

RIGHT CROSS RANCH

15TH ANNUAL RED & BLACK ANGUS BULL SALE

WITH GUEST CONSIGNOR - THE ROBERT'S FAMILY

APRIL 7, 2026

1PM CST AT THE RANCH IN KISBEY SK

15 Years, what an accomplishment!

First, we'd like to take this opportunity to thank "Our Circle!" We have people who show up for us over and over again. We have employees who go above and beyond, day in and day out. We have family who we chat with daily, or more sometimes, to run ideas by or just shoot the shit. We have local business relationships who are essential to our survival. We have friends who would be here in a split second, if we needed a hand, no matter the task. We have customers who have sat in our stands year after year. They have confidence in us, our cattle, and our program. We have neighbors who give us the opportunity to work back and forth. From delivering unwanted grain for us to make use of, to supplying a missing ingredient from the fridge for a recipe. Sorry to sound longwinded, but we KNOW we wouldn't be here without "Our Circle." Thank you; we appreciate your support!

At Right Cross Ranch, we don't have banners won in the show ring, to measure our success. To us, success might look a little different. Success is, doing our best to raise ranch kids who will be an asset to society. It's requiring them to feed their own 4-H steers morning and night, even if they're just 6 years old. It's sitting on the top rail of a round pen and letting our oldest try her hand at training a colt. It's allowing the "middle child" to buy her own Charolais heifer even if whites aren't our cup of tea.

Success is, selling well over half of our sales offerings to repeat buyers year after year. It's researching herd sires and programs, purchasing a bull that we feel will take us in the direction we want to go. It's seeing people trust our program, our direction, and the seedstock we're providing them!

Success is, managing our cattle with the "real world" in mind. It's feeding our bulls with a focus on longevity. This year's offering saw a TMR with corn silage, haylage, DDGs, brown oats, dry hay, and a mineral pack. We feel success is dropping off an athletic bull at a customer's place, with hopes that he'll be around for years to come!

Success is, putting our cowherd to the test and being real with who fits and who doesn't and sending the outliers "to town." Whether it be feet, attitude, poor mothering ability, fertility, or hard doers, we know every one of those bitches earned their place on that truck. To us, success is seeing that liner drive down the laneway, knowing that we're making room for cattle that are better quality, advancing our program that much more! The beautiful thing about recent years is that we're actually getting paid to make those improvements in our herd!

Success is, sitting down, having hard conversations about our operation and getting real with the direction of our ranch. It's making the decision to move every cow to May calving because that's what fits best for this family. It's sitting in the uncomfortable space of change but being excited for a "new and improved" program!

Success is, being presented with future ranching business opportunities. Not really knowing how it's going to work, but diving in anyways.

Success is, being thankful for 15 great years but still looking for growth in the future. It's surrounding yourself with like-minded people. It's appreciating mentors who have been "around the world" a lot more than we have and are willing to share their knowledge.

Lastly, success is making room for the next generation. We'd like to welcome the Roberts family and their 3 Charolais yearling bulls to our sale. They are a hard-working, honest, young family, and we're proud of them for getting their feet wet in the cattle business!

Please consider this, your invitation to the 15th Annual Right Cross Ranch Bull Sale.

The Anderson's

FROM THE DESK AT *T Bar C...*

Welcome to the 15th Annual Right Cross Ranch Bull Sale.

Right Cross Ranch has built their program around practical, ranch-raised cattle designed to work in the real world. This year's offering includes a strong set of yearling and two-year-old Red and Black Angus bulls that have been developed with longevity, soundness, and function in mind.

Whether you are searching for calving ease heifer bulls or performance-oriented bulls to add power to your cow herd, this group offers options backed by strong maternal genetics. These are cattle raised the way commercial cattlemen expect—sound, functional, and ready to go to work.

New to the sale this year is a small but impressive offering of Charolais bulls consigned by MR Farms, adding another option for programs looking to add hybrid vigor and performance.

