1/2 mile south
Ag-Land Farms Ltd. is on Google Maps, and only 40 mins from
brandon airport

US BUYERS

Our sales are conducted in Canadian funds. The U.S. exchange rate will be available at the settlement desk. Upon successful purchase of an animal, the consignors will assist with the necessary documentation, health exams, brokerage and U.S. custom charges necessary to export your animal to the U.S. An additional fee of \$300.00 U.S. per animal will be charged for this service, and is due at time of settlement. Transportation is not included in this amount.

SEMEN

The breeders in The Premium Beef Bull Sale reserve the right to draw semen on any of the sale bulls for 'in herd use' at the buyer's convenience and our cost.

SETTLEMENT, DELIVERY AND AFTER-SALE OPTIONS

Option A: Bring your trailer to the sale and take your purchase sale day.

Option B: Free delivery on the bulls to central points in western Canada. We will do our best to get them right to your place. Distances further will be on a cost share basis. Bulls can be taken back to the sellers and boarded free of charge to April 15/26. After that a \$3.00/day charge will apply. We request that all bulls returning to the farm be insured.

TERMS AND CONDITIONS

Cattle will sell under the standard Canadian Simmental Association Sale Terms & Conditions; these are available upon request.

PAYMENT

No cattle will be released or delivered without full payment or arrangements made with consignors.

INSURANCE

Each animal becomes the risk of the purchaser as soon as sold. Insurance will be available sale day and all bulls returning or staying on the sellers farm **MUST** be insured. We strongly recommend that the insurance is purchased for the full value.

LIABILITIES

All persons who attend the sale do so at their own risk. The sellers and facility owners assume no liability, legal or otherwise for any accidents that occur.

Bulls can be viewed from March 6th until sale time on March 8th at Ag-Land Farms.

MARCH 8

Lunch will start at

11:30

Sale time

1PM

Welcome from

BOHRSON MARKETING SERVICES

Welcome to the 2026 edition of the Premium Beef Bull Sale, one of Manitoba's largest events and one of the strongest sets of cattle we are annually associated with across the prairies. These like minded operations compliment one another's breeding program perfectly and we confidently say that as you assess the offering, you will find something for whatever your needs may be. Please accept this as your invite to be with us @ Ag-Land Farms near Kenton, MB where their bulls will be featured along with Berts NR and Schweitzer/McColl.

The apparent advancement of genetics and quality is as evident as ever in all three pens. All of these operations take their breeding programs seriously and really value their customers. The utilization of some of the industry's finest herd bulls as well as industry leading ai sires leaves you with a super set of Simmental Beef Bulls to select from that are uniform in type and kind being soft made, easy doing and heavy haired. A great blend of performance and calving ease is also well balanced throughout this offering with a strong emphasis on maternal quality behind each bull. Again this year is an exciting set of select purebred heifers ready to fit into any operation right off the top of their respective calf crops. As exciting and as deep in quality as the bulls are, we would be remiss to not touch on the quality of the folks that make up the Premium Beef Sale. The Johns, de Rocquigny and Schweitzer/McColl families are some of the real good people we get to be associated with. They are truly good people that value your time, business and interest in their programs.

Please plan to be with us in friendly Manitoba for this great event. The keg is always tapped and the snacks and hospitality are endless. Be sure to reach out to any of the contributors to visit about their cattle on offer. If we at BMS can be of any assistance, please give us a call anytime as we would be happy to go over the bulls with you and help in your selecting needs. We would be happy to talk cattle at this great sale. We hope to see you near Kenton!

It is hard to believe it is bull sale time again! Welcome to the 2026 edition of the Premium Beef Bull and Female Sale. This has been quite the year in the cattle business, and the future looks very bright. It sure is nice to be rewarded for all the hard work everyone puts in day in and day out!

