

ELITE GENETICS
FOURTEENTH ANNUAL online female sale

October 12-13th

ONLINE SALE WITH WWW.FARMGATETIMEDACTIONS.CA

NEW BIDDERS TO THE DLMS FARM GATE TIMED AUCTIONS MUST CREATE A NEW ACCOUNT

All new bidders to DLMS FarmGate Timed Auctions must create a timed auction account to be able to bid on this timed sale.

This log is different from your DLMS.ca live sale account.

CREATING A NEW ACCOUNT

Click Register on the top right corner fill in your account info, log in to verify your phone number and you are ready to roll with DLMS Farm Gate Timed Auctions.

OUT BID NOTIFICATION SETTING REMINDER

All bidders please remember to activate your email and text notifications to receive out-bid notifications for lots that you are bidding on. To turn on notifications go to the top right corner of the screen go to My Account, click on Notifications, confirm you have check marks beside your EMAIL & PHONE notifications and then click save.

CLOSING

At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. When no bidding occurs for the extended time the computer will declare the sale finished.

INVOICING

Following the sale the RSK Farms will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

For more info and assistance with bidding contact the sale contacts or

MARK SHOLOGAN 780-699-5082

WELCOME FROM BOHRSON

It is our pleasure to welcome you to the 14th Annual RSK and Rideau Angus Farms "Elite Genetics" Online Female Sale. Year after year, the Kopeechuk and Milne-Smith families assemble an impressive offering backed by proven cow families, progressive breeding decisions and a genuine commitment to producing cattle that will excel for their new owners. RSK Farms and Rideau Angus Farms are operations that continually move their programs forward while remaining firmly grounded in the fundamentals that matter. Their cattle are developed with functionality, soundness, maternal strength and longevity in mind, without sacrificing the eye appeal and added quality demanded by today's industry.

The depth of the bred heifer division is especially impressive. These females represent the heart of their respective programs and are carrying service to some of the most exciting new sires to enter their breeding lineups, including Stellpflug Next Step and Peak Dot Rectify 80N. The heifer calves offer tremendous potential for juniors and progressive breeders alike, while the embryo and semen lots create opportunities to access several of the most proven and sought-after genetics within these programs.

Andrew, Rae and Stephanie Kopeechuk, along with Jessy, Doug and Carolyn Milne-Smith, are passionate cattle people who stand behind their product. They have built their programs through hard work, thoughtful breeding decisions and a willingness to share their very best. Their annual junior incentives and involvement in the CJHA Heifer Lottery Program further demonstrate their commitment to supporting the next generation of the beef industry.

We encourage you to study this catalogue closely and join everyone at the RSK Farms Sale Barn for the open house on October 12 and 13. It is an excellent opportunity to view the offering, visit with the families and discuss the cattle in greater detail. If you are unable to attend, the entire offering will be available online through DLMS FarmGate Timed Auctions. The Bohrsen Marketing Services team is familiar with the offering and would be pleased to assist with any questions, evaluations or purchasing needs. We congratulate RSK Farms and Rideau Angus Farms on another powerful set of Elite Genetics and look forward to working with everyone throughout the sale.

Best regards,
The Bohrsen Marketing Team

TERMS AND CONDITIONS

PAYMENT:

Payment must be made following the sale by all buyers in attendance of the sale. An invoice will be mailed to all online purchasers following the sale. No animal shall leave the consignors until payment has been received. Any animal remaining at either ranch because of payment still owing after 30 days will be charged a fee of \$5.00/day.

INSURANCE:

Each animal becomes the buyer's risk immediately after the animal is sold. All purchases must be insured with your chosen representative.

Keystone Livestock Service:

Lois McRae: 204-573-5192

GUARANTEE:

All animals are sound and right, and all with a responsible breeder guarantee of satisfaction.

All animals are guaranteed by the seller to be DLF, IEF, HYF, MSUDF, MDF, DBF.

All animals are sold under the terms and guarantees set forth by the CHA & CAA. Examinations shall have been conducted prior to sale on all serviced females.

CERTIFICATE OF REGISTRATION:

Each animal is registered through the CHA & CAA. Each animal's registration will be supplied to the purchaser after payment has been made.

DELIVERY:

The consignors will help each purchaser with arranging delivery on their purchase as soon as possible after the sale.

EXCHANGE RATE:

The US/Canadian Exchange Rate will be announced at sale time.

FLUSH RIGHTS:

The RSK and RAF reserves the right to flush any female on offer. This will be at the buyers' convenience and the sellers' expense.

ANNOUNCEMENTS:

All announcements from the auctioneer or seller will take precedence over the printed matter within this catalogue.

