutely one of the best we have ever raised with incredible phenotype, performance and cow power. This bull was a standout since day one and impressed us every time we put him on the scale. 139K weaned off at 955lbs to earn a weaning ratio 120 and weighed 1406lbs at year with a 104 weaning ratio. His feet are impeccable and are supported by his top ranking hoof EPDs. He is backed by three generations of deep bodied, easy fleshing productive females. His dam has true breed character and possesses all the qualities of an ideal beef cow. Some bulls are worth the drive to see in person. Peak Dot big River 139K has been appreciated by even the most astute cattle visitors.

Attractive Bulls...

Peak Dot Attractive 461J *Peak Dot Reference Sire*

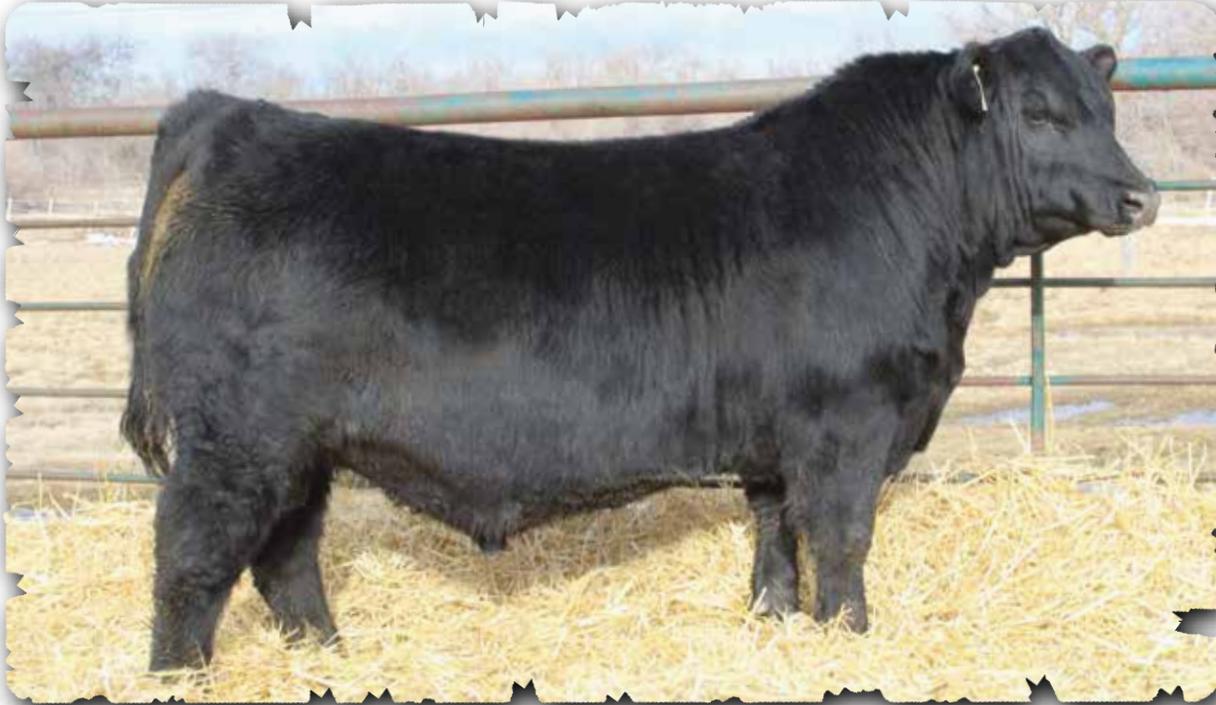

Peak Dot Attractive 461J is a powerful, performance-driven herd sire that blends muscle, mass and structural correctness into a striking, eye-appealing package. Long bodied and deep sided, he carries exceptional thickness across his top and down through his hip, with a bold rib shape and tremendous capacity. He stands square and solid on a strong foot with plenty of heel, moving freely and confidently across the pasture. Attractive 461J offers a balanced combination of growth and carcass merit. With added payweight and impressive performance numbers, he is built to sire calves that push down the scale while maintaining quality and consistency. His progeny are expected to inherit his length of body, stoutness and overall structural integrity. Backed by a productive cow family known for functionality and longevity, Attractive 461J brings maternal strength to the equation as well. Daughters should be broody, easy fleshing females with sound udders and the kind of durability that keeps them in production for years

Guarantee Bulls...

Peak Dot Guarantee 711K *Peak Dot Reference Sire*

PEAK DOT HEATHER 541B
Dam of Peak Dot Guarantee 711K

Peak Dot Guarantee is a highly fertile, phenotypic standout with herd bull presence, power, and structural balance. Bold in his makeup and athletic in his movement, he combines base width, body depth, and muscle shape with the sound foot structure needed for longevity in any program.

He consistently stamps his progeny with added style, length, and performance. His calves are born easy, grow efficiently, and push the scale down at weaning, offering uniformity and marketability across the sire group. Guarantee 711K stems from a proven donor dam with 48 progeny to her name, including several featured high-selling bulls in past sales. His sons can be used on heifers with confidence, delivering calving ease while still adding pounds at weaning and leaving behind productive, maternal daughters.

Tenderloin Bulls...