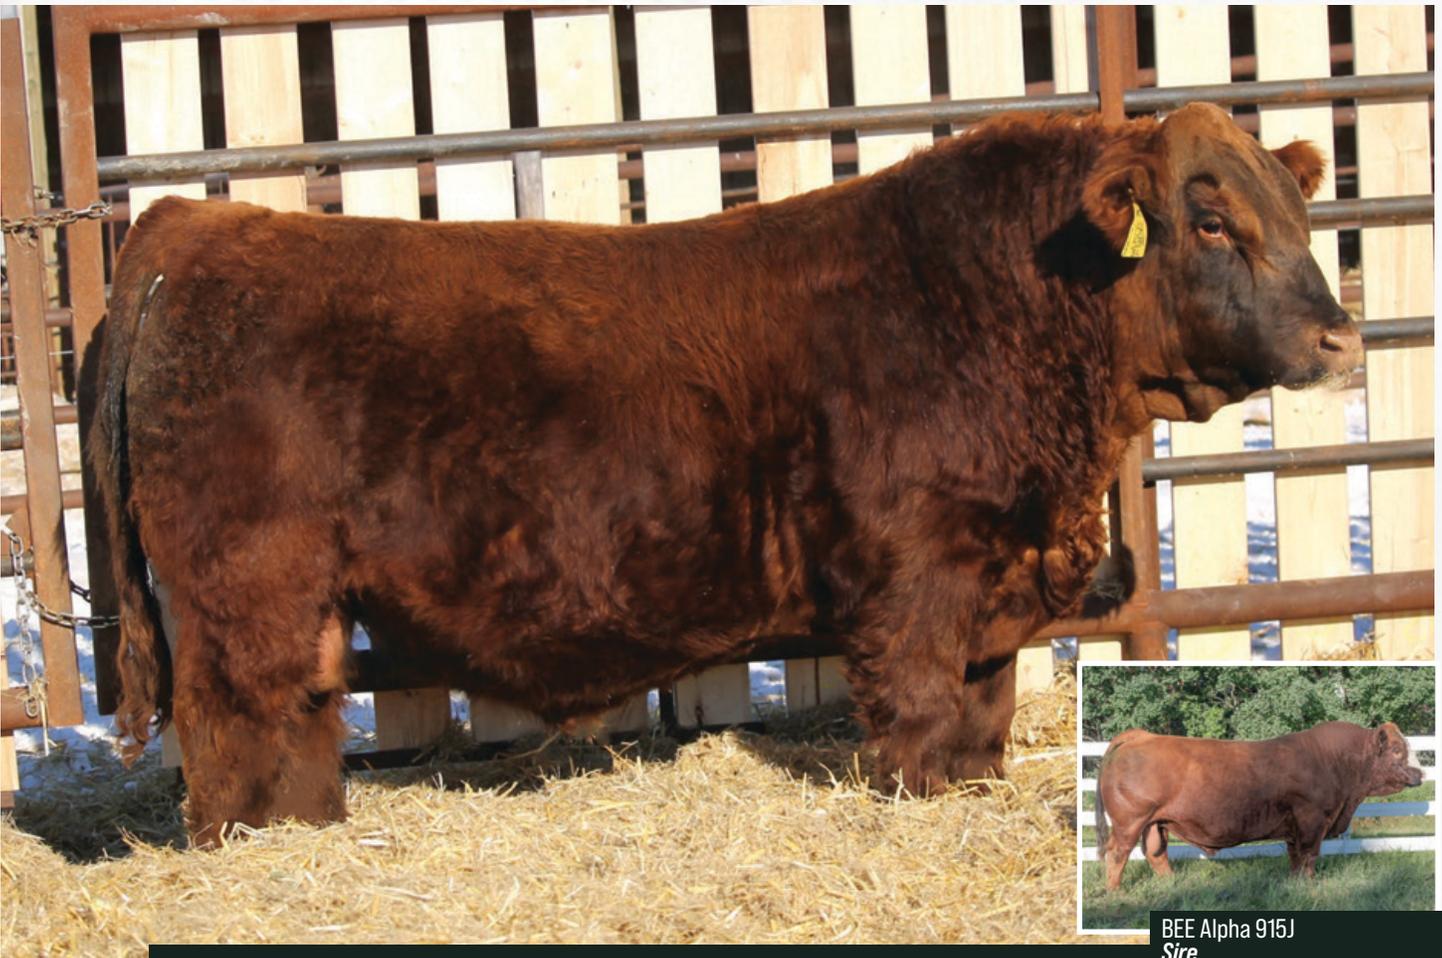

Here at Ag-Land Farms we are very excited with the pen of bulls that we have on offer. We believe it is strong and consistent all throughout the pen. There is a great offering of red and black power cow bulls and also heifer bulls. We feel there is the potential of some breeder bulls along with well working commercial herd bulls. All of our bulls are quiet and easy to work with. We would like to reserve the right to draw semen on any of the bulls for our own in-herd use. The bulls are on a full vaccination program and will be semen checked, and ready to go work by sale time. Videos have been taken of the bulls and will be placed on www.cattlevids.ca in the near future

Feel free to come and have a look at the bulls anytime at the farm as they are impressive group that really need to be seen to appreciate them.