Congratulations to the crew at Right Cross Ranch on reaching their 15th annual sale. On behalf of T Bar, we invite you to study the offering and join us for sale day. If you are unable to attend and require any assistance prior to or sale day do not hesitate to reach out to any member of our Team.

NUTRITION:

Barry Robinson, P.H.D
Great Northern Livestock Consulting Ltd. 780.348.5424

Nutrition: Right Cross Ranch grow their bulls on a high roughage total mixed ration. The Right Cross bull ration is based on corn silage, dry cut hay, brown oats, corn distillers and a custom formulated grower supplement specifically designed for Right Cross Ranch.

Ingredients: Corn silage is extremely palatable and a great source of energy for the bulls. The dry cut hay gives an added chewing factor to the ration. Corn distillers is a highly palatable source of "bypass protein" and has energy equivalent to barley grain. The main source of added energy to the bull ration is brown oats, a very safe form of grain energy. The custom formulated supplement is fortified with more than 100% of the bull's needs for trace minerals and vitamins in addition to balancing the macro minerals such as calcium and phosphorous. Rumensin is added to the Right Cross custom supplement to optimize rumen health and improve feed efficiency.

Management: Right Cross bulls are ranch raised and not pampered by any stretch of the imagination. Jim, Sarah and crew make sure the bulls come from a sound breeding program and then are precisely fed and tightly managed.

Be sure to check out this excellent set of ranch raised bulls.

FREEZE BRAND:

We plan to freeze brand all of the bulls. If you'd like your bull done, please leave him with us, we'll get him branded and then delivered to you.

THANK YOU:

Thank you to Weirs Catering for a fantastic sale day meal!

Thank you to Rose Currie & Tristan Tober for their expertise in clipping and torching the bulls!

In 2024, we were searching for a Black herd sire that would have a huge body, lots of power, be backed by a top end female, and stand on a great foot. We landed upon Duralta 0968 Jesse James 41L. His first calf crop sent us in just the direction we were hoping to go! 22N is the oldest Jesse and he represents the sire group well. Power and thickness!

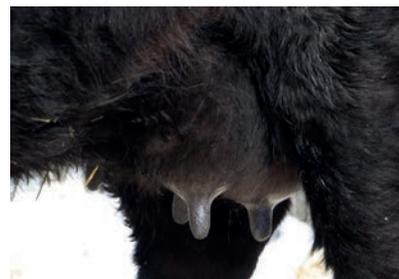

LOT 12 RCR JESSE JAMES 22N

LOT 13 RCR JESSE JAMES 49N

If you're searching for a bull that's going to put some "body" into your herd and yet not compromise foot quality, add 49N to your list. Huge scrotal, body mass, and eye appeal.

LOT 14 RCR JESSE JAMES 55N

After a DNA faux pas with 55N's dam 153H years ago, we are unable to register her. Every single year she knocks it out of the park. You can see in 55N why we look past a set of papers and let her keep raising "purebred" calves. I'm confident 55N will be a herd sire that you'll remember for years to come.

MAT. GRANDSIRE OF LOT 14
RCR GRIZZLEY 4Z

74N brings you another bull that's stamped with the Jesse James 41L look! He'll be one that will sire drool worthy steers! Big bodied and a flank that goes on forever, make sure to have 74N on your list! Maternal brother sold to Poirier Prairie Ag Ventures, Tyril and Rachel Dayman, and Cody Drummond.

LOT 16 RCR JESSE JAMES 85N

94N should be near the top of your list if you're looking for a well-rounded bull! He's soggy and hairy, with a beautiful black foot. His half-brother sold to Terri Cockle last year and according to her, he bred 92% of his heifers with 90% of them being bred in the first cycle! Talk about aggressive; that's where the money is made in this industry!

98N has been one that's caught my eye since birth. He's got such an "Angus" look all the way through! His dam is a moderate beautifully made cow.

