We are excited to welcome you to our 2 nd Annual Prairie Power Gelbvieh Bull Sale!

Last year we thought the cattle industry was the best we've ever seen and this year... WOW, we are experiencing even better! We can all be enthusiastic about the cattle business moving forward.

Our mission as a sale group is very simple... work together with great fellow breeders, take care of our appreciated customers and continue to work to improve our sale offering.

Through top herd sire selection, AI and embryo work, plus strict improvement on our cow herds, we strive to offer bulls that have genetic and financial value for you. The offering in this catalog has been selected on soundness, conformation, temperament, profitability and also have been DNA tested.

Whether you need power, curve benders that possess calve ease and performance, balancer bulls (Angus/ Gelbvieh), or calve ease heifer bulls, all are here to suit your specific needs.

In the end, all of us work hard to provide you with a product we are proud to stand behind. We look forward to the relationships that we can build as we work alongside a sector of agriculture that is filled with hard working, outstanding individuals and families.

The bulls will be available for viewing at Foursquare Farms and Cowlick Ranch until March 11 th and after that they will be at the Future Ag Events Centre (Olds Cow Palace). Feel free to contact any of us for information or just a visit.

Please join us on March 12 th , 2026 for the 2 nd Annual Prairie Power Bull Sale, with lunch served at noon and the sale beginning at 1PM.

We're looking forward to seeing you all there!

Sincerely,

The Prairie Power Bull Sale Team

WELCOME

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made.; no invoicing buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced on sale day. All monies are in Canadian funds.

Certificate of Registration: Each animal will carry papers issued by the Gelbvieh Association of Canada. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health: All animals in the sale have met all necessary health requirements.

Delivery: Bulls will be delivered to central points across western Canada, or to the nearest point of entry from March 20th to April 15th. For any buyers that want their purchased bulls managed at the seller's place beyond April 15th, those arrangements will have to be made at the time of purchase. Sellers will offer to feed and manage those bulls until required free of charge. However, the **bull must have insurance** and then it is the **buyer's responsibility** to arrange transportation or pickup of the bull.

Sight Unseen Purchase Program: If you are unable to attend the sale but are interested in Bulls, give one of the consignors a call and they will personally go over the bulls and your program and recommend the bulls that would meet your needs. They will represent you in a professional and confidential manner, or you can choose to bid online through DLMS. **If you have talked to one of the consignors prior to the sale** and you are not satisfied with your sight unseen purchase and the bull is not as we described him upon pick-up or delivery, we will refund the full purchase price! 100% guaranteed Satisfaction!

Welcome US Buyers: The U.S Exchange rate will be announced prior to the sale. Prairie Power consignors will assist with all necessary health testing, vet examinations, paperwork and obtaining your state permits associated to export your animals.

Insurance: We recommend that insurance is purchased on the bulls you buy at the sale. **All Bulls purchased that are returning to the Sellers farm are Required to have insurance.**

Errors: All announcements at sale time, written or oral, supersede any written material in the catalogue.

EPDS

EPD DEFINITIONS

Listed below are the definitions of Canadian Gelbvieh Association EPDs and the units in which they are published.

Maternal Traits

Calving Ease Direct (CE): Percent of unassisted births of a bull's calves when he is used on heifers. A higher number is favorable, meaning better calving ease. This EPD can be vital to a rancher looking to decrease the amount of calves pulled in his herd.

Milk (Milk): The genetic ability of a sire's daughters to produce milk expressed in pounds of weaning weight.

Growth Traits

Birth Weight (BW): Predicts the difference, in pounds, for birth weight of the calf.

Weaning Weight (WW): Predicts the difference, in pounds, for weaning weight (adjusted to age of dam and a standard 205 days of age). This is an indicator of growth from birth to weaning.

Yearling Weight (YW): Predicts the expected difference, in pounds, for yearling weight (adjusted to a standard 365 days of age). This is an indicator of growth from birth to yearling.

TWIN VIEW VALHALLA 45H ET
TWIN VIEW SUGAR 26F

dam: FOURSQUARE CARLA
JRI POWERSTROKE 706A43
FRSQ MISS YOLENE 23Y

Foursquare Ironside is a definite standout in the pen. He is sired by Twin View Ragnar 111K and is out of an outstanding Donor Female Foursquare Carla 31C! Ironside is flat out a meatwagon. He is super long made with lots of rib and a big square hip. He is homo polled, big nuted and has a great disposition. If you are looking to make big scale busting fall calves or top end replacement female Ironside is your Bull. He is represented by two amazing females; one if not the best female in our herd Foursquare Carla 31C and on his sire's side is the standout female Twin View Sugar 26F. Check out his performance epds, he is in the top 1% for WW, YW and Total Maternal!

dam: FOURSQUARE CARLA
JRI POWERSTROKE 706A43
FRSQ MISS YOLENE 23Y

Foursquare Legend is the natural calf out of Foursquare Carla 31C. The strength of this breed in the cattle industry is in the Maternal traits. Gelbvieh is the Best mama cow in the industry! Foursquare Legend got his name because he merges our 2 most productive females in our herd in the last 10 years, Foursquare Carla 31C and Foursquare Catalina 63C! Legend is big topped and thick made, with a ton of hair and big nuts! He combines proven pedigree with Phenotype and performance. Legend is the complete package bull that will leave a stamp on your herd and females that prove to be legendary!

dam: DDN BELLY RIVER 38L JRI WHERE'S THE BEEF 307H40
DDN 55D

31N is a dark red son of the up-and-coming HL Firestick bull, who is leaving great progeny. His dam, 38L, is a high volume, good uddered first calver who did an excellent job raising this calf. Nixon started out at 80lbs and kept on going with great performance. Check out his EPD's. We think a lot of this bull, that is sure to leave a solid set of calves and you'll want to keep his heifers.

SIRE - HL SLC FIRESTICK 26J

Lot 21 CLR NUGGET 10N ET

JRI MS FRANKIE 282R11

We were fortunate to be able to purchase a pregnant recip cow from Foursquare Farms last year and right when this ET calf hit the ground we knew he was special!! He's had that look right from a little calf, and he's developed into what we always thought he would; he has that natural herd bull look to him. He comes in dark red easy fleshing package, and he's got excellent scrotal development for a yearling. A really great RWG Guilt Trip son offered in CLR Nugget 10N.

SIRE - GUILT TRIP G418 ET