We look forward to seeing you at the farm on sale day. Be sure to join us before the sale for lunch and some hospitality.

Dana, Megan & Terron
Greg & Allyson

HOMO POLLED, HOMO BLACK

- DMJ 52N fits the mold of his brothers with good frame size and extra muscle.
- Moderate 90 lb birth weight and 950 lb weaning weight, he is a big curve bender.
- DMJ War Zone 13H sons will add pounds to your calf crop which is what we need with cattle prices to reap the rewards.
- Check out his EPDs.

HOMO POLLED, HOMO BLACK

- DMJ 56N has extra frame size in a homo black package.
- KWA 107E is the granddam to DMJ 56N who we have sold many progenies from as well as retained many females.
- A full sister sold to Henry and Gail Janssen in December at the Premium Picks female sale.
- Lots of power and performance in the pedigree.

D SUN RISE BLACK 31J
SPRINGCREEK LIMA 69Y

- HOMO POLLED, HETERO BLACK

- DMJ 57N had some bad luck losing his mother in early spring but he still weighed very good at weaning.
- Check out his EPDs, I believe he will be a true curve bender with a 75lb BW, 16.7 CE, -0.7 BW numbers but still in the top 10% for WW and YW.
- One that deserves a second look with the likes of SOW, Yuma and 56U in his pedigree.
- Dam was a big volume Yuma daughter.

Thank you

TO OUR SPONSORS

AG-LAND FARMS LTD. ★★★★★ PREMIUM BEEF BULL SALE

Welcome to this year's edition of the Premium Beef Bull and Female Sale. Thanks again to Ag-Land Farms for hosting and the excellent hospitality, and thank you to all of our hired guns who lighten the work load and keep the weekend entertaining!

This is a pen of bulls we are very proud to offer. We believe this offering is as strong as ever. 7 red Betts sons, 3 black Monument sons, 2 black and 1 red Timber Wolf sons, and 1 black Strutter son. Also, we will offer 3 open heifers, 2 very attractive TimberWolf black blaze faced daughters and 1 solid red Betts daughter. The 14 bulls we are offering averaged 1347lbs on Jan 11-2026.

IPU Betts 30J, has given our group considerable consistency with desirable performance, hair coat and docile natured. Excellent bone structure and muscle mass, nice skull shape and wide muzzled. Betts has done great things for our herd, and however he's bred, whether bred to reds, blacks or full bloods, he has steadily proven himself.

PLCC TimberWolf 44K, continues to work very well in the heifer pen. Calving ease and proving steady growth month over month. Super smooth made, nice narrow skull and consistent depth. These 3 bulls BW range between 80-89lbs. Which we see a steady mid 80's average.

NAC Monument 61L, has done an excellent job adding tremendous length, mass and hair to his offspring. His calves have also been tidy through their neck and walk on a strong base. These 4 bulls BW range between 87-91lbs which we find very attractive and very consistent with his calf crops. Each of the Dams have nice udders and good natured.

CMS Strutter 126J, just the one bull calf in this years crop, but couldn't be much more excited about this guy. We retained 2 Strutter females that will have calved by the end of January. The depth, the performance and overall presence of quality we have seen in the Strutter offspring is impressive. SBSF "D-Man" 7N has a great temperament, a tremendous Dam with an excellent udder and appealing 90lb BW.

All bulls have been sire verified, 100K verified, colour tested, and received Ivomec. Feed October 1 through December 15 consists of an Trouw Nutrition starter Oat ration with endless grass hay. December 15 through sale day consists of a Trouw Nutrition Bull Grower Barley Ration with endless grass hay. We greatly appreciate your interest and continued support.

Our annual Open House will be held Feb 22-2026. If you are unable to attend that day, feel free to contact myself anytime. We would be happy to have you tour the group!