LIABILITY:

The owners, employees, their representatives and sale staff accept no liability for accidents that may occur and persons that attend do so at their own risk.

ELITE GENETICS

FOURTEENTH ANNUAL online female sale

Welcome to the 14th Annual RSK RAF Elite Genetics Online Production Sale. This year is about highlighting a tradition that we aim to continue in offering some of Manitoba's best Hereford and Black Angus Genetics.

I often wonder why we, in the cattle industry work so hard and put everything we have into this lifestyle and way of life. The early mornings, long days and sleepless nights; it's a long journey. Why? Because we love doing what we do. We love watching the newborn calf grow, watching the cows on pasture thrive. We love seeing all of our planning, decisions and choices evolve into something great. We love the family bonds that are created and enjoy talking with customers, partners, neighbors and mentors. At the end of the day it is mighty rewarding in so many ways and it is fun. I was once told, "If you don't have fun doing it, then it was a waste of a day."

We are very proud about this years offering as it has combined many big and great choices over the last years into a tremendous set of cattle. We are always on the hunt for new and exciting genetics and the addition of Peak Dot Rectify 80N, Harvie Exclusive 43M and Stellpflug Next Step will add some new genetics, growth and excitement to our programs. Add in the predictability of proven sires like RSK Command 91H, NJW Balance 207H and W Sunrise Executive 4J and it makes a recipe for success.

The females in this years sale are packed with consistency and marketability. The bred heifers are carrying service to exciting new sires. Stellpflug Next Step on the Hereford side and Peak Dot Rectify 80N on the Angus side.

As always we will offer a select set of frozen embryos by our most sought after donors, with maternal and full sibling live lots in the sale. The consistency and merit of each of the females offered represent the value in the great genetics we strive to produce year after year.

To all the juniors that are thinking of attending the Junior Nationals next year in BC, please remember we provide amazing junior incentives for you and that we are also a part of the CJHA Heifer Lottery Program. We would be thrilled to help you in any way. Everyone is welcome to join us for our open house October 12th & 13th at the RSK Farms Sale Barn; where you can view the offering, talk cattle, and enjoy some food and refreshments! Or plan to be online on farmgatetimeductions.ca on DLMS.

Hope to see you here! *Andrew & Jessy*

ooooohh Princess.....

We have been waiting a LONG time for this special heifer calf. The day she hit the ground Jess and I both agreed she wasn't slated for the sale, but after much interest and consideration she leads off this year's Hereford offering!!! We always felt she was special but after being named Heifer Calf Champion and then going on to be Reserve Champion Overall Female at the MB Hereford field day this summer, paired with the response we received from our fellow breeders and peers we knew our gut was right on this one! Her full sister was purchased by Harvie Ranching a few years ago and campaigned extremely successfully as a two year old that fall for them. She is Homo-Polled, Homo-GOOD and what we feel will be a cornerstone female in anyone's program. **TERMS TO BE ANNOUNCED.**

The FIRST daughter of EXCLUSIVE 43M to sell! She is everything we were wanting to see from the 43M calves, earlier maturing, long spined, plenty of growth, dark pigment and just that power cow look from a young age. Exclusive 43M was our pick of the 2025 Champion Carload that Harvie Ranching exhibited in Denver that year. 43M's mother we feel is one of the most influential females in the breed, combined with his Commitment sire who is leaving exceptional young females makes him a maternal powerhouse cow maker.

Sunshine 24K does it again!! The Double Down x Command combo just clicks so incredibly well. Abundance of power, stretch and size. She's super long and so solid from the ground up. Beautiful haired and would make an excellent show heifer this fall and next year as a bred. Her mother is on our short list of young cows to start flushing next spring as she continuously produces year after year. Last year's full sib sold as lot 5 to Blairs.Ag and was one of Jessie's favorites, if you ask her this one is even better!! Class winner at the 2026 MB Field day.

If you were a fan of our lead off bred last year that was purchased by Brook's, who we broke a week before Ag Ex where she was Sr yearling Champion and then went on to be Res. Sr Yearling Champion at CWA... then look no further, this one is cut identically to her! Bold, big middled, so correct and so elegant, she just floats when she walks, not to mention her freckles and pigment. Her grand dam was purchased as a calf from Medonte, in the Autumn Alliance sale. Don't miss your chance on this one...She's been Jessy's favorite all along. **Bred May 13th to Blair Athol Sask Proud 148N, preg check indicates safe to this date.**