LOT 18 RCR JESSE JAMES 98N

RIGHT CROSS RANCH - 15TH ANNUAL BULL SALE

19 RCR JESSE JAMES 103N
 RCR 103N 2458011 2/28/25 BW: 63lbs WW: 728 lbs

When you get one with a profile like 103N, you better just wait till you get a pass on the semen test before you go getting too excited! If you sell bulls, you can relate! Nonetheless, we feel he's pretty darn cool! He always had a "herd bull" look and gave the real herd sires a run for their money when they were all out with the cows. Just the right look, the youngest in the sale, and just 63 lbs at birth!

We start off the 2-year-old portion with our last and only Stockmarket son. Stockmarket got a kidney stone and we had to put him down very early in his career. 40M is a carbon copy of his old man; shape, muscle, and dark featured. He was 143K's first calf and she bred right up to calve first cycle with her next year's bull.

LOT 39 RED RCR SEQUOIA 112M

112M has quite a profile! Use him to cover heifers with confidence! His dam has earned her a spot nearing the top of our favorites list and his granddam was an elite cow that raised calves till she was 14. His maternal uncle is the bull we call Fierce 357F who sired lot 43. A maternal brother sold to 130 Mile Ranch, and a sister is a part of our herd.

I've been so excited to tell everyone about 141M, but Jim's made me keep it together till after we get a pass on the semen test! Once we get that pass, we can say he LITERALLY is the whole package! His sire, Fierce 357F, is one of the deepest flanked Red Angus bulls at our place. He crossed beautifully on 72G who a wide barreled Sequoia daughter. His mother goes back to our famous Beulah 43R cow who raised Red RCR Rio Grande 123Z and sold to Pugh Farms. Rio's is still walking the Pugh pastures at 14 and has 157 offspring registered; talk about longevity! We're confident this stout individual will head out and make the same impact as Rio!

Hello, we are Matthew, Micaela, and Colt Roberts. We are located outside of Lampman, Sk. We have had commercial cows for the last 4 years and have just recently extended into the purebred charolais program. In our program we are aiming to produce athletic, strong footed, and structurally sound bulls.

Matthew had worked for Jim and Sarah in the previous years and without their help and guidance we would not of been able to grow our herd to where we are now. We want to give a huge thank you to the Anderson family for giving us this opportunity to be apart of their sale.

We want to thank everyone for taking the time to view and show an interest in our bulls.

The Roberts'

BULL WARRANTY *Program*

Customer service always has been, and always will be, our number one priority! We stand behind our bulls, and our program, and will do anything in our power to make sure your cows are covered. Every bull sold has passed a semen test prior to delivery. If your bull fails to be a satisfactory breeder, we will provide you with a replacement bull or a sale credit. The Right Cross Ranch Bull Warranty Program covers your bull for injury or death.

Intentional acts of mistreatment causing injury or death are considered fraudulent claims.

If there is a concern regarding your bull, please notify Right Cross Ranch immediately. We ask that you contact a licensed veterinarian to diagnose and assist you with treating your bull. We will be in contact with your vet and if the animal dies a postmortem will be required (at your cost).

WARRANTY PROGRAM DESCRIPTIONS

The following options are available, and settlement will be required on the day of the sale. The buyer is responsible to choose their plan and communicate their wishes on sale day.

6 MONTHS - 7%

This plan covers your bull from the date of our sale, through one breeding season. Covers 100% of the bull's purchase price less salvage value.

12 MONTHS - 10%

This plan covers your bull from the date of our sale, through one breeding season, and one winter. Covers 100% of the bull's purchase price less salvage value.

***IF YOU CHOOSE TO DECLINE OUR
WARRANTY PROGRAM, THERE WILL BE
OTHER OPTIONS AVAILABLE SALE DAY***

TERMS & CONDITIONS

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co.(2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co.(2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value. The buyer assumes all risk if insurance is declined.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Trucking Policy:

Please insure your bull if you are looking to have him delivered, no exceptions! Free delivery will be available for any bulls selling for more than \$3,500. Bulls selling for less will be delivered at cost. If more than one lot is purchased we will still deliver for free. We will begin deliveries after the sale. We will do our best to work with you to get you your bull. We would also appreciate if you would work with us! If we are near your farm, your bull will be delivered at our convenience. Thanks for your cooperation!