HOMO POLLED

- If you're looking for a Homo Polled, Dark Red bull, then this is the one! A calf that has caught our eye as a herd bull from day 1. He may be one of the most impressive bull calves we have ever raised!
- Really Nice Natured, hairy, thick, long bodied, deep bodied, wide hiped & wide topped
- Weaned off at 964lbs. on Sept.9th. He ranked 1 out of a group of 20
- He will add milk & pounds to his offspring.
- We expect great things from "Grizzly"

HETERO POLLED

- Hetero Polled, very Docile, "Betts x IPU Romano" with tremendous length of spine. A combination that has worked well for us.
- Red x Fullblood cross will add extra milk and pounds to his calfcrop.
- An ideal cow bull. Good 880lb. Weaning wt. on Sept. 9 and ranked 2 out of a group of 20. His Yearling wt. on Jan.11 was 1440lbs.
- Dam, 5D, has been a great, good uddered, long time producing cow that never misses.

HOMO POLLED, HOMO BLACK

- Homo Black, Homo Polled, Docile, "Timber-Wolf" son with a 82lb. bwt
- Great hair coat, small head & is very correct in his make up
- Good above average CE (9.8), Milk (30.7), MCE & MWWT numbers
- His dam, 20L is Kolbie's 4-H Continuation project. She is moderate framed, thick, easy doing, has a beautiful tight udder and milks well. 20L just had a real nice "Betts" bull calf which Kolbie is thinking about taking back in 4-H as his 3 Year Old Cow/ Calf pair.

HOMO POLLED, HOMO BLACK

- Homo Polled, Homo Black real good," Monument x Sochi" herdbull in the making.
- Had a moderate birth wt.(91lbs) and good balanced set of EPD's. Above breed averages in many areas. Good CE (9.5), BWT, WWT, YWT, MCE, Marb, API & TI
- Long bodied, wide topped & moderate framed
- Dam, 42E is a moderate, ideal producing female
- "Blackstone's" calves should come easy & grow like crazy

HOMO POLLED

- Homo Polled, dark cherry Red, smooth fronted & long bodied "Betts x Sochi" yearling.
- "Sochi" was our calving ease specialist. He produced cows with beautiful udders that milked well and were moderate framed
- We showed a full sister that was retained in our herd off 106F.
- Another full sister to 33N sold to Larry Dyck in the Keystone Konection 2025 sale.

HOMO POLLED

- Homo Polled, "Betts x Westcott" son that is docile, moderate framed, thick & displays lots of natural muscling
- Another typical Betts son that would work well on mature cows to bring in big, soggy steers
- Dam (23J) has a nice udder and milks well. 23J's dam 43C has been a top producer in our herd. She is moderate in frame, deep bodied, easy doing, very fertile with an excellent udder.

MCCOLL SIMMENTALS/SCHWEITZER SIMMENTALS

Directions to McColl's:

5 miles west of Hwy. 8/13 intersection at Redvers. 1 mile north on road 1325. 1 mile west on road 74, Yard is on South side.

Reflecting on our past bull and female sales, we would like to take the opportunity to thank each and everyone of our customers for your investments from our program.

Brodie & Stacey, Kolbie & Sierra McColl

We will be hosting an "OPEN HOUSE" on Sunday, February 22, 2026, from 12-6 P.M., at our farm west of Redvers.

Come for chili lunch, butter tarts, coffee & drinks while assessing our group of sale bulls & heifers. We hope to have a few laughs & get to know each other better. Those in attendance at the Open House will get entered for a \$500.00 Credit towards a bull in the 2026 sale.

From all of us at Bert's NR Simmentals, we would like to welcome you to the 2026 Premium Beef Bull and Female sale, we want to thank our awesome host Ag Land Farms for their continued amazing hospitality.

This go around we have 19 yearling bulls and 5 open heifers on offer. Our bulls are fed a TMR ration with 14% bull developer from Bullseye Feeds.

We again have a mix of reds and blacks for your appraisal. The bull pen is always open to tour. The professional staff at Bohrson Marketing Services are also ready and able to answer any questions you have. See you Sunday March 8th in Kenton, Mb at Ag Land Farms.

Welcome from BERT'S NR SIMMENTALS