Poss Tenderloin *Peak Dot Reference Sire*

Tenderloin was our top selection from the 2021 Poss bull offering and has proven to be an outstanding herd sire. He is an attractive, high-marbling, thick-made bull that combines calving ease, performance, carcass merit, and strong maternal traits. With added scrotal development and a gentle disposition, he is built to add value in every segment of the industry. He is deep ribbed, wide based, and structurally correct, offering the kind of muscle and dimension that translates into pounds and profitability. His dam is one of Nolan Poss' favorite cows in the Poss herd, recognized for her productivity and quality — a maternal strength that carries through in Tenderloin. Bred very similarly to the popular \$900,000 Poss Deadwood, he combines the proven genetics of Poss Maverick and Poss Easy Impact 0119. Tenderloin offers a balanced, predictable genetic package designed for today's commercial and seedstock operations. Owned with Semex Beef

Profound Bulls...

Peak Dot Profound 1018G *Peak Dot Reference Sire*

A standout from the 2021 Spring Bull Sale selected by Hillcrest Enterprises. Profound 1018G is combination of power and performance with added length, thickness, muscle and pounds. A bull with very good feet and top ranking hoof EPDs backed by two consecutive generations of donors made this bull a must use back in our program. He was the heaviest bull of his flush where he earned a 205 day weight of 891lbs and yearling weight of 1600lbs. The progeny of Profound 1018G are performance type cattle with extra volume and added rib shape.

Peak Dot Brutus 2013K ties in smoothly through his shoulder and neck, maintaining balance and structural correctness throughout. His overall phenotype is one of substance and practicality—easy fleshing, big middled and built to last. With his combination of thickness, structural integrity and herd bull presence, Brutus 2013K offers the kind of power and reliability that can add shape, substance and consistency to any calf crop.

Peak Dot Roughrider 2028G is a true herd bull—massive bodied, deep sided and loaded with genuine power. Bold sprung and wide topped, he carries muscle expression into a big, square hip and stout quarter, all while standing on a strong foot with plenty of heel and moving with confidence. Combining performance and phenotype, Roughrider offers added frame, natural thickness and the kind of growth commercial cattlemen demand. Backed by proven maternal strength, he's built to sire productive daughters and add pounds, consistency and long-term value to any program.

- Recommended for heifers or cows.
- A chunk, Very correct well made bull. Lots of spring in his ribs. Weaning ratio 103.
- Hoof EPDs rank him in the top 1% for hoof claw and angle EPDs.
- Dam is a favorite among the calving crew due to her perfect udder structure and outstanding phenotype.

Peak Dot  *Ranch Ltd.*

Yearling Heifers

We are proud to offer this select group of six elite purebred heifers, representing the top end of our replacement program. These females combine proven cow families, stacked pedigrees, and the kind of structural integrity and maternal design that translate into long-term productivity. Sound, feminine, and sensibly developed, they are built for longevity and ready to enter any breeding program. Opportunities to acquire females of this quality are limited. We invite you to evaluate them with confidence and appreciate the depth and consistency they represent.

A major sale attraction straight from the heart of the Peak Dot replacement pen! This female is the perfect combination of striking maternal presence and all the depth and softness you could want in an Angus female. Backed by two generations of proven donors, her dam is the epitome of what a model Angus cow should be. Her combination of softness, depth, udder quality and productivity is impressive. Her maternal power is unmatched, with 42 progeny, including several top-selling bulls and females in past sales, and maternal brothers selling as lots 4, 5, and 6.

We offer the following Services ...

We will pay 4% of your Comprehensive Insurance.

Free Delivery 500 miles or \$100 Pick up Discount.

Semen Tested and Ready for Immediate Service.

Sight Unseen Purchase Plan:

We would like you to attend the sale, but if you cannot, you can have Carson personally handle your purchase. Call him with your specification and discuss the offering, preferably a week before the sale. Carson gladly will assist you with your sale selections and represent you on sale day. We guarantee full satisfaction upon delivery or you don't own them.

Carson Moneo (306)266-4414

Genetic Information **ANGUS^{GS}**

All registered lots in the sale have had the genomic Angus GS test, and EPDs listed reflect the Gene Seek analysis. The test will increase the predictability of economically important traits. With the genomic test you will have more accurate higher accuracy EPDs than conventional EPDs.

Cull Bull Program: Receive a \$500 credit on each new replacement bull you buy. (eg: *If you cull 5 bulls you will receive a \$500 deduction for each of the 5 replacement bulls you buy.*) Credits must be used on a per bull basis and you cannot use more than 1 credit toward a new bull.

Sale Bull Videos: Videos available at www.peakdotranch.com

Online Bidding: Sale will be broadcast live. Watch and bid on DLMS.

Volume Discounts:

Starting at 3 bulls, 3% and increasing 1% for each additional bull up to 10 bulls - 10% maximum discount

Exporting into USA: We welcome our U.S. customers. Peak Dot will do all the necessary testing for export. Delivery will be looked after by Peak Dot within a 500 mile radius. For purchases going beyond the 500 miles we will help coordinate delivery to get the cattle to you as economically as we can. Please note that with the weak Canadian dollar, it gives American customers a purchasing advantage.

Did you know you can finance bull Purchases with FCC?

When you finance livestock through FCC, you have the flexibility to Customize your financing – your way. Apply now to get pre-approved so you can head to the Peak Dot sale with confidence knowing you already have the financing in your back pocket. Call 1-888-332-3301 or your local Office to get started.