The "Third Sister" that I never wanted to part with, which is why she leads off this exciting Angus section. We have always been firm believers that we offer our very best. In 2024 we campaigned her flush sister CAP 55M as a calf, where she continuously came out of class and hunted for division titles and was later purchased that fall by Anita Doktor for \$60,000. Then came CAP 91N her second flush sister who was the talk of the Jr. heifer calf division last fall winning banners every time she entered the ring and later sold in the Angus Collection sale for \$35,000 to the Perrot Family. 87N was never shown like the other two as she was always meant to be retained in the herd because we feel she might be the best cow of all three sisters. Only a March female and bred up early. We are also crazy enough to offer a pack of 3 full sib embryo's because why wouldn't you want the chance to have 3 pasture front females like these in your program. Full sib embryos sell as lot 24! **Bred April 14th- Peak Dot Rectify 80N – preg check indicates safe to that date.**

The POWER & PERFORMANCE female of the offering. The second of two daughters off of our leading donor CAP 64F, this Money Earned female was her natural calf. She looks just like her mother did as a bred heifer just on a larger scale and we think she has donor female written all over her, she's BIG & GOOD. Just like her maternal sisters that have come before her she will be the type that you build a program around. **Bred May 5th- Peak Dot Rectify 80N- preg check indicates safe to this date.**

Quite possibly our favorite female in the Angus offering from a maternal standpoint. Sired by none other than our \$115,000 W Sunrise Executive bull and her dam being a maternal sister to the famous Brooking Beauty 1266 makes this female royally bred! 89N is about as picture perfect as you can make one and check out her DOB only a March female. **Bred April 25th – Peak Dot Rectify- preg check indicates safe to that date.**

Talk about one with a gorgeous presence and elegant front end!! This stunning 4J daughter is sure to turn heads. Her mother is a very unique individual who we purchased from the "Opportunity Knocks" sale a few years back from Blairs.Ag & Carlos Ojea Rullan. She is full Argentinian breeding, which makes her a fun outcross female for most programs! We just love the extra length, correctness and the way she comes out of the top of her shoulder into that super eye appealing front end.

Bred April 18th- Peak Dot Rectify 80N – preg check indicates safe to that date.

Maybe the most interesting female of the offering. When you look at her from a phenotypical stand point she is as solid as they come. Then analyze her EPD spread and that is where she gets extremely intriguing for me, low BW – high YW is exactly what we are looking for when selecting our replacement females. Her mother consistently impresses us with her first calf being one of the high sellers in our bull sale a few years ago to Curt Lane. The maternal brother to 2N dam was sold to Freyburn Angus in our 2024 bull sale which they campaigned him very successfully these last few years. **Bred – April 18th – Peak Dot 80N. Preg check indicates safe to that date.**

When a bull strides into the arena as a carload anchor and the crowd freezes in awe, you know he's special!! We were beyond excited to acquire our next herdsire, Harvie EXCLUSIVE ET 43M from the 2025 NWSS Champion Hereford Carload. His dam is one of the most proven females in the Hereford breed and his sire has made a splash. Exclusive is power and performance, backed by a predictable and proven pedigree! This will be one of the only chances to acquire Exclusive semen for the 2027 breeding season. If you want to add power, performance, predictability and improve structure, than look no further. **Owned with Steven Knutson, Bujold Farms and Harvie Ranching.**

RSK 137D Command ET 91H has continued to impress us and many that have used him in their programs. He continues to sire moderate birth weight progeny that excel. His progeny maintain awesome structure and appeal, but at the same time performing in the top every year! Don't miss out on one of the last chances to acquire semen in Command, as quantities are getting low!

Here is your opportunity to acquire W Sunrise Executive 4J semen for this upcoming breeding season. 4J was the \$115,000 high selling bull in the W Sunrise bull sale a few springs ago. This bull just checked all the boxes for us exhibiting both a wild amount of power yet combining that in a super attractive package. He's deep and long sided, free moving, extremely easy doing, attractive made and combines it all with an exceptional spread in EPD's. Sired by none other then PM Executive Decision 5'17 who is leaving his mark in the industry and regarded by many as the best son by Natural Law. His Brooking Queen 5067 dam is backed with maternal greatness and is making a name for herself in the W Sunrise Program

PEAK DOT LADY 16D

We hunted long and hard this spring to find a calving ease bull to suit our program. We were thrilled when the hammer fell and we could welcome PEAK DOT RECTIFY 80N to our Angus Division. This will be your FIRST and ONLY chance to get your hands on some semen on RECTIFY for next years breeding semen. Extremely low BW and a YW index of 130, super sound and well structured foot (top 4% in the breed for hoof claw epd), more of an outcross pedigree for our program and boy, is ever easy on the eyes when he's on the move and strikes a pose. The entire Angus heifer offering in this years is bred to him because we think that highly of this bull.
